## EDITORIAL

As recent events in connection with the nation's Bicentennial Celebrations indicate, foundations can be a source of controversy and dissension. Fortunately, although it aroused some concern at the time, this is not the case with the foundation of Christ Church Grammar School. The enterprise and foresight shown by Canon McClemons on February 7th, 1910, are now widely admired and the event, together with achievements of his successors, is one we can look back on with affection and pride.

Considerable thought was given last year to ways in which the School's 75th Anniversary in 1985 could best be recognised. In the end it was decided not to attempt any special programme of celebration and apart from the Foundation Service, Annual Concert and Speech Night, the label has not been widely applied to events during the year. This does not suggest a lack of interest in our past and its achievements. The expanding work of the School Archives group and the introduction of re-unions of Old Boys of particular periods, clearly show otherwise. But whereas anniver-

saries such as a 75th have special significance in terms of an individual's life, they are not particularly relevant in the life of an institution and special programmes to mark them often have an air of artificiality. It was also thought that the School Calendar was already varied and crowded enough without imposing extra items.

The Mitre as a record of the School year reflects that general decision. Apart from the theme of the cover designed by the School Photographers and the characteristically probing piece by Mr. Pate below, no special emphasis has been given to the anniversary in this issue. We have included four pages of colour for the first time, attempted to improve the presentation of our group photographs and have hopefully produced a more comprehensive coverage of the range of activities that make up the life of the School today. In trying to improve the quality of our present achievement, these developments, although modest, perhaps illustrate the most appropriate way in which the School magazine can mark the occasion of our 75th anniversary and pay tribute to our forbears and our heritage.

## EXAMINATION JITTERS

Probably one of the more unnerving things that can happen to the average and every-day motorist is to be tailed by a police officer on a motor cycle. The sensation of being under the microscope has an almost paralysing effect as you try to keep one eye on the road, one eye on the rear-vision mirror, one eye on the speedometer and one eye on the green traffic light that is sure to turn amber at the most incriminating moment.

Paralysis, in fact, seems to be an occupational hazard for those who spend too much time on the receiving end of microscopes. I remember a Speech Night some years ago where the Guest of Honour related the story of a very talented student sitting for a particular paper one November. Apparently his nerve failed him and, writhing in the contortions of a mental block, he wrote, "God knows the answers to these questions. I don't. Merry Christmas." The examiner returned his paper to him with the note, "God passed. You didn't. Happy New Year."

In the school world, Novembers and anniversaries seem to have at least one thing in common: they both trigger the Examination Syndrome. However, anniversary examinations are slightly different from

academic ones. The latter entail an assessment of knowledge content and intellectual expertise; the former too often consists of an excoriating of educational philosophy

Close soul-searching can be a healthy and necessary thing for a school. I would be the last to denigrate it. All the same, I think that there are circumstances in which minute scrutiny can be counter-productive, can result in paralysis — can, in other words, cause exam. jitters.

Of course, it is equally counter-productive to go to the other extreme. It is all very well to try to put your hand to the plough, your shoulder to the wheel, your best foot forward and your nose to the grindstone, but it is extremely difficult to work in this position. I am not advocating the abolition of examinations, anniversary or otherwise. What I am advocating is a slight reduction in introspection and a slight increase in action upon what seventy-five years have revealed as being the enduringly good things to do.

Let us, in fact, leave our microscopes for a short time and work up a bit of honest sweat.

A.L. Pate

## CAPTAIN OF SCHOOL REPORT

After the improvement of School morale and a growing enthusiasm at the end of last year, the Prefects had high expectations for 1985. As a result, this year has achieved not only its initial goals, but also a development of confidence that has led to success over a broad range of activities.

One of the goals set was to increase involvement of students in traditional and new activities. An example of this was the opening of the Year 12 Common Room, controlled and run by the "Common Room Committee", which was a great success. It also typifies the increased opportunities which students now have to introduce their own systems and ideas into the School community.

Sport, which plays a major role in our school life, had its successes this year. The Swimming team maintained its strong third position and the Winter sports ended with the best overall results for many years. The Cross-Country team and the Tennis team must be congratulated for their fine performances which carried on from last year.

Music goes from strength to strength. Mr. Hutchinson showed that it "pays to pay" at the 75th Anniversary Concert held in the Chapel. The presentation of choirs and instrumental groups as well as soloists depicted the high standard our music has now attained.

Drama is developing its own enthusiasm. The "Hall Theatre" has opened many new avenues for future productions and this year performances played to packed houses. The Year 12 Revue is another addition to the programme this year.

Debating, Chess, Spelling Competitions, Maths Competitions, Science Competitions, Art Exhibitions and Gymnastics are all examples of extra curricular ac-

tivities which don't often rank a mention, but this year they have all been more than successful, developing a concrete base which will ensure future involvement.

The Prefects this year must be praised for their work, which often goes unnoticed. Their enthusiastic involvement in many areas of the School set a fine example for the Year 12's and all Senior boys.

The Prefects Ball, organised by Tim Bailey and held at the Kings Ambassador Hotel was undoubtedly the most successful for many years. The fund raising at the Carnival Auction in the form of the dunking machine greatly contributed to the \$12,000 "extras" total as students endeavoured to drown both Prefects and Staff.

The only disappointment the Prefects had this year was in their efforts to control the litter problem. The failure can only be attributed to the lacklustre efforts of all students and I hope for better results next year.

The year saw a closing of many gaps in the School hierarchy. There seem to be growing bonds between all staff and students which can only produce a much better working environment.

All signs are positive for next year as I believe the School is reaching a "boom period". 1985 has been a part of the development of the School through the interest and involvement of a larger group. 1986 is a year for reaping the benefits of the previous years' hard work and I urge everyone to be encouraging and enthusiastic in their activities. I thank everyone for their support for the Prefects and I am sure next year will be a memorable one for the School, just as this year has been.

Tom Warner

## THE COMMON ROOM

In many ways 1985 has been an important year for the staff body. For a start we are seriously into the export/import business. Roger Dixon is resting from McClemons and the English Department in Boston, Massachusetts, while Bill Chamberlin is educating his English classes in the delights of American Literature. Roger Dettman was exported to Germany, Brian Marsland to U.K., while Arne Schulte and Ian Lock were imported to replace them. Peter Hopper has been welcomed back after two years in Zimbabwe and Sue Lindsay and Gwynneth Ife have both returned after spells overseas. Father Ted Witham has recently left for USA for two year's study leave and we have welcomed his replacement, Father Frank Sheehan. The exchange system and availability of leave is enabling staff to gain valuable experience which they can bring back to us, while the visit of teachers from overseas has many benefits for the whole community.

The wider community also benefits by the sharing of staff talent in a number of fields. Kim Malcolm left at the end of last year to go into the hotel industry. Kim Grist and Paul Butler have moved out to go it alone with their own educational enterprise. Dick van Kempen has gradually eased himself out of teaching to enter the travel business. We wish them well in their new ventures.

It is pleasing to report that we are even affected by the sexual revolution. Before retiring to have her first infant, Judith Drummond, nee Luke, acted as House Mistress for Craigie during Term One while Ray House

was on sick leave. Both she and Craigie House thrived on the experience. Teachers such as Judith and Lorraine Day demonstrate very clearly how important it is to have a strong representation of female staff. Lorraine's contribution in such roles as Mistress-in-Charge of Rowing and now Mistress-in-Charge of Cricket has earned the unqualified respect of staff and boys.

The September holidays were particularly significant for four staff members. Two current teachers, Simon Gipson and Sue Lindsay, were married and congratulations were also in order for Janie Denney who married Bill Lingard, and Tony Burns who married Jill Moffet.

Perhaps the most lasting memories of a school year are the informal occasions when staff and boys or staff, boys and parents were all involved working or playing together and getting to know each other at the same time. Events such as the Inter State Visit, the October Parents' Association Auction Carnival, Drama and Music Activities are all examples where this occurred. The staff student games organised at lunchtimes or on bye weekends are always very successful with a fine spirit evident. The Year 12 Dinner, our Chapel Services and the Inaugural Year 12 Revue are other highlights which come to mind as features of the school year when the ethos of Christ Church is seen at its best.

## AN AMERICAN VIEW

Living and working in another country and another culture for a year is about making changes, learning new ways of doing things, breaking old moulds, and experiencing the new and unexpected. 1985 at Christ Church has been all of those for the Chamberlin family. We set off on this year's exchange in search of the adventure of living differently than we do in the USA. We have found the adventure in this very congenial land. Living in the climate of Perth is like receiving a Christmas toy every day for those who live in the more extreme and changeable climates of the northern hemisphere. The perfect days which we treasure at home because they are so rare, are common here.

Teaching at Christ Church has been very different than teaching in an independent school in the United States. It has been challenging; it has required me to stretch and to learn new methods and strategies. That has been very good for me. Although certainly not always easy, it has given me the opportunity to break the moulds of a dozen years of teaching in the same place. My classroom experiences at Christ Church will invigorate my teaching in the United States.

Particularly when we have travelled outside the Metropolitan area we have appreciated and learned to really love the vastness and the majesty of this dry, sunny, and colourful land. My suspicion is that Australia will have spoiled our family for travelling in the United States. Never again will we be able to travel such uncrowded spaces, have such choice in camping spots, and be able to do it all with minimal planning ahead. The United States is much too crowded. When we talk about our year in Australia as a family thirty years from now, one of the first remembrances for all of us will be the campfire in the bush, whether in the Stirling Ranges or the Flinders Ranges or on the northwest coast of W.A. or the south coast of Victoria. The colours of the sky and the land at dawn and dusk, the laughing of the kookaburras and other birds, combined with the crackling sound and sweet smell of the burning wood, have created a lasting image for all four of us, an image we shall treasure and for which we shall be thankful always.

W.L. Chamberlin

# PREFECTS' BALL

1985

## THE NEW PREPARATORY SCHOOL

Next year the Preparatory School will move into a newer, better building. This move has only been made possible by the kind donations by parents and friends of the School and the tireless assistance of many others.

In 1984 the Building Fund Programme was launched. The organisation headed by John C. Roberts and Ian W.P. McCall consisted of a General Gifts Committee of 75 members. They were faced with the formidable task of creating \$2,160,000 for the new facilities. It was hoped that at least \$1,000,000 could be raised by donations with the other \$1,160,000 coming from internal resources and a new bank loan. Unfortunately a Government Grant applied for by the School Council was rejected and the School was left to raise the required amount.

The new Preparatory School building was designed to provide new horizons and relieve the somewhat cramped conditions which have prevailed for the last fifteen years. The old building lacked a proper Library and Art Room and had no provisions for Science, Music, Craft or Computer Science. The new building will provide facilities for all of these.

To give you more of an idea of the enormity of the task undertaken, here are the facilities provided by the new building.

### *Reception and Staff Facilities*

Reception Room  
The Master's Study  
Staff Common Room and Terrace  
Deputy Master's Study  
Testing Rooms

Bookroom

### *Library and Resource Areas*

Library  
Film and Activity Room  
Special Education — Primary Section  
Remedial Teaching Area

### *Teaching Areas*

3 Infant School Classrooms  
Infant Play Area  
Infant Toilets  
8 Primary Classrooms and Stores  
Outdoor Teaching Area  
Toilets

### *Special Facilities*

Science Laboratory and Store  
Art/Craft Centre  
Ceramics/Sculpture Area  
Undercover Assembly Area

The School Building has been taking shape, rapidly, over the last twelve months and has been completed ahead of schedule with three classes already residing in the new building after D block was demolished during the August holidays.

An additional advantage of the development is the conversion of the old main Preparatory School Building (G Block) to permit expansion of the Music School facilities.

The new Preparatory School Building is part of a Master Plan for development instigated seventeen years ago and at a cost of over six million dollars has, as Mr Hill puts it "transformed Christ Church Grammar School from a small financially insecure school to one of the major educational institutions in Western Australia".

**1st VIII**

*Standing: P.P.K. Ng, D.S. Culley, D.J. Sheiner, P.B. Sawyer, R.P.J. Lewis, A.J. Evans, N.R.J. McGlew.  
Seated: O.D. Van Kampen (Coach), J.J. Venerys (Vice Captain), S. Van Heurck (Captain), P.R. Kelly (Vice Captain), P.J. Rickey (Master-in-charge).*

1985 was a highly successful year in tennis at Christ Church with three out of the five teams finishing on top, the Second "8", the Year 10 and the Year 9 teams.

The Year 8s unfortunately finished fourth but this was not due to lack of enthusiasm in the team. They competed in a tough competition and showed that they are capable of some very good play, especially in singles as shown by Stuart Voce (Capt).

S. Bruce and Y. Millett put in a consistent effort during the season and contributed to a well deserved outcome of finishing the season undefeated for the year 9s.

The 10s finished comfortably on the top of their table by two matches ahead of Hale and Trinity who tied for second place. Well done!

The Second 8 were another success story for Christ Church with G. Blacklock and M. Smith being the most consistent. They seemed to win their matches easily and with conviction. They've had a really good year and along with Mr Draper's enthusiasm they have enjoyed it.

Finishing '84 on a high note with a crushing victory of 24-0 in the last match to win the Gerald Newson Competition, the first VIII looked set to battle for the Corr Cup. We trained seriously and consistently for long periods, along with our usual "motivation sessions", given expertly by our coach Mr Van Kampen. Spirits ran high. We were confident of good results. Perhaps too confident for when we met Guildford, we unexpectedly lost, 13-11. All other teams were easily surpassed with the exception of Hale whose top four proved too strong. We were defeated 15-9 although all individual results were extremely close. Everyone had given their best.

Even though we finished a disappointing third on the ladder, each and every member of the team gave the season their best shot, 100% effort and enthusiasm.

There seems to be some very good talent amongst the younger teams, so Christ Church's future in tennis promises to be an interesting one!

## SWIMMING

The 1985 swimming season was one of the most successful years for Christ Church since our induction as a P.S.A. school. At the Inters we finished a clear third behind Scotch and Hale, yet this does not indicate the security of our position. Throughout the night we were the only school with any chance of overhauling the two leaders and we were never in danger of dropping to fourth.

This success was due to a fine blend of individual achievement, consistency and incredible team spirit. We were never last in any race and, out of the 52 events, we were placed in the top four on no less than 42 occasions — a remarkable feat.

Several swimmers deserve special mention for their performance at the Inters. U/13 champion, Chris Lapinski, amassed 74 invaluable points in winning the 50 metres Freestyle, Breaststroke and Butterfly. Peter Galvin set two School records and an Inters record in the Backstroke on his way to accumulating 45 points. Dion Mephram won the U/15 100m Freestyle and gained 64 points, while Choong Lee contributed 34 points, including his amazing 200m swim which was a highlight of the evening.

A "58 Second" Club was established for the first time at Christ Church. It included four freestylers who swam times less than 59 seconds for the 100m Freestyle: Choong Lee, Tom Kelly, Dion Mephram and Peter Galvin.

The success at the Inters was a culmination of events that started with training during the Summer Holidays. Special mention must be made of the House Sports which saw 12 new records being set. Trial meets against M.L.C. and St Hilda's proved to be of great value and our swimmers in many cases were surprised by the speed and skill of their female counterparts. Several medals were won in the State Relay Championships, notably a Silver in the blue ribbon event, the "Popp Agnew" Cup. The final event before the Inters was the Quads in which Christ Church finished a very close second to Scotch.

Without doubt, the level we achieved could not have been reached except for the quality and enthusiastic coaching that was maintained through the season. Shane MacGurk, head coach, was ably supported by Dave Tydeman, Kim Grist and Old Boy, Jack Mah, whose specialist tips and advice were invaluable. The skill of the coaches and the co-operation given by the boys made up for any lack in talent.

Finally, we must thank Mr Bowker whose administration and organisation of the team was such a factor in ensuring its smooth operation. He willingly undertook all the behind-the-scenes work, and the planning for next season is already well under way. The future of swimming at Christ Church is extremely promising. The team is without doubt going to be a real threat to Scotch and Hale in 1986.

## ROWING TRIP: 1985

On Thursday, 7th March, the 1st VIII along with its coach, flew to Victoria for the 1985 Rowing Trip. Over the next five days the crew were to see and take part in much Victorian rowing; an exercise which would boost our standards to much higher levels.

Accommodation during the first three days was found at Geelong Grammar School. Judging from the history of their Boat Club, they are a strong rowing school but the standard of rowing among all Victorian schools was very high and during the first few days we had to get over the amazement of it all.

The crew rowed on the Barwon River in Geelong during this time and quickly adapted to local conditions. Some sessions were spent with Geelong's first and second eights, who were more than an even match for us.

Victorian 1st VIII crews are definitely older, larger and more experienced than W.A. school crews and this was to limit the amount of race confrontation we were to have with them.

On the Saturday we rowed in the Barwon Regatta. Although not a big success, it would prove a valuable pipe-opener for the larger regatta on Lake Wendouree in two days time. The crew's rowing stood up well to the pressure; however, in both races were were only able to gain second places to Scotch College and St Kevin's. This was admittedly against 2nd VIII's and in a field of three crews in each race, but we finished strongly in both races against good opposition.

Sunday saw the crew travel all the way to Ballarat and Queen's Grammar School. Not far from the school

was the venue for the Ballarat Regatta on Monday — Lake Wendouree. This was also the venue for the 1956 Olympics in which our coach, Mr Monger, had rowed in the Bronze Medal Australian Eight.

Before the regatta we managed to get a row with the Scotch College 1st VIII, which was quite an experience. This crew, who were to come second in the Victorian Head of the River, were very polished and it was hard work simply keeping up with them when they were paddling light. Our regatta races were both disappointing and encouraging. The first two were against second eights and produced no results (in one race we sustained a breakage of equipment). However, in our third race we narrowly missed out on going through to the finals. Racing in a field of six we came a very close fourth to Melbourne University, Geelong College 1st VIII and Melbourne Grammar 1st VIII. In the closing stages of the 2000m race, we managed to pull past a Caulfield Grammar crew and just miss out by the narrowest of margins in third place to Melbourne Grammar. This was a fine achievement by the crew.

Leaving Melbourne on a high note, we arrived back in Perth on Monday night having realised that we had the potential to do much better. Great enthusiasm would now drive the 1st VIII on to the Head of the River.

Having seen their crews in action I can now easily understand why Victorians are such a force in Australian rowing. All thanks must go to Mr Monger who organised the entire trip. Such a worthwhile experience was of great value to all who went.

## ROWING

This year the Christ Church Boat Club gained new strength with the presence of Mr Adrian Monger. Coming from Scotch College in Third Term, 1984, he took up the job of teaching Accounting and coaching the 1st VIII (somewhere along the line he also gained the role of managing the Boatshed). He certainly made a wholehearted defection, concentrating all his time and effort into our Club. During the Christmas holidays he spent nearly every day in the shed (much to his wife's regret) giving the fleet a much needed face-lift.

When it came to the first day back in 1985, all was ready to go. But to our disappointment, the place was not overflowing with budding young oarsmen, only the bare minimum. Despite this fact, six full crews set out with a keen sense of competition and ambition for the task that lay ahead.

A very short season this year meant that the training programme had to be compressed into a shorter space of time than is usual. Expeditions downstream to Fremantle became a daily occurrence, with the Christ Church fleet being seen and heard for miles around. A new phenomenon was also experienced during these morning rows, and that was the sound of an American accent bellowing across the water. Mr Chamberlin, an exchange teacher for a year, took up the role of coaching the 2nd VIII and was to become an invaluable member of the Club.

As the season unfolded, the standard of rowing improved a great deal. Despite this, lead-up races for all

crews were disappointing, especially the 1st VIII, who had the bad luck to sustain several breakages of equipment during races. One exception to this, however, was the 1st IV, who showed much ability in winning many of their races, an achievement which made them a good prospect for the Head of the River.

The Hale Regatta, a lead-up to the Head of the River, was a little more successful for some. The 1st VIII rowed to a close second place, along with the 1st IV, who won their race, and the 2nd VIII who surprised themselves with a pleasing and improved fourth place.

Unfortunately, this year's results for Christ Church in the Head of the River were dismal to say the least. Fifth places for the 1st IV and 2nd VIII, poor results for the younger crews, and a very disheartening fourth place for the 1st VIII were to be the way the season would finish. Despite the outcome, I still feel that our crews achieved a great deal after trying so hard to do their best. They gained much more than simply their final places in the Head of the River. They discovered that they had an amazing determination and will to push themselves through the hardest of times. It will be something they will always remember.

Thanks must be given to all the coaches who helped us through the season: Mr Chamberlin, Mr McHenry, Mr Godwin, Mr Pocock, Mr Hill and all the others who have given help. And I would like to extend special thanks to Mr Monger, who was only here a short space of time but got a great deal done.

Good luck to the crews of 1986 and the future.

## CRICKET

The 1985 Darlot Cup Season was one of change for the 1st XI. Mr Tooke stepped down as coach and in doing so, gave way to Terry MacGill, a former State cricketer. He was joined by the new manager Lorraine Day.

### *Steven Russel (Unc) — Captain*

Steven had a good season with the ball taking 34 wickets in the six matches. With the bat he played two sensational innings and several other useful ones. His fielding was always excellent and he learnt a lot in his first outing as Captain of the Senior team.

### *Peter Connors (Pete)*

Peter was a very steady and reliable opening batsman. Although big scores did not come his way, his gutsy and consistent innings of around 25 gave the team a good start.

### *Jason Constable (Conan)*

Jason was our other opening batsman. His full batting potential did not shine through this season and we hope he will strike batting form in the season to come. Jason is also a very fine spinner, and he was selected in an Australian U/16 training squad in January '85 after a successful tour with the W.A. U/16 team.

### *Danny Sudlow (Jesse)*

Danny started the season brilliantly, scoring in the twenties and thirties on a number of occasions. Unfortunately an injury to his back prevented him continuing this fine form. Danny was also the team's "committee man" and his experience and knowledge were greatly appreciated.

### *Paul Jenkin (Jenks)*

Paul was another Year 11 who showed a lot of potential. Although he was a little inconsistent with the bat, he bowled very tightly when it was needed.

### *Richard Pate (Viv)*

Although Richard only played a few games for the 1st XI, his explosive speed when fielding was a delight to watch. Richard will long be remembered for his over against Incogniti when he took 1/9 bowling left arm, then right orthodox spin.

### *Antony Dowling (Dooly)*

Often seen hidden behind a helmet fielding at short leg, Antony took some great reflex catches and also played some memorable innings.

### *Martin Shuttleworth (Shutts)*

Like Richard, Martin did not play all the games, but will be remembered for his big-hitting in games and at training.

### *Winton Willesee (Pooh)*

Winton was the baby of the team being in Year 10. He proved to be a very good wicket keeper and also a more than reliable low-order batsman.

### *Colin Walker (Snoz) — Vice Captain*

Colin was the team's opening bowler. Although he did not have the success that we anticipated, his fiery bowling was noted to be the fastest in the P.S.A.

### *John Taylor (Johnny)*

John was the team's first change bowler and generally bowled extremely effectively. He was also a middle-order batsman and his steady scores of 30 were well received.

### *Roger Dring (Bunga)*

Roger was the most exciting prospect of the Darlot season. His left arm medium pace tantalised all batsmen. Being in Year 11, Roger can look forward to being a very effective bowler for the team next season.

### *Stephen Punch (Steve)*

Although Stephen only played one game with the 1st XI, his enthusiastic approach was something to be seen.

### *Andrew Hutchins (Hutch)*

Andrew, another Year 11, played a few games, but his innings of 26 n.o. was a sight to see and we hope he has some success in the '86 Darlot season.

### *Michael Bowyer (Bowie) — Scorer*

Michael's intricate scoring system had us all confused but his run charts and other statistics were helpful to players and tribute must be paid to the time and effort he devoted to his demanding job.

### *Gavin Laughton (Roomy)*

Gavin looked after the 1st XI during the Gamble Cup season. He cleaned pads, helped batsmen warm up, packed bags and kept the scoreboard up to date. Our thanks Gavin.

The season started badly with the team losing to Scotch at Mt Claremont. Scotch batted first making 9/269 declared. Poor fielding and a little inexperience can account for Scotch's large total. Unfortunately we started badly and thus were all out for 182. John Taylor held up the tail, making 48 n.o. and Danny Sudlow (46) and Paul Jenkin (44) were the other main contributors.

The next game against Guildford sank a lot of hopes of winning the Darlot Cup when we were beaten outright by 8 wickets. Christ Church batted first and were out for a dismal 58. Jenkin (20) was the only batsman to show any resistance. Guildford started off worse than us and at one stage were 3/5 but they steadied and were 5/68 at the end of the first day's play. Eventually they made 119 with Russell taking 6/68 and Taylor taking 3/33. Hoping for a better performance in the second innings we were bundled out for 102 with Ridley scoring 27 n.o.. This left Guildford 43 runs to make, which they did, for the loss of two wickets (Dring 2/9).

The game against Wesley was the first success for the 1st XI. Playing on a pitch which can only be described as a "quagmire", Christ Church won the toss and sent Wesley in. Wesley only managed 145 after some good

bowling from Dring (3/39), Russell (3/42) and Walker (2/27). When we batted, the batting was the best seen for the season with Constable (64), Russell (56) and Jenkin (26) being the main contributors. The final score was 193 with Christ Church winning by six wickets. Wesley were 3/79 in their second innings.

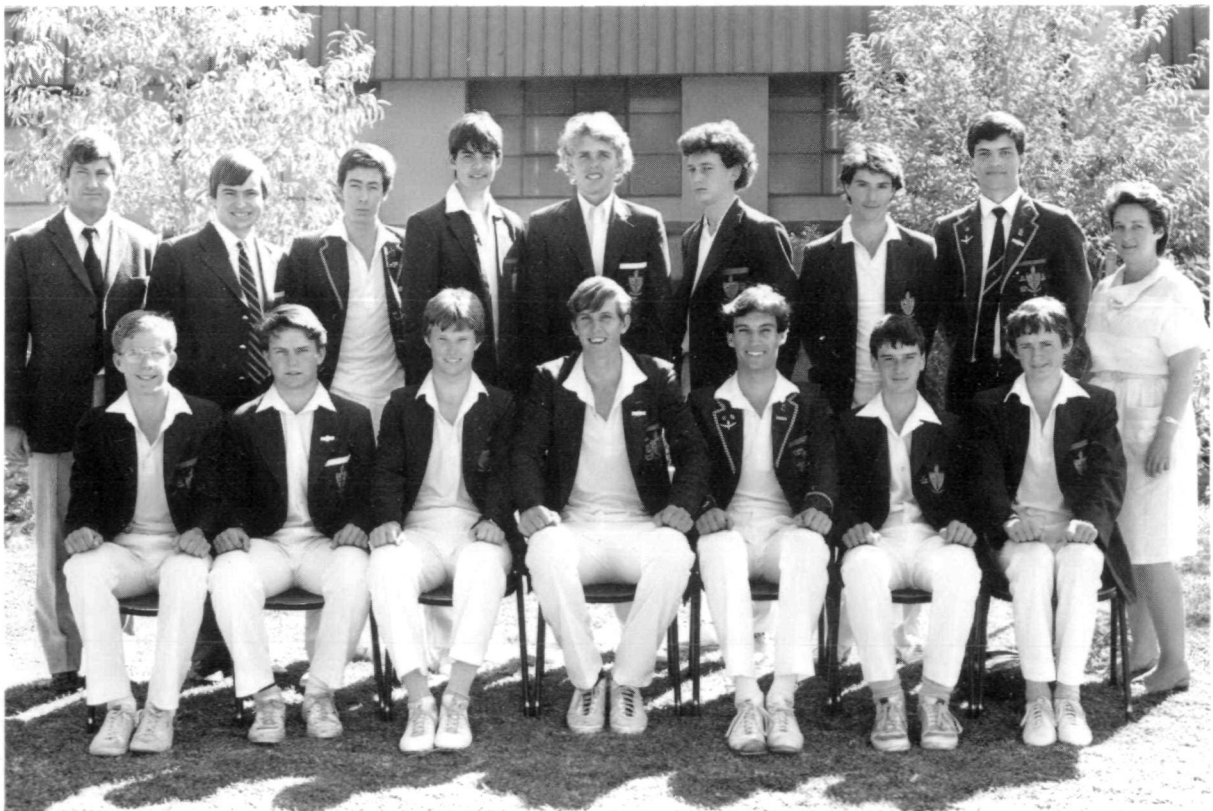

The game against Aquinas highlighted the determination of our young side. Aquinas batted first making 172 with Russell taking 7/51 and Constable chipping in with 2/30. Christ Church started its innings steadily, but we slumped to 3/45. Russell steadied the side with a quick 48, then Antony Dowling (45) and Winton Willessee (20) played the best innings of their lives and pushed us past Aquinas' score. It was a painstaking partnership of 60 but their determination and will to win enabled us to grab victory. In the end we made 249 with Hutchins (26 n.o.) and Dring (21) almost breaking the school partnership record for the tenth wicket.

The Hale game brought the team back down to earth. We batted first to be out for 58, Conners (25 and Pate

(16 n.o.) showed the only resistance. We fought back magnificently to have Hale all out for 97, with Russell taking 7/54 and Walker taking 3/38. In the second innings we were bundled out for 82, Russell (27) Jenkin (21). Hale made 4/45 a second time, and thus won outright.

The last game of the season saw us play Trinity. We batted first, making a moderate 152, with Pate (38) batting well. Trinity batted confidently and declared at 6/165 with Constable taking 3/23 and Walker taking 2/37. In an attempt to make a game of it, we batted again and swashbuckled our way to 9/157 declared in only 28 overs! Russell (48), Shuttleworth (31) and Taylor (22) contributed magnificently to this total. Trinity came in to bat again, knowing that if they won outright the Darlot Cup was theirs. They only managed 9/101 and nearly lost outright.

Despite this, Trinity narrowly and deservedly won the Darlot Cup and in a close competition Christ Church finished sixth.

#### THE 1st XI

*Standing:* Mr T.M.D. MacGill (Coach), M.J.B. Bowyer (Scorer), D.K. Sudlow, P.C. Conners, R.P. Dring, A.R. Dowling, S.D. Punch, R.L. Pate, Miss L.F. Day (Manager).

*Absent:* A.J. Hutchins.

*Second XI Coach: Mr A.L. Pate*

In terms of results, the team had a poor season. However, Antony Dowling, was promoted to the 1st XI, as was Todd Ridley. Furthermore, at varying times Andrew Hutchins, Stephen Punch and Richard Pate also played for the firsts. The team's weak aspect was their batting, but there were many occasions when lower-order batsmen showed a lot of character, and this was pleasing to see. All in all, the 2nd XI came out of the season showing more determination and greater endurance.

*Third XI Coach: Mr A.D. Froude*

*Year 10 Coaches: Mr P.S. Hopper, Mr E.B. Ruthven*  
Although the results were not outstanding, the Year 10's improved considerably towards the end of the season. Levin Hardinge topped the batting averages while Peter Campbell finished with the best bowling average (7.31) having taken 13 wickets. All in all, they were an enthusiastic group, but individuals need to work hard at their skills in the coming season.

*Middle School*

When this report went to print, the Middle School teams had not completed their competitions.

*Year 9 Coaches: Mr R.D. McFarlane, Mr K.B. Clarke, Mr K.J. Parish*

All boys show a great deal of enthusiasm for the game. There are some talented players who could develop into quality players if they apply themselves. The team will miss Mr McFarlane who is leaving Christ Church at the end of the year. His knowledge and skill in the game have been appreciated.

*Year 8 Coaches: Mr A.B. Burns, Mr B.G. Hodsen, Mr G.C. Ferguson, Mr A. Mussens*

The teams met with mixed success in First Term, with the 8B team performing very well. The main strength in Year 8 lay with the bowlers, particularly Stuart Walker. The main priority for these boys is to work on their batting technique and concentration.

Thanks must go to Miss Day, Mr MacGill and all of the coaches for their efforts throughout the year.

I wish all the players the best of luck for the coming season and let's hope the Darlot Cup is returned to Christ Church.

Steven Russell  
Captain of Cricket

## LIFESAVING

Lifesaving at Christ Church plays an essential part in the physical education of the boys. From the youngest children up to the senior boys, the concept of "water knowledge" is taught. The process culminates in Year Twelve when many boys attempt to pass their Instructor's exams.

For the second year in a row Christ Church had success at the Royal Life Saving Society competition. This time the open team of Chris Michael, David Treleaven, Chris Johnson, Phil Cohen, Willy Grauag, Richard Bowman and reserve, Neil Gibson, won the premier blue ribbon event — the Law Shield.

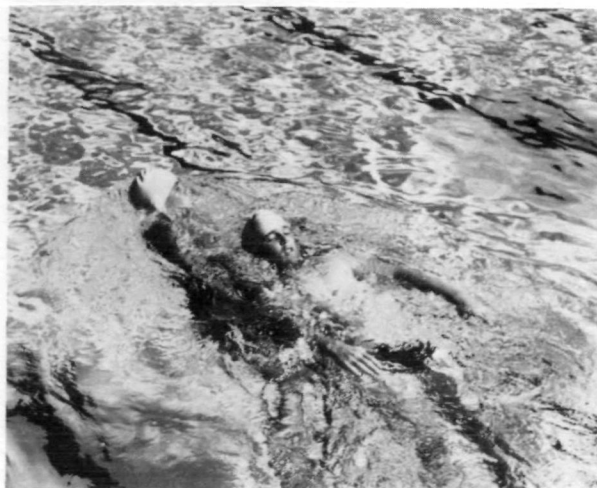

On Monday, March 25th, the School held its own Life Saving Championships. Boys swam, waded, towed and were rescued showing off the skills they had learnt.

It was pleasing to see the high level of competition and the closeness of the final result. Any one of a number of Houses at the midway stage could have won it. Jupp were especially threatening for a while. But out of the struggle Craigie finally emerged to pull off the double of House Swimming and House Lifesaving Champions.

The opportunity to thank the P.E. staff must not be allowed to slip by, especially Messrs Brian Marsland and Akos Kovacs, who spent a lot of time organising, and who as examiners, gave up many Sunday morn-

ings to supervise the tests. It is through their efforts that Christ Church is recognised by the R.L.S.S. as one of the schools in Western Australia making the best contribution to Lifesaving.

## BASKETBALL

1985 was a season of mixed success and fortunes for all teams in the PSA season, with most gaining respectable final positions in their competitions.

The Middle School team improved with every game which augurs well for future years. Thanks must go to Mr. Moore, Mr. Morrissey and Mr. Casey for the time and effort that they devoted to coaching these teams.

Mr. Hallet's illustrious 2nds had a different team combination each week, but still battled hard and consistently in all their matches.

The 1st V this year was again in the trust of Jerry "The Lion" Packington, who spurred the team on to many a memorable performance, whether at training or on Saturdays.

An important aspect of the team was that we played for enjoyment and fun, and not merely winning. Sure winning was a bonus, but nothing was better than having a truly competitive and enjoyable game, without the spite that is too much a part of today's sport.

The team had born comedians in "Stezza" Briggs and Russ "I'm So Big" Vines, who laughed not only at the opposition and umpires, but also at themselves. This led to frequent collapses on the court by "Sid" Turnbull — who himself achieved the unique feat of being fouled-off in every match he played.

The small brigade was led by newcomers, Andrew Rayner and Doug Hamilton, whose ball skills, combined with those of Stuey Syme, set up some very interesting attacking manoeuvres.

The not-too-big, not-too-small, company included the likes of J.R. Ryan and Chris "Golliwog" Lewis, whose continual smiles on the court made many people wonder what they had been up to.

Heavyweights in the team were represented by Scotty "Hos" Gillam and Brett "Bad Attitude" Morgan, whose physical and spiritual presence sent many people running, especially any young gymnast who managed to get in their way!

Finally, the best of luck to next year's team, and have an enjoyable season.

Paul Staines

## GYMNASTICS

Although gymnastics is not included in the P.S.A. competition, the Christ Church Gymnastics Club has been dominant in the State Championships, represented in the National Championships and involved in conducting a number of its own competitions. In all, three Invitation Competitions were held during the year and it was pleasing to have a team from outside the school participating in order to provide valuable competition for our gymnasts.

In August the School Home Championships were held in front of a large audience. In the Preparatory School competition M. Berry was first, T. Donaldson second and K. Covil third. In the Middle School competition S. Rogers was first, N. Govier second and H. Muntz was third. The Walker's Cup, which is awarded to the top gymnast at the under 15 level, was won this year by M. Wright, with L. Semmens second and M. Abbott third. In the Open Competition, for the MacLagan Cup, A. Jones was first, A. Giles second, R. Pontague third and J. Mann fourth.

As this year was the 75th Anniversary of the School, a display was organised by Mr Kovacs and was held on the night of the Home Championships. Years 8, 9 and 10 participated in the display which was enjoyed by all concerned. A rope climbing competition was held in conjunction with the display and proved to be very close and exciting.

The Old Boy gymnasts again joined the present gymnasts on the night of the Home Competitions and competed for the Zink trophies. Kirt Zink won the trophies for the vault, pommel horse and parallel bars, Neil Porter won the floor exercise and the horizontal bar whilst Dr Scott Isbel won the rings.

One week after the Home Competitions the Christ Church gymnasts competed in the State Championships and came first in all levels in which teams were entered. In the Level Five competition L. Semmens came first and M. Wright third. A. Giles won the Level Six competition and A. Jones and R. Pontague were second and third in the Level Seven competition. Our Old Boys, together with the two new members of our Club, also entered the State Championships and Kurt Zink won the Open Division, Chris Mayhew was second and Andrew King third.

During this year there has been a noticeable improvement in the standard of gymnastics at the School and this was due not only to the dedication and patience of our Coach, Mr Kovacs, but also to people outside the Gym Club. Parents and Old Boys have forsaken Friday and Saturday nights to judge our competitions and without their support it would not have been possible to hold these events. We also extend our thanks to members of the teaching staff and student body of the School for their assistance with the competition programme of our club.

## HOCKEY

The 1985 season saw the long awaited re-emergence of Christ Church as a powerful hockey force. The memory of the 1st XI's disappointing sixth last year was erased, as the team began to work together, and the resulting fireworks catapulted us to a hard earned second place.

With only five members of last year's 1st XI returning, and with a new coach, Mr MacGill, some people may have had their doubts. The result of the first fixture, against Wesley (who have remained undefeated since 1983) was a disappointing 1-5 loss. However, the score was not an accurate reflection of the run of play, and the future looked good.

The start of Christ Church's climb to the top began against Aquinas, with an excellent 2-0 victory. From there we never looked back. The adoption of the 3-3-3-1-1 system (thanks to Mr McFarlane and Mr MacGill) against Scotch proved to be the turning point in our season. Fortunately, we had the players to bring out the best in this system, so much so that the only other game we lost was the second round match versus Wesley. This time, however, the score was 0-1, in a very evenly contested match. Highlights of the season included the first half against Guildford, and a 4-0 win over a strong Trinity, but the team saved its best effort for the second round fixture against Scotch. Although Scotch has always presented problems for Christ Church, the team played tremendous hockey to notch up a resounding 3-0 victory. However, it was

mainly due to the Scotch goal-keepers magnificent form that the score was not 7 or 8-0.

Congratulations must go to the four players selected in State teams: Paul Jenkin (U/17); Michael Heard and David Yu (U/16); and Winton Willesee (U/15). Michael Heard and David Yu were also selected in the P.S.A. combined team, while Paul Jenkin was extremely unfortunate in missing out.

A sign of the strength of the team is the fact that five members were awarded Honours; Michael Heard, Paul Jenkin, Matthew MacFarlane, David Yu and Richard Pate.

The six new players in the team slotted into their positions perfectly. In goal, Matthew MacFarlane made many a fine save, and proved himself to be one of the finest, if not the finest, goal-keepers in the P.S.A. competition. Matthew deservedly accumulated the most best player points. Sweeper Winton Willesee seemed made for that position, as he frustrated opposition forwards time after time. Centre half back Neil Gibson used his speed to great advantage by constantly dispossessing opposing centre forwards. Right half back Jason Constable was one of the most reliable members of the team, and exerted a great deal of "musclepower" to thwart many attacking moves. Geoff Blacklock, at left striker, was a real find. Throughout the season, Geoff's skill increased considerably, and, although his extra-curricular activities left their mark on his waistline and bronchii, he performed many blistering runs down the left wing. The last of the new players was an import from the wilds of

the Northern Territory. Michael Heard quickly settled into the team at centre striker, amazing one and all with his ultra-confidence. At once the opposition was dazzled by Mike's lightning speed, his magically deft stickwork, and, above all, his willingness to give everything he had for his newly adopted team. Mike combined very well with Gibson and the outstanding Paul Jenkin at left half back.

Andrew Sanders at right midfield showed his versatility, and played some brilliant games. Richard Pate and Andrew Sanders, with David Yu, comprised the midfielders, and were largely responsible for the team's emergence as a power.

Richard Pate led by example, and wasn't beaten by his opposition inner at any stage during the season. He must take his share of the credit for the successful blending of Years 10, 11 and 12 into an effective unit.

John Taylor, the Vice Captain, played disciplined hockey at right striker, and showed maturity and excellent position throughout the season.

Congratulations must go to the 2nd XI, who finished second, and who were undefeated in all but the first two matches. Steven Russell, Phil Greay and Chris White all played very well when called upon to play in the 1st's, and Steve and Phil were extremely unfortunate not to gain a permanent position in the 1st XI. The 3rd XI also did well, winning more than they lost despite being constantly changed. The 10A's overcame inconsistent form to finish in second place. The Yr 8's and 9's tried hard, but could not find that elusive winning formula, and we will be looking for an improvement from them next year.

Many thanks to the staff involved in coaching all our teams, from Yr 8 up, and a special thank you to the Prep School Sportsmaster, Mr Ward, who, in addition to his Prep School duties, managed to find time to

coach the 10A's twice weekly and attend their matches.

Many thanks also to Mr House for introducing and publishing the "Short Corner". This innovation proved to be a great morale booster, as it allowed all teams to share in the School's success. Most importantly, it opened up communication between all teams, from the 1st's and 2nd's to the Middle School C's, and that can only be a good thing.

Thanks also to the 1st XI mothers, who provided morning tea for the spectators each home game and thus helped make watching the games all the more enjoyable.

Finally, thanks to Mr MacGill, who began the season with a bunch of unruly hockey players, most of whom he didn't know. He had the unenviable task of selecting the top two teams, and then getting the boys to work together. Mr MacGill decided that the best way to do this was to train the 1st's and 2nd's as one squad. This was great for morale, while also improving the 2nd XI players' skills — so much so, in fact, that the 2nd XI could easily have passed for a 1st XI. The excellence of Mr MacGill's training was one of the major factors in the teams' success and we certainly hope that this method of training is retained, so that Christ Church may combine to reap the benefits.

This year, Christ Church hockey was on the crest of a wave of talent, and that will certainly continue next year. Christ Church has more than enough talent for victory to be well within its reach. The challenge is for next year's players to each contribute their utmost to the achievement of that goal. We wish you well.

## RUGBY

The 1985 rugby season was a most enjoyable and exhilarating season for one and all. It had a number of interesting results, and prospects for the future look encouraging.

The 1st XV ended up equal third with Aquinas on the P.S.A. ladder which was a commendable position. The team as a whole was basically small and inexperienced, but, through skill and determination developed into a 'well-oiled rugby machine'.

The forwards although light, rucked and mauled with great vigour, and on most occasions out-manoeuvred the opposition in these situations. Our scrummaging was a let-down, although thanks to the introduction of a new hooking method by one of the members of the backs, the scrum managed to win 80% more ball against all teams in the second round. Overall, the forwards worked well, with tireless and sometimes overzealous efforts by Michael Burling, Andrew Thompson, Chris Webb and Justin McPherson.

The backs, when finally arranged in their most suitable positions, combined well in both attack and defence. Charlie Younge proved to be an excellent tackler along with Brett Morgan, Gavin Offer, Jeremy Lindsey and most of all, John (Specimen) Bayly. In attack, Brett Morgan ran strongly but our equivalent of Australia II's famous winged keel was newcomer Gavin Offer, who with some incredible dodging and ducking made the most of his limited opportunities.

The Second XV was also rather light and inexperienced, and because of this was unable to win much ball. The team was valiant in their efforts in each game and they defended well, but unfortunately, only managed one win. Michael Burling led the team well until he was promoted to the 1st XV. Doug Stewart was prominent in the line-out while among the backs Sam Hobbs tackled gamely and Bill Elischer ran with vigour and determination.

The Year 10 XV lacked numbers and were hard hit by the promotion of two key players to the 1st XV.

However, they made many improvements over the season and as a result played some good rugby in their later matches. Derek Steele set a fine example as Captain both on and off the field. Peter Dale, and Jason Thompson worked hard among the forwards and Andrew Furr and Adrian Kat showed some aggressive speed on the wings. Simon Hoffman developed well as a hooker and is to be congratulated on winning a place in the W.A. School Under 15 Squad which toured Sydney and Canberra.

The Year 9 XV only managed three wins but also improved over the season and competed well in the second round of matches. The forwards were well led by Tim Griffiths with strong support coming from Nicholas Raven and Stuart Scarfe. Yagan Millett showed great potential at five-eighth and Michael Thanos made some fine runs in the centre.

The Year 8 XV was continually disrupted throughout the season by the regular absence of boys at Koorngal and their results showed accordingly. Adam Lohman at scrum-half was the pivot of the team and Chris Lapinski and Paul Reemeijer gave him valuable support.

Some of the highlights of the season were:

- i) The 1st XV's 'Psyche' sessions in the C.C.G.S. changing rooms
- ii) Justin McPherson representing Australia in the U/17 team which toured New Zealand in May and Jeremy Lindsey winning selection in the W.A. Schools' Open Squad which played in the National Championships in Sydney.
- iii) Brett Morgan's 'specialist' advice at training.
- iv) Mr Holloway's interest and endless encouragement at training and at games.
- v) The team's ability to work as one when times were tough.

Final thanks must go to Mr P. Butler, Mr K. Holloway, Mr P. Graham, Mr P. Lane, Mr R. Woollett, Mr W. Chamberlin, Mr C. Horgan and Paul Myler for their tireless efforts and contributions towards C.C.G.S. rugby in 1985.

## CROSS COUNTRY

The Christ Church Cross Country Team again dominated the P.S.A. competition to win the P.M. Moyes Trophy for the fifth consecutive year.

Our team was stronger than last year and "old hands" found it hard to make the side as the stars of last year's Middle School team, J. Butler, N. Lindsey and E. Koh, made their presence felt.

The success as a team was due to the quiet, confident manner in which Mr Brian Marsland guided and coached us. He has always supported us, even in a non-school event, as well as being willing to join the pack and sweat it out from the Uni to the Mosman Park Golf Course (at times we did allow him to ride his bike!)

Mr Marsland also urged us to participate in plenty of outside activities to gain valuable experience. Pre-season training started with a Pentathlon, then the "Bridge to Bridge" and finally the Peter's Fun Run.

The State School Boys event again proved to be successful as our teams won several medallions. The Under 19 team of R. Tanner, T. Gorman and T. Lee came a very close second over 8 kms. The Under 17

team, consisting of C. Butler, N. Woss and S. van Heurck, won the 4 km race. The Under 15 team came second to a very good Trinity team. The team members were N. Lindsey, E. Koh and B. Sewell. As a result of these events, C. Butler, N. Woss, N. Lindsey, B. Sewell and S. van Heurck were selected to run in the Nationals held this year in Perth.

As in past years, there was not really any close competition in our home and away P.S.A. fixtures. Due to our ideal cross country course, our team always seemed to have an advantage over the other teams who found it very hard, some finishing well over ten minutes after our first runner had come in.

Thanks are due to Mr Sibson for his expertise in coaching the Middle School team. It is difficult to single out any one person in the squad as they were a very enthusiastic and dedicated group who supported each other well and enjoyed themselves throughout the season.

Although the First X will lose quite a few Year 12's from this year's team, I am sure that the future is in good hands and that the success of Cross Country at Christ Church will continue.

## SQUASH

The Christ Church Squash team once again proved they were a force to be reckoned with in 1985.

As squash is still not a recognised P.S.A. sport, competition was limited and we only had one game against another P.S.A. school, Guildford. Both schools presented a Year 11 and a Year 12 team. Unfortunately Guildford provided little opposition. The Year 12's won 108-11 and the Year 11 team won 108-6.

Year 12 members were Leng Tan (Captain), Charles Warren (Vice Captain), Tjarda Steinstra and Nechal Khanna. Best players for the season were Leng Tan and Charles Warren. The Year 11 team consisted of Chris White (Captain), Mark Johnson (Vice Captain), Yen Tan and David Stoney. The whole team played very well throughout the season in games and at training.

A group of five students branched out from the P.S.A. to partake in the Berri Interschool Junior Squash Penant Championships which involved both State and Independent Schools. The team was Chris White (Captain), Mark Johnson (Vice Captain), Yen Tan and Rodney Gullan. David Stoney was reserve but played a number of games as a result of sickness and attendance at camps. The opposition consisted of teams from Sacred Heart, Scotch College, Hale School, Perth Modern and All Saints. The competition involved each team playing each other twice. We won the competition very easily. The team displayed great skill even when the opposition was limited.

All the squash players would like to thank the coaches for giving up their time to attend trainings.

## FOOTBALL

It was a cold, wet, blustery afternoon as 25 young, overweight, underexercised sloths strolled casually onto that place of hallowed fame, which had not seen the likes of Ross Glendinning, Barry Cable or even Brad Hardie for that matter, but instead the unequalled skills of "Killer" Rex Townsend, Dick Van and Peter Rickey.

The next six weeks would see the pre-season build up enabling potential players to reach a peak of fitness which would hopefully see them attain the pinnacle of football achievement in Australia — not the V.F.L. Premiership, not the Brownlow Medal, but the ALCOCK CUP!!

Our first goal was to capture this exquisite glory for the

first time since 1977, to crush all opposition and establish Christ Church as the Essendon of W.A. football. We failed.

Unfortunately that pre-season edge was blunted after a promising start, in which Wesley succumbed to our superior fire-power in front of goal. As John Keynes predicted, a boom is followed by a recession but in our case it rivalled the Great Depression of the 1930s. Our team play and confidence disintegrated in a hail of Aquinian and Scotch goals. It wasn't until the final two games of the season that we regained our early promise.

The long haul back to the top had to start somewhere — in our case, the backline. Colin "Phantom" Walker

at full back battled lionheartedly against his opposition and his injuries to be like the Rock of Gibraltar. He was ably supported by "Buller" Bullock and Tom "the Head" Warner, who were consistent in the back pockets.

Versatile "Deek" Humphrey, whether it was at centre-half-back or the bench showed great aerial skills, and was consistently backed up by Simon "Grandpa" Sellars.

Vice-Captain "Scruff" Renouf showed that Samson wasn't the only one to gain strength from flowing locks of hair, as his aggression saw him leaving the field prematurely on more than one occasion. The same could be said about Darren "Psycho" Manuel who displayed Rambo-like skills in disposing of the opposition.

Dave "Meat" Treleaven used his size to great advantage in entering packs and taking Cazaly-like marks from the rear.

The team as a whole was young and inexperienced but this was countered by players of the calibre of Tony Evans, ever reliable around goals, and "Emu" Dowling, who seemed to bob up in many a mysterious place.

Undoubtedly the star of the team was Chris "Nut-cruncher" Lewis, who after "All-Australian" selection

and being a star member of W.A.'s victorious Teal Cup side, came back to the 1st XVIII and produced some of the most memorable pieces of football ever seen on the James Battye.

Although not totally successful in our quest for immortality, the team developed a great spirit and thoroughly enjoyed themselves throughout the season.

This "fun" was due to the management of Mr "B.F." Parish, with his unending supply of Chewies and remarkable safeguarding of valuables. Thanks also must be extended to Mr Rickey, our assistant coach, who showed the boys what football was all about in the staff/students match.

A special thanks must go to Mr van Kempen, M.I.C., for his support throughout the year. It was unfortunate that in his last year here, fame and glory couldn't be brought his way.

Finally, the team must thank Coach, "Killer Rex" Townsend, whose hard work and dedication to his cause is bound to bring results very soon. (Rumour has it that he has just refused a 1.5 million dollar offer from Dr Edelston to coach the Sydney Swans, preferring the challenge and excitement of the 1st's once again next season.)

## INTERSTATE CARNIVAL

Over the first week of the May holidays, Christ Church played host to the Annual Sports Carnival which saw Peninsula Grammar from Victoria and Pulteney Grammar from South Australia travelling west to engage in a struggle to determine who were the best footballers in the country.

The Peninsula boys were billeted out and the South Australians stayed in the Boarding House, setting the scene for a W.A. — Victorian alliance that would eventually crush our unfortunate Southern neighbours.

On the arrival of the Victorians some were immediately taken to the celebrated "Dragon City" Chinese Restaurant, where battles of song were held against a University Rugby Union team, with C.C.G.S. and Peninsula combining harmoniously to emerge clear winners.

The main purpose of the trip, however, was, contrary to popular opinion, to play football.

The first Saturday, saw Christ Church play Pulteney. Coach, "Killer" Rex Townsend, had us fired up before the start. We were out to prove that we were really mean! Pulteney seemed to wilt at the sight of twenty, muscular, tanned, sweaty bodies that reeked of unwashed jumpers. It was obvious from the start that they were going to be no match for us, although it was not until the 3rd quarter that we showed our dominance. It was then that our centre line completely destroyed Pulteney and we finally ran out winners by 10 goals.

The following day saw Peninsula do much the same to Pulteney, and a showdown started to loom between Christ Church and Peninsula.

Sunday night saw the three teams travelling to "Lords Health Club" to play indoor cricket and soccer. The cricket team, superbly coached by Mr Parish, lined up against a Peninsula team, boasting eight 1st XI members. Christ Church, captained by Dave "Slugger" Treleven, who was not in love at that stage, saw Peninsula score 150 against our attack, Spearheaded by Russell "Thommo" Vines and Albie "Thunderbolt" Moore.

In reply we scored a gallant 120, after being in the negative due to the efforts of Renouf and Treleven.

The soccer saw Stephen "Pete" Briggs lead his inexperienced side to victory over a Pulteney side, boasting "Hank" and "Whizzer"!

The volleyball also saw Christ Church as the undisputed champions, despite missing star and Captain Mark Barboutis who was on an international tour of the Greek Islands.

Finally Tuesday afternoon arrived. Previous friends were now mortal enemies. The wind dropped, the clouds gathered. Who dared to hazard a guess as to who would win this blood-tingling contest?

Legs were taped, jock-straps tightened as we revealed our secret weapon — Albie Moore, returning to his hallowed position as goal umpire. He gave enormous inspiration to the players and riotous crowd with his devastating display of flag waving.

The game was close, goal for goal. The 3rd quarter saw Christ Church miss five vital shots at goal that could have sealed the game for us.

Unfortunately the final quarter saw us run out of steam. A lack of match practice was apparent and the older Peninsula team kicked five quick goals that sank our chances.

Although the disappointment of losing was great, the effort was nothing to be ashamed of.

At the banquet which followed awards were presented, with Tony Evans gaining the prestigious trophy of the most outstanding Christ Church player in the Carnival.

An occasion such as this requires a lot of hard work as there is much organisation needed. This was achieved mainly by the efforts of Mr Van Kempen, who began planning the competition last November, Mr Rickey who organised the Presentation Dinner, and Mr Parish who assisted in the running of the activities throughout the week.

The efforts of these three gentlemen, in particular, were very much appreciated by all those involved in the Carnival, and I hope that next year's Carnival will be equally successful.

Paul Staines, Neil McDonald

Derek Humphry takes a mark with Neil McDonald in admiring support.

## SOCCER

Although Soccer was still not an official P.S.A. sport, the competitions in the Senior and Middle School proved to be of a high standard.

The First XI coached by Mr Hart played in an extremely close competition that involved a number of very strong sides. The team had a fairly unlucky season and often their results did not reflect the standard of play they attained.

As was the case last season, the team was often playing against physically stronger opponents. Despite this, through good teamwork and determination we frequently dominated the opposition, but lost scoring opportunities and allowed them back into the game. This frustrated the team slightly and caused a minor lack of self confidence. However, it did not affect the determined effort that was displayed throughout the season. This could be seen right to the end where we were unlucky not to defeat Guildford who had previously beaten us soundly.

The outstanding team this season was the Second XI coached by Mr Tait. The team remained undefeated throughout the whole season and very rarely did they look under any threat from their opponents. In convincing style they took out all their matches, often by a margin of 3 or 4 goals.

During the season, the 2nd XI underwent several developments. The two notable ones were in the areas of teamwork and in individual skills. From the early start of the season, the team showed enthusiasm and determination, both during games and at training, and

all players demonstrated an excellent attitude towards their opponents and their coach.

Although the competition did not include the 3rd Squad they trained throughout the season, developing in the areas of game tactics and skills. Thanks must go to Mr Tingey for the time he spent with these players.

Similarly, the Middle School 'A' team, coached by Mr Hallett, had a very successful season, only being defeated once in what was a very close contest. The team was strengthened by the presence of two 1st XI players, John Whitehead and Tony Brooks. It also contained boys who played in club competitions outside the school which meant that the team was a relatively experienced one. This provided the foundation for the A's progression as far as teamwork and skills were concerned throughout the season. At all times the team displayed an excellent team spirit and through their success, the future for soccer in the school looks promising.

Unfortunately the B team could not maintain the standard set by the A's. This was due to the fact that the boys were an inexperienced side and much of their season was devoted to teaching them the skills required in the game.

On behalf of all the teams, I would like to thank our coaches, Mr Hart, Mr Tait, Mr Hallett, Mr Ruthven and Mr Tingey for the time and effort they have put into the sport to encourage its success.

## ATHLETICS

The 1985 Athletics season officially began in Second Term with Friday afternoon sessions on the track developing running style and skills. It was unfortunate that after Mr. Bowker's surge of statistics and facts at the beginning of the term, few boys realised the importance of early training. It is difficult when all thoughts are on Winter sports and no-one is interested in Athletics, but if we are to have success, the dedication must begin much earlier in the School year.

The addition of several Old Boys and keen enthusiasts to the coaching team saw a noticeable improvement in the sprints and hurdles, which, as Mr. Bowker pointed out, has been our weakness in previous years.

*Danny Sheiner in the Open Triple Jump for Jupp*

With all this preparation, the beginning of Term Three was rather a let-down for the Athletes. But after the first meet at Scotch, and then the Inter-House Athletics Carnival, people began to recognise the potential and larger numbers came to training from then on. The emphasis at the beginning was on large numbers for depth and support.

The Inter-House Carnival held at Perry Lakes was very successful, with twelve records being broken, three times as many as the previous year. This indicated that we had a group of stars who were working hard.

All efforts were then focussed on the Quads which we hosted. This meet was disappointing for us and showed that, although some were very enthusiastic, we lacked depth, with many who had made little preparation. We were still reasonably happy though, since there were a number of good performances, a number of injured who were unable to participate and the lack of depth would not be as serious for the Inters as there would be only two Divisions.

*Start of a 100m at the House Athletics*

In the short time the Inters team had together, they matured enormously and became much more confident. The Inters day began well for us as a team and three quarters of the way through the day we were only ten points behind fourth place.

Mr Bowker must be strongly congratulated for his efficiency and all his efforts. He maintained his faith in us through till the end and the results were promising enough for the future. Thanks must also go to all assistant coaches inside and outside the School for their time and effort.

I look forward to sitting in the crowd next year watching a successful 1986 Christ Church Athletics team.

THE YR 12.  
REVUE.

## KOORINGAL

Kooringal '85 — our fullest and finest year to date! The support and enthusiasm from the student body is to be commended. The Kooringal staff enjoyed this excellent spirit and we are delighted to see such interest and initiative. Kooringal is now producing fine canoeists, climbers, bushwalkers, navigators and group leaders.

Our special thanks to all the Year 10 and 11 leaders for their outstanding work on the intensive Year 8 programme. The relationships and respect generated amongst the older and younger boys can only contribute positively to school morale. Mr Brackenreg, Mr Froude, Mr Moore and Mr Fraser remain loyal supporters of the whole Kooringal programme and we are very indebted to them for their invaluable concern and professional friendship. Thank you also to Miss Walker and Mr Keogh for their contribution to Kooringal life. We wish them well with their outdoor careers.

The Kooringal we value today has been built through vision, hard work and a love for the challenge and rewards offered by the Australian bush. The Kooringal of which we speak proudly is not the new buildings and the top quality equipment — it is all the people that contribute to the Kooringal community and their positive actions. Our philosophy of doing and caring does work — it is the responsibility of every Kooringal participant to uphold these values.

Remember on the Year 8 camps when we emphasise there is no such phrase as "I cannot"? We trust this quest for achievement will continue and every student will come to appreciate and thank this school for such a scheme. Perhaps H.R.H. The Prince of Wales touches clearly on why Kooringal exists.

"This is a scheme designed to benefit the youth of the country, to give them a taste of *fright, discomfort* and *adventure* in an age when it is possible to live *comfortably, securely* and *boringly*."

Thank you to staff, students and parents for their support — Outdoor Education plays a vital role for Australia's youth.

Lorraine and Richard Firth

### YEAR 8

Just as sure as the sun will rise, the excitement and exhilaration of Kooringal's Year 8 programme continues. This year has seen only some minor changes to an already jammed timetable in the attempt to use the 12 days most efficiently. And 2nd Term went something like this . . .

*The Weather:* Yes, there was plenty of it, this winter — and each group managed to 'enjoy' a wide range of good and bad conditions. The rain so kindly fell on all groups enthusing everyone to bigger and better things.

*The Food:* Undoubtedly the best ever prepared, consumed and cleaned up after — ranging from the delicious roast chicken dinners to the ever popular sardines and dry biscuits.

*The Activities:* Demanding and challenging, testing and trying, the variety of adventurous pursuits ran particularly smoothly throughout the term. The winter rain meant the river rose and the canoeing was so much better — the rain also resulted in the bushwalking/camping being particularly 'enjoyable'. The orienteering and rock climbing efforts were particularly impressive — overall a great winter's work.

*The 'Living':* Again in '85 the Year 8 boys loved and appreciated the chances to run Kooringal — the cooking, the washing up, the sweeping, the cleaning, the mopping, the scrubbing to mention just a few of the life tasks enjoyed.

*The Staff:* Unquestionably the Kooringal staff, ably assisted at times by visitors, were continually stimulating and scintillating, amazingly witty and entertaining and generally A1 to be with!

### YEAR 9

The Year 9 compulsory Outdoor Education course aims to extend and expand on the skills and ideals imparted in the Year 8 course. Students select a specialist activity area and spend 4 or 5 days totally devoted to the area. A brief description follows —

- a) White-Water Canoeing (Collie River and Murray River) extending the practical and theoretical understanding of rapids, developing Kayak skills including Eskimo rolls.
- b) Canoe Touring (Canadian) (Blackwood River and Murray River) with *all* gear in barrels travelling large distances (up to 70km) and camping alongside the river each night.
- c) Rock Climbing/Abseiling (Willyabrup-Margaret River). On the 50 metre sea cliffs some exhilarating climbing and rappelling — as well as camping on the coast.
- d) Bushwalking (Stirling Ranges National Park). Day walks and extended walks in this spectacular part of W.A. Cave camping included.

A number of boys opted to combine two of these activities during the week in the outdoors. As well, no matter the boys' choice, each camp contained a compulsory component — a 24hr navigational exercise where, in a group of 5 or 6, boys used maps, compasses etc to plan and walk a route through often unknown areas — camping, surviving and experiencing as an independent group — revision of Year 8 skills. Overall, groups found this activity rewarding and well worth while.

## YR 8 REFLECTIONS ON KOORINGAL

As one of the last things done after 12 days activity, the Year 8 boys write a 'reflections' on how they personally viewed the experience. Below are some extracts:

"My first day was excellent."

"The unpleasantness started on the first day."

"I thought about home and wished all this was over."

"I wanted to lie down and rest for the *whole* day."

"Kooringal seemed a very formidable and unavoidable series of discomforts."

"It was a big challenge to go first time." (flying fox)

"I pushed myself and made it to the top — and then I felt better."

"It didn't matter how cold it was, we still had to do it — there was no way out!"

"I knew when I made it I had accomplished something."

"Completely different — I was scared stiff as I descended down a cliff!"

"I loved every bit of it."

"I enjoyed Kooringal immensely and can't wait to go next year."

"— but towards the end I found other people helping me so I tried to lend a hand to someone."

"But when you have done it you feel like a champion."

(The Kooringal staff wish to thank all Year 8 in '85 for making the Term 2 'trial' so enjoyable, and especially for the anonymous comments in the above paragraphs).

## ADVENTURE UNIT

1985 saw the inaugural year of the Christ Church Adventure Unit, which both began and ended with camps that will haunt us to the end of our days — I mean . . . um that were thoroughly enjoyed by all. The initial survival exercise saw all 30 of us tormented, frustrated, starved, frozen, melted, water deprived, and marched off our feet (but not downhearted) for 24 hours of pure hell, much to the sadistic pleasure of the evil arch-enemies of the Adventure Unit — the organisers. Forever will the memory remain of 30 cold adventure-uniters huddled up to a dying ember, cursing the name of Mr Brackenreg and the Adventure Unit.

After showing some initial incompetence we set about repairing our damaged pride, by proving we were not green, just incomplete in our knowledge of survival skills. In first term we mastered the eskimo roll (well most of us did), a difficult kayaking manoeuvre; froze with terror while climbing the threatening cliffs of Churchman's Brook and Margaret River; learned the tricks of the rope trade from veteran mountaineer, Mr Van Kampen; and experienced other thoroughly terrifying activities, culminating in our 4 day bivouac which saw us scouring the area around Koorngal in a truly exhausting 24 hour rogaining competition won by 3 men of Steel. Good effort guys! In third place came the author and fellow lackeys in a masterful display of orienteering.

In Second Term the raging torrents of the Murray were successfully combated during 3 weekend kayaking and canoeing camps. Thanks must go to the other group of canoeists who paddled the river at the same time as the Adventure Unit during one of the camps and provided entertainment with their lessons on how to travel down rapids backwards, capsize and carry out other amusing, if not strange, manoeuvres.

The final two weeks of Second term saw the climax of the Adventure Unit for 1985 — a week camp in the Walpole region designed to make us feel like yesterday's scrambled eggs. We rose at an ungodly hour on the last Friday before the end of term to embark on a 6 hour pilgrimage down to Walpole, with the only entertainment being a cassette by Allison Moyette.

So, 6 playings of Allison Moyette later, the 30 Adventurer Uniters arrived at Walpole and split into three groups — two to do hiking, and one to do hiking and kayaking.

The Shannon group was the only one the author had first hand information on. An exhausting coast walk was on the agenda for Day One. Day Two saw wading through swamps knee high in water; bush-bashing through sword grass with visibility limited to one metre; crossing the Gardner River at a rare narrow point; plodding up an eternity of pitiful hills; getting "temporarily misplaced"; and finally finding Justin "Punes" Geoghegan had a back problem and having to take him all the way back to the start again the next

day. On the way back our crossing point for the Gardner River was wider so we had to swim 100 metres in freezing water in the nude! This rambolic action practically incapacitated us, but somehow we managed to complete the 10km trudge back to Walpole. The remainder of the 7 days were too horrible to recount — suffice to say that truly abominable weather, a ghastly art know as rockhopping and Koorngal cheesecake almost finished us off. The two other groups endured similar hardships. One did our walk backwards, so they can relate to our plight. The kayaking group chipped the ice off their canoes daily, canoeing the Deep River. Tom Wilson perfected the "Risk-Death-While-Canoeing-Down-A-River-With-Canoe-Perpendicular-To-Water" feat without killing himself or even damaging his boat.

We are now all fully confident that when the Martians invade Australia we can all flee to Walpole and become successful resistance fighters.

All in all, a thoroughly fun year and thanks must go to the small army of teachers that fought to save the bush from the Adventure Unit hordes, specifically Mr Firth, Mr Saggars, Mr Froude and lastly and leastly (only joking) Mr Brackenreg.

Gavin Loughton

We were greeted by Mr Hill at 6.30 on a cold Friday morning just prior to leaving on the Christ Church Adventure Unit's 1985 expedition. He wished us luck and thinking about what was ahead, we thought we might need it. The four and a half hour drive down was uneventful and it was restful to know after our first afternoon's hike, we were only slightly lost. Saturday was spent climbing Mount Hopkins which included struggling through dense scrub going up at a 45° angle. By Sunday, the third day, we managed to get as far as Mr Sagger's group got in the first afternoon. So far we had managed to break four wine cask liners and soak three packs, so no matter what anyone says, wine cask liners aren't that great. A routine ten kilometres the next day got us to the halfway mark, Crystal Springs, the changeover point between hiking and kayaking. Here we drank hot Milo, read Marvel Comics and used a real loo.

Tuesday, the river was two feet above the safe level. What the heck! It's only human lives. After a completely exhausting day we reached a campsite big enough for two pygmies and their dog. Here twelve people enjoyed a night of most needed sleep, even the three with wet sleeping bags. The next day was uneventful, except for the bush bashing through tea trees in the middle of the river for ten kilometres. By that night we had made our destination and merely had to cross the river in the morning.

Three incidents worthy of note were: Tom Wilson proving "I'm better than any of you guys" by doing a tailstand in his kayak; my slipping and plunging head first down a valley with full pack to stop only inches from a stream; and Simon Hanson managing to capsize twice in completely flat water.

## MUSIC

This year has seen another busy time for members of the Music Department. Staffing for 1985 was three full-time teachers and eleven part-time visiting music teachers. This was slightly down on the 1984 number, and is due to the very cramped conditions in the Chapel Undercroft. In 1986, however, the numbers will revert to fifteen part-time, including a percussion teacher.

### NEW MUSIC BLOCK:

1986 will see the Music department expand further, by occupying the former main Preparatory School Block, as well as retaining the Undercroft. This will allow for greater music-making activities, and an increase in both the facilities for music as an academic subject and in the number of part-time music teachers.

### AD HOC CHORALE:

Auditions were held during the first week of Term 1, and our first engagement for the year was a part of the Commonwealth Day youth celebrations at Government House on 11th March. Our next important function was to sing for the School's Easter Carols Service in April.

Term 2 began busily, with us singing as part of W.A. Week in Forrest Place, during a lunchtime. Many people gathered in the marquee, to hear our singing. We then sang for the Society of Accountants Service in June — this being held at the Cathedral. In July, we performed at the Parents' Association function in the new Memorial Hall Theatre — which was a good venue, acoustically. We performed for the Concert in

the Chapel in August, and again at Founders' Day.

Our most important function for Term 3 was the 75th Anniversary Concert on 11th October, but we also sang for the Advent Carols Service and for Speech Night. Our numbers have remained stable this year at twenty-seven, although by the end of the year, some of the Year 8 trebles were beginning to change gear. It was good to welcome back Mrs Ife in Term 3.

Our thanks to Mr Hutchinson, for his expert and tireless leadership.

Glenn Leighton.

### THE CONCERT BAND:

We began the year with quite a few new members, but early on, ran into the old problem of clashes with sport training. It meant that we rarely had a full attendance. However, we ploughed on and began producing some good noises. We played for the Easter Carols Service, the Founders' Day Service in August, and with some pushing from Mr Bates, played the hymn each Friday for Senior School Assembly. This means some good exposure and further experience for us.

Our most important activity for the year was the 75th Concert in October, but we also played for the Advent Carols Service.

Our Flute section is enormous with nine boys, but the other sections are well-balanced. We look forward to a good year in 1986, with further new members to replace the year 12's who will be leaving.

Our thanks to Mr Bates for his efforts with us, and especially to Miss Pedrotti who worked so hard with us at Music Camp and then conducted us for the 75th Concert.

#### THE 75TH ANNIVERSARY CONCERT:

Friday, 11th October, was the date set down for the concert to celebrate 75 years of C.C.G.S. This time a special committee was formed to plan the event, and to ensure that the Chapel was full, rather than having a sparse and scattered audience. Charles Southwood, an old boy, and morning programme announcer on ABC radio, was invited to comper the evening. The boys had rehearsed extremely hard. All of music camp was given over to learning music for the occasion. Many V.I.P's were invited, and the programme included some lighter items.

The evening saw a capacity audience in the Chapel witness one of the best concerts ever. Simon Lee, year 12, began the evening with a swirl on his bagpipes — and in kilt. The Choir of St George's Cathedral, now officially linked with the school, sang two anthems; the brass group played; the string quartet played, the Ad Hoc Chorale sang — and they included a specially composed set of Psalms for 75 Years, written by Mr Hutchinson, which told a little of the School's history

and also reminded us of some of the school rules. Angus Keogh, year 7, played the violin beautifully; and the Concert Band, conducted by Miss pedrotti, during Mr Bates' absence through illness, closed the first half.

After refreshments in the Chapel forecourt, Simon Lee summoned the audience, to more items from Concert Band, String Quartet, Brass Group, Preparatory School Choir and a violin solo from Andrew Hassell. John Foster, from the Cathedral choir, delighted all with his "Wandering Minstrel" and then, to conclude the concert, further choral items were presented — ending with the Massed Choirs singing the "Hallelujah Chorus".

The resounding applause indicated that the audience had thoroughly enjoyed the evening — and so had the boys. It was a marvellous experience to see their hard work rewarded by a large and appreciative audience. It was a memorable evening.

### THE STRING QUARTET:

Due to senior boys moving on, we were forced to become a quartet this year, but that has not stopped our progress. Under Mr Pisarek's expert guidance, we have tackled new quartets and learned about balance and new thoughts on interpretation.

At music camp, we took on two new 'cellos and a new viola, but we still require more violins, to get good balance for a string orchestra.

We are hopeful that this will happen next year. Thanks to Mr Pisarek for his work.

### THREE CHOIRS FESTIVAL:

Working on the success of the 1984 Festival, we again joined with the girls from M.L.C. and this year with some tenors and basses from Wesley, to perform the J.S. Bach "St John Passion". After the comparative ease of Vivaldi, Handel and Britten last year, the Bach really demanded concentrated learning and rehearsal from us. However, we did have a rehearsal camp, at Stoneville, and under the experienced hand of Michael Leighton Jones, from Brisbane, we brought the work to an excellent standard. Mr Leighton Jones, formerly of the small singing group "The Scholars", now lectures in Brisbane, and he proved to be a good conductor for the festival. We performed the St John over two nights in the Cathedral, with good audiences both nights. As with last year, it was a great experience to learn such a complex work, for which we had to import an Evangelist and a continuo 'cello player.

Our thanks to Mr Hutchinson, for the whole idea of the "3 Choirs Festival" in Perth, and to him and Mr Bates for their work in rehearsal and in performance.

**THE BRASS GROUP**

*(L-R): B.P. Carnley, A.D.J. Sutherland, C.V. Milne, I.R. Ludlow, A.J. Muir, A.W. Dobbie, J.K. Smeulders.*

### THE BRASS GROUP:

We began the year a little short, number-wise, losing our trombone Stephen Prescott. However, we soon got moving and learning new pieces. Sandy Sutherland switched from trumpet to trombone, because of dental problems, and Jonathan Smeulders stayed on Euphonium. We have taken part in several concerts and services this year, but the highlight for us was the 75th Concert. We have tackled some new negro spirituals and a demanding piece by Gabrieli. Chay Milne moves on to bigger horizons next year, and we wish him well. Thanks to Mr Wigglesworth for his good work with us — we hope to expand a little in numbers next year, and to tackle some new material.

Chay Milne

### VISITING CHORAL SCHOLARS:

Following the success of the scheme last year, it was continued in 1985, with three very talented young men coming to join us for six months: Anthony Musson, organist, alto and clarinet player; Alan Dodson, tenor and early music enthusiast and Stuart Sherwood, bass and excellent pianist. They sang regularly with the Cathedral Choir, and assisted in many ways in the running of the music programme at School. Stuart accompanied the Prep. School choir and all three took some individual music lessons — in voice, organ and piano. They brought with them much experience and some varied backgrounds — they took back to England, I am sure, happy memories of their experience in Western Australia. We certainly appreciated their work. The scheme will continue in 1986.

## DRAMA

"Life on some sort of a rhubarborous maundaring yellogreen funkleblue windigut Diodying applejack . . ." Finnegan's Wake.

The blatantly obvious meaning of this statement by James Joyce sums up the mood and style of drama at Christ Church admirably . . . entertaining, flowing and . . . well . . . uh . . . unpredictable.

From Colin Walker's amazing and prefectorally perfect imitation of a gunshot: "FffffBANG" (and that's a quote) to Nicky Imberger's equally outstanding impersonation of dual organ stops, drama at Christ Church in 1985 was an amazing success, both for the School and the student participants.

Although the set spitefully remained wet during the opening night of "Count Dracula" and "The Times" of London was proved to be definitely not a daily paper, such hardships were overcome. The actors and backstage crew teamed up to make "Count Dracula", a polished, and, from all accounts, most entertaining production (even if some amateur magician did change the inside contents of the decanter into something stronger).

The enthusiasm displayed by the Year 12 actors and crew was apparent right down through the ranks of Christ Church in both the inaugural House Drama Festival and the Year 8 Drama Festival.

The Year 8 Festival for its third year in succession continued with three nights of high frequency and highly successful drama. The Festival introduces the Year 8s to all aspects of drama, from wearing silly clothes (on and off the stage) to setting up lights and acting out scripts. The programme demonstrates a real depth in drama, ensuring super value from students in the following years.

In its first year at Christ Church the House Drama Festival ran both smoothly and successfully. The enthusiasm shown by those who performed, worked backstage, or simply sat back on whatever they could find, indicates that the Festival will become a popular annual event. The eventual winners were Noake, with their comedy thriller cross between James Bond and Caligula, "The Backstabber". The Festival exposed many students to a wide variety of the jobs required to produce even a small play. The experience gained by students in operating the lighting and sound, directing, producing, stage managing, acting, set construction (and in set demolition by Wolsley House and McClemans' Dean Evans) will be most helpful in producing first-class plays in future years.

The Music Department has its music rooms, the Physical Education Department their gym, so too, Drama needs a real "full-on" theatre, not a Clayton's theatre like the Memorial Hall (the theatre you have when you don't have a theatre).

Only then will it shift from its semi-important status on the C.C.G.S. fixture list to its potential as the leader of

the School social calendar. As Joyce said, so succinctly and truly in an earlier moment of "Finnegan's Wake": "Quarry Silex, Humbrie Nocenswa! Undy gentein festykness. Circa Nansera! Wokeneup."

Brett Morgan (Captain of Drama)  
and Matthew Winter

## DRAMA CLUB

Drama Club was regularly attended by a small number of dedicated Year Eleven and Twelve students from both Christ Church and Methodist Ladies' College.

One afternoon each week, alternating between The Hall Theatre at CCGS and the Gertrude Walten Centre at MLC, was spent developing and practising many of the basics of performing, acting, public speaking and miming.

Activities such as character building, character development, gibberish, voice projection, scene building, relaxation techniques and role playing were introduced.

Mr Gipson of CCGS and Mr Ballantyne of MLC were always helpful, encouraging and enthusiastic when dealing with the group. Both teachers gave much time and effort in preparing and taking the workshops, providing a diverse range of subjects and situations to deal and experiment with.

The girls, as well as being able to create a relaxed atmosphere, revealed a great deal of sensitivity in their acting and were far more challenging in the material for their skits and mimes.

A typical afternoon would begin with some "warm up" and "wake up" exercises. Then one of the teachers might give a small talk about one aspect of character development or role playing. Next the students would divide into small groups of about four, or five and practise these skills and present them by means of short skit, play or mime.

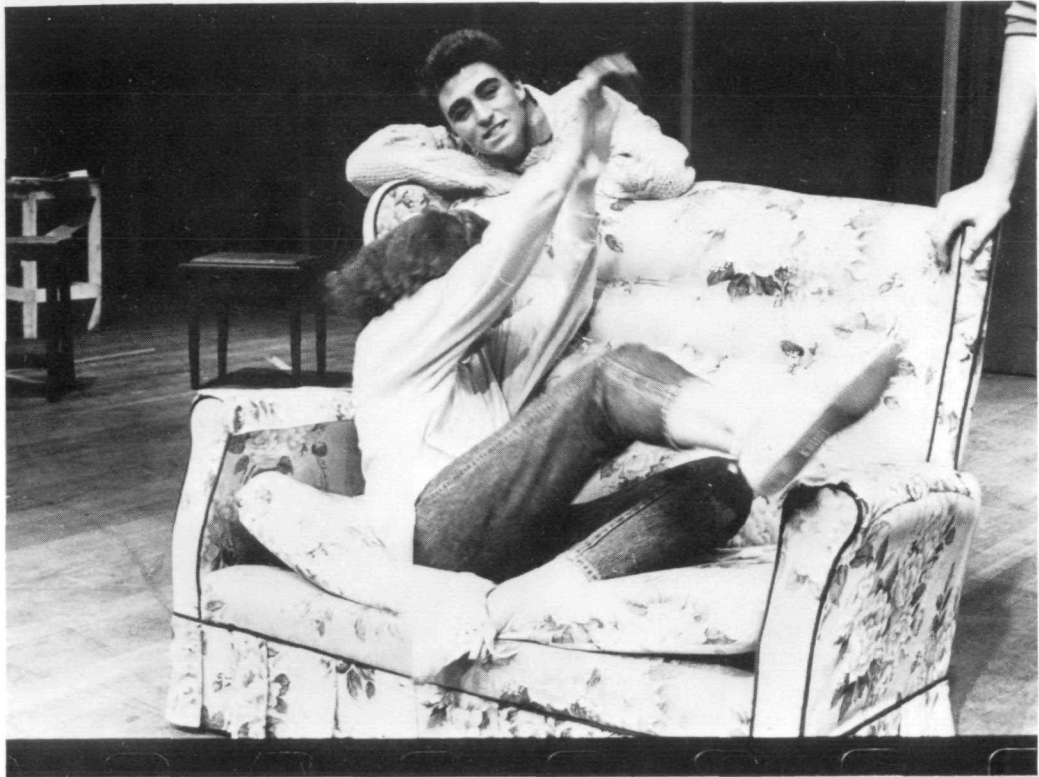

After each performance the teacher and students would discuss and make constructive criticisms and comments.

The typical afternoon would conclude with the whole group being involved in a large skit or mime which required the students to enter the stage, and begin acting, one at a time. This required careful observation skills and often clever thinking so as not to disrupt the continuity created by the previous students. On occasions music was used to accompany movements and stimulate ideas.

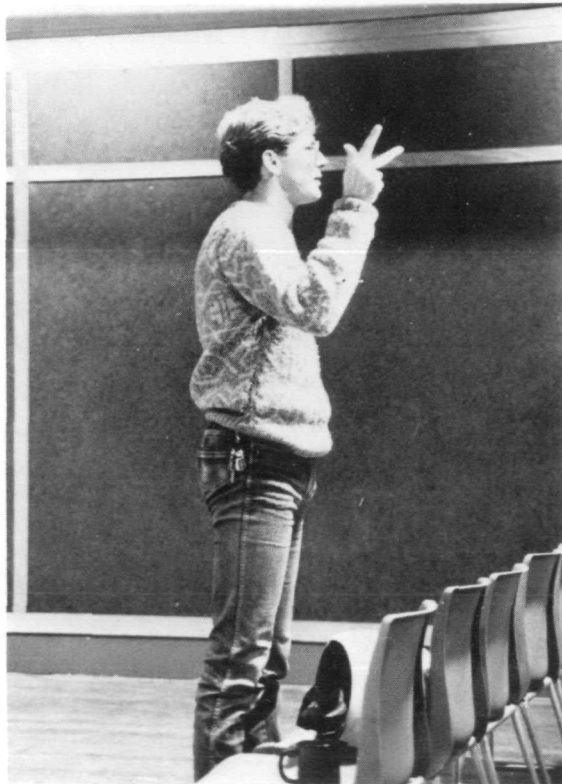

Many of the students involved are very enthusiastic about being in a major production next year, and hopefully the skills and techniques learned at these workshops will be put to good use.

Once again, many thanks must go to Mr Gipson and Mr Ballantyne for making their time and skills available, as well as to those enthusiastic students who took part.

## CADETS

The 1985 cadet year began in the last week of the summer holidays, with some 20 Christ Church cadets giving up their time to attend the C.U.O.'s/N.C.O.'s Promotion Course at Koorinal. After a gruelling week's training, all the candidates passed out as either corporals, sergeants or C.U.O.'s with Neil Gibson topping the Senior Wing, and Craig Brooks coming runner up in the Junior.

Once back at school, the unit began operating in earnest, with a successful recruiting campaign resulting in over 100 new cadets being issued with uniforms, and being divided into platoons.

After an initial settling in period, training for the Bivouac began, with the Junior Cadets being taught foot drill, bushcraft, mapwork and first-aid, and the signals section learning the basics of R/T operating procedure under the direction of Mrs. Challinor.

In mid-April, with training well advanced, the unit moved to Koorinal, for the four day Bivouac. The first two days consisted of static exercises, including the ropes course, a .22 range practice and river crossings. At the conclusion of this period, the 4 platoons set off on a two day reconnaissance mission through the foothills of the Darling scarp, and onto the coastal plain, in pursuit of a force of invading Marsurians.

With the commencement of Second Term, Wednesday training began again, with two aims: A satisfactory standard of bushcraft and mapwork for the August camp, and a high standard of drill, ready for the Headmaster's parade. With hard work, both aims were achieved, and by August, the unit was ready to go bush once again.

Upon arriving at the Bindoon Field Firing Range, a

temporary bivouac was established, and platoon commanders were detached from their platoons, which were then split into sections, under the command of corporals and sergeants. That night section leaders were briefed, and ammunition in the form of agent WPF (a white marking agent) was issued to the troops, in preparation for the tactical phase.

Early next morning, the troops were embussed, and moved to their drop off points, while the C.U.O.'s 'sphincter' team, under their fearless commander Lt. Toby Moore, made ready for battle.

For the next three days, the bush resounded with frantic battle cries, as the troops were harrassed by each other, and the deadly 'sphincter-mobile'.

At the conclusion of the tactical phase, 120 soggy, dirty, flour-caked cadets returned to campsite 1, ready for Phase Two of the camp. This consisted of two days of weapons training, archery, and other activities, leading up to a range practice with the AR-15 Armalite Rifle. The practice, under the inimitable direction of the unforgettable Sgt. 'Ankles' Howarth of the Australian Army, consisted of each cadet firing ten rounds in semi-automatic and ten rounds in full auto at a figure target on a 20m range.

In all, the year has been an outstanding success. Credit for this must go to Major Fraser, without whom the unit would not exist at all. Thanks must also go to Major Brian Gibson, for his finely planned exercises, to Lieutenants Moore, Syme and Cox, for their help throughout the year, and to Mrs. Challinor and Rob Magee, for their contribution to the communications, which kept the unit running smoothly in the bush.

## DEBATING

"Speaking in tongues is a dangerous thing to do, especially if you're good at it".

Talking Heads.

The Academy again entered four teams in the West Australian Debating League Competition. It turned out to be a year of torrid competition though Christ Church fared well, winning ten out of a possible sixteen debates.

The youngest of our teams proved to be the most successful. The gallant Year 9 team, consisting of Michael Thanos, Bernie Wansbrough, and Yagan Millet, blitzed through their division winning all but one of their preliminary debates against teams a year older. They then proceeded to make their way to the Grand Final of their Junior Debating Division. It was there, unfortunately, that their run was stopped by a 2-1 majority decision in the favour of the opposing Mercedes team.

The other team that competed in the Junior Division was made up of Year 10's. So strong was this year group that six strong debaters (dividing into two separate teams) contested for the limited three spots. It was decided that each team would compete in half the number of preliminary debates. The Sandy Sutherland, Peter Broun and Simon Hoffman team, which took the first two debates, easily won both of them due to the team's contemporary "let it be" style. They then handed the reins to the Peter Campbell, Jason MacLaurin and Olivier Sicouri team. This team carried on, producing two more victories and carrying Christ Church into a berth in the Quarter Finals. Here, alas, the Academy was faced with a dilemma — which team should play-off in the Finals? After much consideration it was decided that a toss of the coin would be the fairest way. So the coin was tossed and it is now history that Sandy, Peter and Simon debated gamely but narrowly lost to the St. Mary's team. The Committee would like to commend both teams in the way that they showed acceptance of each other. It was great for the friendship and camaraderie that developed between both teams. Well done lads!

The strength of the Junior Divisions (both of which reached the Final Series) sets strong foundations for the future of the Academy.

The Year 11 team had high expectations placed upon it. With new member Paul Potter, the established team of David Yu, Paul Sheiner and Nelson Woss entered its first year of Senior debating. It was a year of learning for the team which met with mixed results. The team's relaxed tone and style was often outmatched by older, more experienced teams.

Finally the Year 12's stolid veterans with five years of debating experience, Simon Lee, Ian Ludlow and Tjarda Stienstra, were joined by recent members Matthew McFarlane and Kevin Watkins. Winning half their debates, this team became renowned for its well oiled routine.

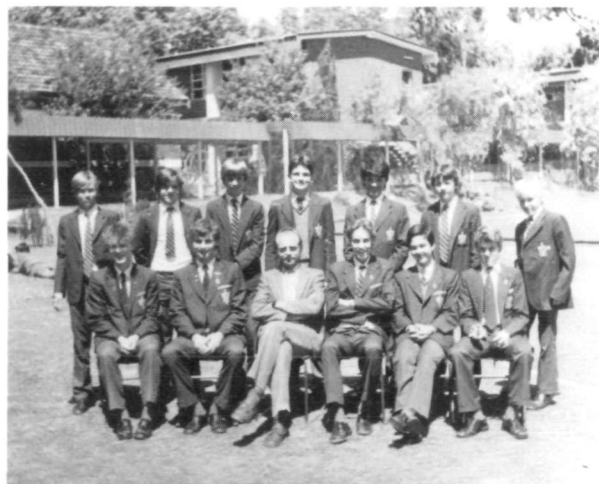

The Academy's activities were not restricted to competition debates. We continued our close relationship with students from M.L.C. and in early March, 40 debaters from both Christ Church and M.L.C. travelled down to Koorlingal for the Annual Debating Camp.

The House Debating Competition was contested in Second Term and proved to be most popular as a result of the interesting and original topics, such as "That Every Man Sees Himself as Indiana Jones". The competition was won by Craigie House.

The most spectacular change that has occurred in the last year has been the introduction of "free for all" parliamentary style debates against M.L.C. The meetings attracted up to 400 people and were on the whole a great success. Who could forget that time when Stephen Briggs was challenged to "step outside" by one of the M.L.C. debaters after addressing the crowd during the "Women's Place is behind the Stove" debate?

Seriously, 1985 represents an end of an era in Christ Church debating due to the fact that our beloved leader and mentor, Mr Hugh Ryder, leaves at the end of the year for fresh challenges. No single person has had a greater influence on debating at Christ Church than Mr Ryder. It has been his cultivating of the Debating Academy that has transported it from the relatively insignificant activity that it was considered seven years ago to the high profile it now enjoys. All Christ Church debaters will remember Mr Ryder for many years.

## ART

The Art Centre, the aim of which has always been to promote the talent of its students and to foster the competition they will find when they are artists in their own right, has scored some notable successes this year.

The National Art Award, an award which as the name suggests is Australia wide, has always been an arena of excellence in student art. To achieve selection in the final thirty-six is quite an accomplishment. This year the talented lad from Christ Church was Michael Bullock, better known as "Vince". He is one of the three C.C.G.S. students in the past five years who have achieved this distinction.

On a more local note, seven of our students achieved selection in the Western Australian College of Advanced Education Art Awards. Their work was exhibited in the W.A. Art Gallery. To have seven works among the 80 selected from 29 schools is an indication of the talent of the Christ Church students. In addition, work by Preparatory School students was exhibited in the "Claremont Schools Art Exhibition".

Internally we had exhibitions by both the Preparatory and Senior Schools. The latter was held in the refurbished School Hall and the annual John Dowson Memorial Prizes were awarded to the winners of the various sections.

The art students also had their annual camp at Koor- ingal in April. The purpose — to use the environment of the Jarrah Forest to create, enjoy, memorise and relax — was more than fulfilled and the weekend was adjudged a thorough success by all those involved.

This season the Christ Church Chess Club was bereft of teacher administration, so the task of guiding the mighty mental talents of the chess population was divided amongst a triumvirate of students consisting of Harsha Chandraratna organising the Senior School House Competition, Robin Issel running the Middle School and David Conners arranging the inter-school matches.

The success of the season was the Junior team which comprised Adrian Foo (Capt.), Jonathan Auburn, Conway Tang and Kim Tan, and which won the competition in their division. Adrian Foo was also invaluable in organising their matches.

The Senior Team — despite being in a low division as a result of their late entry into the competition — are only coming third at time of writing. But the future looks more promising. There are several talented Year 10's who held their own in the Senior Team, and with the addition of the boys moving up from the Juniors, Christ Church should once again soon be in the forefront of Senior Chess.

## THE MISSION

One of the highlights of the School's 75th year was the week long Mission in the first week of July.

The team, seven Missioners from African Enterprise led by Rev. Bill Winters, challenged the School with the message of the gospel of Christ. The team also visited Wesley and Guildford during their three weeks stay.

Music and drama were central to their approach and in Chapel each morning the School was held captivated by the skits and probably sang as loud and well as it has ever done. Members of the team also spoke on their own lives and all had interesting stories to tell.

The second emphasis was a visit by one or two team members to every class between Years 6 and 12. This was a chance to communicate more closely with the team and for them to meet us.

The third emphasis was night rallies during which team members spoke and encouraged people to examine their lives. Local parishes and other members of the public were invited and the response was encouraging.

To follow the week all interested boys were invited to join groups and further examine their own faith and their relationship with God. These were run by staff and were very well attended.

The impact on the School at the time was large and for many people continues to be so.

## CHAPEL

This year's Chapel services have been varied in both substance and attendance. Attendance has ranged from the large numbers at the Founder's Day Service to the somewhat smaller gatherings at the Sunday Morning Services. The main event of this year was the School Mission mentioned elsewhere. The Boarders celebrate the Eucharist every Sunday and a good feeling of unity surrounds these services. Again this year the Year 12's were given the option of attending the Sunday services.

The Friday morning services have seen many interesting guest speakers on many topics as well as Father Ted's sermons. Third Term saw the departure of Father Ted to the U.S.A. to study and the arrival of Father Frank Sheehan to replace him. We extend a warm welcome to him and his family and hope his time at Christ Church will be both enjoyable and rewarding.

## LOST PROPERTY

This year the committee has the following members:

Joe Marafioti — Managing Director  
Jarrod Gobetti — Marketing Manager  
Andrew Duguid — Sales Representative (in training)

The lost property shop's new location on the ground floor of the Gymnasium Building has now become well known in the school community and is being used as a "corner shop gathering point", which of course is good for business.

The shelving and stock layout has undergone radical changes during the year along with an improved stock gathering and accountancy procedure. Needless to say prompt payment is always ensured by Joe Marafioti's mafia connections supported by some jovial strong-arm threats from Jarrod.

The profit this year has hit an all-time high of \$122 at the time of going to press. With a target of \$150 set by the committee and with eight trading weeks left to the end of Term it seems this target will be more than met.

In conclusion I would like the opportunity to express my sincere appreciation to Joe Marafioti and his committee for their dedication to their voluntary task and their overall efficiency in shop management, allowing me to adopt the role of "shadow supervisor" rather than the staff member in charge of lost property.

Many thanks.

F. A. Fraser

## AMATEUR RADIO

High Frequency (HF) radio activity is low at present because of low sunspot activity. The sunspot cycles average roughly 11 years in length, the approximate bottom of cycle 20 was at the end of 1974. Amateur radio is not, however, in the doldrums for much interest is now being shown in the area of satellite communication which, being largely line of sight propagation of VHF and UHF, is not dependent on solar activity.

CCGS Radio Club proposes to establish satellite communication from the School and will be doing preliminary tests in the near future.

The Club continued in its fourth year in a modest way, with a membership of up to twelve. Participation in the Remembrance Day contest in August resulted in 700 points for the State, that is, 700 two-way HF and VHF contacts were made with amateurs in Australia and New Zealand in one weekend. A more typical meeting would entail listening on the HF bands and trying to make a contact, talking with Perth amateurs on VHF, making an antenna or talking over some electronic principles.

## ARCHIVES

This year, a small group of determined Year Elevens set about preserving the records of the School's History. We faced a difficult task, with one cupboard so full of 'junk' that it was difficult to close. However, the already excellent filing system was expanded and a new cabinet was added. By the end of the year, we managed to sort out most of the photographs, documents, old trophies and blazers which have been stored for future generations to see.

The Archivists set up the display in the Chapel for the Founder's Day service and similar exhibits are planned for the future. Late in Third Term, snippets from the School's past were published in the Daily Bulletin. Next year, the Year Nine Social Science course will include a section on Local History. These activities are designed to generate interest in the School's past.

Thanks must go to the Librarians, and to Messrs. Hopper and Hart for the help they have given us throughout the year. Mr. Hill's personal interest in the Archives has been much appreciated.

1985 can be seen as the year of tidying up the School records. The work we have done this year can be built on for later students to appreciate the history of Christ Church.

## LIBRARY

The Selwyn Prior Library has benefited this year by a substantial grant from the Parents' Association, thus doubling the annual purchasing power and resulting in the book stock exceeding the 16,000 mark.

Periodically, throughout the year, and for different spans of time, we have welcomed three extra staff members in Mr Moore, Mrs Roberts and Ms Kolomoicev. Regrettably we have farewelled Mrs Price, who after eight years of dedicated Library service, is retiring, and we wish her well in the future.

The Library would not have been able to complete many of its tasks without the generous donation of time and expertise given by the following parents; R. Forbes, M. Fitzpatrick, J. Read, N. Sadlo, G. Shepherd, U. Wade and J. Yu. Our thanks are also extended to one of our students, David Gibson, for his assistance during the year.

The local Colleges of Advanced Education continue to utilize the Selwyn Prior Library, requesting some group lectures as well as negotiating for Tertiary students to practise their Library skills on an individual basis.

The Library is looking towards challenges of growth and change in 1986.

## AUCTION '85

Advance publicity called it 'Auction '85 — Spectacular' and that is just what it proved to be.

Perfect weather brought an estimated 3,000 people to the School on October 6th for the Auction Carnival, a unique fund raising function organised under the auspices of the Christ Church Grammar School Parents' Association.

In one half of a very attractive giant marquee, measuring 240ft x 48ft, over 800 diners sat at tables and enjoyed the Country Munch. Spit roasting of lambs and pigs started at 5am and by midday their enticing aroma whetted the appetite. Butts of beef, jacket potatoes, salads, crusty breads, delicious desserts, chocolates and liquid refreshments completed the menu. The organisation of this mammoth luncheon ran like clockwork.

The Main Auction commenced at 1.30pm and the rest of the marquee rapidly filled with further earnest bidders. Auctioneer John (Strawb) O'Brien knocked down items ranging from earthworms presented in a basket decorated in the School colours to a Robert Juniper painting. Items of sporting interest included a cricket bat with West Indies team signatures and America's Cup Challenge souvenirs. Articles signed by prominent sportsmen and politicians, interesting holidays at places ranging between Carnarvon and Esperance, farm weekends and overseas trips were popular with the bidders. Golf clubs, fine jewellery, paintings, luncheon and dinner river cruises, professional services and a piano were among some of the 110 items in the Main Auction.

Memorial Hall was transformed for the Silent Auction to display 800 items which were knocked down progressively over a four hour period. The atmosphere was like a department store on sale day and spruikers enticed bidders to the various sections which included clothing, toys, farm produce, books, hardware, vouchers, giftware and garden. The Silent Auction was an innovative concept and proved an enormous success.

Meanwhile the carnival atmosphere pervaded the entire grounds. Fat Cat, camels and ponies combined with games and other activities to keep the younger generation busy while the adults enjoyed themselves elsewhere. Mouth-watering Asian and other snack foods and afternoon teas served in gaily coloured tents completed the setting.

It took a lot of people to put all this together and school parents and the outside community rallied to the occasion.

There is no single criterion by which Auction '85 could be assessed. The day was a fabulous success on all levels. Over \$50,000 was raised and of equal value was the goodwill and warm feelings generated, demonstrating that the school spirit is alive and well.

## AUCTION '85. A TRIBUTE

When the Parents' Association decided to make the Auction its major activity for the year, many wondered whether it would match the success of the 1983 Fete. The thousands who took part on 6th October know the answers, as do the hundreds of parents and Old Boys who worked so hard over the 12 months of preparation. As a festival, as a community activity and as a fundraiser, the Auction was spectacularly successful.

One person provided the driving force for this success. With the special support of Mrs Jan Broun, Mrs Beverley Martin worked tirelessly for month after month and showed an organisational flair which would be envied by many corporate giants. Her work force of hundreds of parents and Old Boys knew exactly what it had to do and was cheerfully but firmly kept at its task. Never flustered, always confident, always cheerful, Beverley was an inspiration to all those involved.

Thank You  
A.J. de V. Hill

## PHOTOGRAPHY

It would not be unfair to say that photography at Christ Church in '85 has been a disappointment. The students' interest in photography has flagged since '84 when it was probably at an all time high, but this is probably owing to the structural changes that have occurred in the A/V Centre.

The first nail was hammered into the photographic coffin when Mr Ian (affectionately known as 'Wowser') Nelson-White left his post as assistant in the A/V Centre and member of staff in charge of Photography to move on to bigger and better things. He used to teach Year 11 and 12 Option Groups, assist members of the Photography Club and carefully administer the dark room's finances. He was responsible for the dramatic improvement in the darkroom's facilities. His interest and energy were contagious.

Some further staff re-arrangements left students with no-one to turn to for photographic advice. Consequently only a few people made use of the darkroom. Unfortunately some of these showed little respect for the facility and as a result it was closed to students for a few months.

It was especially depressing to see the nature of the photos that were produced by the remnants of the Club when the darkroom was made available again. They were generally of poor quality and lacking any aesthetic value. Rather than producing quality, boys were using the darkroom to get cheap snapshots.

Beside some minor complications (such as litres of mud pouring into the darkroom via a plughole as a result of workmen repairing the pipes), the preparation of Mitre material went smoothly.

Next year I would hope more of the Middle School get into photography as we have well equipped darkroom which is there for the students' benefit.

## COMPUTERCLUB

This year the Computer Club again saw a number of changes. As from late last year it has become mainly an after school activity. The membership of the club has been drawn largely from Years 8, 9 and 10 with few students from Years 11 and 12. This reversal in composition is probably due to the introduction of Computer Studies courses for Years 9 and 10, and the trend for people to become attracted to computing at an earlier age because of the home-computer boom.

The number of computers available to the Club was increased to 13 BBC's which were networked to a central disc drive filesaver. This eliminated the tendency to use the school's facilities for pirating programs. The network also created many interesting situations as members tried to emulate the exploits of a certain film character (luckily we were not connected to the Pentagon . . .). A favourite occupation was trying to crack the system, though this was made difficult by Mr Hopkins' spy programs PETROV and MATAHARI.

Despite this, some interesting projects were carried out. At times the computer room would be drowned in a cacophony of sound as Daniel Speldewinde (inheriting the username SPOD from his brother), coaxed the BBC into successive approximations of "AXEL-F". Bernie Wansbrough (WFPSI) created a password cracking program (even if it does take about 7 years of running time to work). Finally Andrew Milner, when he could lower himself to actually USING a BBC did some interesting work, along with myself, on Project "Hassle" which, via the accidental release of previously classified material, allowed some intriguing possibilities for remote control of other people's machines.

So, the three terms have been taken up with learning about the system, and hence few projects of great significance were tackled. Next year, however, I expect a flow of impressive programs, now that the members have learned to use the system.

D. Conners (Loki)  
Senior Member

P.S. David pushed back a few frontiers of 3-D graphics, at the expense of much processing time and valuable disc space. He also did some pioneer work on the network primitives, opening a few directions for further work later. All of the members, I am absolutely sure, managed to squeeze in a bit of alien zapping, key finding and flying lessons when I was at afternoon tea, the prevention of which is also good reason to await the hard disc filesaver. Nevertheless I feel it has been enjoyable and instructive and I share David's hopes for the future.

K.W. Hopkins (Superuser)

## SPECIAL EDUCATION

This year was a busy one with a camp at Koorinal in First term to get things going. One of the many things done on camp was an overnight hike which was led by the two intrepid adventurers, Mr "Womble" Casey and Miss Lindsay (as she was known in those days). Miss Lindsay took the younger boys on a shorter hike to a camp spot by the river. For some of them it was their first experience at camping out. There was no need to frighten people by telling scary stories around the camp fire. Mitchell, alias "The Phantom", provided all the fears when he went walking at night. Mr Casey took the older boys on a far more strenuous walk and really toughened them up. The camp was a great success and everyone enjoyed it.

At the end of 1984 we built an aviary and the boys have been watching the birds and feeding them. We have had lots of eggs and two baby finches even hatched, but they did not survive despite all the efforts made to save them. In Second term Mr Casey made his radio debut and the boys went to 6NR to talk about the Special Ed Centre and Christ Church.

The boys in Special Ed have made some special achievements this year. Simon Rogers came first in his level in the School Gymnastics Competition and he and Joe Marafioti were selected to represent Christ Church at the State Championships. Geoff Hill was

chosen to represent W.A. at the Challenge 85 games in Sydney. He will be competing in several track and field events. Jarrod Gobetti is in the Athletics Squad and gained a couple of places at the House Sports Day. Tim Knowles and Luke Delaney have been busy doing community service and helping the elderly citizens at Claremont Community Centre. Joe, Jarrod and Andrew Duguid are involved in running Lost Property and have been doing a marvellous job. Well done boys!

Now for news from the Prep section. This year the Prep class has begun a new integration programme which has worked extremely well. The teachers are very pleased with the way the boys have learned to work within a group situation. A big event this year was W.A. week and the Prep boys concentrated on bushrangers. Miss Lindsay read the boys "Midnite" by Randolph Stow. The boys have also done a lot of cooking and made their own lunches. For Book Week they all made some beautiful pop-up books and these were exhibited in the Prep School Library. For the last few weeks the Prep boys have worked very hard making Christmas goods for Auction 85. The stall was a great success and nearly all the Christmas wreaths were sold.

Finally, we welcome back Mrs Ife after her year in England and all the students in Special Ed would like to say thank you to the teachers for their help.

Tim Knowles and Luke Delaney

## COMMUNITY SERVICE

### COMMUNITY SERVICE

Rear (L-R): C.Y. Lee, M.Eilon, A.J. McCoubrie, L.H. Delaney, G.A. Wright, D. Bateman, T.N. Knowles.  
 Row 2: N.K. Karunaratne, T.N. Devadason, E.H. Yong, A.T. Kendrew, E.G. Koh, W.W. Willesee, J.H. Moore, A.M. Johnston, A. Wong.  
 Seated: H.R. Weerasooriya, O. Sicouri, E.L.H. Khong, J.D. MacLaurin, M.H.K. Lai, T.L. Thomas, A.L. Milner.  
 Absent: Mrs L.J. Matthews, L.A. Burns, J. Clarke, M.G. Craig, A. Glauert, P.L. Kish, J. MacFarlane, N.P. Miller, E. O'Connell, J.N. Stati, D. Tostevin, T. Ventriss.

Community Service was created this year from a collection of colourful characters. Carefree and cheeky, chummy and charming — we had them all. Many outsiders predicted failure from the start but our extensive programme soon opened the eyes of the so-called clairvoyants and the rapid growth of our kitty quickly blunted the barbs of the cynics.

But what may you ask is Community Service? It is a charitable enterprise which is undertaken by members of Year 10 as an alternative activity to Cadets or the Adventure Unit, and which endeavours to perform tasks beneficial to the community. Places that were helped were Rocky Bay, Uni Gym, Claremont Community Centre, Wearne Hostel, Tresillian, and Riding for the Disabled. As you can see, there was a wide range of activities. Those exercise-minded opted for Uni Gym's invigorating programme, while potential jockeys applied for Riding for the Disabled. Oppor-

tunities were offered and taken for looking after the elderly.

That was one side of Community Service. The other side consisted of raising funds for a school in India. We turned our hand to this task with some zeal. During First Term, orange juice was sold at the Inters by an enthusiastic group of boys. I was told that the prices were inflated. What can we say except that it was all for a good cause. The money was well handled by our self-appointed treasurer, Rukshen Weerasooriya. Also Michael Lai and Andrew Milner had some success with their computer games session.

In the Community Service kitchen our gastronomic experts turned out sumptuous servings of popcorn and chocolate. Both were received well. We even had 'Soup of the Day'. People wonder at the unique flavour and aroma of our soup. I can say this — it's all in the stock cubes.

Have you ever wondered who put over 500 bottles on the school lawn? We did. The glade of glass was the result of our Bottle Drive. Taking up the whole of a Saturday morning, our crew meticulously combed the Dalkeith/Nedlands area for that elusive object, the discarded bottle. Helped by Messrs Tooke and Tait we managed to find a lot of bottles. We even got our picture in the Claremont Post.

Second term saw us embark on our most ambitious project yet — the Lamington Drive. Given a quota of 10 dozen to fill each, we went on our way persuading people to buy a dozen or two. Some did well, selling over 35 dozen, others, well . . . ah . . . did manage more than one dozen.

Second term saw the completion of Community Service for the present group of Yr 10's. In the last week of term, our members were actively engaged weeding gardens, painting fences, pruning shrubs and cleaning houses, while some of us helped the aged. Others went to help Meals on Wheels and to supervise wood-

work classes at Rocky Bay. Some delivered telephone books while others helped out at Volunteer Task Force and People Who Care. On the last day we had a luncheon and talks. During the discussion our members expressed their feelings about their jobs and Community Service in general. We also had an interesting visit to Paraquid Industries. A tour of the complex greatly increased our understanding of that worthy organisation.

Community Service is a tribute to the efforts of Mrs Lorna Matthews. She has steered the group through unknown and sometimes difficult waters. She is a great motivator and her very presence initiates hard work. Congratulations to all the members of Year 10 who participated. It was a good effort and I'm sure we achieved most, if not all, of our intended goals. Finally, we wish all the best to the Community Service boys of 1986. Good luck with all that popcorn, chocolate, soup etc!

## **SOCIAL SERVICE**

1985 proved to be a reasonably successful year for the Social Service Committee. But as in previous years, the group has been supported mainly by the faithful few.

This year, for the first time, each House has been responsible for co-ordinating its own fund-raising activities, and deciding on a charity or cause towards which these funds would be directed. Each House raised between \$200 and \$400. Some of the achievements are as follows: Craigie supported the R.S.P.C.A.; Queenslea supported the Speech and Hearing Centre; Romsey donated to Cystic Fibrosis Research; Wolsey are aiming to pay for the training of a Guide Dog; Noake supported the Goodwill Children's Village; and Jupp made a sizeable donation to the Cave Drop-in Centre.

In addition to House collections, the Social Service Committee was involved in several fund-raising ventures during the year. We decided that, as an Anglican school, it would be appropriate for us to support Anglicare — The Anglican Health and Welfare Services. Anglicare works mainly with those who are young, homeless and unemployed, and those who become the victims of family breakdown.

Our first effort was a Casuals Day held late in first term. These have been popular in the past, and this one raised about \$300. July saw the production of the Year Twelve Drama, *Dracula*. The Committee

organised the sale of food and refreshments during the intervals and before the show each night. This involved a great deal of organisation such as the purchase of stock from wholesalers, applying for a Liquor Licence, and finding suitable manpower. The profit was a mere \$140, a little disappointing after all effort and late nights involved. But we learnt from the experience and had the satisfaction of knowing we provided a worthwhile service to an appreciative audience each evening. Two more Casuals Days were held in Second and Third Term, each raising about \$200.

Once again we were asked to assist with the Red Cross Door Knock and the Salvation Army Red Shield Appeal. The response to our requests for volunteers was disappointing, as boys were only asked to assist for one hour on a Sunday morning. Also, there were several street appeals held during the year, for which the response was equally disappointing. As members of a Church school, I feel we need to re-evaluate our commitment to the community, particularly to those less fortunate than ourselves. We tend to take our very comfortable lives for granted, forgetting those for whom the attainment of even the basics of life is a continuous struggle.

I would like to thank sincerely all those boys who have been involved with Social Service for their hard work and participation this year. Finally, I wish to thank Mr Colin Williams, our co-ordinator for his guidance and inspiration.

Jonathan Smeulders (President)

## CHRIST CHURCH ABROAD IN 1985

### FINLAND

The International Mathematical Olympiad is held every year in a different country. In 1985 it was in Finland. There were 209 contestants from 38 countries. The competition involves two 4½ hour papers each with three questions. The questions are of a different sort to school maths problems.

After a week's "training" in May, the Australian team of six left in late June for a two week stay in Finland. The Olympiad was held in the country, out of Joutsa, a small town of about 5,000 people. Everyone stayed together in a small holiday resort on a lake. This gave the opportunity to meet the other contestants and swim and play volleyball with them. Almost all of them could speak English.

Finland is a democratic nation of about 5,000,000 people. Most of the land is lakes and forest. For much of the year it is freezing and bleak, but in summer (when we were there) it is green and beautiful. The sun shines for almost 24 hours a day.

Australia gave her best ever performance in the 1985 Olympiad, coming 11th out of 38 countries and gaining one gold, one silver and two bronze medals, more than ever before. (Medals are awarded to about half of the contestants.) Competing in the Olympiad is a good way of seeing another country, meeting people from other countries and motivating yourself in mathematics. Let's hope more West Australians compete in future years.

### FRANCE — I

After a 21 hour flight we finally arrived at Frankfurt airport from where we boarded a coach taking us to Paris.

Few of us had slept. However, approaching the city's outskirts our tiredness was eclipsed by excitement. We all fell under the immediate spell of Paris. What I loved, apart from the obvious sights, were the cafes. Everywhere I looked I could see one. Their atmosphere is lively and exciting.

I was also captivated by the art, music, food, and people of Paris and an experience I will never forget was walking down the brightly lit Champs Elysees at night.

After four days in Paris a sad group broke up. About thirty of us headed south for Aix en Province while the remaining fifteen from the group went to Besancon, a fairly large and beautiful town near the Swiss border.

By far the most frightening experience of my life was arriving in Aix. After getting off the train we were suddenly hit with shock. Standing in front of us were a crowd of French families waiting for their billets. If you haven't before been driven home by strange people of whom you know nothing, and who can't speak any

English, you won't understand how scary it was. I was exhausted by this time which made it even more difficult to understand what they were saying to me.

As it turned out, Aix was my favourite place. My family were very friendly and treated me as one of themselves. There was something about the South of France that attracted my imagination. The house I lived in was typically French, concrete with shutters over the windows and as it was Spring the garden was in full bloom. The evening meals were very large and carefully prepared by the mother.

After Aix we exchanged with the other group and I spent two weeks there with another family. We all spent a night in a haunted Chateau in the countryside which was very exciting and a lot of fun.

During the trip my ability to converse in French improved dramatically and I shall hopefully return to France in the not too distant future.

Dominic Bateman

### FRANCE — II

Le vendredi avant que les vacances de mai ne commencassent, cinq étudiants de C.C.G.S. partaient pour la France. Pour qu'on ne me dise pas vas tu faire enculer je continuerais en Anglais. In other words, (English ones), a week before the May holidays five C.C.G.S. students yearning to broaden their educational horizons in foreign lands, set out on a voyage of discovery to France. The Air India flight was a little disappointing because, despite the advertising, the hostesses didn't give us a hug, and they left Kate Kelly's luggage in a shed in Bombay.

It's strange that people on holiday abroad can't resist telling the whole world their country of origin. The first night in Paris, after a meal of horseburgers and chips, we walked along the Champs Elysees and got some rather strange looks — possibly 46 English-speaking teenagers wearing Perth W.A. T-shirts and I Love Australia jumpers, carrying 6 cameras each is a little weird, but then again, how would anyone have guessed we weren't French? We saw every monument in Paris in 3 days and visited numerous cafes, before being bundled off on the TGU train at 280 km/h to Aix-en-Provence in the south, where we stayed for a week with families.

The French, we quickly learnt, love their food and wine, and after the first day en famille everyone was rearing to tell tales of having had five bottles of red wine with breakfast, or six-dozen snails for lunch. Our days in Aix were taken up with excursions around the area with the group, dinner and wine at home, and then soirees at the nightclubs with billets and friends.

Of course the aim of the trip was to learn and improve our French, and it was amazing how quickly some picked up the basic, essential phrases — "moi — Tarzan, tu — Jane," or "Deux Bieres, s'il vous plait", or even more complicated grammatical structures like "ou est le W.C.?"

After the week in Aix we were whisked off up north to Besancon, where the last two weeks of the holiday were to be spent, again "en famille". Apart from becoming regulars at the town's central cafe — the Brioche gang so-called — we spent a weekend in a medieval chateau in the mountains, and we visited a hacksaw factory (one of the more interesting visits of the tour). The trip overall was very enjoyable, and our French became ever so fluid — Vive la France!

## GERMANY

I have just returned from spending a year in a German town and would like to share some of my impressions. Going to school was hard at first, as I didn't speak any German, but at least I was top of the class in English. I was in high school although I was only in 6th grade. My subjects were German, English, Maths, R.E., Sport, Music, Geography, Art, Biology, and Road Safety. It was fun not having to wear uniform, and

knocking off at 12.50pm to go home and have the whole afternoon free.

In the winter we would go tobogganing and in the other seasons we would go to the local pool or just ride around town on our bikes. I also joined a soccer club, a lifesaving club and a chess club and so there was always something to do. Homework was not my top priority.

During the year I did a number of trips with my family. We visited London and Paris by bus and drove to Berlin, where we spent a rather scary day in East Berlin. Over Xmas we had a fortnight skiing in Austria, and in March we went for another week, this time with a school group. I really enjoyed these trips. Also we went on a long tour by car to the south of Yugoslavia. One of my best memories from this is a ride on a tiny train through 4km of underground tunnels in the world famous caves at Postojna. I also enjoyed the National Park at Plitvice with its hundreds of waterfalls and lakes.

## NEW ZEALAND

*Line-up at the Remarkables*

*Looking up to Coronet Peak*

*Jet-boating on the Shotover*

*Time-off in Queenstown*

It was an excited group of Christ Church, Penrhos and M.L.C. students who met at Perth Airport on the morning of Friday, August 30. The group was set to dazzle the ski slopes of New Zealand, on what promised to be the most spectacular ski trip yet.

We arrived in Christchurch late that night, and spent most of the following day travelling by coach to Queenstown — our home for the next twelve days. Our accommodation was at the Queenstown Holiday Park at Arthur's Point, where the facilities were simple but adequate. Later we went into town to be fitted with boots, skis and stocks.

Next morning we hit the slopes at the Cardrona Ski Field, about two hours drive from Queenstown. But the long journey was justified as the snow was excellent and the weather fine and sunny. The experienced skiers spent the morning testing their skill on the freshly groomed runs, while those of us who were new to the sport battled it out on the beginners' slopes.

In the afternoon we had our first lesson, which for many solved some of the morning's frustrations. Memorable performances were given by "Bomber" Cornell and "Harold Helicopter Faltermeyer" Nicol. We returned to Queenstown tired and hungry, eager to attack the slopes again the next morning.

Monday saw another brilliant day of skiing at Cardrona, with a large number of the beginners progressing to the intermediate runs. The experienced skiers tackled the advanced slopes and had soon found out the best spots on the mountain.

Each morning the snow report would decide where we were to spend the day. Over the next five days we skied at three different locations — Cardrona, The Remarkables, and Coronet Peak. The three fields were very different, so we all gained a lot of experience. As the week progressed, the beginners grew more confident while the experienced skiers perfected their skills and competed for the glory of being nominated for a "spill of the day" award.

Queenstown had so many different activities to offer, that it was decided Monday September 9 would be a free day. Jet boating, river cruising, horse riding, and white water rafting were just some of the new experiences. Jet boating was a popular choice, and for some was a hair-raising event. The rafting trip was experienced by only six staff members and two students, and involved an exhilarating journey down the Shotover River through a series of grade four and five rapids.

Tuesday was our last skiing day, and although the group was in high spirits, the conditions were poor and we returned to Queenstown at midday.

The next morning it was a satisfied group of exhausted skiers that left Queenstown taking with us fond memories of twelve fantastic days.

We would like to sincerely thank Mr and Mrs Tooke for all their hard work and organisation that made Ski Trip '85 such a success. Thanks must also go to Mr and Mrs Browne, Messrs. Saggars, Cornell, Moore and Wilkins for their contribution towards our trip.

Jon Smeulders

*A mountain of high spirits, even though it's the last day.*

## CHRIST CHURCH INTER-STATE IN 1985

### SYDNEY

On the 21st August, the West Australian Schoolboys Open Rugby team flew to Sydney to compete in the Australian Schools Rugby Union Championships. In Sydney some boys were billeted and some stayed with friends. Our first game against Queensland wasn't too successful, as they were a much stronger team. That night we had nothing to celebrate, but together with all the other teams we went out for the obligatory night on the town. The following morning we had a few hours of fairly painful practice. No one was feeling the best.

Our next game was against Victoria, whom we managed to beat by a small margin. This put us in the Charles Blunt Final for the Second Division. The game was against South Australia. Unfortunately we lost.

During my stay in Sydney I saw a lot of it. It's a very fast moving, overcrowded place. People and cars everywhere. In comparison, Perth is a ghost town. I look back to my trip to Sydney, as very worthwhile and a great experience.

### CANBERRA

The National Capital Seminar brings one hundred year eleven students from around Australia to Canberra in August each year, for a programme of lectures, discussions and visits on the processes of government and the functions of the national capital. The Seminar is funded by the Queen Elizabeth II Silver Jubilee Trust for Young Australians. It was my privilege to be selected as one of the nine Western Australian students from varied backgrounds who attended the week of activities.

The Seminar aims to stimulate community interest in politics, in Australia's political system and in our relationships with other nations. Knowledge acquired and interest developed by the young delegates should go some way to eliminate the cynicism with which many Australians, without this knowledge, regard politics and politicians.

Politicians, foreign diplomats and public servants presented topics ranging from "The Role of a Member for a Rural Electorate" to "The Federal Republic of Brazil". Discussions with speakers and subsequent tutorials allowed us to share our own ideas on politics and to broaden our experience. Some propositions unanimously supported were the need for an unbiased political education for all Australians and the need for the media to pay as much attention to the successes of government as it does to its failures. The Seminar also provided opportunities to visit the seats of Government and national institutions such as the High Court, National Art Gallery and Australian War Memorial.

A week of new experiences shared with a group of exciting but hitherto unknown young people living together in new surroundings is full of highlights. Particular memories were:

- talks by Fred Chaney (Senator from W.A.) and the High Commissioner for Singapore.
- informal conversation with M.P.'s
- a reception at Government House and the development of an Australia wide circle of friends.

Thanks must go to the Trust, the staff at Canberra Grammar School and the other delegates for making the Seminar such a wonderful success.

### SYDNEY/CANBERRA

This year's W.A. U/15 Schoolboys' Rugby Tour was very successful in a number of ways. The team of twenty was chosen after many trials and much rigorous training and we finally assembled at Perth airport on Friday, September 6th. On arrival in Sydney we immediately drove one hour north to the coastal resort town of Gosford. Gosford has a permanent population of 150,000 and is similar to Mandurah. The next day we played our first and easiest game against the Central Coast. We won convincingly 25-3.

The following day we travelled to Sydney to train under the direction of Arthur McGill, a former Australian fullback. We then visited the Sydney Opera House and Circular Quay. Our next match against Edmundson High School Zone was considerably more difficult. Though playing well we faded in the last five minutes and lost 22-10.

The next day we travelled to Canberra where we visited the Australian Institute of Sport. This was extremely interesting and informative. Our final game against the A.C.T. was to be the most difficult and we lost 14-0. But we had improved a great deal over the tour and we acquitted ourselves well.

The tour was great fun as well as a great experience. The tour would not have been possible without the aid of the W.A. Rugby Union, Hugall and Hoile and Humes Plastics. Most of all I would like to thank the coach, Mr John Cannings of Aquinas, and the manager, Mr Terry Bourke from Christ Church. Their time and effort made the tour as successful as it was.

### TAMWORTH, N.S.W.

In the August break Paul Jenkin travelled to Tamworth in New South Wales with the W.A. Under 17 hockey team where he experienced near arctic conditions. On the rest day the team travelled to the nearby hills and engaged in snowball fights. Paul played in most of the games and although the team wasn't as successful as expected Paul gained much from the experience. He arrived back in Perth minus the grip on his new pair of shoes and several centimetres of wood off his sticks. This was because the artificial surface was ultra abrasive. He says he was lucky not to leave behind a pound of flesh as did some of the others.

## THE GOLD COAST

At the end of Second term Michael Heard and I had the onerous task of surviving a week on the Gold Coast with the W.A. Under 16 hockey team. This was made doubly hard by the fact that the team was billeted by the very hospitable girls of Miami High School. In most cases the beach was less than five hundred metres from where we were staying. Despite the setbacks W.A. brought home the bacon winning the title for the first time since 1973 when the team contained three future Australian players. This feat was achieved despite the Queenslanders' conspiracy to keep us out (especially Michael) to the wee hours of the morning. Michael figured prominently in the final, scoring a goal and instigating the other two in the 3-2 victory over Queensland. After the tournament the team travelled north to Maroochydore where accommodation was found at a youth hostel called the "Codhole". It lived up to its name well. After five days of touring, checking out such sights as the big pineapple, terrorising MacDonalds, and giving the manager, dubbed "Fat Scanners", heart attacks we left for home. No doubt Queensland heaved a collective sigh of relief.

## MELBOURNE - I

During the last week of Second Term I was fortunate enough to be one of nine Year 11 students selected from W.A. to attend the Youth ANZAAS in Melbourne. This was run in conjunction with the annual ANZAAS Congress organised by the Australian and New Zealand Association for the Advancement of Science.

The objective of this first Youth ANZAAS was to allow students from around Australia, New Zealand and Papua New Guinea to participate in learning about developments in science technology, and the related social sciences. A total of 890 students attended. The Youth programme was part of a special effort to involve the general public in this, Victoria's 150th Year. It was very successful in this respect as approximately 15,000 people attended the full congress.

Each morning during the week, the youth delegates attended a series of lectures covering such topics as Light, Life, Space, and Time. The lectures highlighted advancements in the various sciences but also emphasised the need for caution in the application of these developments. Some interesting demonstrations and experiments were also included. Each afternoon, we visited various local industries to illustrate the practical applications of technology in modern society.

The programme was interesting and informative and highlighted some of the moral problems faced by society in adopting advances in science. For example, there was a vigorous debate in the session on Life between the biologists and the social scientists on the application of genetic engineering to human reproduction. It reflected the dilemma faced by the community

at large on a sensitive issue. An interesting observation was the difficulty experienced by some very capable scientists in communicating their ideas.

Overall, I found my time in Melbourne to be exciting, stimulating and very rewarding.

## MELBOURNE - II

As part of Information Technology Month an essay competition was held with the prize being a trip to Melbourne to represent Western Australia at the Pan-Pacific Schools' Congress on Thursday, 12th September. The Competition involved tackling an educational problem using a technology based solution. So I decided to look at my own school which provided me with a wealth of different and varied problems. I then wrote a cost analysis into the purchase of computers for each and every teacher in the school, for a \$6,000 outlay. As I was madly trying to type my report the night before the deadline, listening to the ill-tuned howls of despair from my mother (who, unlike me, had realised my Trial T.A.E. started the following day!) a slightly less chaotic but similar situation was occurring at the home of Fiona Grieve of PLC. Both our efforts met with success and we were duly selected as winners of the Competition and packed off to Melbourne.

The Schools' Congress was held at the Dallas Brooks Hall in Melbourne and allowed Fiona and I to meet students from many other schools and colleges from throughout Australia. The programme covered a huge number of subjects from modern telecommunications to Robotics and Computer Graphics (of similar standard to the ABC's National introduction). The talks were of international standard and well worth hearing.

I cannot thank Tony Dackmanton and his wife, Melinda, enough for their kind provision of accommodation for both myself and Fiona in the middle of his students' H.S.C. examinations. Tony's position as the Head of the Agricultural Science Department at Whittlesea Technical High School gave me a very interesting insight into the Victorian Education system.

The idea of a Technical High School was a new one to me. The aim is to bring students into contact with modern technology at a practical level and it is unfortunate that this type of school isn't available in WA.

My thanks must also go to the sponsors, TAA, Information Technology Month, The Australian Computer Society, and the Department of Industry, Technology and Commerce. My personal thanks also go to Mike Bennett of Computer Age and Apple Australia.

## MELBOURNE - III

Winton Willessee travelled to Melbourne with the W.A. Under 15 hockey team and played in all but one of the games. Winton seemed to enjoy himself but was a bit reluctant to disclose details.

# HOUSE NOTES

## CRAIGIE

*Housemaster: Mr R.F. House*  
*Captain: D.K. Sudlow*  
*Vice Captain: N.R. Gibson and T.M. Lee*  
*Secretary: B.N. Patrick*  
*Prefects: W.K. Elisher and R.W. Saleeba*  
*Tutors: Mr J. W. Bates, Mr W.L. Chamberlin, Mr I.D. Edwards, Mr P.J. Rickey, Mr H. Woodall.*

Under the leadership of Danny Sudlow 1985 proved to be a very successful year for Craigie House. In the five areas of competition for the Beatty Cup, Craigie finished no lower than second in any one competition and we became Champion House for the third successive year.

The swimming pool was the scene of the first two House activities. Richard Saleeba led both teams to victory. Star swimmers such as Neil Gibson, Marcus Donato, Peter Crommelin, Dominic Walsh and Tim Lee, combined with the moral support of Bill Elischer and Andrew Thomson, produced a swimming team no other house could match. Anthony (Dooly) Dowling's efforts as cheer leader helped the Lifesaving team gain first place. A mention should also go to Derek Giles, who in his gruelling 100m rescue event would not accept defeat and set an example which fellow House members will hopefully follow in the years to come.

House-Country was a great success this year with Craigie coming a very close 2nd. Ben Bolto revealed some of his hidden talent by achieving 2nd place.

The winter games went well for Craigie House, finishing equal second overall. Rugby captained jointly by Justin McPherson and Andrew Thomson were defeated in the final round by a larger and equally determined Walters team. The hockey team really put in the effort but lost several games by very close margins.

In the Football, Peter Dowling and Danny Sudlow gave the relatively inexperienced players encouragement and showed leadership that pushed the team to a place that was previously thought impossible.

Soccer came to a close third due to the determination of the whole team.

The Middle School gave very strong support in all winter games, and it was the depth of team spirit that enabled the House to play so well.

Craigie fared extremely well in the Arts competitions. The Senior Debating team won by a convincing margin. Both Simon Lee, John Chan and Michael Bowyer came out with speeches that stunned many opposition teams. The Junior team did well, and with a little more experience they will be a hard team to beat.

The Chess team had plenty of depth this year and due to this they finished up in 2nd place. Antony Alymore

really showed his true colours when he got behind the chess board!

Athletics proved to be a surprise with the real strength in the younger ranks. The Roe brother, John Thomson, David Skirving, Andrew Paul and Andrew Theodore showed their ability and they received solid support from a large team. The second place in the Athletics carried us to a convincing win in the Beatty Cup.

Mention must be made of the other considerable contributions to the House in 1985. Social service representative Bill Elischer must be congratulated for really "getting the house collections working". The house drama festival was enjoyed by all.

"My Fair McBeth", Craigie's play was well received. Well done, actors, props and production team. Special mention must go to the Year 12 of '85 whose solid support of the House was one of its major strengths.

Unfortunately Mr Chamberlin leaves us after one year to return to his home in Boston. His contribution to the school over the past year has been invaluable, and I'm sure the people who knew him will miss his great personality and his very colourful clothing.

On behalf of Craigie Members I thank Mr House, Mrs Drummond and the tutors for keeping the House operational. Congratulations must also go to House officials for running the House so smoothly.

## JUPP

*Housemaster: Mr R.T. Woollett.*  
*Tutors: Messrs. G.C. Ferguson, K.W. Hopkins, I.A. Nichols, J.A. Norris, C.J. Williams.*  
*Captain: T.M. Bailey.*  
*Vice-Captain: I.R. Ludlow.*  
*Secretary: A.W. Blake.*

Although I cannot say that the Jupp species is the most outstanding in the House Competition, I can say that in 1985 Jupp is going places.

The water sports season, Term One, saw the House was not totally without fins when we finished fifth in the swimming, thanks to strong efforts from Chris Lapinski the U/13 Champion, David Yu and Nelson Woss. The Lifesaving sounded out a warning to the other houses when we finished a very admirable second place. Worthy performances came from Sam Vandongen with two first places, Chris Lapinski, and Andrew Blake with a valiant effort in the Iron Man Event.

It was apparent to all that the re-scheduling of the Cross Country had a detrimental effect on our runners who obviously need more than a term to become competitive. Although good performances were few and far between, Tom Warner, Nick Du Cros, Tim

Davidson, and Tony Brooks ensured that some green singlets were in evidence.

Winter brought with it not only the rain but a rewarding bag of results with Jupp finishing no lower than sixth in all events. Mention must be made of the two first places gained in one competition — Chess — where our team was led by Andrew Blake and soundly supported by Harsha Chandraratna, Nick Downing, Simon Rea, Michael Lai, and Michael Eilon. The second of our winners was the all conquering Soccer team under the guidance of Tony Brooks and Nick Du Cros. Well done to both teams on their fine victories.

Debating lagged slightly this year to produce only a fourth place and the Football, Hockey and Rugby teams put in average performances to gain equal fourth, equal sixth, and fifth respectively, results which gained us a creditable overall fourth place in the Winter sports section of the House competition.

The main event held in Term Three was the House Athletic Carnival, and with house spirit running high and a third place in the previous year, we felt confident of our chances on the track. Unfortunately things didn't work out quite as expected and we could only manage a fifth, even with three champions in the form of Chris Parkinson U/15, Nick Du Cros U/17, and Andrew McCoubrie U/16. Other notable efforts came from Tom Warner, Lindon Timms and Blake Archer. Well done to all for their fine achievements.

This year saw the introduction of the Jupp House Newsletter with Year 11 editor, Nicholas Downing, being co-editor with Ian Boulton in First Term and Harsha Chandraratna in Third Term. The Newsletter included sports carnival results, quizzes, teacher interviews, and general Jupp news. The production team managed to bring out two issues a term and Nick and Harsha are looking forward to continuing their excellent work next year. Our thanks go to Nick and his team for their initiative and enterprise.

The year 1985 has not seen Jupp take the Beatty Cup but we are moving towards the right end of the points table. This improved result would not have been possible without the consistent efforts of our Housemaster, Mr Woollett, and the valuable assistance of the tutors. Thank you.

Thanks must also go to the numerous event marshals, Vice-Captain, Ian Ludlow, Secretary, Andrew Blake, and also our School Captain, Tom Warner, for their efforts throughout the year. Finally, I would like to wish Jupp all the best for 1986. The future looks bright.

Tim Bailey  
House Captain

## McCLEMANS

Housemaster: Mr T.M.D. MacGill.

Tutors: Mrs M.E. Watson, Messrs. R. Dettman, A.W. Hallett, M.R. Hart, A.D. Needham.

Captain: A.M. Gorman.

Vice-Captains: C.S. Lee, M.B. Moyes.

Prefects: D.S. Canning, R.S. Tanner.

1985 will not be remembered as one of McClemans great years on the field of battle but we felt after many years of glory that the other Houses should have a chance.

### SWIMMING AND LIFESAVING:

Despite fine team spirit, excellent organisation by the prefects and great determination, we had to be content with eighth position in the Swimming and an impressive seventh in the Lifesaving.

Special mention must be made of our Swimming Captain and School Open Champion, Choong San Lee, who won 5 events, and of Matthew Moyes, Jin Yong Lim, Duncan Synnot and Marshall Hannah for making significant contribution to the team's total points.

### AUSTRALIAN RULES:

The Boarding Houses have always dominated the Inter-House Aussie rules and this year was no exception. McClemans, led by Antony Dowling, just missed out on a place in the Grand Final after a very controversial decision. Walters were very fortunate that this happened as we were "coasting" ready for the big match.

### HOCKEY:

We continued our outstanding Hockey form over recent years by actually scoring on occasions and in one Senior match we went into attack twice!

Despite a warm-up match vs M.L.C. our Aussie Rules converts just couldn't match our opponents' skill and knowledge of the rules.

### RUGBY:

Although the pitch looked more like a battle ground, the powerful McClemans Senior Team managed 3 wins. With such outstanding players as Offer, Blandford, Pennington and Cross in the team, the opposition were fortunate to escape intact at the end of each encounter.

### SOCCER:

Both the Senior Team and the Junior Team ended in Fifth position. This was achieved by a little luck, even less talent and by a lot of determination. Choong San Lee captained the Senior team and Stephen Sun the Junior Team.

### CROSS COUNTRY:

The scene was set for the greatest sporting endeavour undertaken by a boarder — the Annual Cross Country — and we had the team to win led by some of the cream of the Senior Squad, Tony Gorman, Matthew Archer, Raymond Tanner and Bruce Sewell, and by Blake Archer (whom we have donated to Jupp for 1986) in the Middle School. As we thundered out towards Mount Reabold, we didn't realise that our quest to win would be thwarted by the decision to change the point scoring, making it almost impossible for a House with such small numbers to win.

### ATHLETICS:

McClemans hit the Perry Lakes Stadium for the 1985 Athletics Carnival with an aura of supremacy and a

team of powerful young athletes. The Shot Put was obviously our strong point with Gavin Offer and Duncan Synnot taking out their respective titles. Synnot also took the Discus Event. Other creditable performances were made by Raymond Tanner, Nick McGlew, Bruce Sewell, Jin Yong Lim, Darren Taylor and Hamish Purser who, along with the two mentioned earlier, was rewarded with a place in the "Inters" team.

#### **KULTCHER-CHESS:**

After a disastrous 1984 season our team of Choong Lee, Raymond Tanner, David Booth, Mark Johnson and Warren Brown, with occasional support from Bruce Sewell and Nathan Shephard, performed well and were well placed in finishing in third place. Although the Year 9 team of Danny Star (Manager), Ross Laing (Captain), Quentin Keene and Ian Dandie didn't have a lot of success, with such an intelligent group learning the tricks other Houses best watch out when they hit the Senior School.

#### **DEBATING:**

The Debating Team was undoubtedly our most unlucky team this year with one win and two very narrow losses. The Senior Team of Bruce Sewell, Justin Coate, Ross Abbey, Duncan Blandford and Nick McGlew will do better next year with a year's Senior experience behind them.

**RESULTS:** 1. vs Romsey Won. ADJUDICATOR Mr Hill (TOP DECISION).  
2. vs Craigie Lost. ADJUDICATOR Mr Pate (PITS DECISION).  
3. vs Queenslea Lost. ADJUDICATOR Mr Woollett (EVEN PITSIER DECISION).

All boys worked together as a team and went down fighting. The Junior team of Bruce Ferguson, Warren Brown, Nathan Shephard, Reece Drayton and Blake Archer were too gentlemanly to have a big impact (they saved their top debates for after lights out in the House).

#### **DRAMA:**

The McClemans House Play slowly pieced itself into the polished, word perfect performance witnessed by the privileged few on that memorable Thursday lunchtime when the new Drama Hall finally came of age.

The enormous amount of time put into the rehearsals following the auditions was not only restricted to the cast — Danny Star, Duncan Synnot, Dean Evans, Moystn Kau, Bruce Ferguson, Reece Drayton, Simon Veitch, Paul Day, Simon McLevie, Dale Harmer, David Pascoe, Bradley Shearer, Bradley Moore and Ian Dandie. It also included many hours by the crew led by Stuart Syme and David Booth, plus the space age special effects by Bruce Sewell and Mark Johnson. Hours of hard work by Duncan Blandford and Justin Coate, who directed and produced the play, must not be forgotten. Mr Moore, our level 3 Assistant Master, was a great help in the administrative area. Broadway here we come!

#### **HOUSE LIFE:**

1985 has been a year of great change. A new Housemaster, Mr MacGill, and three new Assistant Masters, a reduction in House Prefects from ten to five, the purchase of a Canadian Canoe and accessories, a non pay "pin ball" machine (you should see the year 12's in action), purchase of our own video recorder (thanks to the Mother's Auxillary), acquisition of two refrigerators for the tuckshop and then lately, 10 blank video tapes so that the boys can view educationally important shows after prep that they would otherwise have missed.

A special mention should be made of the three co-managers of our very successful and most efficient Tuckshop, Mark Johnson, David Booth and Stuart Doncon. They have been very conscientious and the tuckshop has improved enormously over the year.

Our five prefects have had a most difficult year following a number of early unheavals but despite this, they have done a very good job and have made a positive contribution to the life of the House.

Mrs Holloway, our Housemother, as usual has been an invaluable behind the scenes worker and someone whom we all take a little for granted but whom we couldn't really do without (especially while we have to do without our Mums).

Good luck to McClemans in 1986!

## **NOAKE**

*Housemaster: Mr K. Holloway*

*Tutors: Mrs M.W. Cesareo, Mr L.W. Hutchinson, Mr J.A. Pemberton, Mr H.C. Ryder, Mr M.J. Sibson, Mr B. Tingey.*

*House Officials: D.J. Humphry (Captain), P.R. Kelly (Vice Captain), G.R. Leighton (Secretary)*

1985 has proved to be interesting and varied for Noake House. We opened the year by welcoming a new tutor, Mrs M.H. Cesareo, to our already impressive list of staff. Although 1985 did not yield wonderful sporting results, the collection of boys developed into a fine spirited house.

Swimming was the first House encounter. Noake was unable to secure the desired first position, but individuals from the House made their mark in the respective age groups. One of our number, Peter Galvin, is to be congratulated for his swimming efforts in the National Championships in Canberra where he won two silver medals.

The next event on the House calendar was Life-saving. This has been in past years a major weakness in the Noake attack. Although the team improved a position from last year, we found 1985 to be no exception. However, the result did not reflect the boys' attitude. Of all the Houses Noake supporters proved to be the most electric. It was most gratifying to have teachers and students alike complimenting the

House's loud and positive cheering. As such the Noakian war cries became a major conversational topic in the School. Resounding throughout the year were the familiar, "Noake's no joke", and "n-n-n-n-Noake" war cries.

Noake also competed in House Chess and Debating, finishing in both with a less than average 7th for a more than average effort. Our Senior House debaters, led by Year 11, Ben Carnley, produced competent debating prowess, yet the score repeatedly favoured the older opposition. The Junior debating team, led by Year 10 Peter Campbell, incurred similar problems, but their efforts were appreciated.

In Second Term winter sports became the House focal point. However, the results were down on previous years and our only success was in the Senior Rugby. Here, Captain Andrew "Bink" Campbell, led his team to an impressive third position.

Athletics looked to be our only possible salvation, result wise. With the knowledge of our 7th position in the Cross Country, the close to the year did not look bright. However, the day was not to be ours, even with the creditable efforts of Nelson Woss, a star recruit, who ran above his age group to win the 800m and 1500m Open Division One events, and the powerful force of the Senior Noake tuggers, who pulled a 4th out of the bag in the Senior Tug of War.

Noake excelled in this year's House Collections, where approximately \$200 was raised from the boys' efforts. This side of the house was highlighted by some tutorial fetes which raised large amounts of money. Credit must go to Mr Ryder and Mr Sibson's tutorials for their fine efforts.

Finally, on behalf of Noake I would like to thank our jovial Housemaster, Mr Holloway, for his faultless organisation at House activities. Also thanks to Paul Pederson, Daniel Young and Cameron Shephard for their part in House Drama; the Tutors; Scott Bailey and Ben Carnley for their part in the Athletics organisation; Peter Kelly (Vice Captain) and Glen Leighton (Secretary) for their help; and other Year 12 students for their support and co-operation. 1986 will see the loss of Mr Ryder and Mr Tingey whom we farewell with best wishes. Best of luck to Noake in the future.

Derek Humphry (Captain)

## QUEENSLEA

*Housemaster: Mr P.M. Draper.*

*Tutors: Miss L.F. Day, Mrs L.J. Matthews, Messrs. A.D. Froude, S. Gipson, B.G. Hodsdon and D.J. Morrissy.*

*Captain: R.L. Pate.*

*Vice-Captain: A.R.B. Coppin.*

*Secretary: M.A. Ferguson.*

The Queensleans of '85 mounted a powerful challenge for the Beatty Cup and came very close to pulling it off, finishing an overall second, five points behind Craigie, and winning two of the five Inter-House pennants.

The first test of our strength was the "Water Sports", an area in which Queenslea traditionally does well. This year proved to be no exception, as the Swimming and Life-saving teams both achieved third place, to give us a position of second in the pool. Some of our aquatic heroes included U/14 Champion, Shane MacDermott, Willy Grauang in the U/16's, and our Open stars, Mark Barboutis, Adam Hall and Aquatics Captain, Andrew Coppin. Andrew had the task of finding a strong formula and succeeded admirably.

Next on the agenda was the Cross Country in which we could only manage a disappointing sixth. The Queenslea members have the ability to perform much better — all it takes is a little determination and some solid, hard work.

Second Term saw the beginning of the Arts competition, involving chess and debating. Our naturally mature and cultured teams performed well, as some of Queenslea's highly-intelligent number chose to use their brains instead of their brawn. Our chess teams fought many a desperately pitched battle during their lunchtimes to finish fifth. Meanwhile, our "mighty mouths" were giving their all, emphasising each articulatory effort, rebutting every argument the hopelessly outclassed opposition could muster, spewing forth every imaginable peroration, in an incredible display aimed at winning the adjudicators' favour. They succeeded magnificently — up to the final, anyway, in which they went down fighting. Our final Arts position was a very sound equal third.

The first of Queenslea's outright success stories of the year was the Winter Sports Carnival, in which that shimmering white "Q" on a truly resplendent red background came through triumphant. Those stunningly skilled soccer players, despite their legendary preferences, played "hard" for their equal fourth position. Our supertough breed of vicious, sadistic rugby players trod on their opponents' heads (metaphorically speaking of course!) to gain third place. Our evil, determined footballers took to the field with great tenacity, and finished an excellent equal second. However, it was the hockey players, that amazing bunch of talented young men with a will to win, who stole the limelight. The Middle School team played

like men possessed, to be victorious, and the Senior team came equal first after a nail-biting final against Romsey which all hinged on a penalty stroke awarded by "L-plate umpire", Danny Sudlow. With the talent that was prevalent in all the Winter Sports, the future looks very good indeed.

Queenslea capitalised on its success in the Winter Sports by going on to win the Inter-House Athletics. This victory made it two wins in three years — a tribute to the depth of our athletic talent, not to mention our athletic supporters. Some of our athletic champs were Scott Fraser, Dion Mephram, Michael Thanos, Stephen Punch and Vaughan Lindfield. Congratulations must go to Athletics Captain, Mark Ferguson, who did a magnificent job of co-ordinating the team, and to the marshals.

So another year is about to close its chapters. Queenslea's success throughout the year has been attributable to several factors. Firstly, to the boys, who learnt that a little hard work can bring great dividends, to the House Prefects (and I particularly thank Vice-Captain, Andrew Coppin, and Secretary Mark Ferguson, for the hard work they have put in throughout the year) to the tutors, who have had to put up with lots of cheeky, grotty little kids, and, of course, to Mr Draper, who ran the entire House in a most efficient, yet comfortable way.

As I said, the future looks very bright for Queenslea, and I wish one and all the best of luck next year.

Richard Pate  
Captain

**Queenslea and Romsey Senior Debate**

(L-R): Matthew Macfarlane, Andrew Sanders, Peter Connors, Rohan Sutherland, Tjarda Stienstra.

## ROMSEY

*Housemaster: Mr Leach.*

*House Captain: Chris Michael.*

*Tutors: Mrs P. Uhe, and Messrs. L.S. Owen, A.L. Pate, R.D. McFarlane, E.B. Ruthven and E.S. Cornell.*

Chris Michael's band of intrepid scholars this year set about to gain the maximum amount of enjoyment from House activities. Sports results were a true indication of the spirit at the sportsgrounds; boys were

too intoxicated with house spirit to really show their full potential as sportsmen.

This year the House Captain was aided by five other boys, a new and successful idea that saw responsibilities being evenly distributed. Guy Brandon inspired the boys to donate over \$250 to the Cystic Fibrosis Foundation, as well as printing house singlets with a "number one R" (this task proved most tiresome and, as Ken Wyatt and Dick Nicol will confirm, produced some rather errant results). Geoff Blacklock and Tjarda Stienstra arrived early every day of the year to distribute bulletins and take the roll. Steven Russell expertly co-ordinated teams (with Chris's help) and I did this, that and the other thing (mostly the other thing).

First Term sport was promising with Romsey gaining a 4th in both the Swimming and Lifesaving. Tom Kelly won the U/16s Cup in the Swimming and Chris Michael won the Iron Man Event in the Lifesaving.

Second Term saw a variety of sport and intellectual pursuits taking place. Guy "Ostrich Egg" Brandon took the soccer players into 4th position, Richard (or is it Steven) Russell led the Hockey team to a well deserved 1st place. Football and Rugby results were not as impressive, yet everyone enjoyed the matches wholeheartedly even though our new addition, Littler Burling, had to teach some of the Rugby players the basics, such as the rules. Cross Country again involved everyone and with breathtaking performances by people like Blair Keenan, we were able to come a commendable 4th. Chess and Debating gave us an 8th and 5th respectively, with the Ash and Warren Brothers showing great enthusiasm and even greater resemblance.

The Athletics Carnival dawned upon us in Third Term, and it proved to be a success. We gained a 6th overall, an improvement on last year, with some outstanding individual performances. Alex Blain and Steven Russell won their age group competitions and Steven once again broke a high jump record. Paul "Botsey" Potter and Michael "Chuckles" Bullock put in countless hours toward our Third Term house play as did the actors, which all led to an impressive performance.

Mr Cornell came to us after Mr Grist departed and he showed incredible enthusiasm when opportunities arose. The Quad Meet was an example of this, where Mr Cornell organised us into gaining a second overall. We wish him the best for years to come.

Finally thanks must go to Mr Leach who was constantly organising the organisers into organising everything and ensured a smooth running of the house. The tutors were again a strong force in the House, helping not only academically but at sporting events. Mr Owen would like to be mentioned for his expertise in handing out place cards. Next year is looking bright for Romsey House. Good Luck.

## WALTERS

*Housemaster: Mr K.J. Parish.*

*Tutors: Mrs G.S. Nicholas, Messrs M.S. Brackenreg, P.S. Hopper, I.H. Lock and O.D. Van Kempen.*

*Captain: P.G. Staines.*

*Vice-Captain: M.J. Shuttleworth.*

*Prefects: J.G. Fletcher, S.J. Gillam, A.S.O. Sellars.*

The year of 1985 will go down as yet another dominant period for the great White Sharks at Walters. Not only did the House excel on the sporting field, but the intellectuals came out of hiding to lift our rating in the academic activities.

Swimming saw other Houses sit and stare in awe as our pack of "Killer Sharks" took to the water. But the efforts of "Jezza" Keam, "Fruitbat" Yewers and Bob Johnson couldn't stop us from sinking to a dismal 7th.

Discarding our swimming togs and donning our track shoes the Great White House cruised to victory in the gruelling Cross Country competition. Stars of the day included Brad Holdman and "Horry" Horak, but it was the overall depth and willingness of everyone that ensured our success over arch-rivals, McClemons.

The winter months saw the House demonstrate its academic qualities, starting with our best ever result in the Chess — 4th. Brett "He-man" Morgan led the team to many a sleazy and cunning win. Putting "our mind where our mouth is" saw the House losing "The Mouth" from Mrs A's mantelpiece, despite "Renfield" Bayly's and Matty Smith's determined and persuasive arguments.

Second Term winter sports were where Walters wanted to show not only that we were smart, but also co-ordinated. With determined efforts from Ali Musa and Kev Watkins in Soccer and Hockey respectively, we obtained credible placings. But our major thrust of success lay in the Rugby and Football, with all four teams annihilating the opposition — not surprising for the football with no less than 10 1st XVIII members, including the skills of Chris "Golliwog" Lewis.

Attention was now diverted to the Athletics season which saw the House perform credibly and obtain 3rd. Medallion winners on the day included hurdler Haydn Norton, Shane Manuel and, of course, "Morgs". Walters left not doubt as to who the best "tuggers" were in the School with a stunning victory in the "Tug-o-War".

Finally, a vote of thanks to Mr Parish and our tutors for a magnificent year, and all House members for their support and spirit throughout.

*Prefects: B.D. Renouf, D.P. Treleavan.*

*Secretary: D.A. Lamb.*

1985 saw a consistent year for Wolsey, with members of the House showing talents in a great variety of areas.

The year started with the Swimming and the Lifesaving with Dave "Meat" Treleavan showing the School just who is the real "Iron Man", with a sterling display of courage and staying power. He was supported by Adam Collins and Robert Murphy who gave outstanding performances in both of the events and typified the spirit and enthusiasm of the House in general.

One of the strengths of the House was the Debating team, led by Matthew Winter and Paul Myler, whose oratory skills saw Wolsey gain an overall victory in the competition.

Three tutors — Messrs Rogerson, Casey and Butler — left the House during the year and have been missed by all boys. But their roles have been filled by the return of Mrs Ife and two newcomers in Mrs. A'Court and Mr Moore.

Second term saw such activities as football, cross country, hockey and soccer. One of the memorable moments of the term was seeing Jeremy Forbes displaying Ross Glendinning-like skills in guiding the determined, if not entirely successful, football team. He was supported by "Scruff" Renouf whose hair, apart from being the bane of Mr. Clarke's life, gave him Samson-like strength. His brother, Jason, showed that long hair is a genetic characteristic and was seen on one occasion being chased around M Block by Mr. Clarke brandishing a pair of scissors in one hand, a riding crop in the other.

House Vice-Captain, Scott Van Heurck ran to an outstanding victory in the Cross Country. Christian Butler also had notable success, as did his brother, Julian.

Nathan Agnew did a fine job as House-Collector doubling up as a producer of some quality in the House production of "The Thing in Room 13". His efforts in scrounging money from a group of boys who were at times most unwilling to part with their lunch allowances, was just marvellous.

The year concluded with the Athletics, Wolsey unfortunately finishing a disappointing fourth. Highlights were Scott van Heurck's efforts in the 800, 1500 and 3000, all of which he won. Newcomer, Stephen Briggs won the Open 100 metres showing that he was a valuable asset to the House.

The House was placed equal third overall, and with the enthusiasm and abilities of the Year 8's and 9's in particular, Wolsey should experience much success in the future.

## THE BOARDING COMMUNITY

February, 1985 saw the start to a new year with many new faces in the Boarding Community. All the boys returned to the same management, except for McClemans who had Mr MacGill — a freshman in his job as Housemaster. He has not had an easy initiation but in spite of the difficulties, the House has prospered under his care and guidance.

Parry House welcomed two new Assistant Housemasters, Mr Hodsdon, known as "Rambo" to the boys, and Mr Cox, alias "Gherkin". Mr "Pinky" Archer is the other of three Assistant Housemasters and he is completing his fourth year on the job. Mrs Stoffels still continues to be the "Counsellor" during lunchtimes.

Walters required a new understanding of the English way of life when Stuart Sherwood, a newly arrived Pom, became an Assistant Housemaster. Together with his help the Assistant Housemasters from last year continued with their fine efforts in keeping the Walters boys in line (no mean task!). Mrs Parish left at the end of First Term to take over the management of the Parish Farm in Westbury (Tasmania). When Mr. Parish ends a long teaching career by retiring at the end of 1986, he will join his wife there. Mrs. Abbott didn't let the other Boarding Houses forget that she was around by visiting the other Houses for morning tea.

McClemans House started off with only one "Old Boy" Mr Hallett, who left at the end of First Term to be with his family. Then came Nicky Norton, an ex-Scotch boy, who bravely took up residence on the ground floor among his favourite charges, the Year 9s. Mr Lane left at the end of Second Term after showing great enterprise in his management of the tuckshop and remarkable resilience in his recovery from regular bouts on the local rugby league scene. In his place came Lindsay "Gene Simmons" Brine, who entertained the top floor with various tunes on his electric guitar.

Another English visitor, Mr. Antony Musson, kept the whole House in order and successfully got everyone to bed at 10.00pm. He encountered opposition, however, from the unionists on the top two floors, who were continually on strike.

In the end, Mr Toby Moore was the only Assistant Housemaster to last the year. He gamely held the fort on Level Three in between making regular forays into the bush. Mrs Holloway, our efficient Housemother, also lasted the year and continued to sew countless name tags on the boys' jocks.

At the end of Second Term we witnessed the sad departure of Father "Ted" Witham, the Chaplain, an original piece of the Boarding Community, who left for North Carolina, U.S.A. to further his theological studies. In his place came Father Frank Sheehan, a

self-confessed Aussie Rules freak and a fanatic Essendon supporter. The Boarding Community were more than willing to accept him and his short Sunday sermons.

This year also saw Matron and Sister turn their sickbay into a multi-national industry when they nursed over 5,000 sick boarders suffering from the consumption of the new improved boarding house tucker!

During the year the boarders were busy with a variety of activities ranging from studying to helping the School community. They cleaned the pool, helped host the Quads and on various occasions acted as car-park attendants and as guides to stray parents. While many of these services were being provided, others were dedicating themselves to the task of improving inter-school relations by attending socials and other forms of hospitable entertainment.

To sum up, it has been a year full of interest with the whole community involved in a wide range of activities. 1985 will long be remembered and we hope 1986 will be just as intriguing.

## MY FIRST YEAR

My first year away from home and I was starting to get excited, but my ideas were soon to change. I thought that being at boarding school and away from home I could do anything, go anywhere, muck around and generally have a good time. No way. From the minute I saw Mr Bowker, our Housemaster, it all changed.

Looking over the top of his half-cut grandpa glasses from behind his desk, he explained to me about Parry (Prison and Reform room for Young'ens). He gave me padlocks and keys.

"Look after these and give them back at the end of the year and you will be a good boy, son", he said.

"Strewth! What've we got here?" I thought.

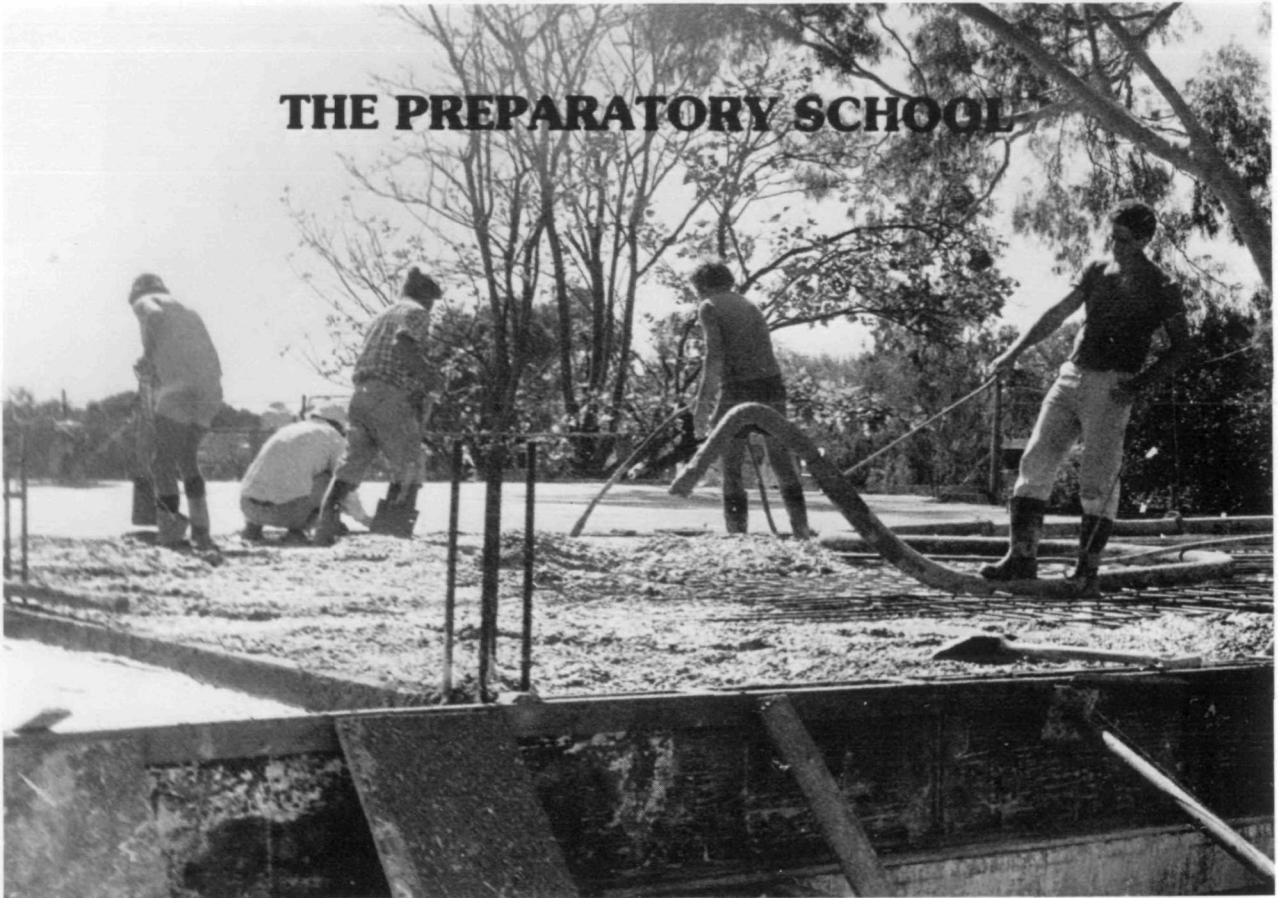

He introduced me to the Assistant Housemasters. First there was Mr Cox, then Mr Archer and last but not least, Mr Hodsdon. I wondered when they would start to make us clean the windows, scrub the floors and mow the lawn. That was still to come.

Detentions! Everyone loves detentions. Especially Mr Bowker. I think that Parry House must be the best gardeners and car washers in the southern hemisphere. All day long it's rake the leaves, mow the lawns, shovel the sand, pull up stumps or wash the car.

"Don't scratch that car or it's into the office, son". Among many other things I soon learned not to scratch the car.

## REVIEW

This year has seen the start of the building of the new Preparatory School. Next year the boys will enjoy some excellent facilities such as a science room, a new arts centre, better equipped classrooms, a huge library, and even a micro-wave oven for the staff room! There have also been some disadvantages in the building programme such as dust kicked up by the very numerous amounts of trucks coming in and out of the school.

There have also been problems with the water pipes, breaking, causing rivers of mud to flow, and leaving the Prep. School without a water supply.

The Lightning Carnival was held in August. We were represented by football, hockey, soccer and rugby teams. All the teams performed very well.

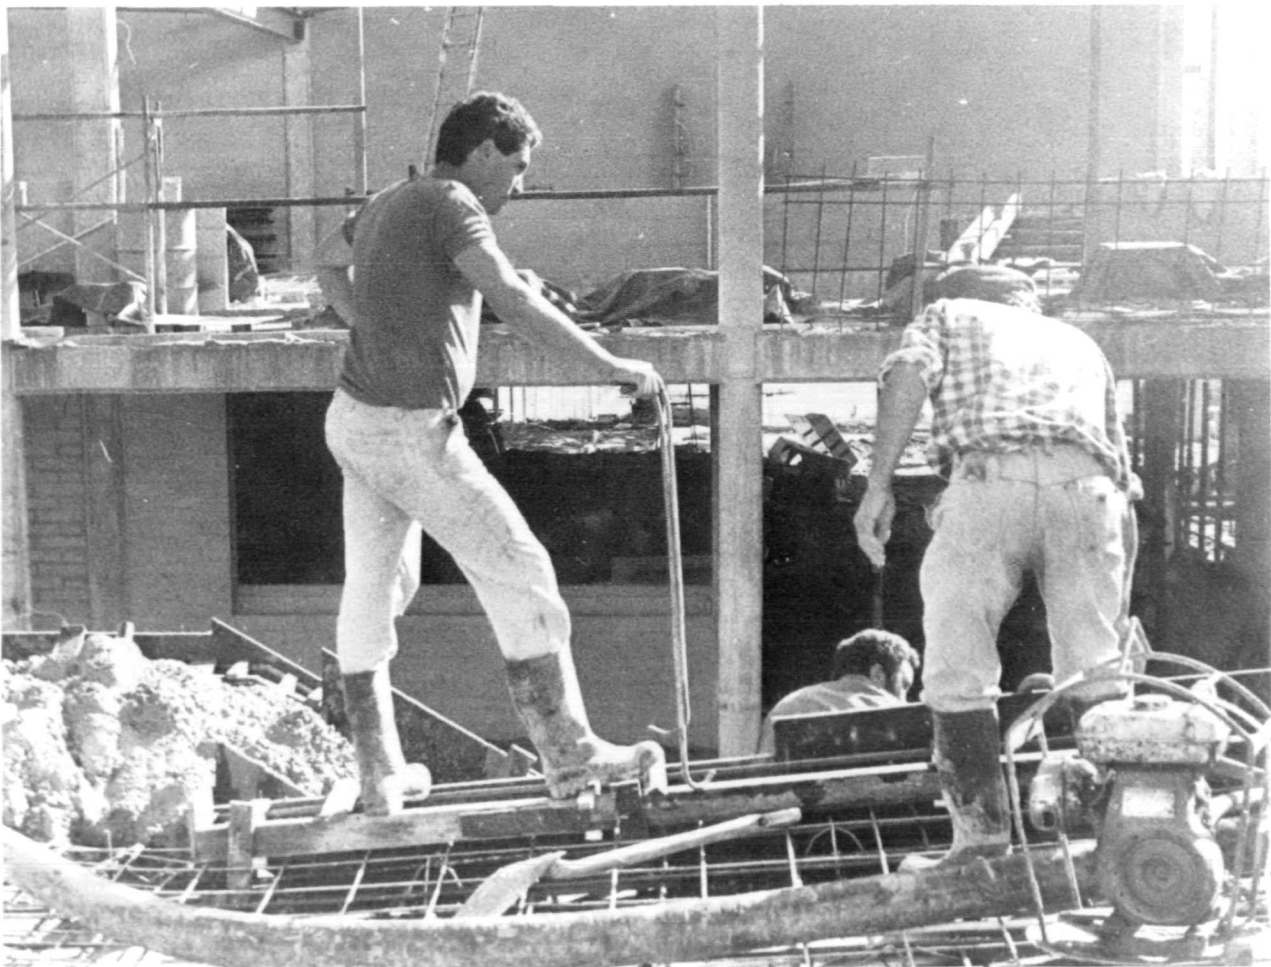

The painstaking job of "DUTIES" was abolished this year as an experiment. The job of keeping the Prep grounds tidy was reserved for those boys who may have incurred the wrath of their teachers.

Formal exams were not used this year so boys didn't have to go through the agony of studying for hours and then waiting for the results to come back. Instead we were tested at the end of each unit of work. This meant that the tests were not as long as they used to be, and they were not as hard!

Our fund raising efforts this year have been successful. So far in the Prep School we have raised \$767.46. This money will go to the Rocky Bay Village to help them build a special playground.

Finally, we would like to wish all the boys going into Year 8 the best of luck, and say goodbye to the Prep School. We enjoyed ourselves there and we hope the boys and staff have an exciting 1986.

## RUGBY

A group of 25 boys decided to give rugby their winter sport preference. Because of this number, we were able to field two teams in the mini-rugby competition. Nine-a-side rugby suits the younger boys and our teams were no exception. For those who had never played rugby before, there was ample opportunity for them to learn skills such as passing, tackling, rucking, mauling, and scrummaging. Those who had played before had many opportunities to develop and extend their skills.

We played in two competitions, the P.S.A. competition, where we acquitted ourselves well, and the Caltex Bowl which was finally won by Hale School. In both of these competitions C.C.G.S. teams played with a desire to win, although not always attaining that goal.

Some excellent games came as a result of determined running by both backs and forwards, tenacious defensive tackling, a commitment to the task, and a commendable team spirit. With all of these factors operating in each match the chances of winning were high.

There was very strong competition for the Caltex Bowl with C.C.G.S. playing in Group A with Hale School, Guildford Grammar and Newman College. Hale was too strong and went on to meet Aquinas in the final play off.

Thanks must be extended to Mr Simms and Mr Raaff who generously gave of their time and expertise at training sessions. The development of the various skills of rugby was due to the commitment and input of these two gentlemen.

The season was rounded off with the Lightning Carnival at Scotch College. We went there determined to finish on top. However, the competition was closer than expected. After a number of absorbing struggles, C.C.G.S. finished a meritorious fifth.

Mr. T. J. Bourke

## FOOTBALL

This has possibly been the most successful season in the Preparatory School for many years.

The boys developed their skills throughout the season, winning all their games until the climax of the season was reached in the final game. Christ Church played Trinity (who had not been beaten in two years), and lost by a mere two points!! However, one week later the determination developed in the team shone out when the result was reversed in the opening game of the Lightning Carnival.

Complacency set in and we lost to Hale School. Due to the percentage factor we were unable to play off in the final (won by Trinity), but ended up a creditable third.

It was particularly satisfying to see the team spirit that developed and the ability to be gracious both in victory and defeat.

We had many fine players throughout the season but none contributed more than Danny Marsh, Tony Metcalf and Tony King. With a continuation of interest and effort, Christ Church can look forward to many fine players in the future.

Mr P. W. Williamson

## SOCCER

This is only our second year of soccer in the Prep. School. The number of boys choosing to play indicates that it is likely to remain as a regular sport. We began the season with 62 players and three coaches — Ms. Burns, Mr. Wheatley and Mr. Matthews. Our first training session was run by Mr. Bill Tindale of the W.A. Soccer Federation, in which we were introduced to the grid training formation.

During the inter-school games we regularly played an A and B team, sometimes a C team and once or twice a D team, which allowed a lot of boys the opportunity to play for their school. Both the A and B teams ended the season winning more games than they lost. The Lightning Premiership was again held at Scotch College. The team ended in fourth place out of ten teams.

Throughout the season the A team was well led by Nick Burston who was also our top player. Members of the team that played in the Lightning Carnival were: Nick Burston, Matthew Sumner, Tim Ralli, Ben Jones, Rohan Hardcastle, Ben McPhee, Jens Carlsen, Christopher Clark, Matthew Wrixon, Kurt Hegvold, David Jones, Nathan Baws, Marcus Canning, Ben Passmore, Robin Fairholme and Daniel Aspery.

The enthusiasm of the boys and the improvement in their skills coupled with good sportsmanship made for an enjoyable season. Well done boys.

# BASKETBALL

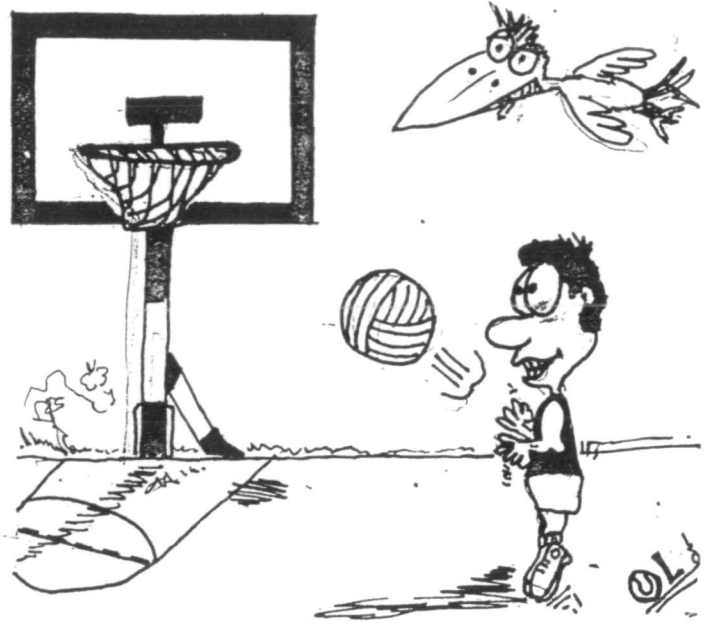

The results from the basketball season were extremely encouraging. All boys performed well at training and it was pleasing to see the progress in the boys' skills and understanding of the game.

The 'A' team, ably led by Simon Staines and Justin Van Ast, played three inter-school games. They had two good wins, beating Newman College 20 to 4, and John XXIII 30 to 10. Mark Hassell and Stuart Haluszkiewicz (both Year 6 boys), showed good form at times and should be better players next year with the experience they gained this season.

The 'B' team consisted entirely of Year 4 and Year 5 boys, many of whom were new to the game. All boys practised with enthusiasm and will provide a strong base for basketball in the school for years to come. Peter Davis and Cameron McDiven, in particular, are players of the future.

The basketball season was quite successful and all boys are to be congratulated for their involvement and sportsmanship.

## CRICKET

The Preparatory School 1st XI enjoyed a very successful season this year. Their batting, bowling and fielding was excellent, displaying skills older boys would be proud to possess.

Due to time restrictions, only three inter-school games were played. Christ Church won all of them convincingly.

In the first match, against Scotch, Christ Church made a modest 47 off their allotted 15 overs. The boys bowled and fielded very well, restricting the Scotch run rate, so much so, that they had to score 8 off the last over in order to win. Tony Metcalf was the hero with the bat, scoring 27, and Robbie Noble, the best of the bowlers, taking 3 for 8 off 4 overs.

A run rate of 4 an over enabled Christ Church to reach 67 in our next match against Wesley. Danny Marsh, with 27, and Tony King with 22 were outstanding. Wesley never really came to terms with the bowling, losing their first 5 wickets with only 18 on the board; Matthew Taylor taking 3 for 2.

The last game against Carmel saw Christ Church make 132 at a rate of 8 an over. Peter Phillips retired on 32, and Tony King retired on 24, were responsible for a partnership of 49. Carmel were not able to maintain a fast enough run rate only scoring 41. The bowling and fielding in this match was excellent. Of the seven wickets to fall, 4 were bowled and 3 were run out.

The final match of the season was played against a combined staff/parents team. All the boys were keen to display their abilities, but against some tight bowling, they managed only 86. Clay Bowker was the backbone of the innings, scoring a valuable 31. The staff/parents team were looking for an easy victory, but found the bowling too difficult. They lost their first seven wickets for 35. However, the last three batsmen were able to score 64, enabling them to close their innings at 113. The boys were bundled out in their second innings for 26, thus giving the staff/parents team victory by an innings and one run.

The boys are to be congratulated on their performances throughout the season. The school should enjoy success in the future with such a talented and enthusiastic group of players.

Mr. J. Fagan

## HOCKEY

The hockey season was a success, not only in terms of winning games, but also in terms of the sportsmanship displayed and the willingness of players to listen to advice and to keep on trying. This attitude was held by players from all of the teams throughout the season.

During the season, the 'A' team played a total of 18 games, winning nine and drawing three. Some of these games were Lightning Carnival fixtures. The 'B' team's results were even more convincing as they won seven out of nine fixtures.

The 'A' team was well led throughout the season by Daniel Minchin, Michael Ledger and Ryan Donaldson. The on-field encouragement and advice they gave to younger players such as Rohan McGlew, Tim Minchin and Tim Bird was pleasing and demonstrated the thought and enthusiasm they put into their games. All of the other boys that played in the 'A' team should also feel pleased as they gave their best.

On behalf of the boys, I would like to thank the parents that turned up as spectators, but a special mention must be made of the effort from Mr. David Minchin, whose assistance with coaching was of a high quality and greatly appreciated. I would also like to wish the boys going into Year 8 continued success and happiness in their hockey.

## ATHLETICS

Competition at the 1985 House Athletics Carnival was keen and close as is illustrated by the final scores. Only seven points separated the first three houses, with Giles being the eventual winners. They were followed by Stirling, Forrest and Dale.

There were two new records set at the carnival; one by Lachlan Lidbury, who ran the 12 years and over 60 metres hurdles in 9.64 seconds, and the other by Warrick Price who ran the 9 years 100 metres in 15.00 seconds. Chris Thompson equalled the 10 years high jump record, with a jump of 1.35 metres.

In this year's inter-school carnival, Christ Church competitors performed very well by winning eleven out of

twenty jumping events, and thirty-six out of sixty-five track events. Strong performances were given by Lachlan Lidbury and Richard Thomas, who both won three events. In one of these Lachlan broke the school triple jump record, leaping 10.16 metres. The most pleasing aspect of the inter-school carnival was the depth of the team. Twenty seven different boys had the pleasure of winning an event.

Well done to all boys for their efforts in both carnivals, and a special thank you to the staff members who willingly gave their time to coach the boys.

Mr. I. Ward

## SWIMMING

Forrest House continued their dominance of Preparatory School swimming with a convincing victory in this year's carnival. Stirling were second, followed by Dale and Giles. All boys competed well but the best performances were given by Chris Tylich, who won five events, Roland Natrass, who won three, and Lachlan Lidbury, the winner of two events.

Two inter-school carnivals were held again this year, but the competition was much stronger than in previous years, especially in the second carnival. In the first carnival, Christ Church competed against John XXIII, Guildford, Trinity, Hale and Perth College. Boys from Christ Church won ten out of twenty

eight individual events. the most pleasing aspect was that nine different boys won these events. Three out of ten relays were won by Christ Church.

In the second carnival our boys were pitted against Newman, Scotch, Hale and Carmel, and won nine individual events and four relays. The outstanding performer at this carnival was Chris Tylich, who won three individual events.

Two other boys who deserve a special mention for winning three events from the two carnivals are Michael Ledger and Morgan Durrant. Congratulations to those boys and all of the other competitors for a fine effort and for training hard in the mornings.

## CHESS

The chess programme this year was a most exciting one. First we started off with a bumper board competition from which two school teams were picked to play in the A and B grades Interschool Chess Competition. This competition was played throughout second term on a "round robin" basis and resulted in the Christ Church A team achieving a creditable 4th and the B team winning their competition.

Regular members of the A team were: Tim Ralli (captain), Gwion Moore-Price, Anthony Metcalf and Daniel Marsh. The B team members were: Piers Smith (captain), Daniel Caddy, Geoffrey Cooper, Marcus Tan and Justin Smith.

During the August holidays the Primary School's Chess Tournament was held. Tim Ralli came second, Peter Dettman was third and Gwion Moore-Price was tenth. Christ Church won the Team Championship, capping off a fine season of chess.

# SOFTBALL

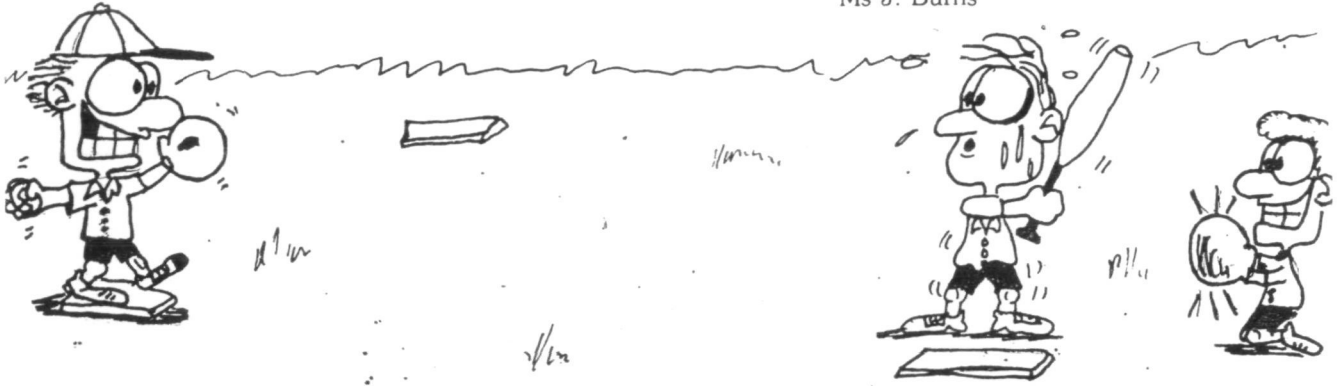

A very keen group of boys participated in softball this year.

The fixtures only allowed us to play three interschool matches. In the first game, we were defeated, but in the successive games we managed to win.

Towards the end of the season it was great to see the boys trying to encourage each other in batting and fielding skills.

Credit must go to Morgan Durrant, the captain, for his leadership throughout the season. He was most reliable in collecting all the appropriate equipment, his team members, and organising them at interschool matches.

## TENNIS

As I write this report, I reflect on the development of tennis over the past four years in the Preparatory School. With the magnificent facilities at Christ Church, many boys have the opportunity to play tennis, socially or competitively. This is an opportunity which is respected by the boys as their dress and standard of tennis reflects.

Competitively this year C.C.G.S. were once again well represented. The team, ably led by Anthony Lewis, played Scotch, John XXIII and Wesley. Many

players had the opportunity to play inter-school tennis and this form of competitiveness where boys play others of their own standards is encouraged.

Our annual competition is under way and already many games have proved exciting to watch. The finals should also see a high standard of tennis being produced.

The coaches are once again thanked for their assistance on Monday afternoons; these being, Mrs Mortlock and Mrs Gipson.

## PREP. LIBRARY

When I first arrived at Christ Church Grammar School 24 years ago, I was given the pleasant task of looking after the library. It was housed in the present bookroom where Mrs. Forrester now has her office. It had a stack of 700 books. The advantage was that books could be shelved while you stood in the middle of the room!

From there it expanded and moved to F block where Mr. Williamson is at present. There was more space with plenty of shelves, and one of the antique lecterns was the issuing desk.

When this room was needed for a classroom, the library was next housed in the block which has recently been demolished. Assemblies were also held in the library, which meant that I could review new books on the spot. It was here that the Prep. School sat from 8.30a.m.-11.30a.m. to see man first set foot on the moon on television.

Another move soon took place. The new chapel had been completed and underneath, there was an extensive area which proved to be an ideal location for the

library. The view was magnificent, it was cool and there was a huge reading room with a stack room for books. At night it was used by the boarders to do their prep. I got quite fit as I must have visited it at least 8 times each day from my classroom.

With the Music Department taking over this area, the library was relocated back to the Prep. School to room G. 5 which was convenient as it was next door to my classroom. There seemed so much space when we first moved in, but now it is bursting at the seams.

So to its last resting place which promises to be a centre which should rapidly establish itself as the school's major meeting place for students.

Thank you to all the boys who have volunteered over the many years to keep it running efficiently, this will need to be continued in the future.

Thank you also to the many mothers who have given their support over the years. Your loyalty and efforts are always greatly appreciated. Long may it continue.

We all look forward to 1986 as an important year of growth and expansion.

## PREP SCHOOL MUSIC

### The Preparatory School Choir

The choir began the year, after auditions, with 36 exuberant and enthusiastic members, who have been a credit to the school throughout the year. The boys practise twice each week, and the standard of their singing has continued to improve.

Highlights of the year have been the school's Easter Carol Service in Term 1, when we joined the senior school musicians, the Preparatory School Concert, in second term, and the 75th Anniversary School Concert in term 3. We will also be taking part in the Advent Carol Service.

During these various performances, the boys have performed on their own, and also as larger massed choir, with the senior school "Ad Hoc Chorale" and the Cathedral choir.

As well as performing regularly for Friday assemblies, we have been out to sing at the Hamersley Hospital, as well as Carol singing for Myers/Boans.

For part of the year, we were privileged to have Stuart Sherwood as our accompanist. He was one of the

three visiting British Choral Scholars and was with us until August. Mr Hutchinson accompanied us in the third term, with his sympathetic and musical playing.

Our thanks to Miss Pedrotti for her dedication and her constant demand for higher standards. She has helped us raise our efforts and increase our repertoire.

Oliver Berry and Daniel Minchin

### The 75th Anniversary Concert.

To celebrate the 75th Year of the school, a magnificent concert took place in the School Chapel. The programme was varied and most entertaining. I am delighted that many Prep. School boys were involved. The Prep. School choir sang two songs, and then joined in the Massed Choir items, which included John Rutter's "Gaelic Blessing" and the "Hallelujah Chorus" from "Messiah." They also joined in the Ferrante and Teicher arrangement of "And I love you so." Angus Keogh played a fine violin solo too. It was a wonderful experience for the Prep. boys to be involved in such a rewarding evening.

### The Preparatory School Concert

For some years now, prep. school musicians have taken part in the various senior school concerts. This year, during the school's 75th Anniversary, I felt that it was time for the prep. school to stage its own concert. On Saturday, 20th July, the first ever Prep. School Concert took place. The chapel was full to capacity and the many performers were excited at the prospect of performing to such a large crowd.

The programme included music from the Prep. School Choir and the Prep. School Orchestra, as well as the Prep. Brass Group. There were also excellent items from the year 4 recorder and percussion group and year 6B. Years 2 and 3 performed a musical/dramatic item called "Animal Parade" and there were many individual items, and a fine presentation of "Jack and the Beanstalk" by year 7.

My sincere thanks go to Miss Pedrotti for her excellent work in staging this concert. There were many other helpers, including class teachers and boys — to them my thanks as well.

We plan to hold a Prep. School Concert each year now — and I am delighted that the junior boys are sufficiently involved in music to present their own very full and entertaining concert.

Mr Lindsay Hutchinson,  
Director of Music

### The Preparatory School Orchestra

As often happens with school orchestras, some of our best players left at the end of last year and went into the senior school.

However, we began the year confidently and have continued to rehearse each week. Our standards have improved during the year and we are enjoying the experience of playing together.

We have played some of the hymns for Friday assemblies — and this is good for us — as we have to perform in front of our friends, and also have to learn a new hymn each week.

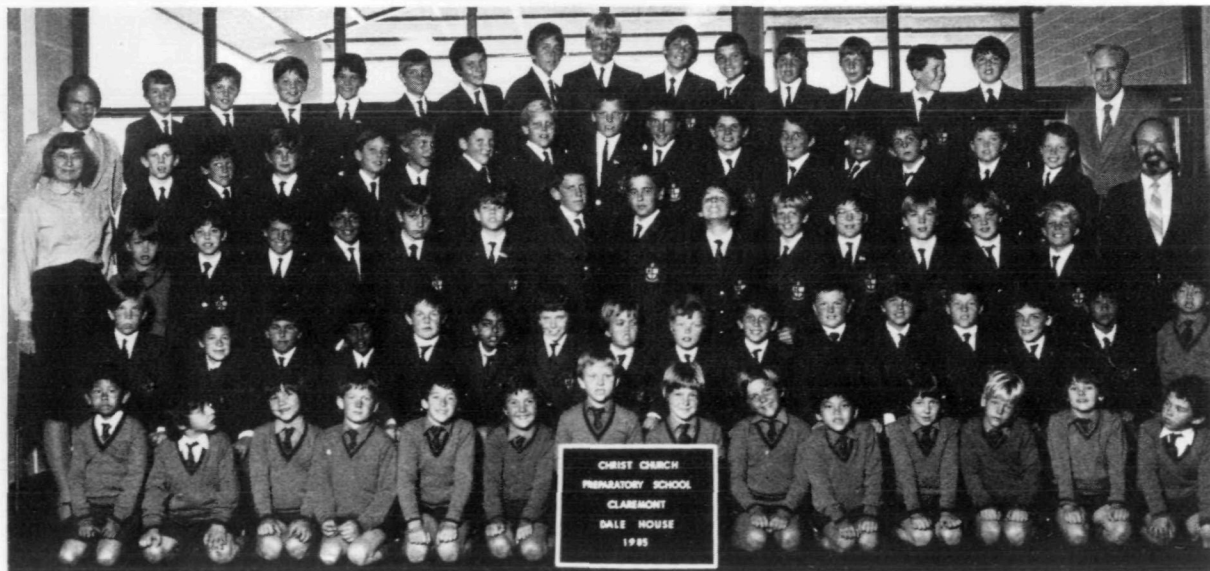

The highlight of the year was our performance for the first ever Preparatory School Concert, and we worked very hard to learn our five pieces: "Playing Around"; "Popcorn Polka", "March Triumphant", "Birch Tree" and "Song of the Volga Boatmen".

We have some players in each orchestral family — strings, woodwind and brass and some keen percussionists. We look forward to next year, when we plan to progress even further. Thanks to Miss Pedrotti for her expert guidance through the year.

## CORR CUP TENNIS 1985

DATE	OPPONENTS	H/A	RESULT	BEST	COMMENT
23/2	Scotch	H	Won 20-4	Culley, Kelly, Ng Van Heurck, Evans, McGlew	Not too bad as a team, need to improve some singles play.
2/3	Guildford	A	Lost 13-11	Ng	Overall singles play was not positive enough to keep Guildford's best players at bay.
9/3	Wesley	H	Won 22-2	Sawyer, Kelly, Lewis all won 6-0, 6-0	An excellent all round effort.
16/3	Aquinas	A	Won 23-1	Excellent play by all team members	A really good win against solid opposition.
23/3	Hale	H	Lost 15-9	McGlew	Overall did our best but Hale's top four players were a little too good. Overall much closer than the score suggests.
13/4	Trinity	A	Won 15-9	Van Heurck, McGlew, Sheiner	A good win with our No 1 away with the State team. We are a clear 3rd overall having beaten the 4th team 23-1.

## RUGBY – P.S.A. FIRST XV MATCHES

DATE	OPPONENTS	RESULTS	SCORERS	COMMENT
7th June	WESLEY	Won 22-3	Morgan 3 Tries Myler 1 Try Campbell 3 Conv.	A good start to the year. All played well. Best players Younge, Webb, McPherson, Morgan.
15th June	AQUINAS	Won 18-16	Campbell 1 Penalty Try Campbell 1 Conv Campbell 3 P.G. Younge 1 F.G.	Played poorly for most of the game allowing Aquinas too much scope.
22nd June	SCOTCH	Lost 0-16		The team did not in any way disgrace themselves as they fought valiantly against a large, stronger Scotch team.
28th June	GUILDFORD	Lost 0-28		Although the side lost the team were able to hold Guildford back for the first half. Unfortunately we let the opposition run away in the 2nd half.
6th July	HALE	Drew 0-0		Continued to defend well but forgot how to attack.
20th July	TRINITY	Drew 6-6	Campbell 2 P.G.	The team tried hard but were restricted due to basic mistakes in the outside backs.
27th July	WESLEY	Won 22-14	Morgan 1 Try G. Offer 1 Try J. Bayly 1 Try Campbell 2 G Campbell 2 P.G.	Played a supportive and pressure packed game which resulted in a win. All team members played at top level!
3rd August	AQUINAS	Won 12-10	Morgan 1 Try Campbell 1 G. Campbell 3 P.G.	A very hard fought game — we played very well, good support and deserved to win.
10th August	SCOTCH	Lost 0-16		Battled gamely against bigger and stronger opponents.
16th August	GUILDFORD	Lost 0-22		Score at half time 0-0. C.C.G.S. played very well against stronger side.

We had 180 students (60 from each of Years 8, 9, 10) enter the competition. There were approx 6000 student entries in the State.

## MATHEMATICS COMPETITION

Although Christ Church has performed wonders this year in several different mathematical quizzes and competitions, 1985 has been primarily the year of Andrew Hassell, who won his fifth medal in the Westpac (National) Competition, the major State prize of \$150 in the I.B.M. Competition and a gold medal in the International Mathematics Olympiad in Helsinki, coming 7th in the world! He started the year in great style by being selected to go to a summer school at the National University in Canberra (one of five from W.A.) and then attending a training session, again in Canberra, at which he was chosen as captain of the Australian team for the world Olympiad.

Other highly successful members of the School were:

Year 12 — David Conners, who was selected for the summer school at U.W.A. and won distinctions in both Westpac and I.B.M. competitions; Jonathon Chan who also went to U.W.A. and 23 others with credit or distinction certificates.

Year 11 — Peter Conners, with a prize in Westpac and merit award in I.B.M.; Tim Davidson with a prize in Westpac.

Year 10 — Simon Edwards and Michael Lai with Westpac prizes; John Day with distinctions in I.B.M. and Westpac; Cameron McNeillage and Simon Hoffman with distinctions in Westpac and merit awards in I.B.M.

Year 9 — Keith Alford with a prize in Westpac, Jonathon Auburn and David Hayward with distinctions in I.B.M. and Westpac; Joshua Thomson with a merit award in the Maths Talent Quest.

Year 8 — Michael Penberthy and Steven Ash with prizes in the Westpac Competition.

We had a record number of distinctions (122) and credits (104) in the Westpac competition to go with our 8 prizes.

In addition to all of this, our Year 10 team of Cameron McNeillage, Chung Lee, Simon Hoffman and Jeremy Macfarlane came third overall in the Maths Games Camp.
