EDITORIAL

**TOBY CANN, ANDREW GODDARD,
JACK MACKINNON, ADITYA MUTHUKATTU
AND MICHAEL RUSS / TEAM MEMBERS**

Following the conclusion of what can be described as an unprecedented year, we can only reflect on its complications and the great lengths that we had to go through to find success within it.

Mitre has existed for over 100 years, inaugurated to document the peaks of the School's year. However, in an abnormal year lacking many of the School's usual excitements, it is necessary to recognise how the School has responded and united. We had to adapt to an online learning environment for a short period, missed out on a variety of exciting events, as well as a large portion of the School's winter sports season. Despite the outside world descending into turmoil, we should be proud of how the School and its community have bonded together to respond to such obstacles.

It has been a privilege to assist in the production of yet another excellent chronicle of the School's history. The editorial team has enjoyed many hours of diligent labour to construct another splendid copy of the School's *Mitre*, one of which we are all exceptionally proud.

If anything, this year has demonstrated the strength of our school community, highlighting the gratitude we have for our position in the world in such an unpredictable year. The legendary reggae artist Bob Marley said it best, "Love the life you live, live the life you love."

MARGI WOODROOFE / EDITOR

"When it comes to life, the critical thing is whether you take things for granted or take them with gratitude." GK Chesterton

Reflecting on this unusual year, I realise how fortunate we are to live in Western Australia and how every page of *Mitre* echoes how truly blessed our School is. Yes, there were disruptions, but the boys' gratitude in being able to participate in their academic program, their beloved sport and varied activities is palpable. The Christ Church spirit of resilience and optimism shines on every page.

I would like to thank members of staff who have contributed to this year's edition; Ed Pietrucha for his organisation of the group photographs; Jo Hudson for the School Records; and Mark Morrissy for his support. Importantly, I acknowledge the superlative effort of Preparatory School Co-ordinator, Paula Ellis.

The cover of this edition is a mural created by our Indigenous students, with assistance from artist Jade Dolman. It uses native species to symbolise the six Nyoongah seasons – Birak, Bunuru, Djeran, Makuru, Djilba and Kambarang. The boys felt it was important to share knowledge about the Nyoongah people, the original inhabitants of the south-west of Western Australia.

Lastly, I would like to acknowledge the contribution of photographs and additional assistance from Editorial team member Michael Russ (Year 11).

PRINCIPAL

ALAN JONES

Each year has its own unique story and while 2020 started out like any other, it quickly turned into something none of us had ever experienced.

The emergence and impact of the COVID-19 pandemic certainly was, and still is, disruptive to our way of life. We were introduced to the term the 'new normal'. Throughout 2020, I was both impressed and proud of how our community pulled together, as the effects of COVID-19 are still very real for so many around the world.

I believe that the success of the School in this unprecedented year lay in our readiness to listen and follow the advice of health professionals and the government. The School took decisive action very early to implement effective protective measures – educating our boys and community in new ways of socialising and the required hygiene measures, and mastering remote learning in preparation for an unknown future.

We anticipated the impact on the economy and made a pre-emptive move by supporting our families with a fee adjustment from Pre-Kindergarten to Year 12. By contributing to the stability in our community, I believe that we have advanced the School's long-term success. We provided families with clarity about our support for them and we demonstrated our commitment to providing continuity of the Christ Church education.

Our response to the pandemic can be directly attributed to the amazing team at the School. Success achieved by the boys is a consequence of the work carried out by an exceptional Executive team and teaching and support staff who work collaboratively to create an atmosphere of excellence.

During the year, I could not be prouder of the Senior School leadership of Isaac Yeo as Captain of School and Jason Lu as Vice-Captain, as well as Dux of the School. The combination of their leadership and the fine work of the Prefect group exceeded expectations and maintained a sense of intent, calm and normality around the campus.

2020 was a very special year as we celebrated the School's 110th birthday and the Chapel's 50th year. To commemorate 110 years, we held a poignant service at Christ Church Claremont,

which holds so many special memories for the School. A symbolic flame, lit at the church and carried by the Captain of School, made its way from the church to the Blue Gym where students and staff members had congregated to celebrate the occasion. The celebration of the Chapel's 50th birthday occurred in November and was attended by many community members and the Most Reverend Kay Goldsworthy AO, Archbishop of Perth. It was a moving occasion as we recognised

the Chapel as the spiritual centre of the School and acknowledged the many decades of service to the School and wider Anglican community by Father Frank Sheehan who retired as School Chaplain at the end of 2020.

The safety and wellbeing of students and staff is paramount and during the year the School engaged Child Wise to conduct a child safety review with the intent to become a Child Wise accredited organisation. This move is

PRINCIPAL

in line with our current and future strategic plans and will ensure we create the safest environment for both students and staff. At the end of Term 2 we received the results and actioned recommendations, which are related directly to the National Principles for Child Safe Organisations.

During the year we introduced programs and initiatives, such as the launch of the Little Queenslea Drive program for Year 4, which encourages boys to develop the skills required for their next level of learning and education. We also shared plans for an amazing nature-based Preparatory School playground to be used in timetabled lessons, the scoping of a Parents' Association funded outdoor gymnasium for all year groups to complement the existing fitness facilities, and the launch of our On Board program for incoming boarders, with a focus on a smooth transition and building skills in both the academic and social sphere.

In the second half of the year Mr Mahendra Vaswani was appointed Deputy Principal, in addition to his existing role as Director of Studies. With two deputy roles in the Senior School, the incumbents represent the School in the broader community and work with

parents regarding pastoral care and wellbeing (Mr Angus) and the curriculum and academic program (Mr Vaswani).

Compulsory participation in sport is a central tenet of the Christ Church experience and 2020 proved to be a great year for the boys even in these COVID-19 times. We took home PSA championship cups in tennis, swimming, surfing and chess – the latter we have now won 11 years in a row. I would like to thank everyone in the community who helped make the 2020 sporting fixtures a reality – parents, staff who coached the boys, and the boys themselves who made the most of the opportunities. There were plenty of challenges that threatened to derail the winter sports season and it was only due to the hard work of passionate community members that these events were able to go ahead.

2020 sees the conclusion of the School's current Strategic Plan, comprised of five inter-related intents:

1. Affirm our unique identity and culture of excellence
2. Deliver a rigorous and engaging teaching and learning program that motivates boys

3. Advance global citizenship through our international-minded culture
4. Attract, develop and value high quality staff
5. Secure and sustain our school for future generations.

Throughout this year and the five preceding, it has been pleasing to witness programs, practices and outcomes reflecting these strategic themes that positively impacted our boys and the wider community. At the start of the 2021 school year, we will launch our new Strategic Plan, which builds on the existing intents and will guide our programs and practices for the next five years.

Although the year ahead will be marked by uncertainty, the School Council and Executive team are very clear about the role of the School and are focused on supporting our boys to achieve their goals through the delivery of excellent educational opportunities. Having been immersed in our community for five years, I know that at every opportunity we will continue to demonstrate cohesion, kindness and strength and I am looking forward to embracing the new year and walking shoulder to shoulder with you in 2021.

DEPUTY PRINCIPAL AND HEAD OF SENIOR SCHOOL

SIMON ANGUS

“When shifts and transitions in life shake you to the core, see that as a sign of greatness that’s about to occur.”
Anonymous

The Senior School experience is punctuated with significant periods of transition, moments of great challenge and times of significant growth. These moments are integral for the development of each boy as they build the resilience and strategies they need to flourish in life.

The first of these occurs as boys commence their Senior School journey in Year 7. Each must take a brave step into the Senior School for the first time, facing the task of making new friends and learning new systems. This year, the significance of this was acknowledged by the introduction of the Year 7 Transition Week. Normal timetabling was disbanded in favour of each boy spending their first week of Senior School in a dedicated

transition program. Staying in the company of their House group, the Year 7s were supported by the Year 11 Peer Support Leaders, learning about each other and the inner workings of the Senior School, readying themselves for the exciting timetable awaiting them in Week 2.

Each boy’s journey through Senior School is unique, and each will find their own significant moments of transition that bring about growth. For Year 9s, personal growth occurs through our On Queenslea Drive (OQD) program as boys ask probing questions of themselves and their character. We were fortunate to continue this important program in 2020, albeit in a modified version. Year 10s find moments of great challenge within Venture, as the rain comes down after long days covering significant kilometres with heavy packs. They begin to look inward, mustering the strength to journey onwards. This was also the inaugural year of the Senior

School’s Student Representative Council (SRC), a body that represents student interests and acts as a conduit between students and staff. Leaders of the SRC should be proud of what they achieved this year.

Wolsey House had a consistent year in the Beatty Cup, coming second and third in many events. This led the House to overall victory, with Hill a close second by half a point and Romsey third.

At the end of 2020 we celebrated Mr Peter Thorne and Mr Digby Gibson as they concluded as Heads of Hill and Queenslea Houses respectively. Both Mr Thorne and Mr Gibson led their Houses for 13 years, making significant contributions to the lives of countless boys. We also thank Mr Brendan Noble who will leave Walters Residential Community after five years and Mr Khiem Ly after four years as a Residential Year Group Co-ordinator.

CAPTAIN OF SCHOOL

ISAAC YEO

2020 was one of the most disruptive school years in recent history, and the graduating class was exceptional in its perseverance, hard work and desire to make the year truly special.

Highlights ranged from Luka Brown in tennis, Jason Lu in swimming, continual hard work in academia, Kartikeya Kaushal always looking out for the Year 12s, Eden Haythorpe's performance on the dance floor at the ball, and Varad Mukhedkar's awe-inspiring performances. All of these were inspirational and incredible to watch.

Upon reflection of my CCGS experience, what comes to mind are the countless opportunities and different experiences on offer. I was fortunate to go on exchange to England and on school camps, be it Leeuwin or Venture. I was a member of the School's swim team, the mighty badminton squad

and the School's Mock Trials and Debating teams. I look back at these as valuable experiences. Most importantly, I feel that a strong sense of mateship was instilled in me. These stand out as special times spent with my Christ Church mates.

I don't look back and think about my test results, but I do remember the late nights spent studying with mates, trying to wrap our heads around seemingly endless content. I don't look back on my career as a reserve in the swim team and think only of the championship banners, but of the Friday swim meets and the chanting done arm in arm. I believe true enjoyment does not lie in the result, but in the journey. This is very important in our upcoming exams. Don't base your experience at CCGS on the ATAR you receive, or what you do after, but on how you got to that point.

Gratitude is a value that is very important to me and something that CCGS emphasises.

The greatest lesson I have learnt in life is to say, 'thank you'. You may never realise the gravitas these words carry or the importance they may have in your life. What I'm most grateful for is that these were the last words I said to my brother before his unexpected death. Lachie had just driven my brothers and me home from the 2018 preliminary final the Eagles won against Melbourne. There are many things that seem like a blur to me in that period of my life, but what stands out clearly is the last conversation. I had thanked

him for the simple act of driving me home. At the time, it carried no significance. But as I look back, it's an important part of my life, and saying thank you is something I will never ever take for granted.

Be grateful that we have claimed our fourth swimming title in a row, that we can listen to talented musicians all year long, that we are able to receive face-to-face education.

Thank you to the teachers, the coaches and the mentors whose guidance, sacrifices and knowledge have placed us in the best possible position to succeed.

Thank you to my parents, and to all the parents who provided support and encouragement as we ventured through high school.

I thank you for giving me the opportunity of being Captain of School this year. I'm extremely grateful for the experience.

Most importantly, I would like to thank my fellow valedictorians. We were challenged, taught, and coached by the best to reach our potential and be the best versions of ourselves. We were given an opportunity to learn a thing or two, explore interests, and most importantly, forge lifelong friendships. I hope these stay with you as the next phase of our lives begins and we enter a world of possibility, knowing that we will always be bound to one another by our shared Christ Church journey.

PRE-PRIMARY TO YEAR 12 AT CCGS

BACK ROW: Ashley Porter, Charlie Emanuel, Sam Assumption, Zak Reed, Malcolm Nicholas, Christian John

MIDDLE ROW: Liam Bong, Brendan Jones, Max Briffa, Nathaniel Elks, David Jones, Oscar Fischer, Alistair Parkinson

FRONT ROW: Harrison Tay, Barney Woo, Scott Caporn, Matthew Forster, Kaleb Sinclair, Theo Browne, Cameron Middleweek

FRONT ROW: Varad Mukhedkar, Scott Caporn, Arman Brian, Ethan Wilson, Will Wardle, Hamish Dickins, Kartikeya Kaushal, William van Dongen, Conor Brogan, Hugo Weilborn, Declan Barrett, Isaac Yeo, Jason Lu, Lucas Moore, Tom Ristovsky, Harry Dowling, Tobey Martin, Harry Stevenson, Luka Brown, Jackson Dring, Jes Bromley, Angus Elliott-Lockhart, Rohan Waring
ABSENT: Jackson Kopejka, Kye Lockwood, Joshua Shipton

ACADEMIC RESULTS

MAHENDRA VASWANI / DEPUTY PRINCIPAL AND DIRECTOR OF STUDIES

In a year characterised by adjectives such as ‘unprecedented’, ‘disrupted’ and ‘uncertain’, the Class of 2020 maintained a business-as-usual approach to once again position Christ Church as the best boys’ school in Western Australia.

With a median ATAR of 92.50, the Beazley Medal: WACE, three General Exhibitions, three perfect ATARs, six Subject Exhibitions, 19 Subject Certificates of Excellence, 17 Top Performing courses, 25 subjects with mean scaled scores higher than those of the State, 34 Certificates of Distinction and 48 Certificates of Merit, the graduating Class of 2020 has certainly achieved exceptional academic outcomes.

Josh Green is to be congratulated for being awarded the Beazley Medal: WACE, recognising his performance as the top ATAR student in the State. He also won a Subject Exhibition for Mathematics Methods, three Subject Certificates of Excellence for Literature, Mathematics Methods and Modern History, and a Certificate of Distinction.

Jason Lu, the CCGS Dux for 2020, attained an ATAR of 99.95 and was awarded a General Exhibition, two Subject Exhibitions for Chemistry and Philosophy and Ethics, three Subject Certificates of Excellence for Chemistry, Mathematics Methods and Philosophy and Ethics, and a Certificate of Distinction. Kartikeya Kaushal was also awarded a General Exhibition, two Subject Exhibitions for Mathematics Specialist and Physics, four Subject Certificates of Excellence for Chemistry, Mathematics Methods, Mathematics Specialist and Physics, and a Certificate of Distinction. Of particular note is that it is the third consecutive year the Subject Exhibition for Mathematics Specialist has been awarded to a Christ Church boy.

Two boys on Indigenous Scholarships – Kalani Brooks and Sebastian Wells – also completed their time at Christ Church in 2020, while Digby Forshaw completed his Year 12 studies after having spent some years in the Peter Moyes Centre.

In 2020, Christ Church Grammar School had 175 students who achieved an ATAR and 17 students in a non-ATAR pathway.

- 18 students (10% of ATAR candidates) obtained an ATAR greater than or equal to 99
- 36 students (21% of ATAR candidates) obtained an ATAR greater than or equal to 98
- 66 students (38% of ATAR candidates) obtained an ATAR greater than or equal to 95
- 113 students (65% of ATAR candidates) obtained an ATAR greater than or equal to 90
- 140 students (80% of ATAR candidates) obtained an ATAR greater than or equal to 80
- Median ATAR for the year group: 92.50 (State Median 81.65)
- 31 students completed a VET Certificate qualification
- Christ Church was placed in the group of top performing schools in 17 courses (courses with fewer than 10 students are not included): Accounting and Finance, Ancient History, Chemistry, Computer Science, Design, Economics, Geography, Human Biology, Literature, Mathematics Applications, Mathematics Methods, Mathematics Specialist, Philosophy and Ethics, Physical Education Studies, Physics, Psychology and Visual Arts.

WACE ACHIEVEMENT

98.95% of students achieved their WACE by achieving the required average of seven C grades or unit equivalence over Years 11 and 12, along with literacy and numeracy proficiency (OLNA) and an ATAR or Certificate II or higher.

GENERAL EXHIBITIONS (3 STUDENTS)

Josh Green, Kartikeya Kaushal and Jason Lu.

SUBJECT EXHIBITIONS (6 SUBJECTS)

Jes Bromley (Ancient History), Josh Green (Mathematics Methods), Jason Lu (Chemistry and Philosophy and Ethics) and Kartikeya Kaushal (Mathematics Specialist and Physics).

CERTIFICATES OF EXCELLENCE (19)

Ancient History: Jes Bromley

Chemistry: Kartikeya Kaushal and Jason Lu

Economics: James Billingham

English: Jackson Bergsma

Literature: Josh Green

Mathematics Applications: Jackson Bergsma, Scott Caporn, Brendan Jones and Evan Vellar

Mathematics Methods: Josh Green, Kartikeya Kaushal and Jason Lu

Mathematics Specialist: Kartikeya Kaushal

Modern History: Josh Green

Philosophy and Ethics: Jason Lu

Physical Education Studies: Will Edibam and Lochlan Evans

Physics: Kartikeya Kaushal

CERTIFICATES OF DISTINCTION (34)

34 Certificates of Distinction were awarded to the following boys in recognition of outstanding school achievement:

Sam Assumption, Declan Barrett, Liam Bong, Connor Brogan, Zachary Cheng, Jasper Coombes-Watkins, Will Edibam, Angus Elliot-Lockhart, Joshua Fry, Josh Green, Nicholas Hamdorf, Djimon Jayasundera, Brendan Jones, Daniel Jones, David Jones, Lucas Kailis, Kartikeya Kaushal, Jason Lu, Trent Madden, Hugh McCarthy, Lucas Moore, Mark Morris, Varad Mukhedkar, Ashley Porter, Adam Robbins, James Sarre, Larry Shi, Nicholas Shields, Matthew Sisson, Ryan Tan, Rohan Waring, Benjamin Warner, Matthew Warner and Aran Wheatley.

CERTIFICATES OF MERIT (48)

48 Certificates of Merit were awarded to the following boys in recognition of excellent school achievement:

Harrison Bartley, Jackson Bergsma, Arman Brian, Jes Bromley, Scott Caporn, Jordan Chan, Henry Chandler, Zachary Ching,

VALETE STAFF

FRANCIS XAVIER SHEEHAN

SIMON HUNN | DIRECTOR OF THE CENTRE FOR ETHICS

What can you write about a man named by one of Australia's foremost historians, Manning Clark, as one of 10 great Australians, in the company of Gough Whitlam, Nobel laureate Patrick White and Barry Humphries, among others? This writer will attempt to do so and probably fail.

2020 will be remembered for many reasons, but coronavirus aside, within the Christ Church community it will always be recalled, with some sadness, as the year Father Frank Sheehan retired after 35 years of incredibly meritorious service to the school community. In this time, Frank was Chaplain, Director of the Centre for Ethics, broadcaster on religious affairs for ABC Radio, football coach, friend to all and the quiet conscience of the School, providing for us all a luminous, ethical window on the world.

Francis Xavier Sheehan was born in 1950 in Donald, in rural Victoria, to an Irish Catholic farming family. As a young lad with love for family, farm work, reading and with vast intellectual curiosity, Frank swore allegiance to the Essendon Football Club, undergoing conversion in the team's changing shed before his first game; thus began, as Bruce Dawe put it, "a lifetime's barracking". Soon after leaving school, Frank entered a Catholic seminary and during nine years of study, some at the Australian National University, he developed a special interest in history and philosophy.

In 1984, after some years as a Catholic priest, Frank left the Church and converted to Anglicanism. He spent time working at a men's shelter for the homeless and

alcoholic, as well as a Vietnamese refugee centre where he met his future wife Cam Ha and her daughter Lina. This was a tumultuous time in Frank's life and must have involved considerable courage and soul searching.

After this "exceedingly difficult year", Frank married Cam Ha and to our great benefit was recruited as Christ Church's Chaplain by then Headmaster Tony Hill. Armed with references from his friend and teacher, Professor Manning Clark and Australian poet Judith Wright, the Sheehans moved across Australia and took up residence on the School campus at Claremont, next to the Chapel and Swan River that would come to mean so much to him.

Over the next 35 years, Frank, armed with what former Headmaster Jeremy Madin described as a "cultivated, faintly seedy appearance – the slightly shiny, baggy suit matched with the Archdiocese of Perth or Essendon Football Club tie", engaged the boys (and staff) in an ongoing religious conversation. In this conversation, Frank always told the boys in his understated, almost laconic way, stories designed to probe mysteries rather than provide answers; stories that kept alive "the rumour of God", challenging people with the idea that there might be something more and providing a few clues about this. This would often be illustrated by an eclectic assortment of examples, from the literal leap of faith 'Indy' takes in the movie *Indiana Jones and the Last Crusade* to religious painting, philosophy, poetry, short stories, the Bible and AFL football. Frank was never one for certain certainties; he never imposed, he suggested. He was a sower of seeds that have and will continue to bear fruit.

Equally engaging were the opportunities Frank provided the boys and the wider

community, especially from 1996 in his role as the foundation Director of the Centre for Ethics, assisted so ably by the late Mrs Teresa Scott, to engage with the thoughts of those worth listening to. In this way we were exposed to experiences such as a residency from Tibetan monks who, in the Chapel, grain by grain, painstakingly made a beautiful sand mandala with Christ in the centre and then, in a simple ceremony, consigned their beautiful art work to the waters of the Swan River where it dissolved, illustrating the impermanence of all things. Along with this there were talks from speakers such as David Malouf, Tim Winton, Bruce Dawe (who spent a week's residency at the School), Helen Garner, Craig Silvey, Geoff Gallop, Ayaan Hirsi Ali, Pat Dodson, Tim Fischer, John Howard, Kerry O'Brien, Brenda Niall, Anuradha Koirala, Hugh Mackay and that is the tip of an iceberg.

Despite his formidable intellect and sparkling oratorical skills, Frank was always a humble man, eschewing fuss and shunning the limelight. This notwithstanding, his outstanding contribution over three decades was recognised with a number of awards. In 1990, in recognition of his work with the wider community and with religious broadcasting, he was made a Canon of St George's Cathedral. He was also recognised as a Face of Claremont for his contributions to the community and in 2018 he was awarded the OAM. The School recognised Frank's contribution through the creation of the prestigious Frank Sheehan Service Award and the naming of the Frank Sheehan and Teresa Scott Bell, which every boy rings when he enters and leaves the School. Sadly, at the end of 2020, Frank rang that bell, cementing his status as one who made an indelible mark on the history of the School.

Thank you, Frank, and farewell.

VALETE STAFF

LES GOH

MURRAY ROBERTSON / DIRECTOR OF STAFFING

Les, who commenced as a classroom teacher April 2012, taught Accounting and Finance, Commerce and Economics, and was a Noake House tutor. In 2015 he was appointed Head of Humanities and oversaw the restructuring of the department. During this period, the School undertook membership of the Council of International Schools. Les, as one of the key leads, examined to what extent our broad curriculum was accessible, balanced, relevant, and how it promoted the development of global citizenship and intercultural learning. In 2018, Les was appointed Director of Pedagogy, a position which provided pedagogical leadership and support to colleagues in their ongoing development. He implemented research projects and developed, promoted and showcased best practice across the School. He leaves Christ Church to join the Senior School Executive and Senior Leadership Team at Hale School as Director of Studies.

LINDA CURLEWIS

VINKO SHAIN / HEAD OF LANGUAGES

Linda commenced her time at the School in 2001, working in the Languages Department as a senior French teacher. On top of her teaching duties, Linda was an active contributor to the School's co-curricular programs, namely tennis, hockey and ENCOMM. Throughout the years, Linda maintained her presence in French teaching circles, at one stage being an ATAR practical examiner as well as being appointed treasurer of the Teachers of French Association.

Among Linda's highlights at Christ Church were co-ordinating the three exchange programs to France and hosting French teachers in Perth. The 'dream team' of Year 12s of 2016, who achieved a School Curriculum and Standards Authority mention for their exceptional results, was also a career achievement for Linda. She will be remembered for her passion for French education, her friendship in the department and her natural ability to connect with and get the most out of the boys. The Languages Department is forever in a better place for having had her part of the team for 20 years.

NEIL WALKER

SPENCER DAVIS / HEAD OF ENGLISH

The School farewelled Neil Walker at the end of Term 3 when he took up the position of Deputy Principal – Teaching and Learning at Presbyterian Ladies' College. Throughout his nine years of dedicated service, Neil made a significant contribution to the School in numerous domains: as an advocate of literature, literacy and language; a highly effective and collegial Head of English; an innovative Enigma teacher; vocal choir leader; passionate Romsey tutor; and as a daily model of a good man. He steered the department through the transition to the current ATAR model, leading the way in conceptual understandings of curriculum while always remaining a passionate advocate for the boys. His empathy, quirkiness, dedication and humour will be much missed in the English Department and in the wider school community. We wish him all the very best for this exciting next stage in his career.

PHILLIPA NOCK

MARGI WOODROOFE / EDITOR

Phillipa, universally known as Pip, began her time at Christ Church in 2008 with the designated role of establishing Chinese as a Second Language. Interest in China and Chinese was strong in the community and many students selected the subject. Over her 13-year tenure, Pip was passionate about the value of learning Chinese and put much of her energy into researching and developing ways to make the language accessible for Australian students. Chinese is now well-established at Christ Church and a small but significant number of students have continued their study of Chinese beyond school. In her time at the School, Pip also taught English as a Second Language, French, Philosophy and Comparative Religion. We wish her well in her retirement.

DRAMA TOUR

LEO BROWN / TOUR PARTICIPANT

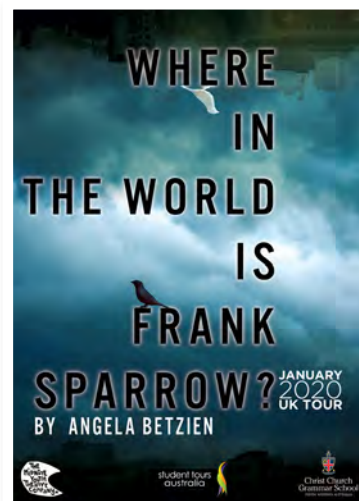

In January 2020, the Midnite Youth Theatre Company tour gave 10 students from Christ Church, St Hilda's, MLC and John Curtin the unique opportunity to take Angela Betziens's *Where in the World is Frank Sparrow?* to many different schools in the UK.

From Glasgow down to London, we performed at seven schools such as Warwick School in Warwickshire, Crompton House School outside Manchester and Elizabeth Garrett Anderson School in London.

Along the way we had many opportunities for sightseeing, including visiting Warwick Castle,

The Shard in London, Blenheim Palace, Trafalgar Square and shopping opportunities on Oxford Street. We also saw a selection of performances including pantomime, plays and musicals, and met various performers, including David Walliams!

After touring the UK, the group took the Eurostar to Paris where we visited Notre Dame, the Eiffel Tower and spent an entire day in Disneyland Paris. As well as sightseeing, we participated in drama workshops to improve our improvisation and physical theatre skills. Overall, it was an unforgettable experience.

NASA TOUR

EDEN HAYTHORPE / TOUR PARTICIPANT

NASA SPACE SCHOOL

In December 2019, an intrepid bunch of Year 10 and 11 students departed for Houston, Texas and the National Aeronautics and Space Administration (NASA) Space School. The boys experienced rare access to NASA's facilities as our visit coincided with the 50th anniversary of the first Apollo mission.

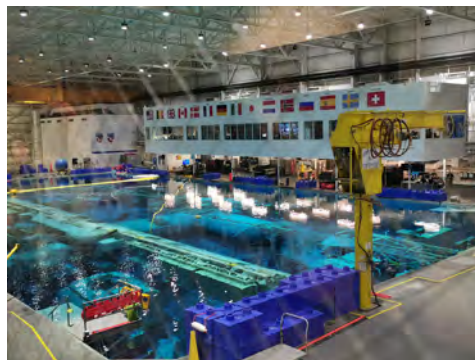

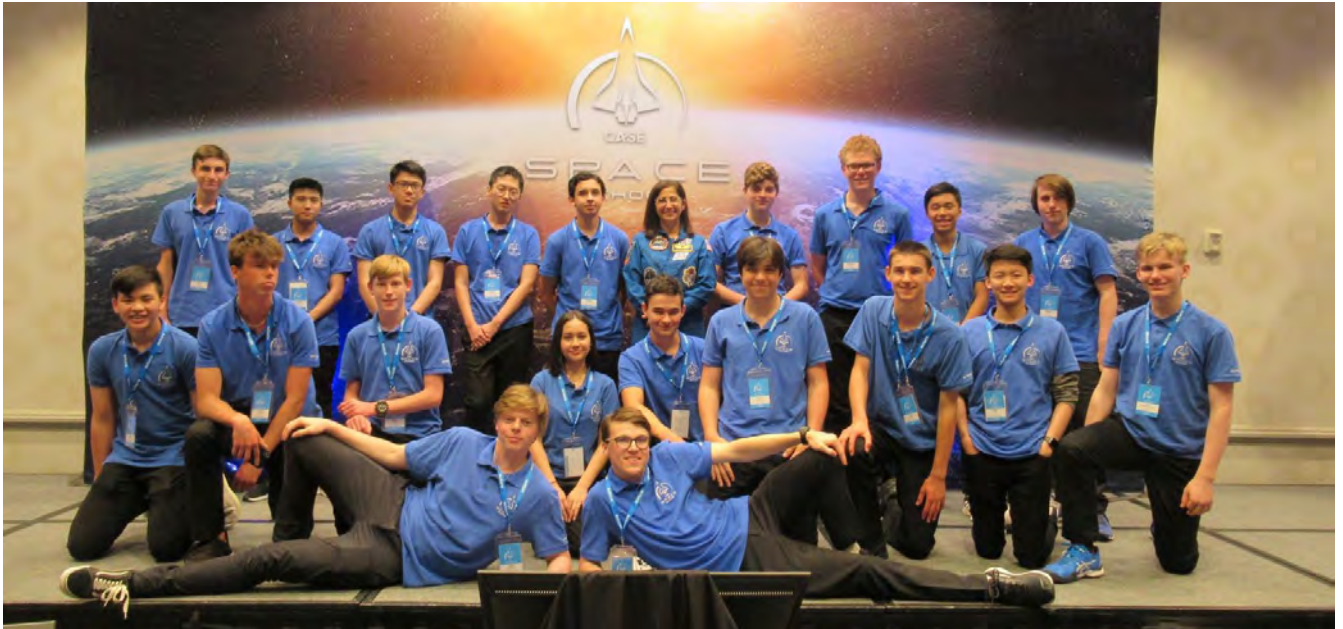

The tour involved completing a university-style course in which space exploration experts assisted us in planning a space mission within budget limitations. The immersive program was designed to develop individual leadership, project management, resource allocation, crisis management and teamwork skills.

The travel through Sydney, Dallas and eventually a late-night arrival into Houston set the tone for what was to become a fast-paced series of challenges. These would include making friendships with students and mentors from New Zealand and the east coast of Australia as part of team CASE B-34. We were split into two CCGS teams named Rosetta (Year 11s) and Voyager (Year 10s). Our teams then tackled a series of challenges, competing against 28 other teams from across the planet to win the coveted Space Centre University's Challenge X Prize.

Just as NASA is fond of its acronyms, we threw ourselves into having fun and learning through hands-on tasks. Highlights included visiting the original NASA Mission Control Centre, the Neutral Buoyancy Lab – where we watched future astronauts

learning to work on a scaled International Space Station (ISS) model – the University of Houston, a NBA Rockets game, the Museum of Natural Science and the Ad Astra Rocket Company – where we conducted varied experiments surrounding exothermic and endothermic forces (our astronauts would have perished). We also met a variety of famous and inspirational figures, such as retired astronauts Nicole Stott and Tom Nolan (Space Shuttle missions and ISS residents). The boys also tried new activities like scuba diving, shopping amongst local Texans, surfing the Houston city bridges while singing bus karaoke, and a formal dinner and dance event.

We would like to thank Mr Lloyd Haskett for piloting the mission and getting all members of the team happily back to Perth.

SERVICE IN ACTION

CAMBODIA

MORGAN KLUG / PARTICIPANT

In December 2019, a collection of Christ Church and St Mary's students travelled to the city of Phnom Penh for the annual Service in Action trip to Cambodia.

Staying in the epicentre of this poverty-stricken capital, the group worked 16-hour days with the Cambodian Children's Fund, founded by the former president of 20th Century Fox International, Scott Neeson.

The organisation gifts struggling children the opportunity of an education they would not normally receive, with every student being either homeless, an orphan, terribly sick, abused, a foster child or living on Cambodia's infamous rubbish tip, thus in desperate need of a helping hand.

Our group assisted with the teaching of English, Mathematics and computer skills across the three campuses.

Teaching children a second language, without knowing how to speak their first, was a task that proved very difficult to most. However, the children's sheer determination to learn, made every small inkling of success that much more satisfying.

This journey to Cambodia certainly enlightened us. Many children had only one pair of shoes and one school uniform; they had never seen a river as clear as the Swan, beaches as beautiful as those of our coast and streets as clean as Perth's.

Even given their dire circumstances, each day we were showered with affection by children no taller than our waists. We felt blessed.

Every night, we attended a debrief session. We wrote down our thoughts and shared them with fellow team members. This was a special time for all of us. It allowed us to

reflect on what we had seen, what we were doing and how we could effect change in ourselves and our community, both locally and internationally.

It was hard to say goodbye. We were humbled by handmade gifts such as cards, bracelets and photos as mementos and a sign of gratitude. This was the hardest part for all of us because we made such close connections.

This trip is really a once in lifetime opportunity and it really put into perspective how much we take for granted in our everyday lives. Whilst away, I came across this Buddhist quote: *Before giving, the mind of the giver is happy; while giving, the mind of the giver is made peaceful; and having given, the mind of the giver is uplifted.*

NULLAGINE

LUKE MCMANUS AND LACHIE ROBSON / PARTICIPANTS

Towards the end of Term 3, eight Year 11s left for Nullagine, a town with a population of about 250, four hours' drive south-east of Port Headland. We joined Nullagine Primary School, getting to know the teachers and students through activities and a lot of sport. Any initial trepidation disappeared quickly, with the universal language of sport bridging cultural differences.

During school hours, we were outside doing experiments around the students' science, technology, engineering and mathematics (STEM) focus for the term and in the classroom, we worked on reading, mathematics and art. We also explored the local sights, ate witchetty grubs and learnt about the rich culture of the local Martu people. We observed how in tune the

students were with their land and culture, how easily they navigated the dense scrub, and how passionately they explained the thousands of year's old rock art.

It was inspiring to see the joy and confidence of the children and humbling to know that this comes from the strength of their community and teachers, not from materialistic possessions. We were impressed by the students' ability to communicate and learn English, considering this was their second language.

After damage inflicted from the water slide, water guns, numerous games of bump, footy and dodgeball, we were shattered but elated by the time we boarded the return flight home. Our gratitude goes to Mr Mark Tait, Ms Sam Charlwood and the staff at Nullagine school for putting together this unforgettable experience.

SERVICE IN ACTION

MARBLE BAR

GUS SHELDRICK AND RYAN THOMAS
/ PARTICIPANTS

Last term, 10 boys, Mr Mark Tait and Ms Jane Shannon visited the remote community of Marble Bar, inland of Port Headland. Most of our time was spent at the primary school.

We learnt about the amazing culture and helped out in the classroom, giving one-on-one help and using our knowledge where we could.

Although it seemed like we were the teachers, we were really the learners. We painted traditionally and cooked kangaroo stew. Our conversations with the children gave us an insight into their lives and a new outlook on how Indigenous people live. We faced some challenges at the start but as the children become more relaxed with us, we were accepted as part of the community.

A highlight was taking the school bus to the Indigenous community of Goodabinya, just outside of town, with one of the elders named Arnold. Others included visiting the local natural pool, playing basketball and footy and doing virtual reality in the classroom. Outside of the classroom we spent most of our time playing basketball or hanging out in the rec shed, not only because it had the best air con in the town but because it was the place where the children go after school to hang out, play table tennis and chasey. We visited the police station and nursing post where we met some interesting characters and learnt how remote workers adapt.

After countless games of basketball in the near 40-degree heat, we were drained of all our energy by the end of each day, but the excitement of each new opportunity kept everyone's mood up and made time fly. Saying goodbye was hard for us all. It was a life-changing experience we will never forget.

CADETS: ARMY

CUO DAVID JONES / ADJUTANT

2020 was a challenging yet fruitful year for the Christ Church Grammar School Cadet Unit (CCGSCU). In January, prior to COVID, five senior cadets attended the recently introduced combined Cadet Under Officer and Warrant Officer course, qualifying for promotion to Cadet Under Officer (CUO) and Cadet Warrant Officer Class 2 (CDTWO2).

Following the successful results of all attendees, appointments for the 2020 training year were then allocated, with platoons being allocated to CUO Sam Duncan, CUO Nicholas Hamdorf and CUO Liam Colligan. Company Headquarters was to be staffed by CUO David Jones and CDTWO2 Tom McGrath as Adjutant and Company Sergeant Major (CSM) respectively.

The first major activity conducted was the Term 1 Recruit Induction Course held at Northam Army Camp. In the field, the unit was joined by the Guildford Grammar School Cadet Unit and St Hilda's Anglican School Cadet Unit. CCGSCU enjoys a close association with Guildford and St Hilda's and their presence brought attendance in excess of 100 cadets and adult staff.

First year cadets learnt skills such as basic drill, fieldcraft, movements at night, camouflage and concealment, and first aid. A 'lantern stalk' night activity was planned and executed by the freshly trained cadets, in which they had to mark a given target while avoiding detection by senior cadets, confirming their skills in camouflage and concealment as well as tactical movement. This exercise also challenged the junior leaders, providing them with crucial experience in command and control in a field environment.

Following this, training resumed on campus with refinement of drill and ceremonial skills as well as an introduction to navigation and radio communications. However, in the

closing weeks of Term 1, the nationwide impact of COVID-19 resulted in the unit ceasing its activities. In the unit's final parade for Term 1, the company conducted a brief Anzac Day ceremony at the School's war memorial, including a minute's silence.

The balance of Term 1 and most of Term 2 saw no cadet parades as the School shifted to online learning. The boys of the company, disappointed but with spirits undaunted, stowed their uniforms and prepared to weather the COVID-19 storm.

During this time, there was only one cadet activity: the Anzac Day dawn service. With support from the unit's senior cadets and officer commanding CCGSCU, CAPT (AAC) Conrad Scott, a memorable service was held at the School, consisting of a guard of honour, a minute's silence and a rendition of the *Last Post* and the *Rouse*. The service, conducted in a socially distanced manner, was a true testament to Australia's commitment to honour her fallen.

Although disheartened by the impact of COVID-19, spirits were quickly restored when the unit gained permission in the closing weeks of Term 2 to parade once more. Training resumed and smiling faces saw cadets don their uniforms for the first time in three months.

Term 3 started with the unfortunate news that the WA Brigade's Annual Field Exercise (AFX) was cancelled, and that in its place the brigade would conduct the Senior Leaders Course (SLC). To balance this, the unit received the news that it could conduct its own field exercise with Guildford and St Hilda's towards the end of Term 3. Buoyed by this, the company honed its fieldcraft skills for the camp at the Northam Training Area.

Training periods, as well as a three-hour long night observation post exercise, saw cadets establish camouflaged locations from which

they could observe the opposition forces without being detected. Cadets completed a seven-hour long navigation exercise with multiple stands assessing section level first aid competence, patrolling and camouflage skills. The camp ended with a film night and an open canteen of hard-earned soft drinks and chocolate bars.

In the Term 3 holidays, in place of AFX, the Year 11 cadets who had achieved the rank of Corporal or Lance Corporal attended the brigade SLC. This course prepared cadets to fill the role of Sergeant and provided practical lessons on instructional techniques, leadership, personnel management, issuing orders and conducting platoon level operations. 2020 saw eight CCGS cadets successfully complete the course, emerging ready to become the future leaders of the CCGSCU.

To round out the training year, the Headmaster's Parade was held on the Friday of the first week of Term 4. In the final parade, an inspection was conducted by the Commander of the WA Army Cadets Brigade, COL David Jones and various awards were presented for outstanding performances throughout the year. Congratulations to 1PL for achieving Best Platoon, with 11 Bravo being awarded Best Section. The parade also farewelled the Year 12 cadets. That evening, Year 11 and Year 12 cadets were invited to attend the unit's Dining-in Night. This is a formal event where the unit thanks the Year 12 cadets, their parents and the wider defence community for their enduring support, which has been particularly important in this trying year.

Congratulations to all cadets for their efforts in an extremely challenging year.

I would like to thank CAPT (AAC) Scott, MAJ Nurse, WO1 O'Sullivan, LT Gibson and LT Barbour for their support and steady leadership.

CADETS: ENCOMM

FRIENDS OF LAKE CLAREMONT

TOM STEVENS / YEAR 10

The Friends of Lake Claremont is a very active group of volunteers who help regenerate the area. It also promotes community involvement and runs public environmental awareness programs, such as Christ Church's ENCOMM Cadets program. We were involved in a wide variety of practical tasks and projects at the lake such as weeding, winter planting and mulching, with the highlight being the construction of beehives. I'm sure all the boys would agree that volunteering at the lake was a memorable way to spend our Friday afternoons but most importantly, helped to preserve this natural wetland for others to enjoy.

ENVIRONMENT GROUP

ADI BARUA / YEAR 10

The environment group, accompanied by Ms Shannon and Mrs Fogarty, assisted community volunteer groups like Cottesloe Coastcare and the Town of Mosman Park. We planted trees, removed invasive weeds, replaced mulch and collected rubbish. We met a host of inspiring people, working selflessly to protect the environment for the generations to come. Our environmental consciousness was tested on a trip to Red Hill Environmental Education Centre, where alongside the Environmental Science class at MLC, we learnt about process and the importance of proper waste collection.

FOOD RESCUE

OLIVER CLARK / YEAR 10

Although we had an interrupted year due to COVID-19 restrictions, the boys at Food Rescue turned up each week with enthusiasm and effort to help those less fortunate than ourselves.

Each year, we partner with two organisations, SecondBite and PortCare. SecondBite provides fresh, nutritious food for people in need across Australia. Every week, a truck from SecondBite collects food from local supermarkets that would otherwise be thrown away. This is then dropped off at Sandover Dining Hall, where, on a Wednesday afternoon, we sort through it. We organise the fruit and vegetables, packing good produce into boxes, and placing spoiled, inedible food

into the compost bins. We weigh what we have saved at the end of the session, before a PortCare truck collects the boxes. PortCare then gives the food to the people, as well as clothes and other essentials. They often make large meals out of the food we salvage to feed the less fortunate at their community centre.

In Term 3 we received 2509.5kg of produce and saved 95.5 per cent, leaving 2396.88kg of fresh fruit and vegetables saved. Given the circumstances of this year, this is an incredible outcome. I would like to extend my thanks to Ms Rouhiainen, who provided us with mentorship and guidance throughout the process.

CADETS: ST JOHN AMBULANCE

HARRY DAVISON-PETCH / YEAR 11

This year we had the opportunity to learn from some talented and experienced first responders as part of the St John Ambulance Cadets program.

We arrived with practically no first aid experience and left with critical knowledge that will allow us to volunteer at future events. We learnt procedures and skills that enabled us to undertake full conscious and unconscious patient assessments. This involved going through the primary survey of DRsABCD (Danger, Response, Send for help, Airway, Breathing, CPR and Defibrillation), and taking vital signs such as blood pressure, temperature, and oxygen levels in the blood using equipment such as the pulse oximeter. Along with these helpful skills in patient assessment, we mastered manoeuvring people on stretchers (which involved doing an obstacle course), dealing with spinal injuries and IMPACT CPR.

To pass the course and become a Level 1 volunteer, we were required to accurately perform in both the unconscious and conscious patient assessment practical exams, in which we were granted only two chances in each. After some of us did not meet the requirements the first time round due to careless errors, we managed to muster up courage and pass the second time. Now, as a group of 11 dedicated boys, we are confident and qualified to help our community as Event Health Services volunteers.

We would like to extend our gratitude to St John Ambulance WA and their dedicated volunteers for giving us this amazing opportunity.

CADETS: SURF LIFE SAVING

TOM FOX AND CHARLIE RODWELL / YEAR 11

On most Friday afternoons, North Cottesloe Surf Life Saving Club (NCSLSC), with the help of experienced instructors, teaches beach and water skills to Year 10 boys qualifying for their Bronze Medallion.

The year was a challenging one, with a shorter than expected timeframe, having lost several weeks to COVID-19 restrictions. However, we bounced back and ran our sessions from the isolated comfort of the North Cott boat shed. The first two terms were focused on learning the basics; firstly in calm, sunny conditions, and then in windy, cold and rough seas leading into the Perth winter. This added an element of difficulty to the board and tube rescues. Then it was back to the CCGS campus to learn first aid.

In July, a group of 10 Year 11 and 12 boys undertook their Surf Life Saving Association (SLSA) Trainer's Certificate, qualifying them to instruct Bronze Medallion and other Surf Life Saving Australia (SLSA) courses for their clubs. Congratulations also to Manus O'Leary (Year 11) who represented the School and the NCSLSC at the Surf Life Saving WA Rise Up Leadership Camp in January and to Jensen Kirby (Year 10) who has been selected for the January 2021 camp. Special mention to Tom Fox and Christian Wong (Year 11) for their success at the Returned Services League WA Cadet of the Year Awards.

The second half of the program kicked off back at the beach with vicious winter conditions. After a strange year, an unprecedented Term 4 exam topped it off. Everyone seemed up to scratch, but exam specialist Ollie Stockwell and the instructional team fine-tuned everyone's skills.

The Christ Church Surf Life Saving Cadets program is in good hands, under the watchful eyes of old boys, Mr Henry Pemberton and Mr Elliot Rockett, and the tuition of a group of instructors, including Will van Dongen (Year 12). A special thanks to Ms Gould, Mrs Fricke and Reverend Russell, who have dedicated hours to the course and made it all possible.

BACK ROW: Alex Graham, Max Stokes, Grant Hogarth, Sam Robins, Nic Ng, Patrick Walker, Edward Hellings, Louis Douglass, Noah John, Max Dumas, Matthew Mitchell, Ben Lynn, Nicholas Tomlinson

FIFTH ROW: Jago Field, James Thomas, Oliver Austin, Jacob Cohen, James Robson, Alex Clarke, Jensen Kirby, Bertie Arundell, Zac Barboutis, Fletcher Wetherell, Sam Day, Thomas Michael, Hamish Brogan, Rowe O'Callaghan

FOURTH ROW: Oliver Flaherty, Edward Greenaway, Ash Gibson, Matthew Garside, Lachlan Cullity, Dawson Greig, Nic Hill, Regan Tubby, Jack Crago, Peter Brandon, James Woods, Harry Morgan, Jay Sewell, Lucas Downs, Joshua Rasmussen

THIRD ROW: Taylor Kappler, Oliver Ayers, Darcy Shephard, Gabriel Johnstone, Peter Cooney, Daniel Pocock, Mitch Watson, Tom Stevens, Thomas Hewitt, Ben Walker, Joshua Fowler, Tyler Sprunt, Leo Kawakami, James Greenshields, Nicholas Cohen

SECOND ROW: Charlie Rodwell, Jes Bromley, Manus O'Leary, Trent Madden,

FRONT ROW: Oliver Pemberton, Josh Watson, Kit Bakker, Angus Kay, Luke McManus, William van Dongen, Rev Nic Russell, Ms Alli Gould, Ms Bronwyn Fricke, Elliot Rockett, Ben Remke, Samuel Fretwell, Tom Fox, Harry Cooney, Christian Wong

CHESS

PSA CHAMPIONS

JOSHUA FRY / CAPTAIN OF CHESS

Despite some early interruptions, the first major event of the year was the House Arts competition. Although not concluding until well into Term 3, it remained a vital part of the selection process for the PSA team.

Other major events just before the PSA tournament in Term 3 were the Junior and Senior tournaments. In the Junior tournament, Jeremiah Wang had an unbeaten run for the second consecutive year. James Gregory and Aaron Goh came second and third respectively. All three players are in Year 8, part of an extremely strong chess cohort, a very good sign for CCGS Chess going forward. The Senior tournament was extremely strong and competitive, with Declan Barrett (Year 12) staving off the Year 11 pair of Lucas Hogan and Emil Ong.

Once again, key to our PSA preparation was our chess coach Mr Ned Robles. This is the 10th consecutive year that Ned has been with the team, and his inspirational and instructional coaching has been a constant of our success.

We were therefore well-prepared for the PSA tournament. Trinity College, led by strong top two boards, posed a threat and Wesley

CHESS REPRESENTATIVE TEAM

BACK ROW: Adam Robbins, Lucas Hogan, Joshua Fry

FRONT ROW: Declan Barrett, Rafferty Maher, Emil Ong Ee Zy, Mr Jack Damon (Teacher in Charge)

and Hale always have strong teams. As such, we faced one of the strongest challenges in recent years. However, our team, comprised of Declan Barrett, Joshua Fry, Lucas Hogan, Rafferty Maher, Emil Ong and Adam Robbins, produced a decisive performance, winning all our fixtures.

This victory may be our 11th consecutive win, but it is due to our strong culture that we have been so successful. The Christ Church Chess Club, run by Mr Jack Damon in M10, is open Monday to Thursday every week and is always strongly attended, especially by younger students.

DEBATING

JASON LU / CAPTAIN OF DEBATING

BACK ROW: Rishi Yogesan, Timothy Creed, Parker Robinson, Lachie Robson, Edward Hellings, Max Brampton, Max Godfrey, Ben Nowrojee, Diyoan Gajanayake

THIRD ROW: Eduardo Caceres-Sandoval, Jonathan Roost, Aditya Muthukattu, Ed Stoddart, Harry Davison-Petch, Lachlan Story, Louis Manera, Callum Chin, Adam Shannon, Aditya Barua

SECOND ROW: Tom Mairs, Andrew Calderwood, Gourab Sharma, Edward Hadi, Krish Mall, Zach Buttrose, James Greenshields, Akshayan Sivaanujan, Sam Harding, Joshua Neervoort

FRONT ROW: Tommy Greenshields, Luca Campitelli, Scott Caporn, Lucas Kailis, Declan Barrett, Ms Sarah Downes (Teacher in Charge), Kartikeya Kaushal (Vice Captain), Jason Lu (Captain), Ben Kao, Aaryan Mandal, Alex Molyneux

On the night before our first debate was to take place, the Western Australian Debating League (WADL) competition was cancelled. The boys, and especially the Year 12s, were very disappointed that they weren't able to compete. However, we were determined to ensure that Debating at Christ Church went ahead in some capacity in 2020.

Through the hard work of Mrs Sarah Downes, Mrs Paula Frost and the Debating Committee, we put together an internal competition which focused on skill development, with

Year 7s to 11s taking part in mock WADL formal debates and Year 12s trying their hand at adjudicating.

Across the season, we saw strong and steady development in the debaters, with boys in the Junior division learning the ropes of debating while boys in the Senior division had the opportunity to develop their impromptu skills. Furthermore, as a Year 12, it was an interesting and rewarding experience to see debating from the other side of the adjudicator's table and to watch the boys progress as they took on our feedback.

Aside from our internal competition, the Evatt and British Parliamentary competitions also took place later in the year and a number of boys competed. Ed Stoddart and Harry Davison-Petch were grand finalists in the UN Youth Australia Evatt Competition and qualified to take part in the national competition.

I'd like to thank Mrs Downes, Mrs Frost and the Debating Committee for their support and hard work throughout the year. I'm sure that the strong work that CCGS Debating has done over the year will pay dividends in seasons to come.

ENIGMA

EDWARD HADI AND WESLEY PEH / PARTICIPANTS

In the Christ Church Enigma program, gifted and talented boys from Years 7 to 9 pursue their area of passion each Thursday afternoon in collaboration with like-minded students. It develops leadership as well as teamwork skills, with boys in Years 10 to 12 acting as mentors.

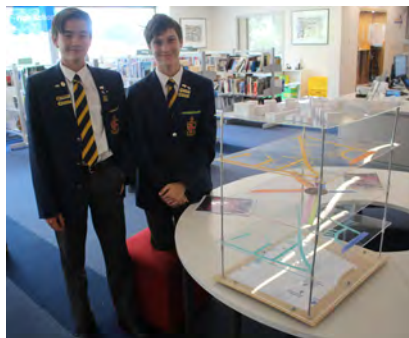

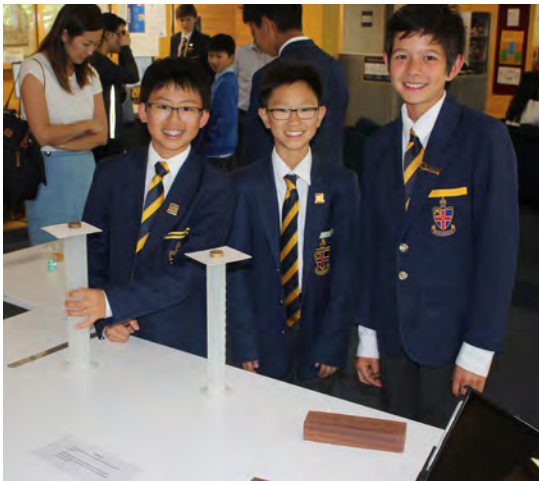

This year, the projects were all themed around the United Nations' Sustainable Development Goals. The Year 8 and 9 boys met in small

groups on their own varied projects, while the Year 7 students worked through projects with individual teachers, choosing one for their final presentation.

The UN Sustainable Goals projects included creating a petition to support different types of bins, turning temperature into electricity, a parabolic mirror to increase solar panel efficiency, a prototype for a better infrastructure in Yemen, an animated film

on how to save the planet, a solar scanner bot, and turning heat into light. Boys in Year 7 focused more on specialised topics with teacher assistance, such as how to win at Scrabble (Mr Walker), different codes of history (Mr La Galia) and kitchen chemistry using eggs (Dr Molinari).

Enigma was amazing this year!

ENVIRONMENT AND SUSTAINABILITY GROUP

WILL WARDLE / YEAR 12

Commencing our second year, Christ Church's Student Environmental Committee (SEC), under the guidance of Mr Daniel La Galia, was eager to make a positive impact in the School's commitment to environmental sustainability.

In Term 1, before school life faced a year of interruptions, the SEC collaborated with the Wellbeing Committee to launch Ride to School Week.

The success of this initiative was continued in Terms 2 and 3 as we worked with the School's Canteen, grounds staff and WRITE Solutions Australia to introduce a new four-bin waste system. Most plastic in the Canteen was replaced with biodegradable alternatives. These were processed into compost for the School's grounds, completing the renewable cycle. A group of Year 10 ENCOMM boys visited the Red Hill Waste Management Facility to witness part of the waste process.

We also encouraged boys to bring reusable lunch boxes to school as part of Plastic Free July. A letter was sent to parents, but the real success was the Humanities versus Physical Education departments basketball game held one lunchtime. To watch, boys had to show their lunch box on entry to the blue gym. Some exceptions resulted in a few push-ups as an entry fee. The Senior and Preparatory school spectators packed the gym and witnessed an eventual win by the Physical Education Department team.

Other highlights included creating the SEC Nexus page, instigating a water fountain survey leading to the installation of new fountains, a battery collection, stationery collections for the charity Give Write, which collects new and pre-loved school supplies to regift to children in need in Western Australia, and another successful Art Committee collaboration.

The SEC enjoyed a jam-packed year of productivity thanks to the tireless work of the committee, and we are excited to see what the future holds for such an important cause as it gains more global and local awareness.

FAITH IN M8

BEN DREYER / YEAR 11
REVEREND NICHOLAS RUSSELL / CHAPLAIN

Faith in M8 is a lunchtime meeting of students interested in questions of faith, life and meaning. 2020 was a year of change and saw an increase in the number of those attending, particularly Year 7s and 8s, which built the community and changed the dynamic in positive ways.

As the year progressed, our Year 11 leaders stepped up to guide our group in bold and courageous ways. The fear of public speaking has, in some studies, been rated as more significant for people than the fear of death. Despite this, Henry Davis, Ben Dreyer, Andrew Edis, Sam Fretwell, Joel Hurworth and Will McCoubrie each prepared and delivered talks and learning materials in Terms 3 and 4, on the stories of Genesis and Daniel and on the nature of God. The group is now almost entirely student-led, with our boys organising games, learning materials, leading discussions and prayers, and setting plans for each term.

For the first time in many years, a Spirituality Prefect was appointed in 2020. In Term 4, Ben Dreyer stepped into this role, to lead the students in the spiritual character and faith that has been a part of our School since its foundation.

We are thankful to God for guiding us through the changes this year and look forward to 2021.

INFORMATICS

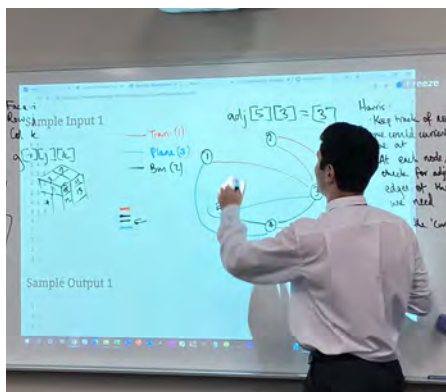

MAX GODFREY / CAPTAIN OF INFORMATICS

Informatics is best introduced as a mind sport for those who enjoy solving challenging problems and coding up solutions to them.

This year, members of the Informatics Club participated in a series of competitions with some outstanding results. Notably, we had almost all of our 35 Australian Informatics Olympiad participants receive a medal, and two of our teams competing in the University of New South Wales ProgComp qualified for the grand final. However, the trip to Sydney was cancelled due to COVID-19. Additionally, there were two distinctions in the Oxford University Computing Challenge, four perfect scores in the Bebras Australia Computational Thinking Challenge, and a bronze medal in the Asia-Pacific Informatics Olympiad awarded to Joshua Chen (Year 10).

The Australian Informatics Olympiad is a particularly important component of the Informatics season, as the nation's top 25 participants are invited to attend the Australian Informatics Olympiad Committee School of Excellence at the Australian National University over the summer holidays. Joshua Chen and Max Godfrey (Year 11) participated remotely in December.

These achievements are not only indicative of the work that club members put into their algorithmic thinking, but also the strength of our Computer Science Department, especially Mr Jan Honnens who worked tirelessly to bring everything to fruition.

MOCK TRIALS

KARTIKEYA KAUSHAL / CAPTAIN OF MOCK TRIALS

Mock Trials began with a huge Year 11 turnout, and a few new Year 12 faces. We constructed four teams and then dove enthusiastically into preparations for the first trial. The competition is hotly contested by a number of schools and is run by the Law Society of Western Australia at the Supreme Court. The trials are both civil and criminal, and this year we heard cases such as grievous bodily harm, negligence and theft.

This year our early enthusiasm was cut short as the competition was suspended just one week before our first trial. So, we put our preparation on hold. However, the following term, we had the thumbs-up from the Law Society, and we dove back into the thick of the preparation with two smaller teams. Our first trial was met with a mixed result of a win and a loss. Things began to look better as both teams recorded a win in the second trial, but our hopes of one team maintaining a perfect season were dashed by a final trial in which we lost both. Despite this, Christ Church Mocks Trials is looking stronger than ever, with standout Year 11s like Max Brampton, Harry Davison-Petch, Ed Stoddart and Daniel Zhou.

Despite a shorter competition and a disrupted season, the Year 12s are to be commended on continuing the tradition and in mentoring the younger boys. We were supported by old boy, Mr Harry Sanderson, who, unfortunately for us, left to study at Oxford. His impact will continue to shape our future. On behalf of the team, I'd like to thank Miss Badaraco, for persevering through the uncertainty and ensuring that we enjoyed a year of exciting competition and legal education.

MOCK TRIALS

BACK ROW: Ms Vanessa Badaraco (Teacher in Charge), Aditya Muthukattu, Lucas Hogan, Emil Ong Ee Zy, Campbell Hart, Max Brampton, Jack Reynolds, Nicholas Tan, Liam Colligan, Daniel Zhou

FRONT ROW: Harry Davison-Petch, Ryan Tan, Angus Elliott-Lockhart, Kartikeya Kaushal (Captain), Jasper Coombes-Watkins (Vice Captain), Isaac Yeo, Ed Stoddart, Stuart Everett

OUTDOOR EDUCATION

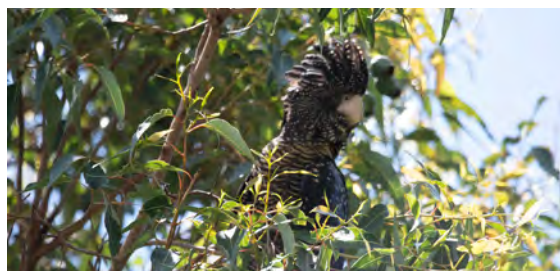

AMAN SHETTY / YEAR 9

The stars glittered, illuminating the night sky. Embers from the fire danced in the starlight. It was the perfect setting to relax and ready myself for the day ahead. It's safe to say this was my favourite moment on camp. It changed everything. Hours in the sun allowed me to acquire a new appreciation for nature, and the modern luxuries that I so heavily relied on felt irrelevant. Camp allowed me to re-think many aspects of my life such as my reliance on technology. Four days of canoeing on the Murray and hiking the Bibbulmun Track developed a sense of discipline and comradery in me. Year 9 Camp has been one of my favourite experiences over my 10 years at CCGS.

MAX INGHAM / YEAR 6

Our Year 6 camp started off with a two-hour bushwalk around Koorungal. After lunch, by the tranquil Scarp Pool, a busy afternoon of team activities followed, including a hands-on cultural session, initiative games, mia mia building and orienteering.

The next day passed in a fun-filled blur. We learnt about the waterways and trees around Koorungal, canoed in Scarp Pool and made delicious damper around the campfire. Then, as dusk began to fall, we enjoyed homemade pizzas and mindfulness activities before settling into our dorms for the night.

PHILANTHROPY

REUBEN BRADY, AMAARON DAVIS, REUBEN DRING, REECE DUCKWORTH,
MAX DUFF AND FLETCHER WETHERELL / DOUST BOARDING GROUP

FEED the Little CHILDREN inc.

As a part of this year's Year 10 Philanthropy program, boys from the Residential Community took part in the Young Philanthropist Initiative.

Four groups of Year 10 boys, each representing their boarding group, worked extremely hard to put together a presentation on a charity of their choice. The most persuasive presentation

to convince the judges of the impact of a \$4000 donation was judged the winner, with competition points also going towards our Residential Community student competition, the Gryphon. This year the group of boarding boys from Doust, who selected the charity of Feed the Little Children, was named the winner.

Feed the Little Children provides 300 hot, healthy meals two nights a week to children between zero and 10 years, and mainly from single-parent Aboriginal families who struggle to maintain household food security due to very low incomes, high costs of living,

overcrowding and a range of other complex historical, social, cultural and economic reasons.

This topic is very close to the heart of many students in the School and boarding house as we have a very strong Indigenous Program and one that we all support greatly. Several students volunteered their time to this charity to help support the children in need. The boys of Doust strongly believe that it deserves greater recognition within the community.

Congratulations to all the boys on embracing the competition.

SONY CAMP

NEIL SAGGERS / DIRECTOR OF ACTIVITIES

Yes, we did run a Sony Camp in 2020, one of the very few conducted in Australia! The planning group spent many hours in Terms 2 and 3 considering options and happily our plans worked very well.

We reduced camper numbers this year and increased staff and student volunteers. While the camp had a different feel to the previous 14 others, it still achieved its goals – a fantastic three days for the campers and respite for parents and carers, who also enjoyed Christmas lunch on Sunday 13 December with us.

The 13 campers really enjoyed the on-campus experiences this year; extended and enriched art activities, stand-up paddleboarding at the river and, of course, several swims in the pool. The campers were certainly very keen on the pool and great swimmers. We did not leave the CCGS site this year which, on reflection, was a good initiative and may influence planning for 2021 and beyond.

The Year 11s and returning Year 12s worked very hard, some of the campers being quite energetic, providing a few challenges for the companions. We also had COVID-19 cleaning and other duties for assistants to routinely complete, which they did with great enthusiasm and energy.

MLC staff again increased their involvement and our use of their gym for games and activities was most appreciated. We value the co-operative nature of Sony Camp with MLC as it builds relationships for students and staff. We also had excellent modified support from Alliance Catering, and Anne and Clare provided a wonderful menu over the three days in Sandover Dining Hall.

At the Christmas lunch, it was again very evident of how appreciative parents were of the time given to them, and also how tired and exhausted our team of volunteers was! Despite all the energy and effort required, Sony Camp remains a real highlight of the year for all involved. Mrs Joanna Simpson, Mr Neil Saggars and Mrs Lisa Broxton were thanked for their involvement and commitment over the past 15 years of Sony Camps at CCGS.

VENTURE

DYLAN ANG / PARTICIPANT

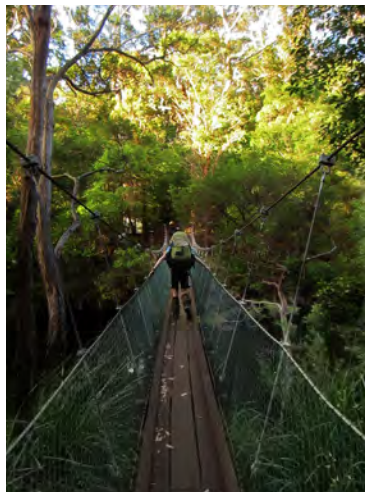

Spending 11 days on Western Australia's southern wilderness coast was certainly not easy. It was filled with long days of hot sand, endless trails and the blistering sun. But the experience was met with laughter and joy, especially the little moments and free breaks that came after a hard day's walk.

A moment that really stuck with me was on the sixth day. We had just completed a hike of around 29km the day before from Banksia to Mount Clare and now had a short canoe paddle to Bellanger Beach, with the Southern Ocean to one side and the Nornalup Inlet on the other. An early arrival meant we had lots of free time to swim and splash in the cool water and clean off all the grime and dirt from the last few days of walking. We hung out under a mega hoochie and played UNO. It was the moments like this which made the long days of walking worthwhile.

THOMAS SMYTH / PARTICIPANT

From pristine coastal waters to breathtaking forest scenery, Venture unveiled Western Australia's magnificent south-west coast. After gruelling days of sweat and tears, we emerged from the 30th Venture experience with strong signs of self-development and good virtue.

For me, the highlight wasn't reaching the peak of a mountain, or the feeling of accomplishment when arriving at our campsite; it was rather the journey that led me to these small, simple moments in nature that made me appreciate what I take for granted. What I took from Venture is that the only limits that exist are the ones in your mind, and once overcome, anything can be achieved.

HOUSES

BEATTY CUP HOUSE COMPETITION

NEIL SAGGERS / DIRECTOR OF ACTIVITIES

It is fantastic to be able to report that Wolsey House won the competition for 2020; partly because the boys in Wolsey were very good in all areas of the competition, and partly because in April there did not appear to be any chance we would have a competition at all in 2020.

Our House Swimming Carnival in Week 3 of Term 1 was again an event in which elite swimmers did very well and broke several school records, and in which most boys represented their Houses in at least one swim relay. In a little less than three hours, 79 events were held, five school records were broken, and a wonderful atmosphere was created for the House events to come.

Romsey won the carnival and Wolsey was a distant second. The big improvement on the night was from Noake, while Jupp, under new Head of House Mr Rob Vickery finished in eighth place, with some work to do.

The competition then went into hibernation for almost a term; our next modified event started our House Arts competition. Debating, Public Speaking and Chess occurred with reduced numbers and no audiences. We used the BigBlueButton – our remote learning platform so that boys could watch the performances. As restrictions lifted, we managed to complete the rounds and finals of House Arts, with Romsey winning the Public Speaking, Queenslea the Debating and Jupp the Chess. Hill House had one second and two

third placings and hence became the winners of the House Arts Cup for 2020.

Yes, the Beatty Cup competition was compromised this year; we cancelled the Cross Country, Athletics Carnival and the House Shout. However, after consultation with the prefects and Year 12s, we did push ahead with the Teams Carnival, which was postponed from Term 1. It was a huge success. A fantastic afternoon and so much participation and enjoyment at both venues, with seven Houses winning an event on the day. Craigie House was the eventual winner, being very consistent in all five sports. This win, and Romsey's eighth placing, completely realigned the Beatty Cup standings, with Wolsey winning overall with 17.5 points, half a point ahead of Hill House on 17.

BEATTY CUP HOUSE COMPETITION - 2020

Points Awarded: First = 8; Second = 7; Third = 6; Fourth = 5; Fifth = 4; Sixth = 3; Seventh = 2; Eighth = 1

CONGRATULATIONS WOLSEY - 2020 CHAMPIONS

CRAIGIE

HARRY DOWLING / CAPTAIN OF CRAIGIE

Well, what a year this has been! Missing out on several House and school activities meant the boys in Craigie bonded like never before. Through the very interesting times of online learning, we found a way to make light of our situation, creating quizzes and online sporting activities that were well received. Our younger years supported each other tremendously and on behalf of Craigie, I thank the awesome tutors, especially Ms Feldman, for her continued and never-ending passion and drive which we all admire.

A new initiative this year was our service activity in Term 3 for those at St Bartholomew's House in East Perth. We produced 50 care packs, consisting of toiletries for the homeless and people less fortunate than us. To generate some House rivalry this year, we created a Paper, Scissors, Rock competition. Unfortunately, we just fell short of winning but a massive congratulations to Allen He (Year 8) for representing Craigie in a hard-fought battle.

The House Teams competition followed, the pinnacle event for the Beatty Cup race

this year. The mighty Craigie boys showed excellent sportsmanship and tenacity, claiming victory for the third year running! An awesome achievement, especially with seven teams placing in the top two in their respective sports.

Again, a huge thank you from the boys in Craigie to our amazing team of tutors and Ms Feldman, and particularly from the Year 12s. I extend my gratitude to all who have been involved in Craigie over the past six years.

CRAIGIE HOUSE

BACK ROW: Harry Prosser, Oliver Leaversuch, Patrick Lee, Louis Douglass, Bodie Brazier-People, Tom Jackson, Tom Goldie, Bentley Gordon, Angus Finch, Hugh Davies, Matthew Lamb, Josh Lamb, Rudy Greville, Charles Court, Benjamin Ellis, Tom Su, Samuel O'Brien, Edward Handley, Digby Forshaw, Sebastian Clark, Lachie Robson, Ethan Boyle

FIFTH ROW: Ollie Bailey, Oliver Powell, Toby Cann, Abhinav Bagubali, Lachlan Wilson, Nic Hill, Zeph Netherway, William Henry, Marcus Anderson, James Marshall, Will Bailey, Charles Kiggins, Fletcher Netherway, Ben Lynn, Jack Sheldrake, Charlie Shan, Cameron Lee, Rowe O'Callaghan, James Robson, Jack Crago, Lachie Hill, Luke Nixon, Diyoan Gajanayake

HILL

ROHAN WARING / CAPTAIN OF HILL

After a prolonged period of rebuilding, the Hill bulls came into 2020 stronger than ever and displaying great optimism.

With the addition of some star swimmers over the past few years, we felt confident about our chances in placing well in the House Swimming Carnival. However, we left HBF Stadium a little disappointed, finishing sixth. The night was not all filled with calamity though, with some brilliant individual performances from Year 7 young guns Jackson Anderson and Sam Hicks, showing promise for the years to come. All boys enjoyed themselves and displayed a valiant effort across all levels of swimming.

In an interrupted year, many House events were cancelled, placing a higher onus on Hill's strong suit – the House Arts. Weeks of rigorous training, practice and tutelage resulted in some erudite speeches and chess gambits. The Chess team, led by the silent killer Adam 'Budge' Robbins and unpredictable wildcard Barney Woo, both in Year 12, finished in third place. The Public Speaking unit, employing a new mentoring scheme, headed by House leaders Harry Cooney and Rohan Waring, also came third. The Debating team demonstrated elite skills throughout the season, only to be knocked out by a skilful opposition in the final. Our consistency across the House Arts events resulted in us winning the trophy and placing us back in contention for the Beatty Cup.

The final event of the year was the prestigious House Teams Carnival. All teams displayed grit and determination throughout the afternoon to finish third.

Once the numbers for the Beatty Cup were crunched, we unfortunately came second by a mere half-point. This is certainly nothing to be ashamed of, with a significant improvement on last year, leaving the boys keen to earn the top spot in 2021.

Finally, 2020 sees the end of Mr Peter Thorne's 13-year tenure as Head of Hill House, which can only be described as incredible. He has had a profound impact on all Hill boys with his competitive, yet caring, character. We are all deeply grateful for all that he has done. Kudos.

HILL HOUSE

BACK ROW: Alex Clarke, Will Medhurst, Eddie Gao, Oliver Richardson, Harris Borman, Brady Vidler, Sean Morgan, Campbell Calder, Nathaniel Elks, Harper Gadsby, Connor Asphar, Ashley Porter, Cameron Minchin, Samuel English, William Kay, Bryce Burnell, Ashton Torre, James Lugg, Sol Alder, Dan Morgan, James Lee, Andrew Edis

JUPP

TOM RISTOVSKY / CAPTAIN OF JUPP

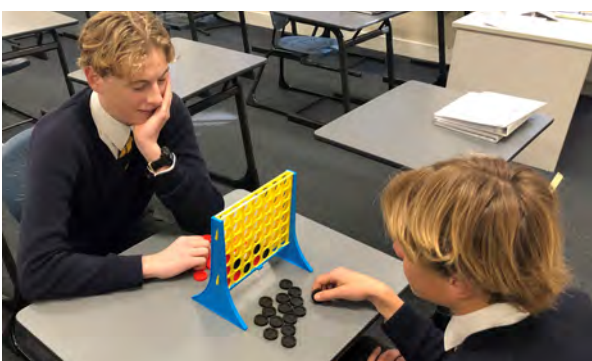

With a new leader on the throne in Mr Vickery, the Jupp boys were looking to make a statement early in the Beatty Cup. House Swimming was up first and despite brilliant chanting and cheering, led by Year 12s Hamish Dickins and Jesse Keleman, the boys finished a disappointing eighth.

Although COVID-19 put a hold on some House events, this didn't stop the mighty Jupp boys getting involved. House Arts was a great arena in which to bounce back and they didn't let this

opportunity pass. With success over the past years in House Chess, 2020 was no different. Led by Year 12s Theo Browne, Aran Wheatley and tutor Mr O'Brien, the boys were victorious, finishing on top. House Debating and Public Speaking showed great depth with young guns Jake Hashem and Jacob Moffet (Year 7) already causing trouble for the opposition. Led courageously by Max Godfrey (Year 11), Kartikeya Kaushal (KK) and Sam Assumption (Year 12), the boys were in safe hands finishing a respectable fourth in both domains.

Around Jupp, new initiatives helped the boys during this turbulent year. Quirky videos by the prefects kept the boys connected during online learning and a buddy system, set up brilliantly by tutor Mrs Dunstan, saw Year 11 leaders help the younger boys with studying, organisation and planning.

On behalf of the Jupp boys, we'd like to thank all the tutors, along with Mr Vickery, for their tireless support and work. We wish Jupp great success in the years to come.

JUPP HOUSE

BACK ROW: Prewitt Nair, Sam Maurice, Thomas Smyth, James Tran, Harry Day, Oscar Palandri, Junjie Chen, Max Rohr, Will McCoubrie, Will Colvin, Lucas Konowalous, Korede Oyemade, Chili Farmer, Charlie Sinclair, Matthew Bailey, Spencer Wright, Christopher Wallwork, Sam Robins, James Renton, Benny Johnston, Max Godfrey, Kai Marns-Morris

FIFTH ROW: Thomas Arbery, Andrew Tan, Sam Day, Max Dumas, Cameron Kehal, Andrew Zhang, Rohan Auret, Emil Ong Ee Zy, Ben Cooke, Oliver Wheatley, Joe Hoedemaker, Jeffrey Shenton, Joshua McCoubrie, Orlando Keleman, Aiden Hollingsworth, Luca da Silva Rosa, James Boyd Adams, Nicholas Tan, Nicholas Cook, Harry Williams, Benjamin Keen, Aiden Tubby, Leo Brown

MOYES

WILLIAM VAN DONGEN / CAPTAIN OF MOYES

2020 was a year to remember. We started with the induction ceremony to welcome new knights into the Moyes brotherhood. And, in what is becoming a tradition, the Moyes House Prefects donated a medieval helmet, adding to the growing armoury held in the Moyes keep. Shared rituals, such as the knighting ceremony, all contribute to the sense of unity and belonging that defines Moyes House, created by our Head of House, Mr Michael Masterton.

Early in Term 1, Moyes gave a solid performance at the House Swimming Carnival, coming fourth overall. Moyes was proud that two of the year group champions were our boys: Kalani Chong Sue (Under 14 Champion) and Jason Lu (Joint Open Champion).

This year, with the onset of the COVID-19 pandemic, this sense of unity and belonging to our House was never more important. The pandemic resulted in the cancellation of some House events and competitions such as the House Shout, the House Athletics and the House Cross Country. School assemblies and chapel services were cancelled for a number of months and so our House and tutorial groups became extremely important in creating a sense of belonging and community.

Our annual fundraiser also had to be modified, but consistent with virtues of generosity and

protection of the needy, we donated items to a food drive for Foodbank. The Moyes boys should be proud of our donations to those less fortunate.

In Term 3, the House Arts Competition and the House Teams Carnival were held and Moyes boys threw themselves into the competition, relishing the opportunity to represent their House. Although the Beatty Cup evaded us,

the Moyes boys should be proud of their strong efforts and teamwork.

It was an honour to be your House Captain and to lead the team of Moyes Prefects whom I thank for their support, hard work and friendship. I also acknowledge Mr Masterton and the House tutors. This year, teachers never worked harder and it was truly appreciated by all of the Moyes boys.

MOYES HOUSE

BACK ROW: Luke Colgan, Fletcher-Wetherell, Reuben Dring, Nic Ng, Declan Carroll, Robbie Frazer, Xian-Meng Flynn, Tucker Bailey, Daniel Baltis, Luke McManus, Campbell Hart, Zak Reed, James Purdy, James Salter, Jordan Chan, Ben Shields, Nicholas Coutts, Matthew Mitchell, Hugh McCarthy, Sebastian Basson, Nicholas Shields, Nicholas Tomlinson, Samuel Cheney

NOAKE

CONOR BROGAN / CAPTAIN OF NOAKE

2020 was a year like no other. Sadly, many events were cancelled and opportunities to shine were limited, however, the mighty Noake spirit did shine through.

The year began by welcoming our Year 7s into the fold. I commend them on their involvement and positivity in challenging circumstances and acknowledge the invaluable role the senior boys played as 'big brothers'.

The House Swimming Carnival saw the Year 12 Noake boys dominate, placing in the top four in every event. Congratulations to Charlie Emanuel (Year 12) who came third overall in his age group and Kai Wylie (Year 11) who didn't disappoint, once again leaving his name in the record books in the 50m Freestyle and as age group champion.

Unfortunately, the House Athletics was cancelled but Tom Grylls (Year 8) thrilled at the PSA Athletics Carnival winning both the individual 400m and the 4 x 400m Relay, while Henry Davis (Year 11) dominated the Ray House Run.

The House Arts was superbly led by Year 12s Sam Gelavis (Chess), Morgan Klug (Debating) and Shane Macdonald (Public Speaking). Honourable mentions go to Year 12s Hugo Welborn and Rafferty Maher for Chess, and Year 11 boys Ed Stoddart and

Harry Davison-Petch for Debating, and Joel Hurworth and Rishi Yogesan for Public Speaking.

The House Teams Carnival saw some strong performances and was topped by the boys in brown taking first place in football for the first time since 2013.

I would like to thank Mr Foster and the Noake staff for steering us through this unusual time and for their dedication in making our academic year as seamless as possible. Thank you also to Sam Gelavis – my 2IC, the Noake House Prefects, and to the Year 12 cohort for your contributions and keeping the mighty Noake spirit alive. It's been a great six years together.

GO MIGHTY NOAKE!

NOAKE HOUSE

BACK ROW: Oliver Crooke, Leo Belin, Matthew Preston, Angus Kay, Anton Komminos, Benji Brockman, Samuel Claxton, Charlie Emanuel, Christian John, Joe Harwood, Edward Hellings, Lachlan Fairhead, Andey Teng, Henry Davis, Ted Oakley, Lachlan Oakley, Felix Banks, Kai Wylie, Rafferty Maher, Hugh Kilpatrick, Benjamin Dreyer, Byron Cridge

QUEENSLEA

TOBEY MARTIN / CAPTAIN OF QUEENSLEA

After a very successful 2019 for the tigers of Queenslea House, the boys aspired to win in 2020.

This year's campaign for the Beatty Cup started strongly, the first event being the House Swimming Carnival. Queenslea ended up coming third, earned through the depth of our swimmers and standout performances from Tom Michael (Year 10), Joshua Nowrojee (Year 10) and Sam Fretwell (Year 11).

Ultimately, COVID-19 cut short the Beatty Cup, with the Cross Country, Athletics Carnival and House Shout competitions all being cancelled. This situation hurt our chances at a run for the cup, as these events are traditionally some of our best.

Regardless, the Queenslea boys gave everything we had in the House Arts and House Teams competitions, with Queenslea coming third and fifth respectively. Special mention goes to the Debating team and Year 11s Stuart Everett and Max Brampton, who led the team to an impressive first place victory.

COVID-19 unfortunately stopped Queenslea's yearly stair climb fundraiser in Central Park for the Make-A-Wish Foundation, but I know that everyone is excited to attack those familiar steps next year.

2020 was also the last year for Mr Gibson as our mighty Head of House. On behalf of Queenslea, we thank you for everything you did for us. I can confidently say that you were

the glue of this House and without you, we wouldn't be the House we are today.

Finally, thank you to all the tutors, the House Prefects and all the boys for an amazing final year at Christ Church. It was an honour to be your House Captain for 2020 and best wishes for everything that comes your way in the future.

QUEENSLEA HOUSE

BACK ROW: Michael Kalafatas, Miles Wyllynko, Noah Kowald, Jim Billingham, Benjamin Vines, Ashton Mah, Cooper Whiting, Raphael Ward, Max Brampton, Ben Remke, Luke Brown, Oliver Harmer, Ryan McDonald, Andrew Goddard, Malcolm Nicholas, Hudson Whiting, Andrew Metcalf, Jack Turbull, Michael Paulik, Hugh Vines, Orison Pestell, Samuel Fretwell

ROMSEY

ARMAN BRIAN / CAPTAIN OF ROMSEY

With the school calendar disrupted by COVID-19, this year was different to say the least. However, the Romsey boys took it as a challenge, having yet another successful year filled with camaraderie and mateship.

Kicking off the year with the House Swimming Carnival, it was sheer dominance across the board, with each year group putting in a shift. With stars like Year 12s Joshua Shipton and Finn Kelly leading the way, we were confident that the swimmers would come away with gold, and that we did – for the fourth consecutive year!

House Arts had the boys gearing up with firepower, selecting the best speakers and chess players. This year, we had yet another dominant performance, winning the Public

Speaking, placing fifth in Debating, and most importantly, second in Chess! Historically, Chess has not been our forte. However, under the guidance of Zac Ching (Year 12), it was quite the opposite.

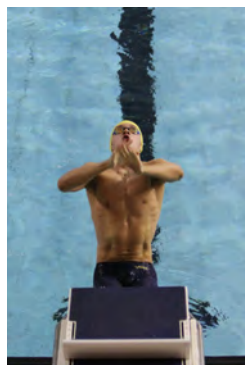

This year, the Peer Support Program was more important than ever. Holding fun sessions created a safe environment for the younger lads to open up to one another and form strong bonds. The Peer Support Leaders did a superb job, always looking out for their Year 7 buddies, allowing the younger boys to smoothly transition into Senior School during turbulent times.

The prefect body's goal in 2020 was to promote a culture of acceptance that encouraged boys to step out of their comfort

zone and rise to any challenges. Personally, I believe this expectation was exceeded. Boys constantly checked on one another, ensuring Romsey was always in contention. An example that epitomised this effort was watching Xavier Craig (Year 7) fill in for a 1km race in borrowed PE gear and no shoes! That's the Romsey spirit!

All in all, the motivated and enthusiastic prefect body, paired with Mrs Pentony and the supportive House tutors, formed an unstoppable team that allowed the House to function cohesively throughout the year.

I wish the 2021 Romsey prefect body and all the boys the best for next year. I hope the legacy and culture we created this year endures, and that the House continues to achieve success.

ROMSEY HOUSE

BACK ROW: Charlie Stevenson, Max Stokes, Grant Hogarth, Isaac Davies, Hugo Butler, Kade Nelles, Digby Taylor, Matthew McGrath, Lachlan Sellars, Matthew Sisson, Braelyn Dale, Daniel Jones, Evan Vellar, Jack Reynolds, Parker Robinson, Tom Chatfield, Asher Horgan, Kieran Bucktin, Nicholas Hamdorf, George Playford, Jack Love, Lochie Evans

WOLSEY CHAMPION HOUSE

JES BROMLEY / CAPTAIN OF WOLSEY

Throughout the year, the Wolsey wolves consistently strove to achieve our best. Our athletic superiority was apotheosised in our swimming performances, the fresh boost of our Year 7s certainly aiding in the narrow one-point victory over Queenslea for second place!

Our philanthropic endeavours were stellar with our Year 10s raising close to \$10 000 for the Anglicare WA School's Homeless Sleep Out. Likewise, our House Arts performances were celebrated; the Debating team being led to a landslide victory by prefect Jasper Coombes-Watkins.

The Teams Carnival showed a commendable level of participation throughout our community, and the seriousness and vigour with which all boys perceived the event was inspirational! This performance was crucial in establishing Wolsey as the Beatty Cup champions for 2020, the first time in 12 years! I find it fitting that the most inclusive event of all – the House Teams Carnival – was the one that pushed us over the line, aligning our victory with the House motto: 'Excellence through teamwork'.

A win in the Ray House Run topped off the year; special mention goes to Kalani Brooks (Year 12) and Jakob Akhlil (Year 8) for winning their races. The culture in Wolsey is rich and bright, having a vast range of wonderful characters that I will very much miss next year. Our thanks to Mr Phillips and all the tutors for their support this year.

WOLSEY HOUSE

BACK ROW: Thomas Dempster, Ben Colvin, Jonah Brooks, Jack Temptra, Sam Rose, Monte McGrath, Lucas Goebel, Eden Haythorpe, Joshua Fry, Mark Morris, Geordie Bartle, Tom MacGill, Joel Newton, Patrick Walker, Rafe Haselhurst, Harrison Bartley, Tom Steven, Nicholas Johns, Charlie Steven, Kalani Brooks, Angus Roberts, Manus O'Leary

WALTERS RESIDENTIAL COMMUNITY

HARRY STEVENSON / VICE-CAPTAIN OF WALTERS RESIDENTIAL COMMUNITY

2020 was unprecedented, with boarding forced to shut down for a few weeks due to COVID-19.

By the start of Term 2 restrictions had eased and the reappearance of sport returned for all years, with the boarders again contributing strongly to their sides. First XVIII players Kalani Brooks (Fairest and Best), Hamish Dickins (Runner-up Fairest and Best) and Jackson Dring (Coach's Award) typified this contribution.

The culture of boarding was at an all-time high in 2020 and this was largely due to the leadership of the senior boys, with six School Prefects amongst the cohort. Whilst some of our usual excursions and events were restricted this year, we made the most of on-campus activities and enjoyed the camaraderie of the boarding boys. The gym and the new aquatic precinct were particularly popular this year, as boys sought opportunities to be active on campus.

A new initiative in 2020 was the Young Philanthropist competition, in which the Gryphon groups in boarding advocated for a regionally focused charity, with the winning group having the pleasure of donating \$4000 to its chosen charity.

This year was like no other and it is due to the teachers and boarding staff that we were able to enjoy school and boarding the way we did, so to all the staff, thank you.

WALTERS RESIDENTIAL COMMUNITY

BACK ROW: Kalani Brooks, Tom Steven, Lachlan Sellars, Noah Kowald, Charlie Sinclair, Geordie Bartle, Braelyn Dale, Lachlan Fairhead, Joe Harwood, Andy Teng, Junjie Chen, Digby Forshaw, Charlie Steven

AQUATICS: SWIMMING

PSA CHAMPIONS

JASON LU / CAPTAIN OF SWIMMING

As three-time defending champions, Church Swimming entered the 2020 season as favourites, and was determined not to disappoint. Armed with a strong crop of Year 7s, the boys wasted no time getting back into the pool and gym in early January. As always, Mr Bill Kirby worked us hard throughout the pre-season, ensuring that we were equipped with the speed, fitness and confidence we would need to succeed once again.

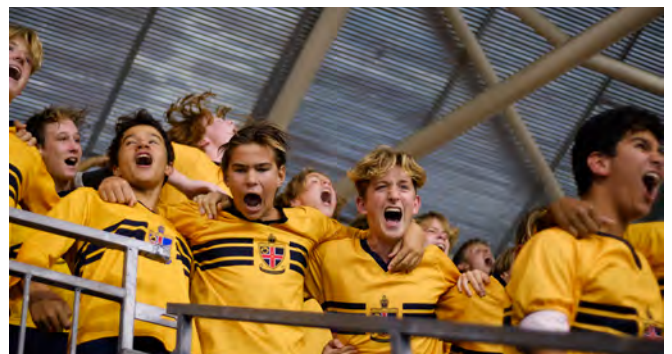

Over a few informal meets and the House Carnival, the boys raced to earn their prized places in the School's swim team. The results were demonstrated at the Quads carnival in

which we won our 12th consecutive John Ryan Shield with a convincing victory over Trinity. The team was looking strong, but our real test would come at the PSA competition, two weeks later.

Come the night of the meet, we knew we would have a tough few hours ahead, but the boys rose to the occasion, taking the lead from the beginning and never relenting. Special mention goes to record breakers Jackson Anderson (Year 7), Sam Hicks (Year 7), Thomas Michael (Year 10), Nicholas Johns (Year 11) and Kai Wylie (Year 11). However, perhaps most impressive, was the School's relay performances; in a powerful display of

team spirit, the boys placed first or second in 21 of the 24 relays on the night. Our 280-point victory over second place finishers, Hale, is owed to the collective efforts of every boy on the team.

On behalf of the team, I'd like to thank and acknowledge coaches Mr Bill Kirby, Mr Will Greenwood and Mr Travis Nederpelt, as well as all the age group managers and other staff who have contributed to our continued success. Four consecutive PSA titles is a testament to their passion, commitment and dedication to the team, and I trust that CCGS Swimming will continue to excel in years to come.

PSA INTERS SWIMMING - PSA CHAMPIONS

FOURTH ROW: Thomas Arbery, James van Dongen, Oscar Fischer, Tom Stevens, Luke Colgan, Angus Sheldrick, James Russ, David Kovacs, Hamish Brogan, Oliver Moran, Sam Day, Elliot McNeilly, Alex Graham, Ash Gibson, Ari Barboutis, Leon Cardaci, Myles Blake, Kalani Chong Sue, Callum Chin, Callum Leggett

THIRD ROW: Oscar Males, Lucas Downs, Joshua Nowrojee, Jeremy Reynolds, Sivan Sharma, Hugo Fischer, Matt Shephard, Benjamin Shipton, Theo Browne, Liam Dey, Regan Tubby, Charlie Reynolds, Joshua Foster, Ethan Duffy, Ronnie Hobson, Charlie Butlin, Tom Offer, Darcy Finch, Matthew Tan, Sam Hicks, Massey Doolan

SECOND ROW: Sam To, Benjamin Frank, Henri Rose, Albie Stevens, Tom Kennington, Jeremiah Wang, Andre Ristovsky, Jakob Akhili, Tom Edibam, Billy Ure, Nicholas Treloar, Tom Fox, Zac Barboutis, Jack Woodard, Bence Kovacs, Jackson Anderson, Oliver Douglass, Jetlen Egerton-Warburton, Dylan Johnson, Max Eldon, Hamish McCarthy, Tom Wittenoom, Sam Harding, Theodore Trott

FRONT ROW: Kingston Lim, Alex Eddison, Frederick Dharsono, Oliver Laird, Zenith Shakbaie, Solomon Backshall, Ms Megan Pentony, Mr Will Greenwood, Mr Bill Kirby, Oscar Brant (Vice-Captain), Jason Lu (Captain), Mr Luke Farmer, Ms Katie Dunstan, Dr Holly Rose, Charlie Bydder, Duke Fogarty, Joshua Clements, Joshua McManus, Tom Hay, Liam Chan

AQUATICS: WATER POLO

CHARLIE EMANUEL / CAPTAIN OF WATER POLO

The Christ Church First VII Water Polo team came second this season with opponents Scotch College winning the Dickinson Shield, ending a two-year winning streak for the School. Years 7, 8 and 9 all performed well, with most divisions only losing one or two games over the season.

The boys trained for two hours a day over five continuous weeks in the summer holidays. Term 1 came around with the first game against Wesley. This was our first match in the new pool, so tension and excitement were high. After a close last quarter, the boys managed to secure the win 11-8 to solidify the first win in the new Christ Church and MLC Aquatic Precinct.

Special mention goes to Year 10 players Sam Day and Alex Graham, who played consistent and valuable roles in the team throughout the season while being the youngest, and Seconds players Daniel Jones and Solomon Backshall, who didn't miss a single First VII training session. Year 11 players Angus Sheldrick and Luke McManus stepped up this year as dominant players, scoring numerous goals between them in their Firsts debuts. Captain Charlie Emanuel and Vice-Captains Harry Dowling and Conor Brogan led the team through some tough times, especially after finding out the team couldn't play the final two games against Scotch and Aquinas. Year 12 players Finn Kelly, Tom Ristovsky and Lucas Konowalous all played vital roles in the team, securing a second place finish.

Congratulations to the following First team players: Tom Ristovsky (Coaches' Award), Angus Sheldrick (Runner-up Most Valuable Player) and Charlie Emanuel (Most Valuable Player).

FIRST VII WATER POLO

BACK ROW: David Kovacs, Lucas Konowalous, Daniel Jones, Luke McManus, Anton Komninos, Mr Alex Gunnel (Coach)

MIDDLE ROW: Solomon Backshall, Sam Day, Alex Graham, Angus Sheldrick

FRONT ROW: Tom Ristovsky, Harry Dowling (Vice-Captain), Charlie Emanuel (Captain), Conor Brogan (Vice-Captain), Finn Kelly

ATHLETICS

TIM CHANEY / TEACHER IN CHARGE OF ATHLETICS

Like many facets of school life in 2020, the PSA Athletics season was disrupted by the impact of COVID-19. The delayed winter season meant there was little time for the CCGS Athletics Team to prepare for the carnival held on 11 September.

With neither the House Athletics Carnival nor the annual Quadrangular meet able to proceed, the team was brought together quickly with a limited number of trials. Given the cancellation of all competitive meets in the lead up to the PSA carnival, it was very difficult to predict how the team would fair. Despite the steady improvement in results over previous years, CCGS faced a big challenge in bettering its performance in 2020.

There were many outstanding individual and team performances throughout the day, with the highest number of School records broken in a single meet. Some of these highlights included:

UNDER 13

William Kempson led both his age group and CCGS, scoring 64 individual points. He broke the School's record in the High Jump and Triple Jump, winning the Division 1 events. He also finished first in Division 2 400m and Long Jump and was a member of the School's record-breaking 4x100m team. Jackson Anderson scored 60 points with top three placings in five events. Alfie Mill broke the Under 13 80m Hurdles school record whilst Cameron Bills finished second and third in his two distance events. The Under 13s took first place overall in their age group, a fantastic achievement.

UNDER 14

Massey Doolan had two first place finishes in Division 1 events, winning the 200m and 400m and finishing second in the 100m. He combined with Kalani Chong Sue, Aaron Goh and Calvin Teoh to win the 4x100m Relay in a School record time of 48.55 seconds. A School record was also broken by the winning 4x400m Relay team consisting of Jakob Akhlil, Tom Grylls, Lincoln Hobbs and Alfie Mill. Many of these boys featured strongly in individual events, with the Under 14 age group placing second overall.

UNDER 15

Dylan Calderwood competed in five events, placing second in three and finishing with 35 individual points. Matthew Tan also scored strongly in what was a demanding day on the track. James Appleyard and Lucas Koh combined well in the middle distance events, with three top-three finishes between them. The Under 15 4x100m team, consisting of Mayowa Afolabi, Dylan Calderwood, Daniel Hales and Tom Sergeant, was also impressive – finishing second.

UNDER 16

Oliver Austin contributed strongly with good results in the Triple Jump and Long Jump. Nic Hill also performed well in the High Jump, placing second in Division 1. Several boys stepped up and competed admirably in a year group which was impacted by injury. Special mention must go to Joshua Neervoort who raced an age group above his own for a second year in a row, competing in the 1500m in which he broke a School record.

UNDER 17

Kai Wylie dominated the throwing events, placing first in the Shot Put and second in Discus. Parker Robinson had two top-three finishes on the track while Rudy Greville and Joel Hart both finished second in their respective High Jump events. Nicholas Johns also had a busy day, competing in the 100m, 200m and 4x100m.

OPEN

Co-Captains Oscar Brant and Theo Browne commanded the team with enthusiasm and effort, with Theo leading his age group with 30 points. Lucas Goebel had a first-place finish in the Division 2 100m whilst Oliver Higgins had good results in his two throwing events. Many thanks must go to the Open age group athletes who competed in the blue and gold for the final time.

Overall, the team was outstanding and managed to secure fourth place overall. This is Christ Church's best placing in 25 years. As we look to 2021, I am confident CCGS has the potential to push even further up the rankings and challenge the top three powerhouse athletics schools. Many thanks goes to the Physical Education and Sport department staff who assisted in coaching and preparing the team.

PSA ATHLETICS TEAM

BACK ROW: Luka Brown, Nicholas Johns, Lachlan Oakley, Nicholas Courtts, Jesse Keleman, Joseph Rohr, Harry Dowling, Joel Newton, Korede Oyemade, Rudy Greville, Henry Davis, Patrick Walker, Tom Ristovsky, Parker Robinson, Lucas Goebel, Daniel Baltis, Noah John, Grant Hogarth

FOURTH ROW: William Martin, Vaughn Robson, Nic Hill, Joshua Harmer, Nic Ng, William Kempson, Kai Wylie, Hugo Gibbs, Finn Kelly, Kalani Brooks, Will Wardle, Nicholas Tomlinson, Oliver Austin, Owen Pang, Angus Roberts, Will Bailey, Aiden Tubby, Samuel Cheney, Edward Willesee

THIRD ROW: Tom Sergeant, Oliver Magraith, Seville Cooper, Orlando Keleman, Ollie Wardle, James Appleyard, Oliver Higgins, Theo Browne, Oscar Brant, Jago Field, Luke Colgan, Diyoan Gajanayake, Jackson Dring, Matthew Garside, Thomas Harris, Oscar Males, Mayowa Afolabi, Sam Gibson, Jes Bromley, Dylan Calderwood

SECOND ROW: Jakob Akhili, William Oakley, Jackson Anderson, Massey Doolan, Tyrell Stewart, Daniel Hales, Benjamin Shipton, Jacob Cocks, Scott Caporn, Max Duff, Lincoln Hobbs, Lucas Koh, Kalani Chong Sue, Clancy Dennis, Lochie MacKenzie, Travis King, Matthew Tan, Ethan Duffy, Cameron Leggett, Reece Duckworth, Sam Brampton, Aaron Goh

FRONT ROW: Alfie Mill, Edward Rawlins, Ryan De Marchi, Sam Minchin, Sam Harding, Luke Dorsett, Tom Poulson, Isa Yusoff, Andre Ristovsky, Tom Grylls, Mr Tim Chaney (Coach), Haimish Collins, Calvin Teoh, Harrison Tay, Oliver Baker, Elijah Dennis, Lachlan Evershed, Darcy Sergeant, Joshua Neervoort, Ben Whiteman, Cameron Bills

BADMINTON

BRENDAN JONES / CAPTAIN OF BADMINTON

After a record-equalling second position finish in last year's competition, the boys were eager to take out the badminton trophy this season. With key players Theo Browne (Year 12) and Luka Brown (Year 12) switching to badminton from other sports, the team appeared competitive. A shortened season meant each fixture was crucial and as the season was ultimately decided by as little as two points, team members can hold their heads high.

The season was defined by highly competitive fixtures against key rivals Wesley and Hale who were also in contention for the Brother Kelly Cup. A win over Wesley for the first time in 16 years meant our spirits were high, and even after a 5-4 loss to Hale after four, nail-biting three-set matches went against CCGS, the boys never lost hope. After dominating all other schools, the season came down to a 'do or die' clash against Hale. Unfortunately, Hale proved too strong and once again, CCGS finished in second position for a third successive year.

Although the First team comprised of only Year 12s is departing, the younger year groups are full of talent and CCGS Badminton will once again charge towards the Brother Kelly Cup. This is foreshadowed by an undefeated Seconds team as well as strong success throughout the Badminton fraternity. We would also like to extend gratitude to Mr Nick Kidd and Mr Drew McDonald for their continued efforts and motivation throughout the season.

FIRST VI BADMINTON

BACK ROW: Lochie Evans, Mark Morris, Mr Nicholas Kidd (Coach), Will Edibam, Isaac Yeo

FRONT ROW: Peter Fang, Adam Robbins, Brendan Jones (Captain), Larry Shi (Vice-Captain), Luka Brown, Theo Browne

BASKETBALL

ALEC McDONALD / CAPTAIN OF BASKETBALL

Christ Church Basketball as a whole enjoyed some of its most successful matches this season.

The First team included students from many years including Year 9s, Orlando Keleman and Matthew Tan, who participated in all the team's training sessions and were handy water boys on game day. Off the back of the team's MVP Tobey Martin (Year 12), the First team managed to secure a season record of five wins to five losses.

This success was mirrored by the Second team, which finished with a season record of six wins to four losses, backed by some outstanding performances by Luke Brown (Year 11) and Jesse Keleman (Year 12). This was complemented by basketball in the junior years showing a lot of promise for the future. Both the 7As and 9As dominated almost every opponent that came across their paths.

Overall, the future is bright and after a successful trip to the US over the 2019 summer holidays, I'm sure many young basketballers honed their skills while socially isolating in the hope of being invited on a tour in the future.

FIRST V BASKETBALL

BACK ROW: Mr Rob Vickery (Manager), Braelyn Dale, Benjamin Ellis, Tobey Martin, Mr Mike Ellis (Assistant Coach), Lucas Moore, Mr Brad Armstrong (Coach), Declan Barrett, Josh Lamb, Harper Gadsby
FRONT ROW: Jesse Keleman, James Sarre, Alec McDonald (Captain), Owen Pang, Vaughn Robson

CRICKET

OLIVER HIGGINS / CAPTAIN OF CRICKET

We started the season against Trinity; unfortunately, we couldn't defend a respectable 195 despite a key performance from Fletcher Netherway (Year 11).

Next, we played Guildford on a scorching day and proved the better team, earning a much-needed confidence boost after a convincing result. We then shifted our attention to crosstown rivals, Scotch. A valiant surge from the tail wasn't enough as Scotch prevailed as victors by a handful of runs.

In Week 4 we played Wesley, and after a strong performance with the bat, notably Joseph Rohr (Year 12) who passed 50, we defended our score.

The next two games proved to be a reality check – losing both.

We started off the new year with a terrific win against Wesley; Joseph Rohr was, once again, in the runs.

We stumbled in our next game, falling short to a Guildford side who played impressive cricket.

The highlight of our season was the following week's victory against Trinity who ended up winners of the competition, taking out the Darlot Cup.

Hale would prove simply too strong for us in our last game.

Overall, this year demonstrated how bright the future of Church Cricket is, with several junior teams having terrific seasons. The Year 8 and 9A teams were undefeated the whole season, which is simply unheard of. Well done to all cricketers for another successful season.

FIRST XI CRICKET

BACK ROW: Max Rohr, Paul Boyatzis, Jack Cooper, Thomas Harris, Oliver Higgins (Captain), James Williams, Diyoan Gajanayake, Rufus Zampatti (Vice-Captain), Harry Williams

FRONT ROW: Joseph Rohr (Vice-Captain), Daniel Miles, Campbell Hart, Fletcher Netherway

CROSS COUNTRY

JES BROMLEY / CAPTAIN OF CROSS COUNTRY

2020 was a revolutionary year for running. However, no record breaking Kenyan nor billion-dollar company has even come close to the awe-inspiring prestige and enterprise of the Cross Country Team.

Mr Marai and Teacher in Charge Mr Chaney harnessed the enthusiasm of the youngsters to develop an unparalleled culture of determination and respect amongst the group. The dominance of Aquinas throughout the winter was too established to contest first place; our competitive rivals then became Scotch and Wesley. CCGS pummelled all teams in the 5 x 3km Relay, with special mention to the winning relay team of Jes Bromley (Year 12), Sam 'Slam' Duncan (Year 12), Lucas Koh (Year 9) and Joshua Neervoort (Year 9) which finished over a minute ahead of Aquinas.

With five of our top 15 runners out due to injury, our final 8km Kings Park fixture saw Henry Davis (Year 11) put in his best run of the season to see CCGS slot into third place, one point behind Scotch, with Aquinas taking the overall win. With an abundance of talented junior runners, such as Cameron Bills (Year 7), Jonah Hanikeri (Year 8) and Alfie Mill (Year 7), great things are surely to come from this team in the future.

FIRST XV CROSS COUNTRY

BACK ROW: Nicholas Shields, Parker Robinson, Henry Davis, Geordie Bartle, Jeffrey Shenton, Braelyn Dale, Joe Harwood, Matthew McGrath, Sam Duncan
THIRD ROW: Liam Bong, Matthew Garside, Harry Day, William Henry, Ben Hart, Lucca Harvey, Tommy Fermanis, Charlie Stevenson, Jack Crago, James Appleyard
SECOND ROW: Mr Jacob Marai (Coach), Sam Brampton, Mitch Watson, Lucas Koh, Daniel Clayton, Oliver Magraith, Benjamin Shipton, Zachary Cheng, Jakob Akhlil, Mr Tim Chaney (Coach)
FRONT ROW: Jake Hashem, Joshua Neervoort, Oscar Koh, Jonah Hanikeri, Jes Bromley (Captain), Morgan Klug (Vice-Captain), Anish Weerasooriya, Cameron Bills, Alfie Mill

FOOTBALL

JACKSON DRING AND SAM GELAVIS / CO-CAPTAINS OF FOOTBALL

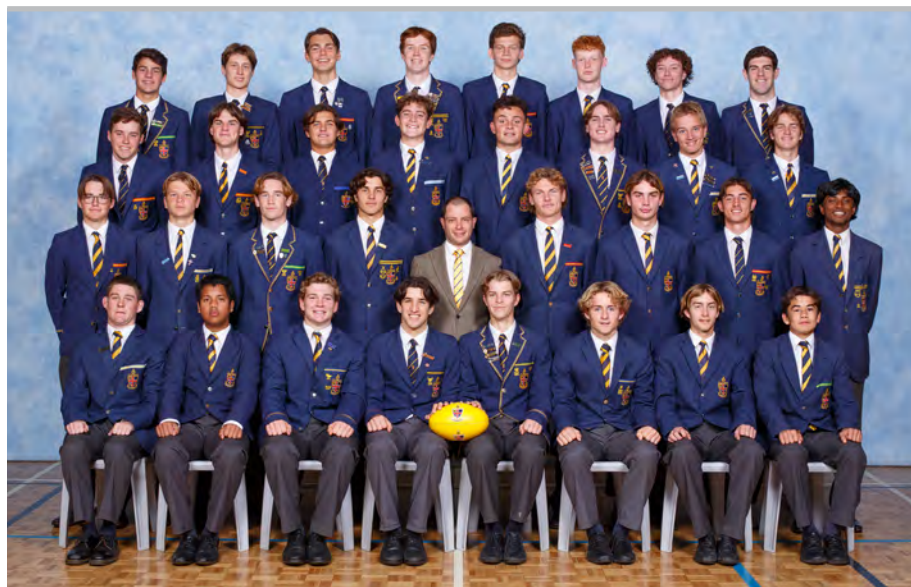

2020 was one of Christ Church Football's better seasons with consistent performances from many teams.

The Year 7s had a tough maiden season, being the underdogs of the competition, yet managed to pull off wins here and there. Special mention goes to the all-star Joshua McManus (Year 7) who improved the team's style of play. The ruthless Tom Grylls (Year 8) led from the front as he and the 8As came away undefeated, showing that talent is developing in the younger years. Similar to the Year 7s, the 9As only managed to win two of their eight games, however, many of their players were amongst the top performers, showing depth.

The Year 10s suffered a huge list of injuries which inevitably put them at a disadvantage, but to their credit, they still won just under half of their games. As veterans of school footy, the First XVIII began as favorites to win the Alcock Cup. With early wins against Wesley, Hale and Guilford, the season looked promising, however, two one-point losses to Aquinas and losses to Scotch saw us out of contention.

We'd like to thank all the coaches for making this year such a special one and to everyone – the best of luck for the future.

FIRST XVIII FOOTBALL

BACK ROW: Tom Ristovsky, Thomas Keogh, Oliver Harmer, Lucas Moore, Luke Brown, Hugh Davies, Joseph Rohr, Harry Dowling

THIRD ROW: Harry Williams, Dan Morgan, Finn Kelly, Jonah Brooks, Kalani Brooks, Conor Brogan, Manus O'Leary, Harry Treleaven

SECOND ROW: James Williams, Rory von Altenstadt, Hamish Dickins, Fletcher Netherway, Mr Sam Wallace (Coach), Ryan Thomas, Will Bailey, Oscar Brant, Diyoan Gajanayake

FRONT ROW: Cameron Leggett, Tyrell Stewart, Angus Sheldrick, Sam Gelavis (Captain), Jackson Dring (Captain), Ethan Duffy, Barney Treleaven, Joshua Foster

HOCKEY

ARMAN BRIAN / CAPTAIN OF HOCKEY

With the winter season nearly cancelled due to COVID-19, the boys were even more motivated to achieve success this year. Starting our pre-season with tireless sprint sessions definitely improved our fitness levels, as well as the boys' eagerness to have a hit on the turf. With many of last year's team being Year 12s, the many empty spaces were filled by younger boys.

Going into round one against Trinity, the squad debuted many boys. The game was tough, yet well-played, allowing the fellas to come away victorious. This first game showed the promise of this emerging younger talent, and also set a high benchmark for us to strive towards in each game.

As the season wore on, the boys experienced last-minute game winners to cold-hearted defeat. Throughout all these ups and downs, we played hard until the final whistle blew, consistently supported one another, and also created great memories of blue and gold that the Year 12s will cherish. Overall, Christ Church First Team Hockey finished second in the competition, with only a two-point difference between us and victors Wesley.

The younger years have shown much promise, with many of the teams winning the majority of their games this season. There is a great deal to look forward to.

FIRST XI HOCKEY

BACK ROW: Zeph Netherway, Fletcher Wetherell, Nic Ng, Rafe Haselhurst, Connor Asphar, Stan Birch, Leo Beilin, Cameron Lee

MIDDLE ROW: Dr Richard Charlesworth (Coach), Rohan Waring, Scott Caporn, Max Briffa, Oliver Moran, Liam Goebel, Trent Madden, Travis King, Mr Brendon Noble (Coach)

FRONT ROW: Solomon Backshall, Ripley Cooper, Sebastian Chandraratna, Hugo Charlesworth (Vice-Captain), Arman Brian (Captain), Oliver Higgins, Oliver Pemberton, Ethan Tan

ROWING

JACKSON BERGSMA / CAPTAIN OF ROWING

CCGS Rowing started halfway through Term 3 2019, with the Seniors commencing their seven training sessions a week schedule to start building their fitness into the summer holidays. We also welcomed new Teacher in Charge of Rowing, Mr Warwick Yeates.

During the racing season, the Year 9s had promising results, especially the 9As and 9Bs who pushed for top three places against strong Trinity and Aquinas crews. The Year 10s showed great potential, notably the 10As who came away with the second most wins.

The Fourth VIII had some decent contests, especially considering the crew was dominated by Year 10s for much of the season. The Third VIII displayed consistency, frequently coming in a close second or third. The Second VIII looked strong leading into the Head of the River, maintaining its dominance over the field after injury and illness.

Finally, the First VIII had one of the tightest fields you can have in PSA Rowing with the Christ Church boys being the most consistent, coming second most weeks. In the last regatta of the season, the Firsts finished two seconds behind the winners, which was a promising result from a heavily disadvantaged lane.

The boys were left heartbroken after the Head of the River was cancelled due to COVID-19, especially the Year 12s who trained relentlessly for five seasons in hopes of winning the Hamer Cup this year. Unfortunately, there was no happy ending, and this disappointment will stick with us for a long time.

ROWING SQUAD

BACK ROW: Ben Hart, Lachlan Sellars, Grant Hogarth, Tom Jackson, Matthew McGrath, Will Colvin, Hugo Welborn, Callum Browne, Patrick Walker, Tom Chatfield, Tucker Bailey, Tom McGrath, Benny Johnston, Ethan Boyle

FOURTH ROW: Bertie Arundell, Prewitt Nair, Daniel Eley, Lachlan Wilson, Gilbert Parker, Daniel Ranasinghe, Ben Colvin, Asher Horgan, Theo Klepec, Charlie Stevenson, Harry Holmes, Liam Colligan, Oliver Richardson, Frank Stevenson, Jacob Cohen

THIRD ROW: Scott Caporn, Sam Singleton, Oliver Locke, Callum Parramore, Jack Sheldrake, Oliver Wheatley, Luke Nixon, James Robson, Nicholas Cook, Zac Heaton, Angus Park, Cheslyn Sproat, Alexander McLarty, Harrison Lisle, Jesse Madden, Angus Elliott-Lockhart

SECOND ROW: Ilario Cherubino, Jarrod Pretorius, Oliver Pemberton, Ryan Liang, Bailey Alcock, Daniel Feltham, Nic Cradock, Oscar Argyle, Thomas Mellick, Bill Warner, Dylan Cramer, Lochie MacKenzie, Thomas Read, Alexander Blair, Sebastian Chandraratna, Jack Trevena, Zak Stanley, Ryan Tanner

FRONT ROW: Harry Ranger, Luca Miles, Ethan Wilson, Harry Stevenson, Jack Lee, Christopher Wallwork, Zak Reed (Vice-Captain), Mr Warwick Yeates (Teacher in Charge), Mr Simon Cocks (Coach), Jackson Bergsma (Captain), Spencer Wright, William van Dongen, Henry Chandler,

Samuel Ou, William Mawson, Luke Whitby

RUGBY

ANGUS ELLIOT-LOCKHART AND ETHAN WILSON / CO-CAPTAINS OF RUGBY

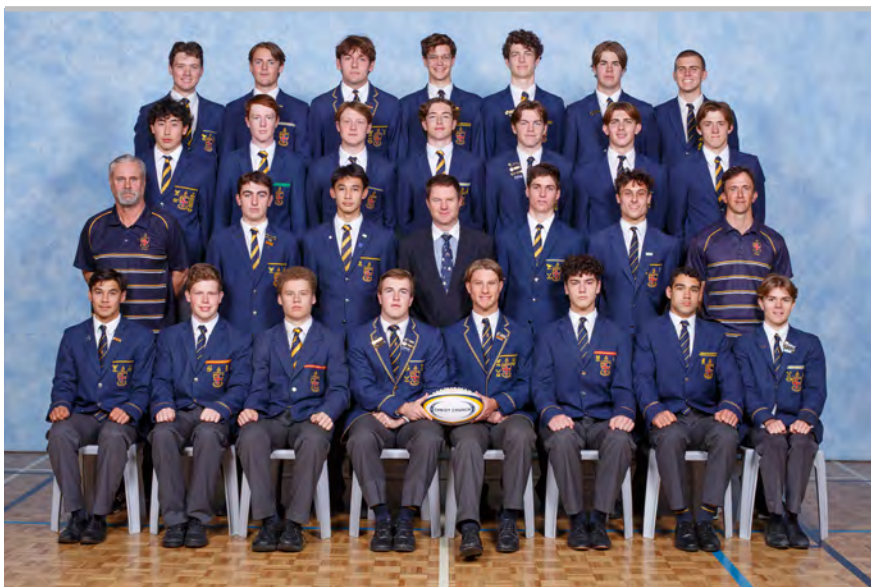

We presented at St John's Wood very excited to begin. Due to COVID-19, we were aware of the discussions surrounding the season and remained hopeful we would have at least one round of fixtures. By Week 6 of Term 2 we knew we had fixtures and all the boys really started to put everything into what would amount to a shortened season. The introduction of rolling subs saw all teams utilise their bench more than previous years, which allowed many players to have game time and experience, especially the First XV.

Eventually the First XV placed third, which does not truly reflect the team's achievements, with very close games to Hale and only a three-point loss to PSA winners Scotch.

The Year 10s also proved to be a dominant team, losing only one game. A special mention goes to Vaughn Robson (Year 10) who played with the Firsts all season.

The season, although shortened, will remain for the Year 12s as their last for CCGS and as far as we are concerned, that's all it was. Not a shortened season but 'our' season. Thank you to all the staff and coaches who made it a great one.

FIRST XV RUGBY

BACK ROW: Tom McGrath, Monte McGrath, Hugo Welborn, Jacob Minchin, Callum Browne, Lachlan Hooper, Patrick Lee

THIRD ROW: Kai Wylie, Benny Johnston, Gilbert Parker, Nicholas Johns, James Sarre, Jackson Bergsma, Archer Steadman

SECOND ROW: Mr Andrew Cole (Coach), Paul Boyatzis, Vaughn Robson, Mr Chris Anderson (Teacher in Charge), Charlie Stevenson, Luke Carey, Mr Tom Jercam (Coach)

FRONT ROW: Ethan Robson, Jesse Madden, Kristian Sherrard, Angus Elliott-Lockhart (Captain), Ethan Wilson (Captain), Tom Jumeaux, Luca Robertson, Henry Chandler

SAILING

ZACHARY SPRUNT / CAPTAIN OF SAILING

Like many other sports, the 2020 sailing season was drastically affected by the COVID-19 pandemic.

The Teams Racing program started with vigour, with two training sessions a week and many young recruits in the team. With experienced skippers Sam Rose (Year 11) and Barney Woo (Year 12), as well as some promising results in early practice races against both the Scotch and Shenton teams, there were high hopes for the annual State and national regattas.

Unfortunately, as Term 1 came to an end and social restrictions began to set in, host Nedlands Yacht Club announced that the State regatta would not be proceeding. With no means of qualifying, and travel restrictions coming into force, the national regatta also became impossible.

This was a huge disappointment for the entire team, particularly the Year 12s, denied the chance to participate in these events. Thank you to old boy coaches Mr Liam Forrester and Mr Alex Harden-Jones, as well as Mr Arvi Pocock and Mr Scott Chrystal for co-ordinating the program. The team will continue to train hard for years to come, and eyes will be on the promising young sailors in the team as they persevere towards next year's season.

SAILING REPRESENTATIVE TEAM

BACK ROW: Sam Rose, Barney Woo, Jasper Jones, Benjamin Keen
MIDDLE ROW: Joshua Van Wyk, James Ferguson, Ted Woo, Zachary Sprunt (Captain)
FRONT ROW: Alex Molyneux, Campbell House, Angus Cameron, Alasdair Cameron, James Renouf

SOCCER

HARRISON BARTLEY / CAPTAIN OF SOCCER

2020 saw the Christ Church Soccer team eager to regain its prestigious status. With unexpected delays due to COVID-19, the First XI was exceptional in responding to the subsequent short pre-season.

The season saw the most competitive of PSA teams in recent years. The race between Aquinas, Christ Church, Scotch and Hale for the title came down to the last few games.

The First Team had its highest number of wins since being awarded the Lawe Davies Cup in 2016, with its best game being the 3-0 win over Scotch. The lads battled their way to a deserving victory with a stunner from Matthew Divirgilio (Year 12) and goals from Yousif Amri (Year 11) and James Russ (Year 11).

Although the season was promising, the First XI fell short of winning the title. However, the momentum and talent brought into the team by the younger players has serious potential for the years to come.

The standout player for the team was Ryan Verley (Year 11), awarded Player of the Year due to his consistent and composed ability at right back.

In the younger years, special mention goes to the 8Cs for having a 100 per cent win record as well as the 8As and 9Bs for achieving an over 80 per cent win rate.

Special thanks to the coaching staff of Mr Mike Ristovksy, Mr Robbie Gaspar, Mr Gareth Phillips, Mr Liam Reddy and Mr Mark Lee for a wonderful season.

FIRST XI SOCCER

BACK ROW: Ben Cooke, Christopher Wallwork, Samuel English, Sam Assumption, Ashton Torre, Lucas Goebel

MIDDLE ROW: Ethan Teo, Yousif Amri, Ryan Verley, Mr Todd Harnwell (Coach), Cooper Allen, James Russ, Jonathan Roost

FRONT ROW: Gabriel Johnstone, John Hoffmann (Vice-Captain), Harrison Bartley (Captain), Matthew Divirgilio (Vice-Captain), Harrison Tay, Guy Davies

SURFING

PSA CHAMPIONS

FINN KELLY / CAPTAIN OF SURFING

The CCGS Surfing season kicked off with the Junior Bodyboard competition. After an excellent exhibition of talent, Max Yeo (Year 9) took the win, with Sam Harding (Year 8) second and Ben Walker (Year 10) in third place. The Senior Shortboard competition was won by Finn Kelly (Year 12), followed by Keiran Bucktin (Year 11), Declan Barrett (Year 12) and Solomon Backshall (Year 12). Unfortunately, the Junior Shortboard competition was cancelled so last year's winners, Dawson Greig (Year 10), Jake Yeo (Year 9) and Jensen Kirby (Year 10), surfed in the interschool competition.

Hoping to win the PSA Surfing shield for the first time since 2014, on Friday 21 August, we rocked up at Scarborough Beach at the crack of dawn to find perfect offshore shoulder-high runners. The 8.00am siren started the first heat of the senior boys and despite a valiant effort by Declan Barrett, Keiran Bucktin and Finn Kelly, we were unable to defeat the boys from Hale School. Next were the senior bodyboarders who had unfortunately lost tube pig Ryan Thomas (Year 11) due to a rib injury. Nevertheless, Luke McManus (Year 11), Oscar Brant (Year 12) and Luke Jensen (Year 12) put in a strong performance to procure another second-place finish.

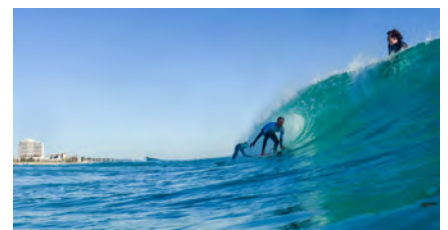

In the penultimate heat of the afternoon, our junior surfers Jake 'the snake' Yeo, Dawson Greig and Jensen Kirby took to the waters as PSA favourites. Despite being the best surfers in the draw by a country mile, brain fades saw them drop to second place. However, the result placed us close to the lead as we entered the final round. Our junior boogers, Max Yeo, Sam Harding and Ben Walker, put in the performance of the day, smashing their division to secure the shield for CCGS, ending our six-year drought.

Ultimately, it was a terrific season for the CCGS PSA Surfing champions, and we couldn't have done it without the expert coaching from Mr Hunn and Mrs Fricke.

SURFING COMPETITION SQUAD

BACK ROW: Mr Simon Hunt (Coach), Kieran Bucktin, Luke Jensen, Luke McManus, Jensen Kirby, Declan Barrett
MIDDLE ROW: Sam Harding, Lennox Badger, Solomon Backshall (Vice Captain), Finn Kelly (Captain), Ben Walker, Oscar Brant, Dawson Greig
FRONT ROW: Max Yeo, Gabriel Haselhurst, Jake Yeo

FIRST VIII TENNIS

BACK ROW: Mr Rob Kilderry (Coach), Christian John, Samuel English, Luka Brown (Captain), Brendan Jones (Vice-Captain), Mark Morris, Lochie Evans, Harry Davison-Petch

FRONT ROW: James Newton, Archie Brown, Theo Browne, Rory von Altenstadt

VOLLEYBALL

SAM ASSUMPTION / CAPTAIN OF VOLLEYBALL

The First VI season began late in Term 3 2019 with the longest pre-season schedule that Christ Church Volleyball had ever seen, including a tournament against Wesley, Scotch and Hale. It gave many boys a chance at experiencing the standard of Firsts Volleyball and subsequently created the depth we required for a strong season.

This allowed for us to go into Round 1 against Trinity with levels of fitness and confidence not experienced in previous seasons. Throughout the season we reviewed the squad's progress through team-chosen ground rules and experienced significant improvement.

The second half of the season was unfortunately cut short due to COVID-19, however, we recorded another straight set win against Guildford and another strong performance against Hale.

The Second VI had a strong season with four wins and several players playing games with the Firsts. The Thirds and Fourths achieved five and six wins respectively with strong performances throughout, while the 10As remained undefeated in 2020 exhibiting strong signs for the future of volleyball at the School.

We must attribute the growth in the volleyball program this year to our outstanding coaching and management staff, comprising Head Coach Gareth Whitehead and old boy Mr Chris Ellis, as well as Mr Jeremy Power and Mr Graham Nolan who kept the sport running behind the scenes.

FIRST VI VOLLEYBALL

BACK ROW: Mr Jeremy Power (Coach), Evan Vellar, Rudy Greville, Sam Assumption (Captain), Max Brampton, Andrew Edis, Cameron Lee (Vice-Captain)

FRONT ROW: Leo Beilin, Finn Retallack, Ryan Verley, Ethan Yem

ON QUEENSLEA DRIVE

JAMES BORSHOFF ('16) / MENTOR

As a first time On Queenslea Drive (OQD) mentor, I was blown away by the program – not just in terms of the opportunity presented to the boys, but also the boys’ willingness to seize the opportunity to further their development into young men.

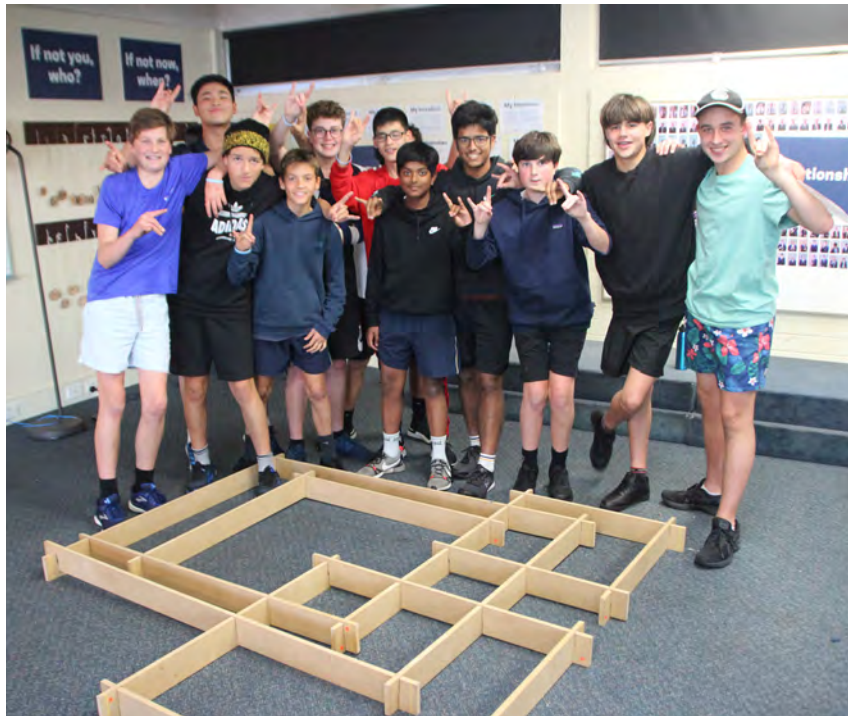

Sharing laughter, overcoming challenges and forming strong mateships culminated in a unique experience and I can’t wait to see what 2021 brings.

MIKE DYSON / SENIOR FACILITATOR

What an incredible year in OQD. The excitement was palpable within the team at the beginning of Term 3, as we prepared to roll out the revised version of OQD after putting the program on hold due to COVID-19. It was a great pleasure to work with such a passionate team and amazing to see how grateful the young men were to be able to do the program.

The growth in the boys was a testament to their effort and I’m sure that the strength of relationships formed will be a great support throughout their time at CCGS and beyond.

TOM SHALDERS / ASSISTANT HEAD OF OQD (2018-2020)

My life goals most definitely shifted through the process of watching 600 boys transition through their own rite of passage. As I finished up my role as Assistant Head of OQD, I realised while watching boys reflect on themselves and others, that I had learnt more about myself in the past three years than in my life to date. I noted the best of, as well as room for growth in our School’s culture of masculinity. Through all of the joys and heartaches, I was always optimistic that our boys are now better equipped to make our global community an improved place for everyone.

While I was envious of the boys taking part in a program that I wasn’t lucky enough to have when I was at Christ Church, it was a privilege to be able to work with an amazing team, doing amazing things for amazing young men.

BOYS' HEALTH AND WELLBEING

ANGUS ELIOTT-LOCKHART / WELLBEING PREFECT

At the beginning of the year, the Student Wellbeing Committee (SWC) worked on an initiative with the Environmental Committee, creating a Ride2School Week. Our aim was to raise awareness of the benefits of this on our holistic wellbeing, with a focus on physical activity and the associated benefits to our environment.

With the arrival of COVID-19, the School switched to online learning and we worked hard at converting our initiatives into online resources for students to access through the Wynne Centre for Boys' Health and Wellbeing's Nexus page. We gave students ideas on how to manage their physical, mental and emotional health. Fortunately, this online phase lasted only a few weeks at the end of Term 1, but undoubtedly offered increased support for our school community for the remainder of the year.

In Term 3 the committee ran its second annual Student Wellbeing Forum which, with funding from the office of Ms Celia Hammond MP, saw the committee bring together like-minded individuals from the local area for a day of discussion about how wellbeing has improved in their schools. This provided us with potential initiatives to roll out at CCGS. The day ran smoothly, and the committee was extremely proud of the event and the associated positive outcomes.

With new initiatives coming from the forum and the In Your Head Forum run by zero2hero, the SWC had a successful Mental Health Week, including the launch of a blue tree near the refectory as part of the Blue Tree Project to raise awareness of mental health and wellbeing.

Thank you to the Year 11s and 12s for their hard work over the past few years, as well as Mr Liam Casson who continually encourages and supports the committee.

CENTRE FOR ETHICS

SIMON HUNN / DIRECTOR FOR THE CENTRE FOR ETHICS

Like everywhere worldwide, 2020 proved a challenging year for the Centre for Ethics. The year started promisingly with plans to present some interesting talks to the wider community. Of particular interest here was a scheduled talk by *The Australian* newspaper foreign affairs editor Greg Sheridan, whose subject was his book's title, *God is Good for You*. In a similar vein, would have been a talk from American quantum physicist academic and nun Kathleen Duffy, who was scheduled to talk on 'Evolving Spirituality: The Intersection of Science and Religion'.

We did, however, manage to provide some strong speakers for English classes with an early March visit from well-known musician and crime writer, Dave Warner. This visit was followed by another doyen in the art of crime fiction in Western Australian, novelist and academic Dave Whish-Wilson. March also saw the first of a triumvirate of class visits to our Year 12 Philosophy class from UWA Philosophy academics. The first was from Dr Remco Heesen who addressed the boys on scientific realism and anti-realism.

We did manage to attract speakers during the lockdown period. Prominent here was old boy and novelist Jon Doust who 'zoomed' into the Year 12 General English class from his Albany study. Jon discussed his first book in the Jack Muir trilogy, *Boy on a Wire*.

As we emerged from lockdown, our Year 12 Philosophy boys heard talks from two more UWA Philosophy academics in Dr Michael Rubin and Dr Lachlan Umbers. Shortly after their visit we managed to get biologist and science-fiction writer, HM Waugh, to talk to our Year 5 and Year 8 Science Extension students during Science Week.

In August we held our biggest event to that point, which was an address to the wider community, in conjunction with the Wynne Centre for Boys' Health and Wellbeing, from retired veterinary surgeon, cave diver, 2019 Australian of the Year and OAM, Craig Challen. Craig spoke to a COVID-19 restricted audience of 300 in the Chapel, about his role in the 2018 Thai cave rescue of 12 boys and their soccer coach.

In late August, the Centre for Ethics again hosted the Empty Bowls Lunch. As in previous years, it was a huge success and saw a record \$19 000 raised for Foodbank on a sunny, late winter Sunday; the late Teresa Scott must have been smiling down at the event.

In the early weeks of Term 4, we were fortunate to receive another visit from a well-known local writer, Curtin academic and poet Dr Lucy Dougan. Lucy addressed the Year 9 Creative Writing class about poetry, specifically how to write a French form of poetry, the pantoum. The boys all attempted their own based around their experiences of lockdown.

In mid-term we had a visit from the author of the highly successful young adult novel *Invisible Boys*, Holden Sheppard. Holden spoke passionately to a Year 10 Health and Wellbeing class about masculinity and sexuality, following this up with a discussion session with student members of the Health and Wellbeing Committee.

Our final big event for the year was held for the wider community in the School's Chapel. This was a 'conversation' between award-winning writer Craig Silvey and Canon Frank Sheehan. They sensitively and insightfully discussed Craig's recently published novel, *Honeybee*, in front of a crowd of over 300 people. This event was held in conjunction with The Lane Bookshop and publishers Allen and Unwin.

It would be remiss of me not to mention that at the end of 2020, Canon Frank Sheehan, founding Director of the Centre for Ethics and former CCGS Chaplain, retired from the School for which he has done so much since his appointment in 1985. Frank's contribution to the Centre for Ethics has been seminal and it was his intellectual acumen and engaging personality that attracted numerous poets, novelists and politicians to visit the School and impart their wisdom to our students and the wider community. Our School has been a better place for Frank's presence in it; he will be sorely missed.

COMPUTER SCIENCE

CHRIS ANDERSON / HEAD OF COMPUTER SCIENCE

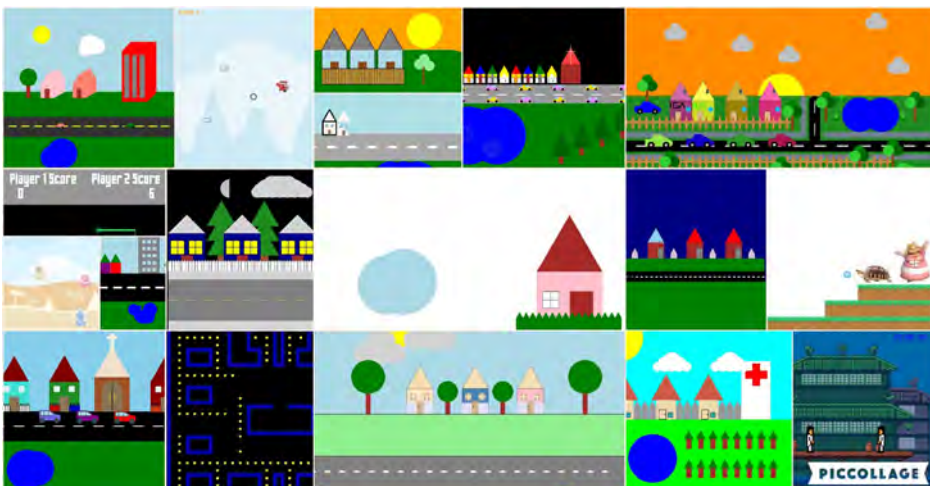

It was definitely a year like no other! 2020 threw plenty of challenges our way, but also gave our boys plenty of opportunities to showcase their talents and learn new skills.

Our Year 10 Cyber Security classes enjoyed their annual visit to Edith Cowan University's (ECU) Security Research Institute. They heard from a former 'spy' for the Australian Signals Directorate who gave them tips on how to get started in a career in cyber security and outlined the variety of jobs available. A highlight was the Capture the Flag competition that gave the boys the chance to test their skills by solving a variety of cyber challenges to find hidden clues.

Other boys enjoyed a variety of activities and exciting projects. The Year 9s in the Systems and Networking class enjoyed building their own computers, while those in the Year 9 App Development class had fun making their own arcade games. Other classes honed their skills, learning about different algorithms and how to apply programming to solve real-world problems such as DNA sequencing.

The ability for our boys to enjoy such a diverse range of activities depends on the excellent support we receive from our technical team. Ably led by Dr Geoffrey Alagoda, the team is highly skilled and always willing to go the extra mile to help our boys enjoy their IT experience at school.

2020 was a challenging but enjoyable year, with lots of fun and plenty of diverse projects produced.

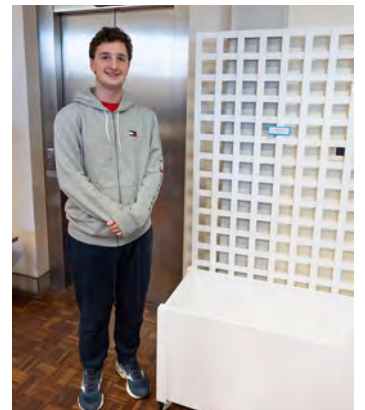

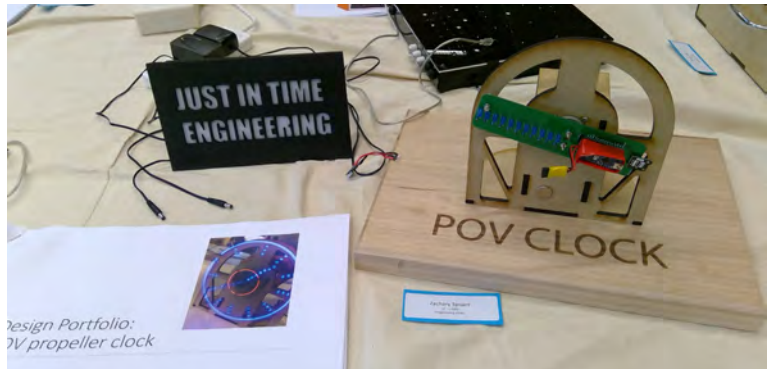

DESIGN AND TECHNOLOGY

ALEC BARBOUR / HEAD OF DESIGN AND TECHNOLOGY

Our aim is to enable students to become independent, creative and responsive designers.

Building upon each year, students develop an appreciation of quality design solutions for identified needs and opportunities, across a range of technologies contexts. Our annual Design and Technology Exhibition showcases the students' response to this challenge. This year we witnessed the wonderful solutions our students, working collaboratively with staff, achieved through investing time, effort and determination. Bedside tables, study desks, wine racks, chess boards, material handling systems and a yachting GPS tracker were just a some of the exciting projects on display.

DESIGN AND TECHNOLOGY

DRAMA

AMOR FATI

VARAD MUKHEDKAR
/ CAPTAIN OF DRAMA

Amor Fati, or 'love of fate', as translated from the Latin.

As restrictions eased, Artistic Director Mr Gregory Jones called a meeting of the Year 12 Drama students. The choice was simple – should we play it safe and work towards a showcase night of solo performances, or put it all on the line by creating a show of our own? In classic Midnite spirit, we chose the latter...

Early Term 2 saw 17 talented boys and girls, ranging from Year 8 to Year 12, gather around a whiteboard with one word looming in the centre – COVID-19. With ideas evolving from the main stimulus, the foundations of our devised show were laid, ready for construction.

For the first time at Midnite, we were creating original drama about a storm from which we were yet to emerge. On top of this, it felt like learning to walk again, as actors said goodbye to scripts and structured rehearsal schedules. We were introduced to a larger world of creativity through improvisation, not limited to dialogue but incorporating song, dance, poetry as well as movement pieces. In the final weeks of rehearsal, we welcomed our six top-notch chorus members who brought life to the pieces through their strong physical movement.

As we delved deeper into the complexities of the human response to COVID-19, Mr Jones couldn't help but dwell on the two things WA heavily relied upon during the virus – beaches and technology. Luckily, his prayers were answered by Mrs Tess Reuvers who turned the centre stage into a giant sandpit, and of course Mr Toby Murday (Co-Stage Manager) who brought in enough tech support to put JB Hi-Fi out of business.

We are very pleased to say that the production was very well received. On behalf of the cast and crew, we would like to thank our director Mr Jones, our Production Manager Mrs Reuvers, and our Costume Designer Mrs Jay Waugh for supporting us in creating what will go down as one of Midnite's greatest shows, the origin of which was a virus.

DRAMA ROMEO AND JULIET

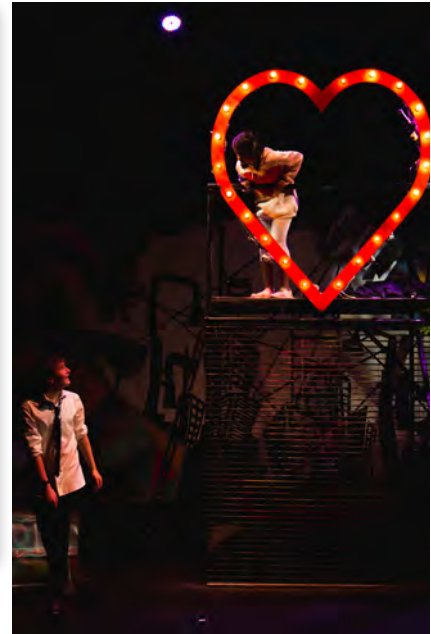

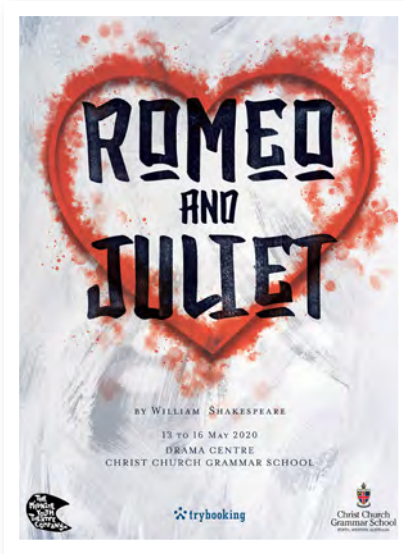

JODIE BUSBY / DIRECTOR

2020 was a year in which to love your fate ... maybe it was fate, or just a series of unlucky events! Nonetheless, working on *Romeo and Juliet* during our own modern-day plague makes me feel closer to William Shakespeare. Here was a man whose life was shaped by plague; he lost siblings and children, while his parents saved him by barricading their house when he was a baby.

A year before he wrote *Romeo and Juliet*, a powerful plague struck London killing thousands and closing theatres. Shakespeare wrote some of his finest plays during this time – *King Lear*, *Macbeth* and *Antony and Cleopatra* – yet he stayed in London because his words gave comfort to the people.

Rehearsing during our modern-day plague was an experience. We had disappointment, sadness, uncertainty, isolation, sickness, hope, frustration and fear. We halted halfway through a rehearsal process and came back weeks later to a new world of hand sanitiser and social distancing. Rehearsals were something to look forward to when so much had changed. Yet here we were, about to perform our play, in a theatre, with a beautiful set and great costumes, to an audience, when theatres all over the world were waiting in darkness for their turn to provide joy and comfort.

When I embarked on *Romeo and Juliet*, I wanted to make it contemporary to reflect the chaos and youth violence appearing in the news headlines and on social media. *Romeo and Juliet* begins with chaos and hatred between two feuding families and ends with the death of their children who fall in love in the midst of it all; in that grief, the families found a new way of existence and hope. I wanted the students to connect to the story, to the characters, to the beauty of the poetry, to be brave and truthful in their performances. I was very proud of these students from MLC, St Hilda's and Christ Church, for their courage, energy and enthusiasm.

DRAMA

THE FIRES OF MUSPELL

JONAH HANIKERI / YEAR 8
KALIKA DUCK / DIRECTOR

On 26 July, 32 eager performers gathered for the first rehearsal of the Midnite Youth Theatre Company's Year 7 and 8 production of Tony Nicholls's *The Fires of Muspell*. The afternoon brought together boys and girls from six schools, introducing them to the design team and welcoming many to their first production with the company. Nervous glances soon turned to laughter and excitement as the cast read the script aloud, embracing the wild and wonderful characters of Nicholls's play and beginning a three-month journey of creativity, courage and comradery.

The Fires of Muspell, drawn from Norse mythology, follows the devious outcast Loki in his destined battle against Odin, the father of the gods, as they hurtle towards the Ragnarök. Equal parts comedy and tragedy, this spectacular tale of giants, dwarves, humans, gods and a host of other supernatural creatures, celebrates the true nature of its colourful characters and honours the part the Fates have given each to play.

In Term 4, rehearsals moved into the theatre and the cast and crew were introduced to the great mountain, central to the set designed by Ms Stephanie Cullingford, the whimsical and wacky costumes created by Mrs Jay Waugh and the dynamic lighting of Mrs Tess Reuvers. Inspired and supported by these extraordinary design elements and the guidance of director Miss Kalika Duck, efforts redoubled and characters burst from the page onto the stage. A four-performance run in early November passed in a flash, delighting audiences both young and old. All involved experienced something truly special and, even though the flames have now burnt out, we will never forget *The Fires of Muspell*.

ENGLISH

SPENCER DAVIS / HEAD OF ENGLISH

We began the year celebrating the success of the English ATAR and Literature ATAR cohorts of 2019, both of whom were recognised as being among the top performing schools in their respective courses: a rare distinction for any school. We are particularly proud of the boys and teachers for their work towards this tremendous achievement.

A series of boys saw their work recognised in the wider community throughout the year. A highlight was Tom Edibam (Year 9) being shortlisted for the Red Room Poetry Object competition, making the final cut of 20 in a field of over 12 000 applicants across Years 7 to 12 nationally. While Morgan Klug (Year 12) was recognised by *The West Australian* as a Young Travel Writer for 2020, spotlighting the diversity of creative writing interests of our students.

From poet Dr Lucy Dougan and crime novelist David Whish-Wilson in Year 9 Creative Writing classes, to ever-engaging old boy Jon Doust speaking to our Year 12 General Students via Zoom about his own take on CCGS in *Boy on a Wire*, the diversity of local speakers in English classrooms was appreciated by staff and students alike in 2020.

Term 3 saw Head of English Neil Walker appointed as Deputy Principal at Presbyterian Ladies' College. We would like to take this moment to thank Mr Walker for his contribution to the lives of both CCGS students and staff over the past eight years; he shall be greatly missed for his humour and compassion.

On Considering the Stapler (by Tom Edibam)
*Fangs points; teeth bared,
Prey oblivious; ready to be snared,
A single push, a crunch, a wait,
Resistance comes much too late.
With just one slamming, final bite.
The sheets are joined together tight.*

(Mr Spencer Davis, too, was a finalist in the Red Room Poetry Object competition in the teacher category, for his poem entitled *On Reconsidering the Typewriter – Editor*)

HEALTH AND PHYSICAL EDUCATION

LUKE FARMER / HEAD OF HEALTH AND PHYSICAL EDUCATION

It has been an exciting year with all boys involved in physical activity and Health and Wellbeing classes from Kindergarten to Year 12.

2020 was certainly different and while there were many challenges, we found there were equally as many opportunities. Of particular note was the introduction of the trick shot competitions, championed by Mr Jeremy Power, during the period of remote learning, old boy tutoring, the Christ Church 1K – a running

track through the School, frisbee golf, and underwater hockey.

I am particularly proud of the manner in which my department prepared for remote teaching and the improvement in Nexus assessments and learning for the boys. Another highlight was Mr Tom Jerram being recognised for his outstanding teaching in the ATAR Physical Education course and his presentation at the annual Physical Education Studies Teachers' Association Conference.

HUMANITIES

PATRICK PARKER / HEAD OF HUMANITIES

One of the many joys of teaching in the Humanities is the ability to draw on real-life events and issues to bring practical elements into the theoretical and conceptual learning that occurs in the classroom. Our early planning was quickly superseded by the outbreak of COVID-19. The natural tendency to capitalise on current events, however, meant we were well positioned to pivot our focus to make sense of the situation, through economic, historical, geographical and political lenses. The rapid adjustment to remote learning meant that we too became learners as we adapted our pedagogy.

Some specific subject highlights from the past year include:

ANCIENT AND MODERN HISTORY

In Year 7, the boys' study of Ancient History saw them create their own museum displays of Ancient Greece. They engaged with the study of archaeology, palaeontology and historiography, critically and creatively applying these skills to create their own 'artefacts'. The Year 7s took to this task eagerly, with interesting replicas of architecture, weaponry, currency and clothing being manufactured. Some boys reimagined the past by recreating Ancient Greece using Minecraft.

In Year 11 and 12 Modern History, students drew parallels between our experience with

the pandemic and subsequent economic downturn and similar crises in history, including the influenza pandemic at the end of World War I, the catalysts for the Wall Street Stock Market Crash and the subsequent Great Depression, and the political reactions to these significant events.

ACCOUNTING AND FINANCE, BUSINESS MANAGEMENT AND ENTERPRISE, ECONOMICS AND INVESTING

It was another terrific year for students in the 'Commerce' subjects. Early in the year, the Year 12 Economics students were invited to an investor briefing by Magellan Financial Group, joining over 1500 investors to hear Chairman and Chief Investment Officer Hamish Douglass, a member of the Commonwealth Government's Foreign Investment Review Board, and former CIA Deputy Director Michael Morrell. That evening, attendees were encouraged to download the Magellan app and submit questions. Finn Retallack won a \$5000 managed share portfolio with Magellan for his efforts.

Our good fortune did not end there. Over the course of the year, Andy Wu in Year 8 won the ESSI Money Challenge run by the Financial Basics Foundation. ESSI Money stands for Earning, Saving, Spending and Investing Money and students do each in a computer-generated simulation. The challenge is a

competition based on the simulation. It is open for two weeks in Term 3 and all CCGS students in Year 7 and 8 are registered to play the game. As the national winner of the competition, Andy won \$1500 as well as \$1500 for the School, with the latter prize money going towards The Students' Scholarship for 2021.

All students in our Year 11 Economics classes and Year 10 Investing and Enterprise classes participate in the Australian Stock Exchange Sharemarket Game. This involves students investing \$50 000 in the Australian Sharemarket across a 10-week time period. Hugh Vines in Year 10 won the game, growing his initial \$50 000 investment by 23 per cent (outpacing the market which only grew by 1.9 per cent during the game) to \$61 420.86 – an incredible performance. Hugh won \$1000, which he has sagely decided to invest in the sharemarket.

2020 also saw the introduction of Business Management and Enterprise ATAR and General courses. These practical courses are an excellent fusion of theory and practice. Both classes visited the Paramount Nightclub (at 9.00am in the morning), 303 MullenLowe (the Perth division of a multi-national marketing firm), McNally Group (designing and fabricating modular buildings in Henderson), and North Street Store and Sal's Pasta Deli in Cottesloe.

GEOGRAPHY

In Geography, after the restrictions were relaxed, we resumed our field trips. Year 10 students went to Point Peron and Port Coogee to examine natural coastal processes and human management of coastlines, while Year 11s journeyed to Rottnest as part of their study of sustainable tourism, looking at recent changes and innovations on Rottnest, including waste treatment, wind power, eco-tourism and 'glamping'. We are grateful for the assistance provided by one of our CCGS parents, Mr Guy Bailey, who organised access to different facilities on Rottnest.

In Year 12 Geography, fieldwork is a critical component of the course. At the peak of the pandemic, the Year 12s were greatly assisted by the implementation of a virtual field trip focusing on Point Walter and the ways humans attempt to manage responses to climate change. Fortunately, the second field trip went ahead, with the Year 12 classes covering a great range of the Perth Metropolitan region, from Yagan Square in Perth all the way up to Butler. Once again, we benefitted from the wisdom of urban planner and old boy, Mr Tim Dawkins ('98). Innovatively, students accessed a video on the Perth to Butler train line through Microsoft Stream.

Geography in Years 7 to 10 is also going from strength to strength, demonstrated by the performances of boys in the Australian Geography Competition. Over 70 000 students from 780 schools entered the competition in 2020. Aiden Lim in Year 7 and Max Pearce in Year 8 finished in the top one per cent for their age nationally, while Andy Wu (Year 8) was the national winner of the competition for his age group.

We had two boys win their divisions in the Geography Association of Western Australia Young Geographer of the Year Awards. Eduardo Caceres-Sandoval won the Year 10 competition with his report on the future of coastal management processes at Port Beach in Fremantle. Luke Annear won the Year 9 division with his investigation into weeds in the Wheatbelt of Western Australia and the increasing use of new technology, known as 'weed seed destructors', to manage their spread.

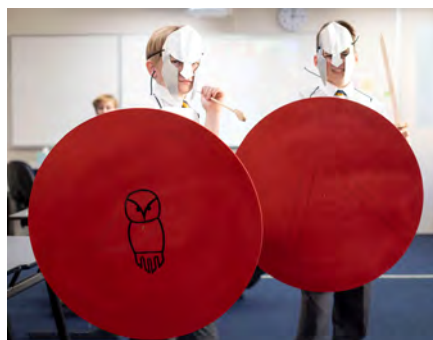

PHILOSOPHY AND ETHICS, POLITICS AND LAW

In Year 8 Civics and Citizenship, the boys ran mock trials, determining whether Harry Potter was guilty or not of the murder of Professor Quirrell. Year 11 Politics and Law students engaged deeply with the US elections, examining the issues around the US electoral system, including the Electoral College, plurality voting systems, issues of democratic representation and the policies of each of the candidates.

UWA lecturer Dr Remco Heesen spoke to our Year 12 Philosophy and Ethics class on the 'Philosophy of Science'. Dr Heesen addressed

the question of whether the success of scientific theories can tell us anything about the existence of unobservable entities, such as electrons, gene, and quarks. He presented an argument for and against the existence of unobservable entities – the 'No Miracles Argument' and the 'Pessimistic Meta-Induction Argument'. Christ Church Philosophy students again took part in the annual Philothon and Ethics Olympiad, performing well.

The Humanities staff are outstanding educators and on behalf of the boys, I would like to offer our gratitude to them.

INDIGENOUS PROGRAM

SAM WALLACE / INDIGENOUS PROGRAM CO-ORDINATOR

This year we welcomed three new boys to the Indigenous Program, Jackson Anderson (Year 7), Wesley Thein-Soe (Year 8) and Simon Poelina (Year 10). The boys were excited, and the older boys ensured that the new boys settled into life as a student at CCGS.

Unfortunately, due to COVID-19, the boys weren't able to create the PSA Indigenous Round First XVIII Football jumpers this year. However, the boys did celebrate the Indigenous Round with Kalani Brooks (Year 12) captaining the football team and Tyrell Stewart (Year 11) and Jonah Brooks (Year 10) also playing.

We celebrated yet another successful NAIDOC Week at the start of Term 3. This year, Year 10s Amaaron Davis and Simon Poelina made videos and Revis Ryder (Year 9), Tyrell Stewart and Jonah Brooks made profiles explaining their family heritage and the regions in

Australia where they grew up. They also shared stories from their communities, their connection to country and to family to help educate other students at school.

Unfortunately, the annual NAIDOC Week Art Exhibition did not take place, however, the boys still created an amazing piece of art – a mural, with the help of local artist Jade Dolman, based around the Nyoongah Six Seasons. The piece had animals representing each season. A huge thank you to Ms Pam Yordanoff and to Jade for all their help. Without the Art Department, this project would not have got off the ground.

Finally, we said goodbye to two graduating Year 12s. The boys are very proud of their achievements and are looking forward to big things post school. Congratulations to Sebastian Wells and Kalani Brooks. Well done, boys.

LANGUAGES

VINKO SHAIN / HEAD OF LANGUAGES

COMPETITIONS

Our Year 8 Japanese and French classes participated in two competitions launched via the *Lens on Languages* podcast. The Year 8 Japanese students had the chance to come up with their own haiku – a form of poetry based on a five-seven-five syllable structure. We saw a range of entries, but the prizes were awarded to Callum Chin and Wesley Peh (equal first), Kalani Chong Sue (second) and Alexander Young (third). The Year 8 French classes battled it out in a verb conjugation rap battle. Although there were several worthy entries, prizes went to Oliver Campbell and William Mayne (first), Dylan Johnson and Matthew Wong, and Noah Rucklidge and Joshua McCoubrie (equal second).

SAMPLING AUTHENTIC CUISINE

Food is a vital cultural asset when it comes to languages education. The Year 9 Chinese classes enjoyed a day out in Northbridge, participating in a character hunt and enjoying lunch at Endless Delight Chinese Cuisine where they needed to order all their meals in the language. The Year 10 Japanese class ended its year with a fine dining experience at KiRi Japanese in Shenton Park, where the boys were able to converse and order in Japanese and try an array of new and delicious items.

DOCUMENTARY EVENING

As the Year 12 French syllabus touches on the topic of film, our boys enjoyed an evening in the Senior School Staffroom watching a documentary with the Year 12 French class from Methodist Ladies' College. Although the documentary *Les Bleus* centres on the French national football team, the film explores the more deep-seated issues of immigration and xenophobia in modern day France. The night finished with a workshop which delved further into the topic.

LANGUAGES WEEK

As COVID-19 meant the planned tours to Japan and France were cancelled, it was paramount that our students were still able to have an enjoyable week celebrating all things languages. We had an array of activities, beginning with hosting over 90 students at the annual Languages Quiz with the girls from Methodist Ladies' College. With plenty of food eaten and prizes won on the day, the quiz kick-started the week. All Year 8 languages classes were treated to movie nights hosted at the School. The Year 8 classes were also treated to cultural activities. Japanese classes participated in a calligraphy session as well as an Aikido workshop. Chinese classes enjoyed an eventful session of Kung Fu, lion dancing and participating in a weapons

demonstration. The French boys went in a slightly different direction – getting a chance to enjoy the sunshine and try the popular French pastime of Pétanque (boules).

ALLIANCE FRANÇAISE POETRY WINNERS

Students from Years 7 to 10 once again competed in the annual Alliance Française Poem Recitation Competition. It was our Year 10 students who had the most success this year, with Finn Lip and Jack Landau achieving first and third places respectively with their rendition of *L'Albatros* by Charles Baudelaire. Finn has competed in this competition every year since entering the Senior School, and we were thrilled to see him not only achieve the state prize but also show such a sustained degree of passion and enthusiasm.

EXCURSION TO THE JAPANESE SCHOOL IN PERTH

We continued the picture book project in 2020, with the Year 9s visiting the Japanese School in Perth in November. This year we had the chance to share our picture books with the combined Year 3 and 4 class, where the boys and girls listened attentively as our students shared their stories. Our boys also got the opportunity to interview the students and share a few facts about each in

LANGUAGES

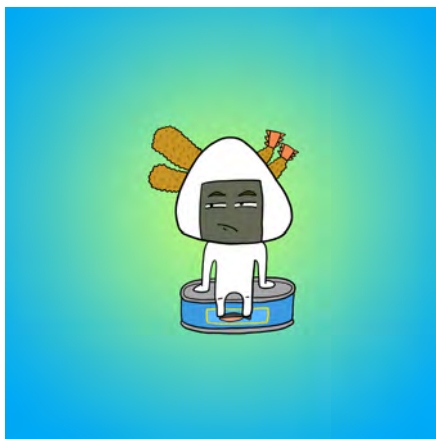

the Japanese language. Our time there was short yet eventful, but we look forward to continuing this strong link into the future.

VIDEO MATSURI SPECIAL MENTION PRIZE

We aimed to go back-to-back in the annual Japan Foundation Video Matsuri competition as our Year 8 team put together an incredibly funny and original short film. *Kanningu* (translated as cheating) was completely scripted, edited and filmed by the boys and once again, Christ Church showed schools across Australia of what we were capable. Although the boys did not take out the national top prize, our submission was still in the top five and was given a special mention on the Japan Foundation website.

YEAR 10 PICTURE BOOK PROJECT

After writing individual stories and showcasing them in 2019, the Year 10 Japanese class worked as one for a large part of the year in authoring an original children's book. The story centres on a sad and bland rice ball, and his quest to become the tastiest in all the land. The story pushed the boys linguistically, but the project really came to life when one of our own boarding students, Naoki Nishitani, offered to be the illustrator. With Naoki being a boarding student from Japan, his collaboration for this project worked perfectly and his original artwork brought this story to another level. The book was sent to various schools across Australia and Japan and will hopefully bring to smile to many children for years to come.

LIBRARY

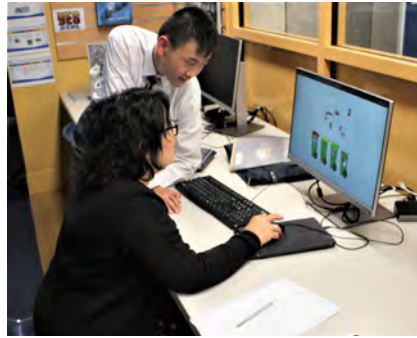

LIA DE SOUSA / HEAD OF SENIOR LIBRARY

2020 was the year that some of the most popular fiction novels seemed to come true! In books like *The Enemy* by Charlie Higson, a deadly flu-like virus rapidly spreads across the world only affecting adults while sparing children. We always say that we read fiction to learn about ourselves and others, but we never expected this.

We started the year with a big change for students. The Senior Library adopted 'genrefied' collections, a new style of organisation increasingly favoured by school libraries around the world. This year has been a learning journey for us to get these collections just right so boys can easily find books of interest.

As always, the Senior Library has been a hive of different activities. We hosted VR underwater experiences, helped bring to life two original comic books by Year 11 student Tommy Andrews and an original picture book written and illustrated by Year 10 Japanese students, organised online creative writing workshops and many, many more.

We can't wait to do it all again in 2021!

MATHEMATICS

MEGAN WEST / HEAD OF MATHEMATICS

Competitions in 2020 were a little different this year due to COVID-19. We were unable to run the Computational and Algorithmic Thinking (CAT) competition as normal but were fortunate that all other competitions ran online. There were even some new competitions.

The year started with the Year 11 and 12 Have Sum Fun competition held as normal in March. The boys performed very well and finished fourth and sixth respectively, our position determined by tiebreaker questions. The remaining Have Sum Fun competitions were held in October. Both the Year 7 and 8 teams and the Year 9 and 10 teams performed very well. The younger team of Cameron Baker (Year 7), Edward Hadi (Year 8), Kenny Hao (Year 7), Aidan Lim (Year 7), Jeremiah Wang (Year 8) and Andy Wu (Year 8) finished first with a perfect score in all four rounds.

The second team finished sixth. The older team achieved a perfect score after the four rounds, alongside two other teams. It came down to the tiebreaker questions and we took the title with a perfect score and in the fastest time. The team consisted of Matthew Bailey (Year 10), Joshua Chen (Year 10), Ben Kao (Year 9), Aaryan Mandal (Year 9), Sean Morgan (Year 10) and Tom Pickering (Year 9). Our second team also performed strongly, finishing sixth.

The Kangourou sans Frontières (KSF) was a new online competition in which boys answered questions in a 75-minute period. Twenty-eight boys took on this new challenge and we received some excellent results. The boys achieved six High Distinctions, nine Distinctions, 10 Credits and a number of participation certificates.

Joshua Chen was our only participant in the CAT competition, which took place online in April, achieving a perfect score.

From April to September, boys competed in the Mathematics Challenge and Mathematics Enrichment programs over a four-week and 16-week period respectively. Excellent results were achieved, an outstanding achievement as the demands of the program are very high and the content covered is two to three years beyond the school curriculum level. This year five students competed in the Euler competition, two in Gauss and one in Neother. Results were excellent and placed us among the top students in Australia. Flynn Holthouse and Aidan Lim, both in Year 7, achieved a High Distinction, placing them in the top ten per cent. Jeremiah Wang also achieved a High Distinction for his work in the Gauss Enrichment, placing him in the top 11 per cent. Aaron Goh (Year 8), William Rogers (Year 7) and Harold Smith (Year 9) also all performed admirably in their respective competitions, receiving Credits.

The Australian Mathematics Competition (AMC) in Term 3 saw 212 boys sit the competition over the course of the day. We achieved outstanding results with seven boys finishing in the top 0.3 per cent of all WA students. Prizes were awarded to Aidan Lim (Year 7), Jeremiah Wang and Andy Wu (Year 8), Eddie Gao and Zean Zhang (Year 9), and Joshua Chen and Junjie Chen (Year 10). CCGS boys also achieved 24 High Distinctions which placed them in the top three per cent of students in Years 7 to 10 and the top five per cent for students in Years 11 and 12. Eighty-nine boys achieved a Distinction which ranks them in the top 25 per cent of WA students in Years 7 to 10 and the top 20 per cent of Year 11 and 12 students. They achieved higher than the state mean, across all year groups. Joshua Chen also received a medal for the top Year 10 result in the State.

We ran the International Competitions and Assessments for Schools (ICAS) Mathematics competition for the first time this year.

Extension students in Years 7 to 10 took part and the results were fantastic, with Aidan Lim (Year 7), Jeremiah Wang (Year 8), Harold Smith (Year 9) and Joshua Chen (Year 10) winning medals for the highest score in each year group. We also achieved 12 High Distinctions and 38 Distinctions. All students in each year group performed better than the national median.

The Australian Intermediate Mathematical Olympiad (AIMO) took place at the end of September with only 1539 students across Australia competing. We had 11 boys participate, with six being invited to compete. Joshua Chen (Year 10) achieved a perfect score and was recognised with a Special Excellence Award from the Western Australian Mathematics Olympiad Committee. Zean Zhang (Year 9) also achieved an excellent result and was invited to attend the Junior School of Excellence Camp over the Christmas holidays. Other significant results included Andy Wu (Year 8) who achieved a Distinction, and Junjie Chen (Year 10), Aidan Lim (Year 7) and Jeremiah Wang (Year 8) who achieved Credits. Junjie and Jeremiah missed out on a Distinction by just one point.

We finished the year off with the Western Australian Junior Olympiad, normally held at UWA but run remotely this year. This competition is open to Years 7 to 9 students and we entered six teams. Our mixed team of Year 8 and 9 boys came third overall. The team consisted of Harold Smith, Jeremiah Wang, Andy Wu and Zean Zhang. We also received five individual prizes: Zean Zhang for achieving a perfect score in the individual round, Eddie Gao, Jeremiah Wang and Andy Wu, and Aidan Lim for achieving the highest score for a Year 7 student.

We look forward to 2021 and all the competitions that follow.

MUSIC

SOLI '20

KEVIN GILLAM / DIRECTOR OF MUSIC

Soli '20, held on Saturday 5 September in Hadley Hall at MLC, saw a very enthusiastic audience enjoy the immense talents of eight Year 12 soloists and numerous backing ensembles.

Matthew Sisson on saxophone and Zachary Cheng on clarinet brought real clarity and brilliant technique to their respective jazz-influenced pieces. Sam Claxton's vocal items demonstrated his very warm and resonant tone, and Ruben Davies' string composition (conducted by himself) was a real showcase for his ingenuity and innovative style. Matthew Preston and Arman Brian's vocal/guitar pieces superbly captured the spirit and soul of their chosen repertoire, and Aran Wheatley displayed true virtuosity in his marimba playing. The evening finished with some epic electric guitar solos from Harry Prosser in Metallica's *One*. With 80 musicians involved in the accompanying groups, the night was a real testament to the talents and many hours of rehearsals from all students and staff involved. We wish all graduating Year 12 Music students the very best and thank Zachary Cheng and Matthew Sisson especially for their Music Captain and Vice-Captain leadership in 2020.

MUSIC

JAZZ

PAUL MILLARD
/ DIRECTOR OF JAZZ BANDS

2020 has been a relatively busy year for all jazz ensembles despite the interruptions imposed on us. All jazz boys worked hard, including Year 12 musicians Zachary Cheng (Captain of Music), Matthew Sisson (alto sax), Trent Madden (trombone), Jason Lu (piano), Aran Wheatley (drums/percussion) and Sam Claxton (vocals).

Highlights of the jazz calendar included Boarders' Orientation Day, the School's 110th Birthday and Jazz on the Green gigs, Chapel performances, Jazz in the Ref, jazz soloists and backing bands at Soli '20 and the Jazz Combo performance at the Year 12 Valedictory Dinner to see out the year.

The virtual Ellington Jazz Concert was certainly an unexpected, and successful event, with all jazz bands recorded and filmed in the Music Department and sets broadcast on the School's social media. It is a fantastic memento of the boys' excellent musicianship.

We thank and congratulate the boys' musical efforts throughout the year during rehearsals and performances. We especially wish the graduating Year 12 jazz musicians all the best for the future. You will be missed, one and all.

MUSIC ROCK WORKSHOP

JOZEF GRECH
/ INSTRUMENTAL TEACHER

2020 became globally synonymous with disruption and the end of Term 1 saw our Rock Workshop program move online, offering opportunities to be innovative and explore new learning and musical experiences.

It was exciting to see our students integrate audio-visual technology with enthusiasm and deliver some exceptional results. Working in their own home studios, the boys created audio-visual recordings of their parts to be collaged together with the rest of their band to form music videos. The chance to be creative with their peers, in a time when there wasn't much else happening socially, was welcomed by both students and staff.

The cancellation of our mid-year Mojos concert was a big blow, but once again we explored some new territory in recording and filming the boys' performances to be streamed online via the School's social media pages. This proved a fantastic opportunity for our students to learn about the recording process – an experience that is rare, especially for those in younger year levels. Some amazing performances were captured, and it provided a meaningful way to connect with the broader school community and beyond.

While these learning experiences were incredibly valuable and inventive, nothing beats live music! Sunday 8 November saw a large crowd gather on the Chapel Forecourt for the annual Rock Workshop Extravaganza. Fifteen bands delivered three hours of live music and a fun afternoon was had by all. As a celebration of all the efforts of our students and staff, it was a wonderful way to finish the year.

PETER MOYES CENTRE

THOMAS ANDREWS

I enjoyed writing my second book, *Hero League: Between Two Worlds*. I expanded on the characters which was fun, and I dived into Mike and Dylan's relationship. It was fun writing about Mike's immaturity. It was rewarding seeing the book come together. In Term 2, I completed work experience with Mr Milton in the Library. We made posters for Indigenous artists and he helped me learn how to use Photoshop. I can now use Photoshop to design characters for my books.

ARJUN AGARWAL

This year was a bit hard. I had to stop coming to school because of COVID-19. When I came back, I was very happy to see my teachers and the boys. Some of my favourite things this year were our trip to the zoo, the Associated and Catholic Colleges of WA (ACC) Soccer Carnival and the Rottnest camp.

DAN CHANDLER

My final adventure this year was going to camp. It was the last week of Term 3. I was getting ready to go. I was nervous to go to the Fremantle docks in my casual clothes. We were at Rottnest from Tuesday to Thursday. When we were at the house we were split into our own rooms. I was with Rocky, Aiden and Arjun. I felt like we were brothers, the PMC staff were our mums and Mr Power and Mr Chaney were our dads. It was fun there.

AIDEN FAHL

I started Year 7 at CCGS this year. I was a bit scared. I had never been to Design and Technology (D and T) before, but now it is my favourite class. I loved learning how to use the machines, especially the laser cutter. It makes me happy building things. This year I built a speaker box and a frog. I won an award for my frog!

JACK MORRELL

2020 was a massive year. We did a lot of things. My favourite thing was the PMC Camp. We played games, rode bikes, played frisbee at the beach, went swimming and cooked our own meals. Mr Power and Mr Chaney came with us to Rottnest which was fun.

BEN ROCK

I enjoyed going to Rottnest on the PMC Camp. I really enjoyed skimming the skim ball at the Basin and throwing the frisbee. I really enjoyed making my desk in D and T because it challenged me and it pushed me out of my comfort zone.

BEN SHIELDS

I liked going to Rottnest for the PMC Camp. I enjoyed going to the Basin and wetting Mr Chaney and eating sausage sizzle shapes. I really enjoyed making the snowflake decorations in D and T. It was fun to use the laser cutter.

SCIENCE

EDWARD HOGG / HEAD OF SCIENCE

At the end of a challenging year, I find myself reflecting on the achievements only possible through the hard work and dedicated commitment of our talented team of teachers and the resilience of the boys at Christ Church.

The shift to remote learning was met with enthusiasm and resolve as lessons taught in a well-resourced Science Department were adapted for online learning.

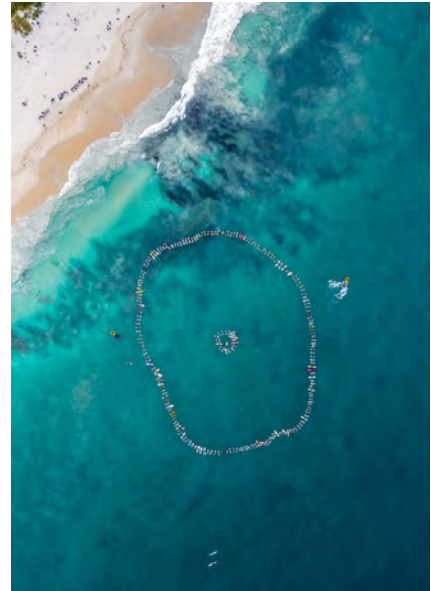

Our Science staff created videos and demonstrations of practical activities including acid base titrations, energy transformations, dissections, DNA electrophoresis, in addition to exploring practical options for experiments to be conducted at home. At the beginning of Term 2, we were fortunate to bring the boys back into the classroom, knowing we could continue to deliver engaging and practical content should the situation arise.

CCGS boys continued to excel on the national and international stage. The International Competitions and Assessments for Schools (ICAS) includes 20 countries and involves over 980 000 students. Our boys improved on last year's results with nine achieving High Distinctions, putting them in the top one per cent of students in Australia. Congratulations to Grant Hogarth in Year 10, who was awarded a gold medal for ICAS Science for achieving the highest mark in his year level. Our boys also participated, online for the first time, in the Science Olympiads, once again performing strongly.

Science Week in August saw us dive into the 'Deep Blue'. We had our annual Science Quiz and an online media competition which saw over 70 video and photo entries showcase the boys' affinity with our oceans. Our guest speaker was author and environmental scientist Heather Waugh and students enjoyed a VR ocean experience in the library.

With changes required to the way we operate, we made significant use of the river precinct, exploring abiotic and biotic factors, food webs, salinity and general water and environmental health. Our Year 6 boys visited our Chemistry laboratories and participated in activities in preparation for Year 7, experiencing a taste of Physics, Chemistry and Biology.

We continue to provide a hands-on, practical approach to Science, encouraging our students to think locally and globally. I challenge all ECGS students to consider what they can do to leave their positive mark both on the School and the global stage.

WORKPLACE LEARNING

YEAR 11

Cameron Kehal – *The Good Grocer*

Cameron Leggett – *Powerhouse Surf*

Harley Waterstrom-Walker – *Bay Marine Maintenance*

Josh Lamb – *Royal Life Saving*

Lachie Hooper – *Off the Wood Timbers*

YEAR 12

Alex Robinson – *Cambridge Corner Store*

Harry McCormack – *Steves Bar and Cafe*

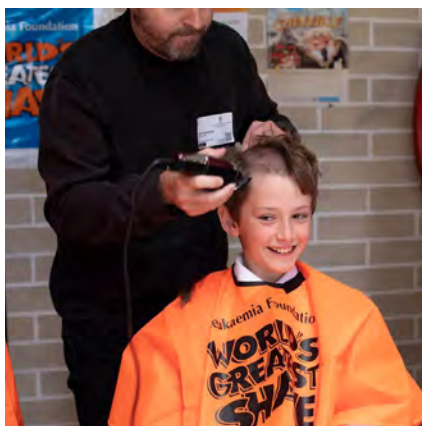

Kalani Brooks – *Wilco Electrical*

Oliver Harmer – *Diamond Fitness*

Crawford Egerton-Warburton – *IA Design*

HEAD OF PREPARATORY SCHOOL

STEVEN MALES

Christ Church was founded 110 years ago, and over this span of time, countless memories have been forged. 2020 will be remembered as the year the School had to deal with a worldwide pandemic. Quickly, our vocabulary changed with the phrase, 'these unprecedented times', repeatedly mentioned. Terms such as COVID-19, quarantine, lockdown, social distancing and remote learning became the norm. As a school community, preparation commenced for a remote learning experience with a trial, and the BigBlueButton became more than just a button. Within a rapid timeframe we prepared our boys, worked closely with our staff and on 26 March we transitioned to remote learning.

Staff preparation was truly amazing, from helping every boy in the School to better understand the BigBlueButton platform, developing structures in OneNote, creating take home packs, to deploying 522 iPads for every boy to continue their learning. A remarkable achievement.

2020 also saw the introduction of the researched-based School Wide Positive Behaviour Framework. Our Preparatory School boys focused on the development of core values – care and compassion, respect, responsibility and understanding, and inclusion. Learning about what these values looked like in their day-to-day behaviours and interactions was a focus, which closely aligns itself to our overall approach to social and emotional learning. Our focus on the House system saw a new level of connectedness across the School, helping each boy to be part of a broader team.

Highlights from 2020:

- With a hard border closure, our Year 6 boys were unable to travel to Canberra. However, they took part in an alternate Canberra Experience which involved guest speaker, Dr Carmen Lawrence, visits to State Parliament and virtual tours of the Australian War Memorial.

- The *Have Sum Fun* Mathematics teams competed and finished first and fourth.
- Many of our boys competed in the various ICAS competitions, with seven medal winners, 19 High Distinctions and 115 Distinctions awarded.
- Year 4 students Tobias Iddrisu and Henry Stobie finished in the top 10 in a national short story competition, as voted by students across the country.
- The hosting of our first Sports Awards Assembly with old boy and Olympic gold medallist Bill Kirby as our guest presenter.
- The Future Problem Solving (FPS) team,

as part of the Centre for Excellence, participated in the national FPS competition.

- The expansion of the Year 7 transition program, including a study skills session and an academic activity, further prepared our Year 6 boys for the Senior School.

This year, Preparatory School boys were also busily learning about an approach to writing, known as Talk for Writing. The term not only describes all the talk that surrounds the teaching of writing but also the wider learning within a unit. It helps the boys become better speakers, listeners, readers, writers and thinkers.

House activities continue to provide opportunities for boys to be involved in learning how to make a difference to those in need through philanthropic actions. The World's Greatest Shave raised a staggering \$40 000 for the Leukaemia Foundation, and the annual Lapathon for the Cambodian Children's Fund raised \$27 000 to support students who found life a struggle this year.

2020 has been a rewarding year and I would like to acknowledge and thank all the students, staff and parents for their support. Our 110th year will be remembered for years to come.

PREPARATORY STAFF 2020

VALETE STAFF

PAULA ELLIS / TEACHER

MICHAELA SAWLE

Michaela Sawle joined the Preparatory School Learning Development Centre in July 2020, having previously held positions at government and independent schools within Western Australia and overseas.

Michaela was responsible for the implementation of the Year 5 and 6 support programs, working closely with class teachers to provide targeted intervention in Mathematics, writing and spelling.

Michaela is also a very talented dancer with a diverse background of experiences, such as working at Disney World in Florida and as a teacher of Edu-Dance, a creative hip-hop

dance program for primary school students developed in Perth. At Christ Church, she shared her passion for the performing arts during the Preparatory School's production of *Rock Bottom*, which was very much appreciated.

In her short time at Christ Church, Michaela forged strong working relationships with both the staff and students. In 2021, Michaela will take up a new position in the Junior School at Presbyterian Ladies' College, and while we are sad, she leaves with the best wishes of everyone who has worked with her.

THOMAS BEARD

Tom Beard joined Christ Church in Term 1 from Aubin Grove Primary School and has been a terrific colleague. He is organised, approachable, and is both a generous and collaborative team member.

Tom's students benefitted from his calm and patient manner in the classroom and he held high expectations for them both academically and pastorally. A keen sportsman, Tom was much appreciated on the hockey field and basketball court and enjoyed long runs after work through Bold Park or along the coast.

Tom will be remembered for his impeccable dress sense, enviable packed lunches and the impressive ability to eat more than anyone else at morning tea (and still stay trim)! He leaves Christ Church – and Perth – to return home to Tasmania with his wife, Blair, where he will take up a teaching role at St Virgil's College in Hobart.

CAPTAINS OF PREPARATORY SCHOOL

SCHOOL CAPTAINS

FROM LEFT TO RIGHT: Ethan Di Martino, Hayden Jeffreys, Lawson Kirby, Arjun Brian

YEAR 6 CAPTAINS

BACK ROW: Abe Briffa, Archie Bucher, Stephan Shen, Lewis Fischer, Vibhav Kumar, Christian McGlew, Harrison Surtees, Max Ingham, Benji Somoff, Oscar Blackwell, Ethan Parker

MIDDLE ROW: Elliott Yong, Frederick Azis, Siddharth Bavan, Will Flaherty, Flynn Towner, Lachlan Sheldrick, Lawson Kirby, Phoenix Shakibaie, Thom Yates, Jamie Yates, Rohan Shetty

FRONT ROW: Henry Stokes, Hayden Jeffreys, Harrison Easterbrook, Ollie Driscoll, Arjun Brian, Declan Church, Seb Cardaci, Ethan Di Martino, Ari Fisher, Sam Ramachandran, Benjamin Macgregor

KARDA GOANNA

ARJUN BRIAN AND SEB CARDACI / CAPTAINS

At the start of Term 1, we learnt that Champion Quest, our reward system, was being replaced by an improved House point system. Mr O'Driscoll set us the task of creating a new chant that incorporated Aboriginal language. We rose to the task and gave it a shot. It was hard but it turned out great. At the end of the term, we went into lockdown because of COVID-19 but we learnt how to communicate with our teachers and continued to learn from home. We went into home learning thinking that the rest of the term was not going to be fun, but when we logged in on our iPads, we felt the Karda spirit. It was amazing. Term 1 was good and all the boys showed lots of comradery. Go Karda!

FREDERICK AZIS AND FLYNN TOWNER / CAPTAINS

This year, being Term 2 Karda House Captains was pretty tough due to COVID-19. This didn't stop us from trying to change the School and make it as much fun as we could. We made a new system of utter fun, creating events that allowed the Houses to have enjoyment and gain points through activities, such as chess, soccer and handball. Sadly, due to COVID-19 we could not talk at assemblies like past captains, but it was really wonderful working with Mr O'Driscoll. It's a great opportunity to be a House Captain. This year had its ups and downs, but we really enjoyed the role.

OSCAR BLACKWELL AND BENJAMIN MACGREGOR / CAPTAINS

In Term 3, being House Captains was an amazing opportunity to help Mr O'Driscoll with House Shout. Our song was *Everybody Needs Somebody to Love* by The Blues Brothers. This was an extremely fun experience. We made an iMovie of everyone in the House singing and having fun, and created dance moves. On the day, we went really well! Sadly, we didn't win but that was okay because we knew we had sung our best and tried our hardest. We had such an amazing time being House Captains for Karda, speaking at assemblies and all the other opportunities we had. Cross Country, one of the biggest sporting events of the year, also happened in Term 3. All the boys in Karda showed great spirit and worked extremely hard to earn their House points. Sadly, we didn't finish on top, however, our great effort saw us finish in second place.

STEPHAN SHEN AND BENJI SOMOFF / CAPTAINS

The last term of 2020 was quite short. The main thing was the House Swimming Carnival and although we did not win, we absolutely loved taking part and it was a beautiful day. Shortly after the carnival, we got ready for the McPherson Cup. We chose a strong team. We did not win but we tried our hardest. In the end, we came together and had a nice House lunch on Activity Day to finish off the busy term. The food was amazing! Go Karda!

KEARLA DOLPHIN

**OLLIE DRISCOLL, CHRISTIAN MCGLEW
AND SAMUEL RAMACHANDRAN**

We started 2020 with heads high, ready for the upcoming House Athletics Carnival. Unfortunately, it was cancelled due to the COVID-19 crisis. Christ Church Grammar School and most other schools in the State accessed home learning. Parents who were working from home due to social distancing suddenly became teachers. Remote learning turned dining room tables and kitchen benches into classrooms. We learnt the skill of adaptability and that the world as we knew it had changed forever.

SAMUEL RAMACHANDRAN

In Term 2 we were fortunate to be reunited with our school, our peers and our teachers. Everybody was eager to see their friends as well as their Kearla House mates. The atmosphere at school was electric as we played, competed and came together. As a House, we were hungry to win as Karda was just above us in House points.

**ETHAN PARKER AND
SAMUEL RAMACHANDRAN**

Term 3 was jam-packed. It included PSA competitions and the House Shout. The first competition of the term was the Cross Country Carnival. The boys gave their all. It was amazing to see the myriad of colours and spectators. Each and every boy tried their absolute hardest but unfortunately, we fell short to Yonga. In the House Shout we performed *Lonely Boy* by The Black Keys. A lot of time and energy went into rehearsing for the final performance. It was wonderful to come together as a group and sing as one. A special thanks to Mrs Hodgson and Mrs Balfour for helping us with our song and the performance.

**OLLIE DRISCOLL, CHRISTIAN MCGLEW
AND SAMUEL RAMACHANDRAN**

Term 4 included the McPherson Cup for basketball and the House Swimming Carnival. A beautiful December day saw the Kearla boys swim freestyle, butterfly, backstroke, breaststroke and the relays. The group chanted and sang its way to a Spirit Shield victory. It was a fantastic achievement for staff and students alike. The McPherson Cup was another highlight. The competition is run by the students and allows them the opportunity to organise, coach and umpire basketball games during lunchtimes. This year we fielded a strong team and Kearla won, which was very exciting. Go KEARLA!

WARDUNG AUSTRALIAN RAVEN

HEATH POZZI / HOUSE CO-ORDINATOR

TERM 1

This year, the Wardung crew was keen and excited for another great year under the banner of the green-eyed ravens. However, plans were dashed with the serious threat of the School locking down due to COVID-19. Therefore, we all needed to adapt, and we did. The School, staff and students, all got ready for our first home learning experience. We all entered this situation thinking it would be fun staying at home, working from our own desks. However, we quickly realised how much we missed school, seeing friends, being part of a community, and being a member of our House group.

"I enjoyed being Term 1 Wardung House Captain because I was chosen first and I was keen to set the standard for the other Wardung captains for the terms after." Ethan Di Martino, House Captain

TERM 2

We entered Term 2 with a continued COVID-19 lockdown. It added to the challenge of our year, however, we understood that bigger things were happening around the world and we were pretty lucky to be living in Western Australia with its hard borders. The return to school saw us try and recapture some House spirit and momentum, and the House Captains created team games for all the boys. They were able to gain House points through activities such as chess, soccer and handball. Assemblies and school events were still affected, but again the School adapted by running chapel and assemblies online, giving the captains a chance to still be part of presenting in these different forums.

TERM 3

Term 3 was House Shout term, an event that many of the Wardung boys look forward to. This year's theme was 'Colours' and Wardung chose a great toe-tapping tune by Australian singer-songwriter Sam Sparro called *Black and Gold*. The competition was of a very high standard with all the Houses performing very well. All the Wardung boys practised really hard under the guidance of Mrs Ebony Yapp. We learnt the song and rehearsed well and felt we were prepared to give it our best on the day. This year the Wardung boys walked away with the great thrill of victory and it was a wonderful feeling of coming together as one on the day to produce our best team performance. Well done all boys for the effort you put into making the Wardung House Shout such a great success.

We also went back to the sporting field for the first time this year and competed in the House Cross Country Carnival. It was wonderful to see all the colours of our House groups once again mixing it up and a great feeling for all the boys from Years 3 to 6 to be competing again. All Wardung boys tried their hardest with many qualifying for the PSA team. One thing we are always encouraging in Wardung is sportsmanship and spirit and the boys were rewarded with the Spirit Shield for their efforts.

"Being a Wardung House Captain in Term 3 brought a lot of responsibilities including House Shout, Athletics Carnival and Cross Country. Lots of events got pushed into Term 3 because of COVID-19, so it was a busy time to be Captain. When I was younger, I would look up to the captains. Hopefully the younger students have looked up to me in my role this year." Harrison Surtees, House Captain

TERM 4

Even though our last term is our shortest, we still were able to jam in plenty of activities. We had the Swimming Carnival, the McPherson Basketball Cup, the Lapathon and our own Wardung Youth Focus Fundraiser. This fun day of wearing a fake moustache and tacky tie raised funds to support Youth Focus and the work it does to support the mental health of children in Western Australia. Thank you to the many Christ Church students and staff who took part and showed their support. The final House event for the year was the Swimming Carnival. Everyone gave it their best and the boys all had an enjoyable day in the pool, trying their hardest in either the 50m or 25m races.

"Being a House Captain for Term 4 came with many responsibilities, such as speaking at assemblies and selling the moustaches for Youth Focus. It was all a lot of fun. Being a captain meant that you had to be responsible and use common sense, whether or not you were alone or with a group of people. I am grateful that I had the chance to be a Wardung House Captain this year." Harrison Easterbrook, House Captain

Congratulations to all Wardung boys for a great year and for the wonderful display of House Spirit, encouragement and sportsmanship. Thank you to all of the Wardung staff who have helped, supported and encouraged the boys along the way.

Wardburg

YONGA KANGAROO

YONGA FUNDRAISING

DECLAN CHURCH AND JAMIE YATES

In Term 1 of 2020, and after the tragic summer of relentless bushfires across the eastern coast of Australia, Miss Jasmine Jeffs, Jamie Yates and I held a day at school where people could wear their craziest socks to raise money for and awareness of the Red Cross Bushfire Appeal. Throughout the day, we collected gold coin donations. The participation and generosity of the boys was incredible and far exceeded our expectations. We thank everyone for making it one of the best days of the year. We raised almost \$1800, a remarkable sum. We were really proud to contribute to such a fantastic cause.

ATHLETICS AND CROSS-COUNTRY

ABE BRIFFA AND LAWSON KIRBY

Athletics is definitely one of everyone's favourite events. From tunnel ball to tug of war, every boy competed in one or more events. This year the Yonga boys took it to the next level, striving to win. Cross Country was a particular highlight because Yonga WON this gruelling event! It was clear on the day we were a dominant force. Well done to all involved.

HOUSE SHOUT AND BOARD GAME CLUB

ROHAN SHETTY AND THOM YATES

We all stood up. We walked to the stage. The crowd was ready for us. House Shout here we come ... We had a fantastic time and worked extremely hard for the big performance. We sang *Hotel Yorba* by The White Stripes. The best part was when the Year 3s got down on one knee with their flowers! Even though we didn't win, we were really proud of our performance and enjoyed working together as a team.

Organising the Board Games Club was quite challenging, but the outcome was fabulous. Students across all years play chess and Connect4 at lunchtime. It was a great inter-house and inter-year activity.

YONGA SPIRIT

ARCHIE BUCHER AND ARI FISHER

Yonga boys will push their House, right to the end. We're there for each other, chanting together, like kangaroos travel in a mob. We do this because our spirit and teamwork are everything to us.

We relish our House lunches, where we talk, we strategise, we chant, we learn ... WE GROW! We laugh, we eat, we smile, we have fun, until the bell rings. YONGA ROCKS! A special House lunch is the end of year Christmas party where we celebrate our achievements and eat all the scrumptious food that everyone brings. LONG LIVE YONGA!

Serga

CANBERRA EXPERIENCE

JOANNA MORRISON MAYO / YEAR 6 TEACHER

The annual Canberra Tour is one of the big experiences in the Preparatory School and a compulsory part of the Year 6 curriculum. Sadly, due to interstate travel restrictions, this year's tour could not take place. An alternative Canberra Experience was designed to give the Year 6 boys the opportunity to participate in a variety of engaging educational activities with a focus on government and democracy, laws and citizens, and citizenship.

The program was launched in the Chapel with a fascinating Q&A session with Dr Carmen Lawrence, former Premier of Western Australia, and an introduction to Canberra with Head of Preparatory School Dr Steven Males, complete with a flyover of our nation's capital, filmed especially for the boys.

The jam-packed itinerary continued with video calls to the Parliamentary Education Office in Canberra, a virtual tour of the Australian War Memorial, and individual class visits to the Parliament of Western Australia. The boys also participated in a trip to Scitech to explore the newly opened Earth Matters exhibition and a fascinating street art tour of Northbridge and Perth CBD streets, laneways and public spaces.

To cap off a wonderful fortnight of activities, the inaugural Sportopia saw the boys playing 'minute-to-win-it' games, showing off their water polo skills in the pool, venting frustrations in a game of Jedi dodgeball and finally, outplaying and outlasting each other in a game of Last Man Standing tag.

CHESS

IZAAC COUZENS / YEAR 4

I think Chess Club is a great way to experience playing chess. Chess Club allows boys of all ages and levels, beginner to expert, to enjoy the art of board games. Sometimes, Chess Club very kindly arranges for chess masterminds to come in and teach us how to play and win! They explain every move and show us the best things to do. I believe that after a lot of practise (and maybe even a few tips too), anyone can win a game of chess! I hope what I have written will either encourage you to play chess, or join Chess Club.

CLUBS

BOARD GAMES CLUB

BRIANNE UTTING /
PRE-PRIMARY TEACHER

This semester, we had a lot of fun exploring a variety of new and old board games. A few of our favourites were Pictionary, Boggle and Guess Who? Some of the boys even decided to design and create their own board games.

CHINESE COOKING CLUB AND MODERN AUSTRALIAN COOKING CLUB

SALLY MACKINNON /
YEAR 5/6 CO-ORDINATOR

The Chinese Cooking Club (Term 3) and Modern Australian Cooking Club (Term 4) were a feast of weekly taste-sensation experiences. The boys not only experienced flavours from Japan, India, China, Italy and Vietnam, they also learnt how to make their own bottled tomato sauce. Ms Li Liu and Mrs Sally MacKinnon showed the boys what they enjoy cooking at home and the recipes were easy enough for the boys to replicate. Important cooking skills, such as cutting, stirring, mixing and doing the dishes were also practised each week, with everyone helping to create something delicious.

"I really enjoyed Chinese Cooking Club and Modern Australian Cooking Club because it made me try new foods that I didn't know I liked. I tried things like garlic, guacamole, rosemary, coriander, and many, many more. I actually found every meal we made really tasty. The cooking clubs made me look at food from different perspectives."

Oliver Baker, Year 5

"I really enjoyed Modern Australian Cooking Club because of its diversity in food choices. All the food was yummy, and I hope I can do the club again." Matthew Luo, Year 5

"I really enjoyed Cooking Club because we had foods we would never make at home." Hudson Lloyd / Year 4

DRAWING CLUB

JENNY JOSEPH / YEAR 1 TEACHER

Drawing Club is for boys who love to draw. There is no need to be an expert. Some boys chose to follow step-by-step instructions, using books or iPad tutorials, to draw things of interest. Some boys, on the other hand, chose to let their imaginations flow with free choice drawing. The boys were always very encouraging of each other and there was a lovely atmosphere during each session.

MINDFULNESS CLUB

KATE ATKINSON /
SCHOOL PSYCHOLOGIST

The Years 2 to 6 Mindfulness Club met at lunchtime to learn how to practise mindfulness. We particularly enjoyed going to the river, becoming more aware of our surroundings and letting our thoughts drift away like clouds in the sky.

PICCOLLAGE CLUB

SALLYANN LEE /
YEAR 3/4 CO-ORDINATOR

PicCollage was a popular and fun club in which the boys quickly learnt, and mastered, the PicCollage app. Choosing, selecting and arranging photos gave the boys an opportunity to create themes, stories and messages. Selecting layouts, borders, patterns, colours and text made each boy's work creative and individual. Overall, the boys and staff learnt much from each other.

WETLAND WARRIORS

TONIA RANFORD /
YEAR 4 TEACHER

In Semester 2, the boys investigated the health of the river and how human activities affect the estuarine landscape. They collected and audited litter on the beach and designed posters to highlight the environmental issues affecting our Swan River patch. The boys identified Indigenous flora and fauna and the negative impact of alien plants. They created informative PicCollages and iMovie presentations on the Swan River landscape.

PHILANTHROPY

WORLD'S GREATEST SHAVE AND LAPATHON

TERM 4 HOUSE CAPTAINS

There are a lot of things that make you feel good when you come to school. Getting a high mark in a test, meeting new friends and winning sports games against other schools all make you feel good, but raising money for people who need help is the best way to feel good.

This year we were able to make a difference in other people's lives through two different events: The World's Greatest Shave on Friday 18 September and the Lapathon for the Cambodian Children's Fund on Wednesday 28 October.

Over 40 boys had their heads shaved for The World's Greatest Shave for the Leukaemia Foundation. The rest of the School was able to spray paint their hair in different colours for a donation. We raised over \$40 000!

The Lapathon took place in Term 4 and we all ran as far as we could. We knew each lap would help a child in Cambodia, so we felt really motivated to do our best. The Cambodian Children's Fund helps families and children living in poverty and by donating just a small amount, we can make a big difference in their lives.

One of the best things about helping others is it makes you feel really grateful for everything you have. Our whole school gets involved in these events and we feel connected to other people in the world. We can't wait to see who we can help in 2021.

WARDUNG YOUTH FOCUS FUNDRAISER

HEATH POZZI / WARDUNG HOUSE CO-ORDINATOR

On 30 November, the Preparatory boys were invited to take part in the annual Wardung Youth Focus Fundraiser. This annual event brings positive awareness around the topics of mental health and healthy life choices and aims to help our boys form good habits early in life. The boys were able to purchase a stick-on moustache and wear their best 'groovy' or 'tacky' tie to support Youth Focus, a Western Australian youth health organisation that provides support and counselling for school children with mental, social and emotional needs.

CENTRE FOR EXCELLENCE

FUTURE PROBLEM SOLVING MAX INGHAM / YEAR 6

We all have those moments when you think to yourself, "This is it, the moment I've trained and worked for." Next comes the inevitable rush of emotions – fear, excitement and determination. Then you become completely immersed in it.

Well, that was me as I sat around a table at St Mary's with the rest of my team, Nate, Emilio and Archie, as we prepared ourselves for the 31st Global Issues Future Problem Solving (FPS) national competition. Here, we competed with 21 of the best FPS teams in Years 5 and 6 across Australia. As the clock on the wall struck 9.00am, we set to work. First, we analysed the Future Scene, a scenario devised to simulate a potential situation. Next, we uncovered problems then identified the most prominent one (which we called the Underlying Problem or UP), and devised solutions to solve the issue. Lastly, we selected the most relevant solution and developed that into a plan of action that would solve the UP.

A week later, our brilliant coach Mrs Wisker invited our team to her room at recess to reveal how we had fared in the competition. Let's just say, I thought fourth in Australia wasn't too bad!

MATHEMATICS EXTENSION ANTHEA FEAVER / CO-ORDINATOR

In Measurement and Geometry, the Year 4 boys learnt about the parts of a circle and the ratio between the circumference and diameter of a circle, which is the special number pi. The Homework Challenge for the week was to learn as many digits of pi as possible. Some of the boys really excelled at this, with the champion, Fergus Khoo, committing 180 decimal places to memory. The results were:

Fergus Khoo	180
Arjun Rooprai	110
James Adamson	60
Declan Chan	60

Eighteen of the Year 5 and 6 Mathematics Extension boys took part in the annual primary schools Have Sum Fun competition held at Aranmore Catholic College. The team of Benjamin Bejczy, Justin Goh, Thien An Ho,

Lachlan Russell and Vivek Varghese took out first place, one point ahead of the Russian School of Western Australia. Another team of Elliott Ho, Joshua Ng, Prajwal Raj, Nathan Wong and Ethan Zhang placed fourth. This is the third year in a row that a CCGS team has won the competition.

PHILOSOPHY DECLAN CHAN / YEAR 4

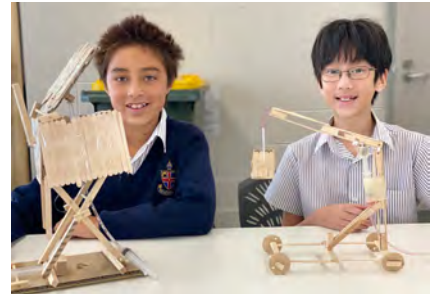

Philosophy is about trying to understand and interpret questions and answering them by what you feel is right. You have to have a good reason and be able to back up your reasoning. I've learnt never to judge someone by what their answer to a question is – you should always try to understand the situation they are in.

TRISTAN LAURIE / YEAR 4

Philosophy is all about thinking. We use Science to solve big questions about the real world, but Philosophy asks questions about things that don't have conclusive answers.

ROBOTICS FERGUS KHOO / YEAR 4

From making the robots to coding them, Robotics has been a wonderful adventure. We learnt how to code the Lego Mindstorm robots around an obstacle course and learnt how sensors work. I thought it would be a good idea to include Mr Robertson's three rules of Robotics: 1. The robot is never wrong; 2. The robot is always right; and 3. See rules 1 and 2. Thank you to the staff and Mr Robertson for making Robotics possible this term.

CHINESE

DHRUVA BALASUBRAMANIAM / YEAR 4

In Chinese, I enjoyed doing activities such as Kahoot quizzes. I loved learning how to say sentences in Chinese and what I liked the most was making all different kinds of things, including dumplings and bubble tea.

MATTHEW DONALDSON / YEAR 6

We had so much fun in Chinese whether it was a play, a song, or just learning the language and its culture. The whole class grew so much. We thought that learning Mandarin has been a very nice life experience and we think that we can all say that Chinese was one of the most fun subjects!

OSCAR HARRISON / YEAR 3

I loved being immersed into Chinese culture by watching and having a class discussion of food blogger Li Ziqi's YouTube videos of her country lifestyle in China. It was so inspiring watching how food that I didn't even know existed could be cooked in a traditional way. I learnt so much about Chinese food in this one year!

HAYDEN JEFFERYS / YEAR 6

Each year we put on plays that are lively and fun. We got our roles and learnt lots of new words. We also spent time with our friends and became creative in how we performed. All together our plays were amazing and loads of fun. What a fantastic way to learn Chinese!

ETHAN KOEKEMOER / YEAR 4

Chinese – what an amazing subject to learn. Probably the favourite thing we did this year was the Chinese tea culture Liu *lǎo shī* (teacher) presented to us and the bubble tea we tried. We also made bracelets on Open Day. It was very technical and I still wear mine. Chinese was one of my favourite subjects of 2020.

DEIRAN RAMAN / YEAR 6

I was a new boy at CCGS and I didn't know anything about Mandarin. I learnt quickly because of my nice teacher, Liu *lǎo shī*. She taught us not only Chinese language but also Chinese culture, such as Chinese architecture, the history of China and its food culture. My favourite part was learning about the terracotta warriors and their origins. I really love Mandarin.

SEBASTIAN SAMBROOK / YEAR 2

I loved Chinese because my teacher, Liu *lǎo shī* made learning so much fun. We played many fun games such as guessing the animals. I also learnt how to say things in Chinese.

RISHI VASWANI / YEAR 3

We did lots of fun things, like making lanterns and drinking bubble tea, but the best part was doing the Kahoot quizzes. We practised Chinese Pinyin and characters. I loved learning Chinese and I will continue when I am in the Senior School!

RYAN WALLIS / YEAR 6

Learning Chinese was an amazing experience. Although the first three terms were incredible, Term 4 stuck with me, mostly because we tried *nǎi chá* (bubble tea), which was really nice. At the Open Night, we went straight to the Chinese room to do some cool activities, such as trying to pick up lollies with chopsticks and making *jianzi* (a Chinese hacky sack with features). It was a really fun experience for us.

DANCE AND DRAMA

ZACH PARRAMORE / YEAR 6

Opening night, 51 boys ... blood, sweat and tears have all led to this night. After eight weeks of gruelling rehearsals and dancing, the lights dimmed, the music began, and we waited nervously in the wings because there was no turning back. The adrenalin rushed through our bodies and after a few technical difficulties we were singing and acting like we had stepped right out of a Disney film, with Ethan Di Martino (Year 6) leading the way. Performing in front of an audience was thrilling and it gave every single boy a feeling of accomplishment and a major boost of self-confidence. It was over before we knew it and we were prepping for the next night. The cast thanks Mr Dawson, Miss Swale and Mrs Vukojevich for helping us with the staging, choreography and props.

RYAN DAWSON / DANCE AND DRAMA TEACHER

The Dance and Drama program is centred around the boys having fun and to give them the base skills needed to set them up for Drama in the Senior School. I like to create a relaxed environment for the boys, where they are free to explore and express themselves while developing the elements of drama and dance through various activities and projects. Projects across the year have included scripted monologues, self-written monologues, two-person scenes, self-choreographed dance routines, the Year 5/6 production of *Rock Bottom*, character studies based on *The Three Little Pigs*, *The Tortoise and the Hare* and *The Book with No Pictures*, alternate emotional endings, exploring and understanding anxiety, improvisation and short films.

INNOVATION SPACE

What a fantastic, fun-filled year! From creating habitats for bushfire-affected wildlife, virtual online museums, coding DIY Mars rovers, building catapults and earthquake proof buildings to experiencing Virtual Reality and the 3D printers. The Year 4 to 6 boys have had a blast in the Innovation Space.

ALISTAIR BARTLETT (6NH)

I really enjoyed doing Innovation because of the many things we could do. I liked the opportunity to be creative and build our projects, our way. It was always interesting to see what our next project would be!

SEB CARDACI (6NH)

Innovation allowed all of us to be more creative and work more as a team. I really enjoyed the building and designing components. We made fireproof shelters for animals in the Australian bushfires and created earthquake proof buildings. The Innovation Space was a lot of fun.

JAMIE HARRINGTON (5SM)

I enjoyed learning how to code our Mars rovers, even though it was very stressful at times. This year in Innovation was my best yet and I can't wait for the next one.

WILLIAM REA (5SM)

My favourite part of Innovation was the CoSpaces because you could be really creative and design buildings in the museum.

LIBRARY

SOPHIE SMITH / TEACHER LIBRARIAN

It has been another amazing year in the Prep Library! It is a busy place and it was wonderful to see the boys not only making full use of the material available but suggesting new additions to the collection.

We welcomed two fantastic authors to our school this year. Heather Waugh, an environmental scientist, teacher and author, spoke to our Year 5 boys about her first novel *The Lost Stone of SkyCity*. She demonstrated how to create detailed story worlds, which are believable and real. Heather also shared her love for science by teaching us about the incredible mantis shrimp, which are older than dinosaurs and can break the glass of aquariums. The Year 3 and 4 boys were delighted by an exciting drawing session with author-illustrator Gavin Aung Than. Gavin showed our boys how to draw characters, spoke about creating his books *Super Sidekicks* and even turned some of the boys into superheroes on our whiteboard.

'Curious Creatures and Wild Minds' filled our Chapel during Book Week as boys from all years dressed up as their favourite book characters. We also celebrated Book Week with a pop-up library in the playground, a Story Walk around the oval, treasure hunts, a bookmark competition, quizzes, creating curious creatures from recycled materials and, of course, reading books together. Essington Bailey, Xavier Openshaw, Evan Ratcliffe, Prajwal Raj and Sebastian Thong competed in this year's Reader's Challenge at MLC against five other schools and did an amazing job.

We have been very lucky to have some willing and enthusiastic Library Monitors this year. Thank you to those boys for taking on the role in such a responsible way.

MUSIC

EBONEY YAPP / MUSIC CO-ORDINATOR

SING, SAY, DANCE AND PLAY!

The Preparatory School Music program is taught by Mrs Eboney Yapp and Mrs Stephanie Balfour. Using the Orff Schulwerk approach to Music, boys sing, say, dance and play a variety of instruments and engage in active music making. 2020 was another successful year, with boys participating in a number of performances despite restrictions.

EARLY CHILDHOOD MUSIC

With the ELC Music program in its second year, the boys engaged in a number of activities with Mrs Balfour to extend their listening, instrumental and singing skills. Closely linked with the Letters and Sounds program, boys in Pre-Kindergarten and Kindergarten participate in lessons twice a week. The ELC boys finished off their year by performing Christmas carols at the end of year Chapel service.

MUSIC ENSEMBLES AND CLUBS

Twelve music ensembles and clubs were available to boys in Years 2 to 6, ranging from the popular Rock Workshop to the Piano Duet Club. Boys who were not currently learning an instrument were also able to be a part of the program with our Music Theory Club and Composers Club. These provide opportunities to learn more about reading and writing music, as well as creating their own compositions.

WINTER MUSIC CONCERT RECORDING

Due to restrictions the Winter Music Concert was recorded in the CCGS Chapel. The audio and video were recorded by Mr Jozef Grech, and it was a unique experience for boys.

OPEN NIGHT SHOWCASE

The first performance for all ensembles with a live audience occurred at the Open Night Showcase, held in the CCGS Chapel. This event was well-attended and each ensemble performed with high levels of musicianship and finesse.

WEEK OF THE ARTS

In Week 10 of Term 3, we celebrated the Week of the Arts. Boys had the opportunity to perform a dance, a monologue or an item on their chosen instrument, in the year level class concerts held throughout the week. The week concluded with the annual House Shout event, this year's theme being Colours. Each House performed a song with either a colour in the title, the composer's name or in the lyrics. Congratulations to Wardung who won with the song *Black and Gold* by Sam Sparro.

MUSIC

CHOIR

AUBREY ROGERS / YEAR 6

"Those who wish to sing, always find a song." Swedish Proverb

I joined the Preparatory School Choir two years ago. The choir is conducted by Mrs Stephanie Balfour and accompanied by Mrs Julie Anne Timms. This is a voluntary choir. You don't need to audition or take any tests to enter, just have commitment and a trusty alarm clock (since the rehearsals are on Tuesday mornings at 7.15 am). The venues this year varied from digital sessions after school during lockdown, to the Chapel for Christmas carols and the choir room (just opposite the top storey of the RATfish, more commonly known as the 'Room Above the Fishbowl!').

We had many performances this year, but my favourite was our live performance of the African folk song, *Kusimama*. The song is rich in culture. It was fun to harmonise and collaborate with the Percussion Ensemble.

I would recommend the Preparatory School Choir to anyone who loves to sing and likes to have fun.

FLUTE ENSEMBLE

VAIBHAV BAGUBALI / YEAR 6

Flute Ensemble is a lot of fun because we play a variety of songs, but the best part is we play with others. Mr Lukasz Slawomirski is fun, engaging and always ready to help. This year was a blast. We performed multiple times at Assembly, Open Night and online! It was great.

CONCERT BAND

ARJUN BRIAN / YEAR 6

It starts bright and early on a Wednesday morning. We set up and get our tuning and scales done with Ms Christine Counsel or Ms Mia Brine (our conductors). Now onto the pieces. We go through some of the pieces we will later perform. During the COVID-19 wave, when we couldn't do live gigs, we performed *Rock Point 5*, recorded it and put it online for our friends and family to watch and enjoy. When we were allowed

to have audiences and large numbers of people for concerts or performances, we jumped at the opportunity to perform live – and boy did it feel nice. We performed *Treasure, And All That Jazz* and *Eye of the Tiger*. This year has been a blast with the Concert Band. The boys and conductors have been amazing so thank you very much. You should join the Concert Band – so grab your instrument, stand and music!

YAHOOOS

ETHAN DI MARTINO / YEAR 6

The Yahooos auditioned choir is made up of around 33 boys from Years 4 to 6 who love to sing. Every Tuesday lunchtime and Thursday morning, we come together to rehearse under the direction of Mrs Eboney Yapp and accompanied by Mrs Julie Anne Timms on the piano. We even did online rehearsals from home during the remote learning period due to COVID-19.

At assemblies you can find us in the pews, to the left of the stage, leading the singing of the School Hymn and the National Anthem. This year we rehearsed and performed a range of pieces including *Amazing Grace, Stand By Me, The Old Piano Man, It's Time to Go, Balulalow* and *Holy Child*. Our performances this year included an online performance for the CCGS Facebook page, the Open Classroom Day performance, the Year 12 Valedictory Service, the Year 6 Graduation Service and the CCGS Advent Service. Our performance of *It's Time to Go* at the Valedictory and Graduation Services even brought a few parents to tears.

PIANO DUET CLUB

MAHI MOHAN / YEAR 6

This is a lunchtime club where boys from Years 3 to 6 join other boys to play well-composed duet pieces. I recommend this club highly as it strengthens your rhythm and dynamics while playing. It also encourages boys to listen to their partners' part while simultaneously playing their own.

PETER MOYES CENTRE

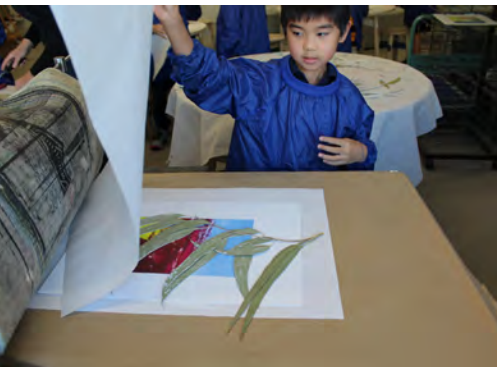

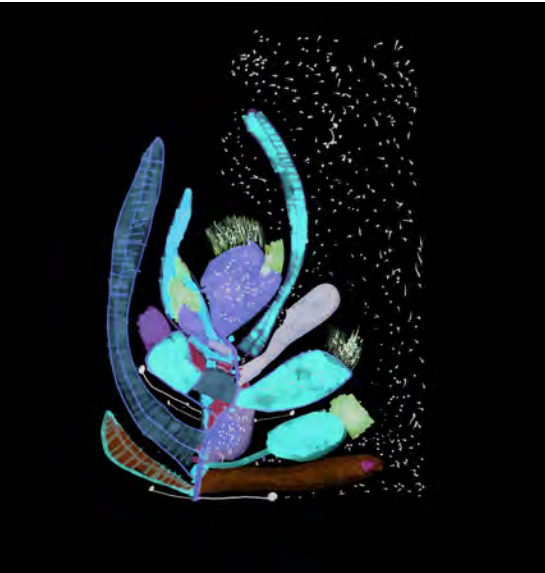

DANIELA CHACON / ACTING CO-ORDINATOR
OF PREPARATORY PETER MOYES CENTRE

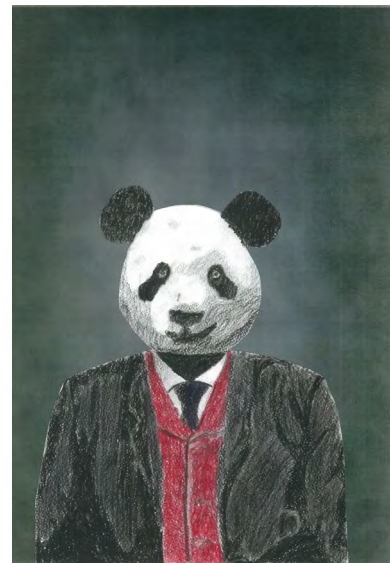

Every year we all feel incredibly proud of the students in the Peter Moyes Centre (PMC) and this year was no different. All boys tackled the challenges that 2020 brought with it and completed a fabulous year filled with positive experiences. From paddleboarding to trampolining, the Perth Zoo and AQWA overnight stays, excursions, sport carnivals, bus trips, camps, cooking lessons and community access trip; these boys did not stop!

All in all, the year has proven to be challenging, memorable, fun, interesting and very productive. The students in the PMC have achieved success and demonstrated, once again, what amazing individuals they are. They finished the year with a great sense of accomplishment, and we all look forward to another fantastic school year in 2021.

VISUAL ARTS

ATHLETICS

BRADY LECKIE / SPORTSMASTER

2020 • Christ Church Grammar **Preparatory School Athletics**

Front Row: Edward Keogh, William Rea, Preston Parker, Fergus Khoo, Ethan Di Martino, Zachary Shaw, Benjamin Macgregor, Christian Gillies
Second Row: Quinn Bewsher, Phoenix Shakibaie, William Simpson, Lawson Kirby, Arjun Roprai, Tobias Idrissu, Justin Osie Akoto
Third Row: Ethan Parker, Aryan Ismail, Abe Briffa, Aydin Idrissu, Lachlan Sheldrick, Mahi Mohan, Austin Readman, Harry Stafford
Fourth Row: Siddharth Bavan, Max Shaw, Benji Somoff, Jamie Harrington, Lincoln Fahey, Ethan Cook

Head of Preparatory School: Dr Steven Males

2020 saw Athletics run over a week, with great competition between all four Houses. Karda followed up its win in 2019 with a come-from-behind victory.

Final results:

- | | |
|-----|---------|
| 1st | Karda |
| 2nd | Yonga |
| 3rd | Kearla |
| 4th | Wardung |

Spirit Shield: Wardung

Wardung was awarded the Spirit Shield for the boys' display of great sportsmanship and terrific attitude throughout the week.

CHAMPION BOY RESULTS

Year	Champion Boy
3	Oliver Swann
4	Quinn Bewsher
5	William Simpson
6	Ethan Parker

JPSSA ATHLETICS CARNIVAL

Well done to our team that competed at the JPSSA carnival at the WA Athletics Stadium in September.

Final results:

1. Trinity College
2. Hale School
3. Scotch College
4. **Christ Church Grammar School**
5. Aquinas College
6. Wesley College
7. Guildford Grammar School

BASKETBALL

ARJUN BRIAN / YEAR 6

2020 • Christ Church Grammar Preparatory School Basketball

Front Row: Noah Keren, Arjun Brian, Abe Briffa, Isaac Foo, Dinny Apostolou, Siddharth Bavan, Jimi Oyewopo, Alexander Wright

Second Row: Mr Brad Armstrong (Teacher), Baaz Dhillon, Max Ingham, Solomon Pearse, Angus Read, Lincoln Fahey, Ethan Cook, Lawson Kirby

Head of Preparatory School: Dr Steven Males

The 2020 basketball season was very successful. Six teams played each week, and all boys were able to improve their skills over the course of the season.

At the end of each game, all players took part in a debriefing. Essentially, each team talked about how they went, what they did well and what they could improve.

The Fs were coached by Ms Sophie Smith. Some boys from that team said they could improve on passing straight and fast and hitting their layups. The E team was coached by Ms Ylias and they said they could improve on their defence and shots. The D-team Team, coached by Mr Beard, thought they could improve on defence and

running harder than the other team. The Cs, coached by Mr Pyefinch, said their players could work on their passes and defence and keep their arms up to contest shots. The B team, coached by Dr Males, thought they could work on spreading the floor every game, getting rebounds and playing good defence. The As, who were coached by Mr Brad Armstrong, thought that they could improve on their aggressiveness, spacing, getting rebounds and playing hard defence.

We played each game with sportsmanship and effort, trying to apply what we learnt in training. This year was a great year and thanks to all the staff and students who were involved. Go CCGS!

CRICKET

COLIN FALLON / CO-ORDINATOR

2020 • Christ Church Grammar Preparatory School Cricket

Front Row: Ollie Driscoll, Henry Stokes, Oliver Baker, Will Flaherty, Seb Cardaci, Joshua King, Declan Church, Dan Styles

Second Row: Mr Colin Fallon (Teacher), Oscar Blackwell, Archie Bucher, Max Shaw, Christian McGlew, Jake Zimmermann, Zach Parramore, Jayden Arav

Absent: Lachlan Russell

Head of Preparatory School: Dr Steven Males

Term 1 saw 38 boys joining the cricket squad, many for the first time, which enabled us to field three teams. Given that many of the boys played As last year, we started the 2020 cricket season strongly before a pesky global pandemic shut down the remainder of fixtures.

Term 4 saw a few changes to the squad due to Year 6 camps. This gave some of the boys on the verge of selection the opportunity to step up and impress. Some highlights of the year included our tied match against Hale, where the boys scored three runs off the last ball, and our win against Trinity by way of a stumping on the final few deliveries. Our annual 50/50 over match against Scotch was also a brilliant experience, despite the result not being what we had hoped for. Across Terms 1 and 4 our team bonded really well, which helped ensure positive teamwork and impressive sportsmanship on the field.

I would like to thank all the parents and family members who gave up their time to watch the boys perform on Thursday afternoons. Declan Church (Year 6) received the Cricket Prize this year, for his leadership and sportsmanship in addition to his excellent batting, bowling and keeping skills.

CROSS COUNTRY

BRADY LECKIE / SPORTSMASTER

2020 • Christ Church Grammar Preparatory School Cross Country

Front Row: Christian Gillies, Noah Yeun, Zachary Shaw, William Rea, Lucas Franco, Edward Keogh, Benjamin Macgregor, Dhruva Balasubramaniam, Ari Craig
Second Row: Preston Parker, Benjamin Williams, Daniel Styles, Francis Holmes a Court, Harry Bydder, Zachary Fahey, Fergus Khoo, Ethan Di Martino
Third Row: Quinn Bewsher, Tommy Crage, Arjun Brian, Oliver Baker, Phoenix Shakibaie, Charlie Davis, James Day
Fourth Row: Ethan Parker, Oscar Fry, Abe Briffa, Solomon Pearse, Samuel Elliot, Essington Bailey, Nicolas Stati, Austin Readman

Head of Preparatory School: Dr Steven Males

The 2020 House Cross Country Carnival saw Yonga win its first Cross Country since 2017. Congratulations to all Yonga boys on a terrific House effort!

Final results:

- 1st **Yonga**
- 2nd **Karda**
- 3rd **Kearla**
- 4th **Wardung**

Spirit Shield: Kearla

Well done Kearla for taking out the Spirit Shield, demonstrating outstanding sportsmanship and House spirit throughout the carnival.

CHAMPION BOY RESULTS

Year Champion Boy

- 3 Oliver Swann
- 4 Quinn Bewsher
- 5 William Rea
- 6 Ethan Di Martino

JPSSA CROSS COUNTRY CARNIVAL

All competitors ran well and represented the School proudly in a great afternoon at Trinity College. Congratulations to Ethan Di Martino, following up his runner-up finish in 2019 with another second place finish as a Year 6.

Final results:

- 1 Trinity College
- 2 Scotch College
- 3 Aquinas College
- 4 Hale School
- 5 **Christ Church Grammar School**
- 6 Guildford Grammar School
- 7 Wesley College

FOOTBALL

DECLAN CHURCH, WILL FLAHERTY, MAX INGHAM
AND ETHAN PARKER / PARTICIPANTS

2020 • Christ Church Grammar Preparatory School Football

Front Row: Will Strong, William Rea, Daniel Styles, Nash Shephard, Luke Babich, Declan Church, Oliver Driscoll, Benjamin Macgregor
Second Row: Ari Craig, Austin Readman, Patrick James, Lachlan Sheldrick, Harry Stafford, Will Flaherty, Ethan Parker
Third Row: Mr Heath Pozzi (Teacher), Samuel Henry, Max Shaw, Max Ingham, Christian McGlew, Lincoln Fahey, Jake Zimmermann, Seb Cardaci
Absent: Miles Davies, Oscar Blackwell

Head of Preparatory School: Dr Steven Males

It was a privilege to be able to play JPSSA Football this year, given the COVID situation. We felt for our counterparts across Australia who did not get the same opportunity. Our season was one to remember, with many successes thanks to our team of existing and new players and our coaches. A highlight was our resounding victory over Scotch, at Scotch, together with strong wins against all the other schools, other than Hale.

You don't need to be an official 'leader' to lead the team. What impressed us about our teammates was their comradeship. We helped each other improve by engaging in conversation and giving each other advice. We learnt that footy is largely a mental game and supporting each other and providing encouragement can make a difference to how we play.

We learnt as a team to take the game on and never give up. Second and third efforts make the difference. We played every game with a team-first mentality and we learnt to always keep our head up, no matter what, because the minute you put your head down, you will instantly get out of the mindset of playing footy and the opposition will take advantage of that!

We would like to thank Mr Heath Pozzi, Mr Jay Pyefinch and Mr James Stanton-French for being unbelievably awesome coaches who have taught and supported us through our wins and losses. An extra special thanks to old boys Mr Ben Cunningham, Mr Jacob Dorsett Sawyer and Mr Jack 'JJ' James who have given their time, advice and encouragement to all of us.

HOCKEY

ARJUN BRIAN AND HAYDEN JEFFERYS / YEAR 6

2020 • Christ Church Grammar Preparatory School Hockey

Front Row: Ashton Salomons, Ivan Li, Arjun Brian, William Peel, Joshua King, Alistair Bartlett, Hayden Jefferys, Ethan Wong
Second Row: Mr Thomas Beard (Teacher), Benjamin Bejczy, Cassius Evangelista, Dinny Apostolou, Archie Bucher, Benjamin James, Lawson Kirby, Edward Keogh
Third Row: Zachary Parramore, Sam Elliott, Baaz Dhillon, Emilio Cherubino, Vibhav Kumar

Head of Preparatory School: Dr Steven Males

Our hockey season was a huge success this year. The training was at the start of our week, bright and early, each Monday morning on the school turf. This new time of 7.10am was a shock to the system but we all got used to it.

The A Division hockey team was very successful. We had a balanced team and we rotated positions regularly. Our defence was always reliable and made it extremely hard for the other team to score. Our midfielders were the maestros of our offence and they were able to string passes together to get good opportunities. Our forwards put the icing on the cake. They received passes in good positions and scored some amazing goals. We were also lucky to have Ben Bejczy as our dedicated goalie this year. He was awesome and made some amazing saves.

Our B Division had only one loss all season. We predict that 2021 will be a strong cohort of hockey players based on the numbers of strong Year 5 boys intending on continuing hockey. Mr Tom Briggs was a very fair, calm and supportive coach who knew our strengths and gave us tips on how to pass the ball quickly to score. His experience as a hockey player was invaluable.

We thank our coaches Mr Thomas Beard, Mr Tom Briggs and Mr Andy Slee who helped us improve our skills and play well as a team and also Mrs Sally MacKinnon who kept us organised. Hockey is a great team sport and we all enjoyed being part of the 2020 season. Most importantly, we all improved and had fun at the same time. Go CCGS!

RUGBY

OWEN LISLE / YEAR 6

2020 • Christ Church Grammar Preparatory School Rugby

Front Row: Francis Holmes a Court, Oliver Leech, Owen Lisle, Noah Keren, Archie Amann, Elias Greene, Jack Gibson, Jamie Yates

Back Row: Mr Colin Fallon (Coach), Oscar Fry, Aydin Idrissu, Arvin Aein, Jamie Harrington, Solomon Pearse, Ethan Cook, Lewis Fischer, Thom Yates, Mr Sam Healy (Coach)

Head of Preparatory School: Dr Steven Males

Seventeen enthusiastic students signed on for rugby in 2020, with a number of these boys lacing up their boots for the very first time. We contested nine games over the course of the season, and it was satisfying to see great improvement in both team and individual rugby skills.

Our season began with a focus on the basic skills: catch and pass, tackling, and dominating the breakdown. Our early games against Trinity and Wesley saw the team starting to come together and the potential for some outstanding rugby. This was clearly evident in our first of two games against Hale, where five tries were scored in one half.

The team continued to build as the season progressed and showed that they were primed and ready to take on rivals Scotch College. What ensued was a performance

of which the boys should be proud and proved that the team could compete with the best of them.

The highlight of the season was our second contest against Hale, in which everything seemed to fall into place and saw the team play to their full potential. There were some marvellous length-of-the-field tries scored and the team came together to hold a stoic defence line for extended periods.

A massive congratulations to all the boys who played rugby this season. The commitment and positive attitude shown, even at 7.00am on a Monday morning, was tremendous. A special mention to the contributions of our Year 6 players; we hope they continue their rugby journey in the Senior School. We fully expect the Year 5s coming through to build on the successes of this year.

SAILING

CHARLIE SPENCER AND ELLIOT YONG / YEAR 6

This year's Sailing program was certainly full of great adventures on the river! As well as providing the Year 5 and 6 boys with the opportunity to get outside and make new friends, we all developed our independent sailing skills under the watchful eye of our main coaches, Mr Scott Hilton and Mr Alan Polgraze.

The boys sailed in Pacer dinghies, designed for one skipper and one to two crew members. We learnt the basics including rigging, tacking, jibing, hiking (leaning out of the dinghy to stop it keeling over) and how to sail both up and down wind. As well as practising drills, capsizing and water safety, we also learnt to identify wind direction, how to predict approaching changes in weather patterns (such as gusts and lulls), and how to tie half hitch, bowline, figure of eight and reef knots. Our afternoons were certainly busy.

Occasionally, when the weather permitted, we sailed as far as Bicton Baths, Blackwall Reach and the East Fremantle Yacht Club. Sometimes, depending on the wind direction, we sailed down to the CCGS Boat Shed. Towards the end of Term 3, we even learnt how to do racing starts. This was tricky as we were given a limited amount of time to sail to the start line before the race began. Professionals will time this down to the second and cross just as the timer goes. We took a slightly more relaxed approach, however, it's harder than it looks!

Thank you to Mrs Joanna Morrison Mayo and Mrs Stephanie Balfour, and all our coaches, for another marvellous year of sailing. Whether a complete beginner or experienced sailor, we all had fun and learnt something new.

SOCCER

ETHAN DI MARTINO / YEAR 6

2020 • Christ Church Grammar Preparatory School Soccer

Front Row: Sam Meyer, Ethan Di Martino, Sam Ramachandran, Henry Stokes, Christopher Wheatley, Lachlan Russell, Arman Gohill, Lucas Franco
Second Row: Jaydon Boyes, Phoenix Shakibaie, Oliver Baker, Nicolas Stati, Mahi Mohan, William Simpson, Thien An Ho
Third Row: Mr Nicholas Hogan (Teacher), Campbell Fahl, Abe Briffa, Siddharth Bavan, Rohan Shrestha, Harrison Surtees, Aryan Ismail, Jayden Arav
Absent: Thomas Beatson, Jimi Oyewopo

Head of Preparatory School: Dr Steven Males

Playing soccer in the Prep School really was a blast!

Training after school on Monday was really fun. We normally started with a warm-up using the football, and then we played three versus three and four versus four matches or dribbling games that made us practise and improve our skills to score goals.

I particularly enjoyed playing the mini matches because it allowed me to dribble, shoot, pass and play without any limitations, other than the normal rules. I saw some improvement in my dribbling speed, skills and even a little on my accuracy.

It felt good to play for my school and represent our quality against the many other talented teams. It also was a bit tiring after playing the match, but it was that type of satisfying fatigue, with positive feelings.

My team consistently performed to 100 per cent in every game. Although we lost some of our games, we were always proud of our performance and I am sure that the teachers can say the same.

I found it amazing that we had two pitches playing side by side because each player could substitute from one pitch to another and play different opponents and skill levels every game. Also, it allowed us to referee our own games because we could clearly judge fouls better than distant referees and it made us more aware of the rules of the game.

Year 5 and 6 soccer this year was extremely fun, and I am a bit disappointed that I will have to leave the Prep School's soccer program.

SWIMMING

BRADY LECKIE / SPORTSMASTER

2020 • Christ Church Grammar Preparatory School Swimming

Front Row: Ethan Koekemoer, Benjamin Macgregor, Zachary Shaw, William Rea, Hayden Jefferys, Adam Porter, Christian Gillies, William Kuan

Second Row: Ben Ferraris, Hayden Flowerdew, Phoenix Shakibaie, Lawson Kirby, Ethan Zhang, Quinn Bewsher, Robbie Herron

Third Row: Lachlan Sheldrick, Austin Readman, Oscar Fry, Max Shaw, Essington Bailey, Seb Cardaci, Oliver Leech

Head of Preparatory School: Dr Steven Males

Yonga was the 2020 Preparatory School House Swimming champion after a great day of competition in the pool. Yonga dominated from start to finish to win comfortably over Wardung.

Final results:

- 1st **Yonga**
- 2nd **Wardung**
- 3rd **Kearla**
- 4th **Karda**

Spirit Shield: Kearla

Kearla was awarded the Spirit Shield for demonstrating great sportsmanship and spirit throughout the day.

Many records were broken with Charlie Spencer (Year 6) claiming three!

CHAMPION BOY RESULTS

Year	Champion Boy
3	Oliver Swann
4	Quinn Bewsher
5	Sam Reynolds
6	Charlie Spencer

CCGS REGAINS JPSSA TITLE

Our swimmers put on a solid display at the JPSSA Swimming Carnival, winning the first JPSSA Swimming title since 2017 after top three finishes in 2018 (third) and 2019 (second).

This 2020 success adds to the Preparatory School's winning tally of eight titles in the past 11 years.

The final results were Christ Church in first place with 609.5 points, followed by Wesley College (581.5), Hale School (564), Trinity College (543), Aquinas College (534), Scotch College (505) and Guildford Grammar School (492).

It was a close finish going into the relays, where the boys swam really well. The carnival's point system rewards team swimming, so the end result was a great reflection of the boys' teamwork.

TENNIS

HEATH POZZI / CO-ORDINATOR

2020 • Christ Church Grammar Preparatory School Tennis

Front Row: Harrison Easterbrook, Samuel Lee, Tristan Chan, William Simpson, Ashton Salomons, Samuel Ramachandran

Second Row: Daniel Maldon, Eason He, Mr Heath Pozzi (Teacher), Patrick James, Will Strong

Head of Preparatory School: Dr Steven Males

Even though the summer sports competition was interrupted, it was still a very enjoyable and successful one for the Year 5/6 Tennis team. Most matches saw teams winning each week against the other PSA schools and many of the players in the A, B, C and D teams went through the season undefeated.

The move to Monday morning training on the MLC tennis courts was significant. It gave squad members more time to work on their skills and improve different areas of their game. It was very pleasing to see the boys take on any tip or suggestion that helped with their development.

The encouragement and support shown to teammates throughout the season was very pleasing. Also, the coaches, Mr Heath Pozzi, Ms Jasmine Jeffs and Mrs Eboney Yapp, were extremely proud of the sportsmanship and the spirit of fairness demonstrated towards the other schools throughout the season.

The boys in the tennis program continue to learn, enjoy and improve their tennis skills. They also develop their competitive spirit that is grounded in playing sports the 'right way', with fairness and sportsmanship at the forefront of their minds.

Congratulations to all the boys that played the 2020 tennis season. Well done for the improvement shown, and the success we had this year.

WATER POLO

PHOENIX SHAKIBAIE / YEAR 6

2020 • Christ Church Grammar **Preparatory School Water Polo**

Front Row: Benjamin Macgregor, Nash Shephard, Phoenix Shakibaie, Jack Gibson, Austin Readman, Lawson Kirby, Sam Reynolds, Archie Stanley

Second Row: Mr James Stanton-French (Teacher), Bailey Bell, Charlie Gillard, Emilio Cherubino, Christian McGlew, Harrison Surtees, Ryan Wallis, Lewis Fischer, Lachlan Sheldrick

Absent: William Rea, Benji Somoff

Head of Preparatory School: Dr Steven Males

Water Polo this year was the best! We were coached by an Olympic water polo player and won most games, but the best of all we had so much fun.

Every Wednesday morning, we had a cracker of a training session. We swam for a bit then did some water polo drills and a fun scratch match. Every Thursday we played an awesome game against another school. We would beat the school, not because they were bad, but because we had worked so hard to improve. In every game we took the chance to practise what we had learnt, until it came to the Trinity game in Term 4, our greatest test. We were missing some of our players because they were on camp at Koorngal. Our first half wasn't the best. We picked it up in the third quarter, but we just couldn't score, and we lost by 1. It was a disappointing game.

My highlight of the year was when I took shots from halfway and scored. The outstanding new water polo pool was so good to play our home games in. This year was unreal!

PRE-KINDERGARTEN SN

STACEY NENER / TEACHER

The Pre-Kindergarten boys loved visiting the river to make the most of the beautiful sunny days. They liked to walk through the bush track to the river rather than down the stairs, as this is where they first see nature at its finest. They watched bees collect pollen, ants crawling through the dirt and witnessed seagulls circling above making loud noises, warning others of the hawk perched in a tree nearby. Once they got to the water, they climbed rocks, dug holes, built sandcastles, found sticks to make fishing rods and played in the shallow waters. When the water was nice and calm, they were able to spot some interesting creatures not normally seen – starfish, stinger jellyfish, worms, a sea cucumber and crabs, just to name a few. This was when the boys’ imaginations ran wild. They ‘caught’ whale sharks, clownfish, jellyfish, and even a great white shark! We are so lucky to have this right on our doorstep.

WHAT I LIKE TO DO AT THE RIVER

JAMES ANGUS

Catch tiger fish.

LACHLAN BAKER

Collect stuff from the sand and in the water, rocks, leaves and nuts.

CLARK CHU

Make sand babies, it’s so big. I’m making so many sand babies.

OLIVER DENNIS

Throw sticks in the river.

MILES GIBSON

Find some treasure, golden treasure, play with it and then put it back where I found it.

ALEXANDER GOULDSMITH

I like to go into the water.

LEO HARDCASTLE

Baby jellyfish.

CHRISTIAN ILLICH

Catch fish with our fishing rods.

KYAN LIM

I like to write my name in the sand.

HANYANG LIN

Dig holes in the sand.

OBERON LITTON

Climb the rocks, dig in the sand.

HUGO NG

I like to catch clownfish because I like clownfish.

KRISHAV PRAJAPATI

I like seeing all the boats and all the animals at the river.

TIMOTHY RUSSELL

Going to the river and tipping the water out of my boots.

MAX RUSSO

Finding sticks to fish in the river.

ALEXANDER ZAHRINGER

I like to play in the water and go up in the bushes.

ZACHARY ZHANG

Play in the water and dig holes in the sand.

2020 • Christ Church Grammar Preparatory School Pre-Kindergarten SN

Front Row: Lachlan Baker, Hanyang Lin, Hugo Ng, Alexander Gouldsmith, Christian Illich, Oliver Dennis, Oberon Litton, James Angus
Second Row: Alexander Zahringer, Kyan Lim, Max Russo, Krishav Prajapati, Miles Gibson, Zachary Zhang, Timothy Russell, Clark Chu
Third Row: Mrs Sally Nelson (Education Assistant), Ms Stacey Nener (Teacher), Ms Barbara Bosich (Teacher)
Absent: Leo Hardcastle

Head of Preparatory School: Dr Steven Males

KINDERGARTEN AR

AT THE RIVER ...

ANRAN BAO

... I like to pick up jellyfish. I give them a gentle pat and then I put them back into the water. I like seeing dolphins. I watch the waves.

REMY BRAY

... I like to look for shells. I collect them inside the bucket. I use sticks and pretend they are fishing rods. I like to walk around in the water.

WILLIAM CRAGE

... I like to play with the sand. We make 'X' marks the spot and pretend we are pirates looking for treasure. I climb up the rocks and put my feet in the water.

KIP EWERS

... I like wearing my river shoes. We get sticks and throw them into the water. We try and catch tiny fish and jellyfish. I like to get my feet wet and splash in the water.

BOSTON FETTUCCIA

... I like to dig holes. We make holes for the jellyfish. We put water in the holes to make sure the jellyfish can swim. We go hunting for crabs. I like to play with Patrick at the river.

PETER GUO

... I like to play with the sand. I like to build castles. When I find jellyfish, I pick them up and put them back into the water. I also look for shells.

MAXI HAYBURN

... I like to dig holes and make a water castle. The water runs through the castle and all around it. We dig in the sand and then we get to the water. I use my hands to grab out all the water.

WILLIAM HOMPAS

... I like to play with sticks. I made a boat with the sticks. I look for jellyfish and I also like to play in the sand.

PATRICK HUGHES

... I like to walk around on the sand. I make sandcastles. I like to go into the water and get my feet wet. I sometimes get really wet!

NICO NAVEH

... I like to go in the water and play with Ivan. We play with sticks. Sometimes I put them into the river and watch them float. We look for jellyfish. I found one brown one and two white ones!

CHARLEY SCORINGE

... I like to build sandcastles. I also love to play in the water. We splash around but we are not allowed to go too far. We make rivers. I play with Maxi, Will C, Lleyton and Kip.

CHRISTOPHER SCOVELL

... I like to play with the sand and the water. I like finding things like shells. I like looking for jellyfish and watching them float around. I love to dig holes under the sand. There is even water!

SAM SINCLAIR

... I like to play at the beach, on the sand. I like to make sandcastles. I like to play with the shovels. I go in the water and I always get my pants wet!

HUGO SLIMANI

... I play with Peter; we find space rocks together. We put them in the water to have a wash, then they are all shiny. We pick up jellyfish and hold them carefully. I let my friends have a hold, too.

IVAN SOVIS

... I like to splash in the water. I like to get sticks and spin them around like a fishing rod. I like to play with Nico at the river. We are best friends.

XAVIER THOMPSON

... I like digging holes. The holes have to be nice and deep so that I can get water from the bottom. I like finding things in the water, like rocks and jellyfish. Sometimes I even see hermit crabs.

LLEYTON TRAN

... I like to find crabs under the rocks. I also find jellyfish when it is sunny. I pick them up and put them on my hand. Then I let them go again in the water.

ANDO VO

... I like to play in the water and get wet.

2020 • Christ Church Grammar **Preparatory School** Kindergarten AR

Second Row: Xavier Thompson, Nico Naveh, Christopher Scovell, Hugo Slimani, Remy Bray, Patrick Hughes, Lleyton Tran, Peter Guo, William Crage
Third Row: Ms Barbara Bosich (Teacher), Mrs Asha Rojahn (Teacher), Mrs Claire Chapman (Education Assistant)

Head of Preparatory School: Dr Steven Males

PRE-PRIMARY MW/BU

WHEN I GROW UP

ALEX DUARTE, *THE SCIENTIST*

I want to be a scientist because I can make stuff. I can do experiments to make new animals and dinosaurs. I will work in a lab and wear a white coat.

JOSEF GALATI, *THE INVENTOR*

I want to be an inventor so I can make robots by collecting rubbish and trash. Then you have to put it in the washing machine to get it clean and then you get to make robots.

MAX HAYLER, *THE LAVA SCIENTIST*

I want to be a lava scientist because I get to collect lava, which is very very delicate and it's hot, so you have to be very careful. It comes from volcanoes and I want to see how volcanoes explode.

JOSHUA KHALIL, *THE POKÉMON INVENTOR*

I want to be a Pokémon inventor to create more Pokémon cards. I will do it from looking at the Pokémon movies and I will know how to create more of them. Then I can create more and more.

CHESTER LITTON, *THE ROBOT INVENTOR*

I want to be a robot inventor because I can make robots. I would make robots out of electricity. I would use scrap pieces of stuff.

IAN MAGRI WOHLKE, *THE POLICEMAN*

I want to be a policeman because I can put people in jail. I go on a motorbike and help people. I can stop the robbers so they don't get money from them and help other people when they get lost.

OSCAR MOLTONI, *THE FARMER*

I want to be a farmer because you grow plants and you have cows and stuff. My great Nonno had a farm and he's still alive and he wears a hat. He had everything a farm had and a four-wheeler.

LEON NG, *THE POKÉMON INVENTOR*

I want to be a Pokémon inventor because I like Pokémon and Pokémon cards. I would make Pokémon cards by basing it on something like a starfish. I would draw the Pokémon and if I did a starfish then I would choose a water type and an energy and do the attacks.

JASON QIU, *THE DOCTOR*

I want to be a doctor because you can save people. I'd like to be a doctor because I can go in the hospital and help people. Doctors help people, like someone who broke their hands or feet.

CHARLES SAMBROOK, *THE CHAMPION NINJA WARRIOR*

I want to be a champion ninja warrior because I'll get stronger and I will do obstacle courses and monkey bars. I will use my arms and legs and body a lot. I will get trophies.

DAVIS SEO, *THE TEACHER*

I want to be a teacher so I can teach people stuff. I would teach people reading and then teach them how to swim. I could teach whatever I want.

BROCK SMITH, *THE SCIENTIST*

I want to be a scientist because I can do science experiments and make lava crystals from a volcano and makes explosions. I can do experiments with Max and Alex. I will wear special science clothes.

CADEN STALCUP, *THE BUILDER*

I want to be a builder because my dad is a builder. I want to build a mansion for my family. I will make it have lots of rooms and then I will build one house then keep doing more.

JAMES WALLIS, *THE PALAEOLOGIST*

I want to be a palaeontologist because I love dinosaurs so much. They dig up bones and they are scientists. I would like to find some new dinosaurs. My favourite dinosaur is a Spinosaurus.

JEREMY WANG, *THE NINJA*

I want to be a ninja because I can train and get bad guys. I can jump high and I can aim and throw ninja stars. I would help a policeman.

RYAN ZHANG, *THE POLICEMAN*

I want to be a policeman because I can catch robbers and help people. I can put people in jail. I would use a motorbike to catch people. I would stop and help people.

LONNIE ZHU, *THE TAEKWONDO INSTRUCTOR*

I want to be a taekwondo instructor because they can be strong, and they can take care of themselves and they are also brave. They can teach kids how to do taekwondo. They are brave and helpful.

2020 • Christ Church Grammar **Preparatory School** PPBU

Front Row: Brock Smith, Leon Ng, Caden Stalcup, Lonnie Zhu, Charles Sambrook, Ian Magri Wohlke, Joshua Khalil, Alex Duarte, Josef Galati
Second Row: Jason Qiu, Oscar Moltoni, James Wallis, Jeremy Wang, Ryan Zhang, Max Hayler, Davis Seo
Third Row: Mrs Marilena Cappellutti (Education Assistant), Mrs Brianne Utting (Teacher)
Absent: Chester Litton

Head of Preparatory School: Dr Steven Males

PRE-PRIMARY SM

WHEN I GROW UP

MAX ANGUS

I want to be a scientist and a dad. I want to invent Pokémon and invent things. I think that would be fun. I want to be a dad because I think I like dads a lot. My dad is my favourite person.

BROM BELLINGE

I want to be an astronaut because they explore the universe. The astronaut gear is super important because you can breathe. The square on the body holds air so you can breathe.

ELIO CAMPITELLI

I want to be a pilot because jets go fast. I don't know all about pilots yet, but I will know when I'm a grown up. I will go to pilot school.

MARCUS CHEUNG

I want to be a pilot because my dad is an airline pilot. The best part is flying a plane. I am also a bit scared of a plane crash but my mum says it won't. I want to travel around the world with the plane.

IGGY CORNELIUS

I want to be a cook. I don't know anything about them yet. I want to be a cook because I like cooking burgers at home. I will be a restaurant cook and I will cook burgers, because it's fun and it's caring for people. I want to work at McDonald's.

COEN HARDCASTLE

I want to be an artist. I will paint nice pictures. I will be a famous artist because I'm very good at drawing already. I can also do paintings that go on your wall.

OSKAR HAY-LI

I want to drive an ice-cream truck because I want to eat ice-cream. My mum doesn't buy me ice-cream every day. When I grow up, I will know how to make ice-cream. Raspberry is my favourite flavour.

PAOLO JUWONO

I want to be a doctor because doctors can help lives and save people. So, I want to be a doctor.

HENRY MITCHELMORE

I want to be in the army. I like doing dangerous stuff, like jumping off high things. They help people too, by getting bad guys. They protect people.

KIT MURRAY

I want to be a dad because I want to look after my kids. On the weekends, we will play games. The best bit about being a dad is that it's not a risky job. I want to be a dad because of my dad. He plays with us when he's not doing work.

TINASHE MUSUKA

I want to be a shopkeeper. I will be a Beyblade seller, so then I can get Beyblades and play with them.

JONATHAN PHATARA-ATIKOM

I want to be a spaceman. I want to fly to outer space, use suits and travel on the moon. Flying on Mars, it's hot, it's really hot. You can use a rocket and travel on the hot sun. I like the helmet.

GEORGE RUSSELL

I want to be a spy. They spy on people, like baddies. They try to find out what they are doing so they can tell the Australian Government and so the government can tell the police to get the baddies. They can catch them much easier when they do that.

SAMUEL RUSSELL

I want to be an AFL player. I want to play for Geelong because my brother Lachie is going to play AFL and I want to play with him.

ROHAN SHIVAKUMAR

I want to be a scientist. I will do science stuff and figure out what's happening. Sometimes scientists find out how hot lava is. I will be a scientist who does experiments.

KEVIN WANG

I want to drive on a spaceship. I fly in the sky and go to the moon.

KAYSON WU

I want to be a policeman to catch bad guys. I'll drive a police car to get the bad guys.

CHARLES XU

I want to be a policeman. That's because when my dad grew up, he wanted to be a policeman too. Policemen catch bad guys.

- Second Row:** Roshan Fayers, Jake Babich, Lovell Zhu, Hamish Russell, Alex Huang, Gabriel Lee
- Third Row:** Mrs Beatriz Rueda Hernando (Education Assistant), Miss Maddie Redman (Education Assistant), Harrison Brown, Sebastian Hernadi, Jude Dorai-Raj, Jonathan Pascoe, Vishnu Vyhunthan, Daniel Sanchez, George Weber, Mrs Didi Caddy
- Absent:** Mrs Alicia Hill (Teacher), Ms Kerry Maddern (Education Assistant)

Head of Preparatory School: Dr Steven Males

YEAR 1JJ

Following the Talk for Writing program, the boys wrote recounts, procedures, narratives, information reports and descriptive paragraphs. Here are excerpts of their work:

CALLAN ARAV

We had an incursion about light and sound. First, I made a mini puppet show. We used a torch and wooden puppets. Then I shone a torch on some glass shapes and they made tiny rainbows. I also got some special glasses. When you look through them you see rainbows. Next we went inside a tent and had to predict which puppets we would see in the dark. I saw all of them with the torch.

ROHAN BABA

Once upon a time there was a happy, kind pineapple farmer who lived in Queensland. One day he felt peckish so he went out to pick a spiky, ripe pineapple. To his shock the pineapple spoke! "Hands off!" The rich farmer stared at his brown, fluffy dog. "Did you say that?" asked the farmer.

LACHLAN BORLAND

The Death Dragon is a mythical creature and is very rare to find. It is a luminous blue and black. The Death Dragon has giant eyes, huge wings and it is very tall. Its eye colour is shiny red and it has a long and spiky tail. Its skin is so hard and its feet are big. Death Dragons live on top of huge skyscrapers and islands with live volcanoes.

LUCA CONNELL

Once upon a time there lived a boy. One day he found a dragon at his door. It looked happy but it looked lost. He read about where dragons come from. He rode the dragon to a volcano. He said goodbye but the dragon looked sadder than ever. Suddenly the boy realised the dragon wasn't lost, it was lonely. Quickly he powered to the volcano but the dragon was nowhere to be seen.

OLIVER D'ARCY

I enjoyed the Book Week Parade. It was fun. I was Odlaw from *Where's Wally?* He tried to steal a wizard stick. I wore yellow and black.

MICHAEL DE SILVA

David and Kate showed us some living things. My favourite animal was the python because it was sticky. My favourite animal was also the starfish. I held the skull of a cow. I learnt that the smallest frog can sit on a five cent coin.

DYLAN EPARI

David and Kate came from Animal Ark to show us some animals. My favourite was the sticky green tree frog. I liked the Stimson python because

I got to hold it. I learnt that scorpions are venomous and that the smallest frog can fit on a five cent coin. I liked the blue-tongued lizard because I got to put my hand under its chin.

ANDREW FARIS

Olman and Ricky came to visit us for NAIDOC Week. We danced when we heard a story. I'm in Karda and Olman told us a story about Karda and also Kearla, Wardung and Yonga and it was fun. He told us how didgeridoos were made. I enjoyed it!

ARTHUR GIBB

We went on an excursion to Tranby House. We got to walk around the house but we couldn't go upstairs because of how old the house is. It is one hundred and something years old. There was a fridge but it was a room under the house and in winter the fridge got flooded. I enjoyed visiting Tranby House.

JAYDEN GUI

Ghwhosls are cold blooded and they are aliens. They have small brains but do not have horns or wings, not even beaks. They are green or red on their heads and yellow on its body and brown legs. Ghwhosls live in schools and the city but their favourite place is CCGS. They like to eat people, PE teachers and cars!

LOGAN KENNARD-MCGILL

The Year 1 boys had an incursion about light and sound. We did fun activities and we made a bracelet and when we went outside the bracelet changed colour because of the sun. When we came back inside it changed colour again. Finally, we played with music instruments.

BENJAMIN LEWIS

On Thursday 22 October the Year 1 boys had an incursion from The Einstein Company where we learnt about light and sound which was Science. I loved it.

TITUS LITTON

I really enjoyed dressing up for the Book Week Parade. I came dressed as a creeper. They can blow up! The Book Week Parade was great. I wore a mask, suit and pants. They were all green, green, green and green. Cristian was Herobrine and Callan was an astronaut.

HUGO PAGE

David and Kate from Animal Ark showed us some living things. We first saw a Stimson python. An anaconda is bigger than a classroom. I got to pat a blue-tongued lizard. It was very scaly and the green tree frog gripped with its feet and hands. The tarantula spider was creepy!

CRISTIAN PASCU

Olman and Ricky came to visit us for NAIDOC Week. Olman told us stories. My favourite was about Karda because it's my House. He played the didgeridoo and we danced. I enjoyed it!

DHRUV SANJAY

Penguins are really fast swimmers. They can swim up to 24 km per hour. There are 20 kinds of penguins. Emperor penguins have yellow necks. They are one of the biggest penguins and the smallest of them is the fairy or the blue penguin. Some of the penguins lay two eggs at a time. Only a few of them lay one egg at a time. Penguins' favourite food is fish. They spend 75 per cent of their time in the water and 25 per cent on land.

SHU SASAKI

David and Kate showed us some of their living things. I saw a green tree frog and it tickled me. I saw snails and I couldn't lift them off the lettuce and if you touch their antennae they disappear. I stroked the blue-tongued lizard and the scales were hard. I got to put a Stimson python on my neck. I learnt that the biggest frog was the size of a football and that scorpions are venomous.

HENRY STONE

The sabretooth rhinos are medium sized creatures. They have big claws on each foot and spikes all over their backs. Sabretooth rhinos live mainly in deserts and some live in caves. They are very rare. Sabretooth rhinos eat goblins, lions and woolly mammoths. They spend most of their time in the caves. They walk fast and slow on land to catch their prey. They are covered in armour.

ALEX TIVEY

Dinosaurs are big. They can reach branches to get leaves. Dinosaurs eat people for dinner and eat animals. Dinosaurs mainly live in a zoo and they can breathe fire. Dinosaurs are loved by people.

LACHIE TROY

I enjoyed the Book Week Parade. I was Harry Potter in my costume. I had glasses, a cloak, a tie, a badge and a wand. In the books Harry Potter has adventures around Hogwarts with Ron and Hermione. Harry Potter also fights Voldemort on his own and Albus Dumbledore asks him if he wants to join the army.

FINN WILSON

Did you know that silk comes from a worm? Silkworms are insects. They have six real legs and six fake legs. They eat mulberry leaves. Silkworms don't like loud noises and they don't like temperature changes. It takes about 150 silkworms to make a tie. Silkworms are sadly extinct in the wild.

2020 • Christ Church Grammar Preparatory School Year 1JJ

Front Row: Michael de Silva, Benjamin Lewis, Dhruv Sanjay, Luca Connell, Oliver D'Arcy, Logan Kennard-McGill, Cristian Pascu, Shu Sasaki
Second Row: Dylan Epari, Callan Arav, Alex Tivey, Henry Stone, Rohan Baba, Lachlan Borland, Jayden Gui
Third Row: Mrs Jenny Joseph (Teacher), Titus Litton, Hugo Page, Finn Wilson, Arthur Gibb, Andrew Faris, Lachie Troy
Absent: Mrs Sally McMillan (Education Assistant)

Head of Preparatory School: Dr Steven Males

YEAR 2CW/PE

The boys explored a range of topics across the year and thankfully, COVID-19 did not impact too greatly on our ability to get out and explore some of Perth. This is a reflection of our learning in 2020.

THE OLDEN DAYS

MASSIMO ALOI, CHRISTIAN CINANNI AND REUBEN VANCE

In Term 2 we explored using an old telephone that Mrs Widdicombe had brought into our class. We also read a book about phones and learnt to draw different telephones through history. We also learnt when computers were invented, how the original cars worked and how to start them.

LIFE CYCLE OF A DARKLING BEETLE

NATE GONCALVES, LUCAS PHUNG, THEO PORTER AND RYAN YING

In Term 3 we had some special visitors: mealworms! We started out by naming them but soon realised there were far too many to count! We learnt that darkling beetles begin their life as small eggs, then become mealworms (which birds eat), the sleepy pupa and finally, the very active darkling beetle! We transferred our learning to other animals and their life cycles, such as the peacock mantis shrimp, butterfly, lion and crocodile. Our little class pets lived with us right up until the end of the year.

TALK FOR WRITING: CLOUDY WITH A CHANCE OF MEATBALLS

MAX BAILEY, OLIVER CLARKE AND TEDDY GREENWALD

We looked at the book *Cloudy with a Chance of Meatballs* and learnt about setting. Mrs Ellis tried to do the actions of the text without looking at the words and she almost always got it all right! She then taught us how to use these actions to represent words and then by learning it off by heart, we could use it to help us write our own narratives. We also used the model text to learn how to use grammar and to upskill our writing by adding lots of descriptions.

CHUNYART AND THE CHEEKY PARROT: KINGS PARK

NOAH HARNWELL, PATRICK KING AND XAVIER SHAKIBAIE

We were so lucky as things finally began to warm up, we were able to go on an excursion to Kings Park! As we were learning about how traditional Nyoongah people are connected to the land around us, we learnt a little more about traditional stories, plants, medicines and games. Ricky read a book to us called, *Chunyart and the Cheeky Parrot*. We were then allowed to start throwing honkey nuts at cardboard kangaroos, make bandages with long leaves and completed some drawings with chalk.

THE WONDERFUL NYOONGAH SEASONS

JAMES ROBINSON, LIAM TAM AND ALEX TELDERS

In Term 3 we learnt about the six Nyoongah seasons. The first is Birak, the second Bunuru, the third Djeran, the fourth Makuru, the fifth is Djilba and the last season is Kamarang. In Kamarang they hunted yummy things to eat, like marron.

INFORMATION TECHNOLOGY

ALEXANDER KHORSHID, ASHER LEE AND TOBIAS NG

We had a wonderful year with Mrs Ellis and Mrs Widdicombe teaching us how to use lots of different apps and features on our iPads. We used Comic Life to make our All About Me posters, PicCollage with Mrs Venables in Design and Technology, iBooks in Science and we emailed our parents at work to wish them a good day and attached a photograph of some of our work. We also learnt to type up our writing using Word and AirDropped it to each other and Mrs Ellis!

WARM FUZZIES

HUGO BILLING, ALI CRADOCK, MATTY LEWIS AND HARRY POWELL

Do you know that when you give someone a compliment, it makes them feel all warm and fuzzy inside? Each week, we wrote a special warm fuzzy to our friends and shared them. It was a great way to give people compliments and it was a great deal of fun. It made people feel happy and good about themselves.

Third Row: Mrs Paula Ellis (Teacher), James Robinson, Reuben Vance, Theo Porter, Christian Cinanni, Max Bailey, Massimo Aloj, Oliver Clarke

Absent: Teddy Greenwald, Mrs Tina Dewberry (Education Assistant)

Head of Preparatory School: Dr Steven Males

YEAR 2LS

MAXI BONE, HARLEY PERIERA-FORD, DEXTER SABA AND RIYAN SHRESTHA

In Term 1, we learnt about Gary the pigeon in Talk for Writing. We made actions for a Gary story. Gary is a non-flying pigeon. We also made up our own characters.

PIERS BRINKMANN-GRAY, VINCENT CROSLAND AND OLLIE HARRINGTON

In Term 3, we learnt about special places in HASS. We chose our own special places. Then we went home to research some facts about our special places and found some photos. The next day we took our photos to school and researched and made a poster. Then we stuck the poster in a book.

CAMERON CHI, NATHAN KHULLAR AND LINCOLN LE

In Term 3, we learnt about rainbows in Talk for Writing. We learnt that a rainbow is formed when the sun reflects onto the drops. A rainbow has six colours: red, orange, yellow, green, blue and purple. A rainbow is an optical illusion that tricks your eyes. There's a thing called a moonbow which is produced through moonlight! A rainbow is actually a full circle, but viewers see it as an ark.

ARI CROSLAND, DANIEL LI AND JETHRO RUSHTON

In Term 2 we learnt about *George's Marvellous Medicine* in Talk for Writing. We read *George's Marvellous Medicine*. We did a booklet on *George's Marvellous Medicine*. We also did a story map which is a big sheet of paper that has drawings that we make actions for. We also did a book review.

MICHAEL DELLA-BOSCA, VIHAAN KUMAR, JACK LINDFIELD AND JAMES WENN

In Term 1, we learnt about water cycles in Science. We learnt that there are four stages in a water cycle. These stages are evaporation, condensation, precipitation and collection. We also learnt about the urban water cycle made by people.

JAMES LEECH, EWAN ROBERTSON AND SEBASTIAN SAMBROOK

In Term 3, we learnt about life cycles in Science. We researched our favourite animal's life cycle – information found would go on an app called Book Creator. Mealworms were our main focus in 2LS, especially their life cycle.

FRANKLIN MANFORD, ACE MCLEOD AND JUSTIN SUN

In Term 2, we learnt about the olden days in HASS. We went around the School looking at old buildings. We also drew posters and put them on the wall. We also learnt how mean teachers used to be!

Absent: Mrs Tina Dewberry (Education Assistant)

Head of Preparatory School: Dr Steven Males

YEAR 3BG

WHAT I HAVE MOST ENJOYED IN 3BG

SAMUEL ABRAHAM

I liked the Year 3 Soccer Carnival because we versed three teams. One was Hale, the second was Aquinas and last was CCGS (my school but a different team). We won all of them. The first score was 1-2, second was 1-3, and last was 1-9. I really enjoyed it!

XAVIER BEGG

What I enjoyed this year was House Shout because we got to perform on stage in the Chapel. The song we sang was *Everybody Needs Somebody*. I just wish we had won again this year.

HUDSON BROWN

In Term 3, I liked participating in the World's Greatest Shave. The challenge was to raise more than \$200 but I ended up raising the most money with \$3 493.06! I had a number one cut and I was the only boy in my class to get it done! I think next year I will do the World's Greatest Shave (if it's on).

CHARLIE BRUCE

This year, I enjoyed going to Kings Park for the Year 3 excursion as we split into groups with parent helpers. In my group I had some of my best friends including Xavier, Sam C and Hudson. I especially enjoyed it because my mum was my parent helper.

GEORGE CANCI

In Book Week I was thinking about what character I was going to dress up as. It was so hard to decide but eventually I dressed up as the Mad Hatter. The funny thing was that everyone thought that I was Willy Wonka! Miss Gonnella dressed up as the Queen of Hearts – it was in the same book and theme as mine, but I found an imposter... Miss Simon dressed up as the same character as me!

SAMUEL CROSSLEY

I liked making the World War I posters. It was fun learning about World War I and we researched some cool facts. There was a bomb in France and the King of England could hear it miles away! I also liked learning about the Swan River Colony in Talk for Writing. We made a clay model of it in Design and Technology too.

JOSEPH DORAI-RAJ

I really enjoyed Grandparents' Day because I showed my grandparents my work in all of my classes. I also loved using the Spheros in the Innovation Space. Spheros are cool little robots that you control using your iPads!

BENJAMIN FILIPPOU

This year I enjoyed our assembly item because we performed an item called 'The Masked Singer'. My mask was gold! We sang *Happy* and *OMG* as maths versions. We also made short videos in the Innovation Space, including a maths advertisement.

LACHLAN HERBERT

I liked Year 3 because we did lots of fun things. I liked Grandparents' Day because we showed them all our work. I also had my first House Shout which was awesome because we won!

JONATHAN KHALIL

I enjoyed Science, especially when we made chocolate and ice cream with 3JU. Josh and I worked together. We were exploring liquids and solids and how states of matter can be changed.

YOUSUF LEZIAD

In Term 3, we went to Kings Park to learn about Aboriginal culture. When we arrived, the park leader showed us around the Naturescape. She read us a story and showed us the tools that the Aboriginal people used in the past to hunt for food and to build their humpy.

CALUM MACDONALD

This year I enjoyed the Term 2 Soccer Carnival because it was my first time at an inter-school carnival. Also, it was at Hale School and I've never been there before. We won every game and I scored 12 goals! I also really enjoyed online learning on BigBlueButton because I love home and it was a big experience.

ANTONIO MONDELLO

I liked the Kings Park excursion because of the climbing tunnels and the water park. In the creek, I helped move rocks to build a dam.

CHARLIE NG

In Design and Technology, I liked making the spaghetti and a marshmallow tower. I made a short tower and it held a can of chickpeas forever! It was the best thing this year for me.

CHARLES PAGE

In Term 3, we went on an excursion to Kings Park and we had adventures! I enjoyed climbing the towers the most. Another highlight was House Shout. We didn't win but I still had fun. I also enjoyed Book Week. I dressed up as Terry from the Treehouse stories because he is funny.

VIVEK RAJA

This year I enjoyed going to Kings Park as we played in the dams and all through the nature playground. The guide also told us the story about a cheeky parrot which was quite funny.

GIDEON VAN NIEKERK

This year I greatly enjoyed going up to the Innovation Space. I enjoyed it because there are so many great things there and the tech is incredible! The 3D printers are the coolest things ever and the Spheros are awesome!

CHASE VASUDAVAN

I really liked doing my HASS poster in Term 2. It was all about World War I. They had three different things in the defence – the army, navy and the air force. Soldiers dug holes to protect themselves from bullets from the enemy. This was called trench warfare. Also they had grenades.

CHASE YUEN

Last term we did our assembly and I enjoyed it partly because we made our own masks. We sang and we made it like *The Masked Singer*. We really enjoyed colouring in the masks. 3BG sang *Happy* and 3JU sang *OMG*. Overall, I think it was the best assembly.

DAVID ZHANG

This year, I liked coding because we could make games and change stuff in it. I wish we could go to the Innovation Space every day.

2020 • Christ Church Grammar **Preparatory School** Year 3BG

- Front Row:** Charlie Ng, Hudson Brown, Calum Macdonald, Samuel Abraham, Xavier Begg, Benjamin Filippou, Charlie Bruce
- Second Row:** George Canci, Jonathan Khalil, Vivek Raja, Joseph Dorai-Raj, Chase Yuen, Chase Vasudavan
- Third Row:** Ms Brooke Gonnella (Teacher), Antonio Mondello, Lachlan Herbert, Gideon van Niekerk, Charles Page, David Zhang, Mrs Anna Wood (ELC Education Assistant)
- Absent:** Samuel Crossley, Yousef LeZiad

Head of Preparatory School: Dr Steven Males

YEAR 3JU

MY FAVOURITE MOMENT IN 3JU

RUMITH ABEYSURIYA

My top three favourite moments were going to Kings Park because we got to go into the water and the only bad thing was being stung by a bee. I also enjoyed Kahoot quizzes. Another thing I enjoyed was cutting doughnuts into eight pieces with only three cuts of a knife because we ate them at the end.

ARCHIE BLACKBURN

My favourite moment was marking the ball when Rumith was about to because it was so funny. I also enjoyed learning how to tell analogue time because it is much easier to read. I loved Book Week because I dressed up as a piñata.

CAMERON BUTLER

My favourite moments were Geography because we named the seven continents and learnt about them. We also drew a map of Australia. The second moment was Kings Park because we did activities. We spent the whole day there and at the end we had a Dreamtime story and we also threw gum nuts. The third moment was Open Classroom. I saw my dad and he saw my work at different classrooms. He was impressed.

MARCO CAMPITELLI

My favourite moment was being Class Captain because the other Class Captain was Angus. I also enjoyed playing 'Piggy' at lunch because it is fun to throw, kick and mark the ball. I most enjoyed the 3JU assembly because in the video practice I was supposed to say, "Remember to believe in yourself and follow your dreams as you can be just like the amazing stars from 'The Masked Singer' tonight." I said the exact opposite so it was really funny.

JONATHAN CONNELL

My favourite moment was when we went to Kings Park and built a dam and destroyed it and when I climbed the Tangle. My second favourite moment was when we did a Kahoot and I was paired with Joshua and we came fifth even though we got none wrong. My third favourite moment was when I played 'It' with Guy, Artin and Joshua every lunch when I got back from being sick.

JAMES COUNSEL

My favourite moment was getting into the top 10 in Cross Country because I like running and winning. I also enjoyed making ice cream in Science because I think it was delicious and it was fun to make. I loved going to Kings Park as I like having adventures.

DINGWEN CUI

My favourite activities were Library lessons, Golden Time, Book Week, Kahoot quizzes and spelling tests. I like Library because we read fun books and borrowed them. I liked Golden Time because we had free time but it was different from lunch because we played inside and we also used our school iPads. I liked Book Week because we dressed up as a book character. In Kahoot quizzes we came first, second, third or one of the two runners-up and that's why I like Kahoot! My last activity that I liked was the spelling tests as it improved my writing.

JOSHUA FRANCO

My first favourite moment was Kings Park and going in the river. My second favourite moment was playing fun games at lunch with my friends. My third favourite moment was making 3D marshmallow and spaghetti towers because it was challenging as I didn't have enough marshmallows.

LUCA HAZELDINE

My three favourite moments were when we went to Kings Park because we played in the water and explored cool stuff. My second favourite was when I got the Building Good Men Award as I went on stage to collect it. My third favourite moment was when we had the Soccer Carnival with Hale and Aquinas because we played sport competitively.

WILLIAM HEWITT

My favourite moment was when we were making 3D models with spaghetti sticks and marshmallows in Design and Technology because we ate all the marshmallows afterwards. I most enjoyed going to Kings Park. I liked the Naturescape and we went swimming in the pond because we stayed for six hours straight. We also listened to an Aboriginal story that was interesting. I also enjoyed Open Night and I showed my Mum around the School. We went to the Innovation Space and looked at the 3D printers. I also liked going to the Art hall as there were really cool artworks everywhere.

LACHLAN HILL

My favourite moment was when I was voted Class Captain because I collected the lunch orders and it was fun to do. Secondly, I liked melting chocolate and attempting to make ice cream because it was really fun. My third favourite thing was the Mathematics activity. We had to work out how to cut a doughnut into eight pieces with only three cuts of a knife. Then we ate them.

JACK KENNEDY

My favourite moment was joining Year 3 as I got to experience a new year, new friends and lastly a new teacher. Secondly, I enjoyed making ice cream with my friends Yousef and Antonio

as we mixed the ingredients together. Thirdly, I had Art lessons which were the best! I learnt how to draw and paint better and to free draw.

ANGUS PEATE

My favourite moments were melting chocolate and making ice cream in Science. I loved it when we did Dance and Drama in Term 3 and I won the Dance and Drama prize. I also enjoyed being Class Captain in Term 1 because it was so fun and I did the lunch orders every day.

RUPERT PHILLIPS

My favourite moment was when we made the M&M's bar chart in Mathematics because we got to use real M&M's. Secondly, I loved melting chocolate in Science and making spaghetti towers out of marshmallows and spaghetti in Design and Technology. Thirdly, I enjoyed lunchtimes playing with my friends.

OLIVER SWANN

My favourite moment was when I won the Cross Country because I tried my best. Secondly, I liked winning all the Athletics races because I love running. To wrap up I liked the Soccer Carnival even though we lost one game, but that was okay as you have to be in it to win it.

CALLUM TAM

Firstly, I enjoyed Kahoot quizzes because they tested my knowledge in a fun way. Secondly, I enjoyed winning a cricket match at lunchtime because I beat Vivek and Samuel! Thirdly, I really enjoyed making ice cream. Ours didn't quite turn into ice cream but I still got to drink it!

DYLAN TAN

My favourite moment was when we made ice cream because we ate it afterwards. My second favourite thing was when we voted for Class Captain because I was chosen as the Term 4 Class Captain. My third favourite thing was when we went to Kings Park because we went into the river.

ARTIN VAHEDI

My favourite thing was making my 3D map of the Swan River as I enjoyed building it out of clay and then painting it. I also really enjoyed winning the bookmark competition in Book Week because I really felt that I had achieved something special. My favourite time was when I was voted Class Captain because I was able to do important jobs for my class.

GUY YELDON

One of my favourite moments was Book Week because I dressed up as Ned Kelly and it was fun. I liked it when we went to Kings Park because we built dams and I went into the water up to my neck! Lastly, I also enjoyed playing 'Piggy' at lunch and recess because it was fun and energetic.

Head of Preparatory School: Dr Steven Males

YEAR 3SL

LIBRARY

LUKE HAO AND CHRISTIAN MESSER

This year in one of our Library lessons we met the author Gavin Aung Than and he taught us how to draw super sidekicks. First, we drew a circle for the head, then used rectangles for the neck, body, arms, hands, legs and lastly feet. We also drew human superheroes. Ollie and Angus were superheroes. They were versing each other. It was an awesome lesson!

COOKING

RAYMOND MOSWEN AND MITCHELL OBERMAN

Cooking in Term 3 on Fridays was fun, fabulous and fantastic. We loved making the icy cool and delicious milkshakes and the salty popcorn. We really liked the roast chicken dinner because we had lots of roasted veggies and of course delicious chicken. We learnt how to cook, clean up, measure and share. Yum!

BOOK WEEK

OSCAR AMANN, MICHAEL CUI AND JOSEPH NGUYEN

Book Week is the best week of the year because we dress up, join a parade and have activities in the Library. Coming to school dressed as a book character is awesome because you can be any character you like. We absolutely loved Book Week!

NATURESCAPE

ETHAN CHEN, PATRICK DUARTE AND NATHAN TRAN

We loved the excursion to Naturescape because we built amazing dams and climbed towers. We listened to a wonderful Dreamtime story about a young boy and a very cheeky, lazy and selfish parrot. After the story we did some activities. It was fun working as a team with all our friends.

THE NEW PLAYGROUND

JAYDEN EPARI, DANIEL FOO, MAX HUTANA AND CALEB WILSON

This year in Chapel we saw the plans for our new nature playground. We were amazed when we saw the video. It was the best assembly of the year. The crowd of boys watching were cheering and clapping wildly. The best part of the plan was the gigantic, whopper eight-metre tower. We can't wait 'til we can play in it!

HOUSE SHOUT

EVAN LINKLATER AND RISHI VASWANI

For three years we have watched House Shout but this year we were part of the main event. We practised like true musicians and each week our singing got better. Going into the Chapel was cool and being on stage was epic. It was fantastic!

SPORT

TOM FOGARTY AND CHRISTOPHER LISLE

This year we really enjoyed sport. Visiting other schools was a highlight such as the Soccer Carnival and Basketball Carnival against Hale and Aquinas. We also had a Cross Country event, and can you believe it, we had to chase a buggy for 1.5km across our Mt Claremont oval. We were exhausted! Overall, it was a fun year.

TALK FOR WRITING

OSCAR HARRISON AND LACHLAN LEWIS

This year in Talk for Writing we did different genres of writing including persuasive, narrative and explanation. *Whale Rider* was our best because we were so hooked into the story. Mrs Lee promised to show us the movie. We have really enjoyed writing this year. Maybe in the future there will be an author or two. Watch this space!

YEAR 4GW

SOMETHING INTERESTING ABOUT ME

JAMES CAREY SMITH

Did you know I have a dog? His name is Bud, but I call him Buddy. He follows me wherever I go.

THOMAS COOPER

I started sailing four and a half years ago in Tackers 1 at Royal Freshwater Bay Yacht Club. I did my first three Tackers in a plastic Optimist, then I moved up to a fibreglass boat.

OSCAR CRAGE

I play floorball in a team called the Yellow Jedis. I really enjoy it.

JACK DENNIS

Did you know that I like to ride down to the school oval with my camera drone, fly it up high and take videos and pictures? So far, I have owned four drones, two quad copters and two camera drones.

JOSHUA DONALDSON

An interesting fact about me is that I had to move four times – from Australia, to America, to another place in America and finally, back to Australia.

ISAAC FLYNN

One interesting fact about me you probably did not know is that I am good at drawing people. Once I spent three hours on a drawing of a ninja!

MAX GOODIN

I have a few interesting things about me. I like eating and I'm good at making dad jokes, but the most interesting thing about me is that I'm an uncle, which doesn't really make sense because I'm nine.

BENJAMIN GREENWALD

Did you know that I just arrived from Oklahoma in the USA? I really enjoy fishing. I once spent a whole day fishing and I caught a giant small mouth bass!

HUNTER HALL

Something that's interesting about me is that my favourite thing to do is to colour in with all the colours.

XAVIER HERNADI

Something interesting about me is that I do Scouts at the Perry Lakes Scout Hall and that I am an assistant patrol leader.

ZACHARY KAPLANIAN

Something you didn't know about me is that I walk to school every day and I've been to ten other places – Italy, Vietnam, Singapore, Exmouth, Japan, Melbourne, Sydney, down south, Jordan, Albany and a few more.

JJARONG LI

Something that is interesting about me is that I had about three kinds of pets, but sadly they died. You might also not know that I like TV nearly as much as video games.

JAMES LIM

Something that is interesting about me is that I like Maths.

LUCAS LIM

I can sometimes feel very shy, but I really enjoy making new friends. I also like to do fun activities outside and make Lego.

CURTIS LINKLATER

I used to do gymnastics when I was younger. I learnt how to do flips off balance beams and land.

NATHAN MOYO

Something that's interesting about me is that I learnt how to make boiled eggs and noodles this year.

BEN NG

Something interesting about me is that I play soccer outside school.

JUSTIN OSEI AKOTO

Did you know that I do martial arts about three days a week and I really enjoy it?

BRAD RICHARDS

Something you did not know about me is that I do martial arts and sailing. I have dogs and I like to swim and bike ride.

ANGUS SPENCER

I started sailing at the start of the holidays last year at Royal Perth Yacht Club in a plastic boat, but now I sail in a fibreglass boat.

THOMAS STILES

Did you know that I came to CCGS this year and that I used to live in Alice Springs in the Northern Territory? While I lived in Alice Springs my family and I went camping in many places. We went to Uluru three times!

HENRY STOBIE

You may not know that in my free time I enjoy painting and drawing. I especially like drawing cars and so far, I have drawn a Kombi Van, a Lamborghini and a McLaren P1.

MAX ZHANG

Did you know that I don't have a middle name? My parents never gave me one. I also like learning new facts every day.

CHARLIE ZIMMERMANN

Did you know that I don't like chocolate? It makes me thirsty. Did you also know that I've swam with a baby wobbegong shark? They are very big!

2020 • Christ Church Grammar Preparatory School Year 4GW

Front Row: Ben Ng, Nathan Moyo, Benjamin Greenwald, Jack Dennis, Charlie Zimmermann, Henry Stobie, Isaac Flynn, Jiarong Li
Second Row: Angus Spencer, Lucas Lim, Thomas Cooper, James Lim, Justin Osei Akoto, Joshua Donaldson, Hunter Hall
Third Row: Ms Georgia Watson (Teacher), Curtis Linklater, Xavier Hernadi, Thomas Stiles, Max Zhang, Brad Richards, Zachary Kaplanian, Oscar Crage, Ms Sofia Olcina Rambla (Education Assistant)
Absent: Maxwell Goodin, James Carey Smith

Head of Preparatory School: Dr Steven Males

YEAR 4KL

JAMES ADAMSON

I like lots of sports, especially footy. I watch the AFL and support Fremantle. I also like the English Premier League soccer and like the Liverpool club.

NATHAN ARAV

I like to play soccer and my favourite position is defence. My favourite period at school is Sport!

DHRUVA BALASUBRAMANIAN

I love Library because you can relax, and I love sport (especially soccer). It's interesting that I know the names of most of the English Premier League players.

DECLAN CHAN

I like being a defender in soccer. I also like reading different novels.

DANIEL EDWARDS

My favourite colour is red, and it is the same colour as my favourite Premier League team, Manchester United.

BEN FERRARIS

I have hiked a really tall mountain in Japan, and I enjoy Maths!

CHRISTIAN GILLIES

My specialties and interesting things about me are that I like playing and watching AFL, water polo and other sports. I also love writing.

HUGO HOGAN

I like Maths and learning all my times tables. I also like doing drawings!

JOSHUA KOH

Something interesting about me is that I'm good at Physics and the laws of things in Science.

WILLIAM KUAN

My three favourite things are Maths, swimming and gaming. Coincidentally, those are the three things that I am good at!

DANIEL LI

I just came to this school, but I have made a few friends! I love this school and my favourite subject is Maths. I also love gaming.

HASSAN MUNSHI

I really enjoy playing chase tag with my friends at recess and lunch.

PRESTON PARKER

I like to run and participate in many sports and I love learning about Science!

ADAM PORTER

I like water polo because we play the Year 5 and 6 teams. I also really enjoy Science experiments because I never know what is going to happen!

ZAC SHAW

Something interesting about me is that I am really good at rugby, water polo, AFL and swimming. My favourite subjects in school are Maths and Science, because they are both really challenging, and it is often hard to work out what the answer is!

ASHTON TAY

I really enjoyed learning about the three levels of government and I now know a lot more about them.

THAVIRU WIJESINGHE

My passion is cooking! I love Maths and I also like acting in Drama.

BENJAMIN WILLIAMS

I have a massive room full of Lego, and my favourite period of learning is Maths!

NICHOLAS XU

I like defending in soccer and drawing Pokémon pictures when I have free time!

NOAH YUEN

I like to play many different sports and read, even though they are two very different things!

2020 • Christ Church Grammar **Preparatory School Year 4KL**

Front Row: Hugo Hogan, Nicholas Xu, Dhruva Balasubramaniam, Declan Chan, Noah Yuen, Christian Gillies, Ashton Tay

Second Row: William Kuan, Zac Shaw, Daniel Edwards, Preston Parker, Ben Ferraris, Adam Porter

Third Row: Mrs Kaity Leckie (Teacher), Benjamin Williams, Thaviru Wijesinghe, Joshua Koh, James Adamson, Nathan Arav, Daniel Li, Hassan Munshi

Head of Preparatory School: Dr Steven Males

YEAR 4SO

HIGHLIGHTS IN HAIKU

QUINN BEWSHER

House Shout was really fun
We sang in front of everybody
I just wish we'd won

OSCAR BROWN

The World's Greatest Shave
And I spray painted my hair
But it cost 10 bucks

HARRISON CAMACHO

Complaining 'bout jokes
I'm sad that I'm leaving really
It's been a wild ride

JAMES CARDACI

The coconut song
It was sung by Tristan
We all love the dance

CONNOR CHIN

Lockdown was fun too
Everybody spammed the chat
Teacher shut it down

IZAAC COUZENS

This year I enjoyed
My first year at Christ Church
It was so awesome

CHARLIE DAVIS

Lockdown was real fun
We did not do much work
But school came back soon

TAI DENG

Oh Year 4 has been
A dream in paradise
I hope I don't leave

ZACHARY FAHEY

The House Shout was fun
I think Kearla came second
We will win next year

JUDE GROWDEN

At the great zoo camp
We got some nice pizza
I liked the night walk

ROBBIE HERRON

I have shaved my head
In the World's Greatest Shave
I hope it grows back

FERGUS KHOO

We did school at home
Wardung won House Shout this year
I loved the zoo camp

TRISTAN LAURIE

I loved the Spheros
They are so adorable
I wish I was one

TIMOTHY LEE

The Duyfken was cool
We got to see the inside
It was very very dirty

YAVIN LIYANAGE

We went to the zoo
We slept on a soft mattress
I didn't sleep a wink

BRANDON MORRISON

Lockdown was brilliant
It was crazy fun online
People spammed chat too

HUGO PASSAGE

We lost House Shout sad
Wardung won, good on them man
We will try next year

ATTICUS PYEFINCH

I loved playing sport
I beat my friends in soccer
I got bragging rights

BEN SANCHEZ

I loved the zoo camp
I woke to birds singing tunes
It was really fun

BLAKE SIMPSON

We went into lockdown
It was actually so fun
We did lots of work

JUDE VANCE

Kearla lost, sad life
Wardung won, glad life for now
We'll try again dude

LEE WONG

The zoo camp pizza
The chunky meat lover's pizza
Yum, the cheese, sticky

JOSHUA XIE

The zoo camp was great
But the mosquitoes were not
They got me a lot

LEO ZHANG

The zoo was the best
But there were lots of spiders
I didn't sleep well

2020 • Christ Church Grammar **Preparatory School** Year 4SO

Front Row: Hugo Passage, Blake Simpson, James Cardaci, Oscar Brown, Harrison Camacho, Joshua Xie, Timothy Lee, Jude Growden, Lee Wong

Second Row: Leo Zhang, Robert Herron, Tristan Laurie, Zachary Fahey, Fergus Khoo, Yavin Liyanage, Izaac Couzens, Tai Deng

Third Row: Mr Steve O'Driscoll (Teacher / Karda House Co-ordinator), Quinn Bewsher, Atticus Pyefinch, Connor Chin, Ben Sanchez, Jude Vance, Charlie Davis, Brandon Morrison

Head of Preparatory School: Dr Steven Males

YEAR 4TR

MEALWORMS

ARCHIE CASHION, JAMES FAHIMIAN AND
MAXWELL PORTER

One of our most memorable times was when the mealworms came to stay! We observed them every day as they went through their life cycle. What we were really excited about was that once these fascinating creatures became beetles, we took them home and cared for them.

THE CONVICT

LUC BOWKER, ETHAN KOEKEMOER,
JAKE MESSER AND EDDIE SABA

*A convict, James Bloodsworth was his name,
Bricklaying was his fame.
He was born on the 7th of March 1759,
He stole two hens and said, "You are mine!"
And then stole one game cock, just in time.
Bloodsworth was caught and sailed on the ship Esher, that day.
Sentenced to seven years and transported to Botany Bay.
Pardoned in 1790, he worked as a builder, then a
sergeant in command,
A wife and seven children, he then farmed the harsh land.
Bloodsworth lost his battle with pneumonia and died,
A funeral with honours, the town cemetery, he did reside.*

THE DUYFKEN

AARYAN LATHIA, ETHAN RAO,
THEODORE RUSSELL AND ERIC XU

We extremely enjoyed boarding the Duyfken replica because we stood on the decks and the lower hull on this tiny ship. The Duyfken was a Dutch ship that was used in 1606 as a scout in front of the big ships in the search for spices. The Dutch crew was going to sail to Papua New Guinea, but the strong winds blew the ship off course and the Duyfken landed in Australia. They charted 300km of land. The Duyfken was commanded by Willem Janszoon. In 1611, the Dutch found a new route to Indonesia.

EXCURSION TO PERTH ZOO

MACK EAGLETON

Did you know that the little penguin has a stream-lined body, small wings, modified flippers and a tail that acts as a rudder? That's why my favourite animal at the zoo was the little penguin!

SHAYE GREWAL

At the Perth Zoo, my favourite animal was the tiger. They have huge, strong jaws and big, sharp claws. I also think it's amazing that they can run 65km per hour at full speed.

MICAH PUSHPALINGAM

At the Perth Zoo, we had a zoo scavenger hunt in which we had to find animals and clues throughout the zoo. My favourite animal was the meerkat.

BLAKE ROSE

The zoo sleepover was the best. My favourite animal was the gibbon. The adult gibbons weigh around 10kg and are approximately 63cm in length.

CATAPULTS

HARRY GREEN

When making catapults, I used pop sticks, a spoon and rubber bands. We tried Blu Tack, cotton balls and blocks to see which one went the furthest.

SILKWORMS

JAMES DAY, TOBIAS IDDRISU,
DANIEL KELEMANIS AND OMAR KONING

Studying silkworms in Science.
Instars are periods of growth.
Lots of eggs are laid, about 300!
Koreans enjoy eating the delicacy of silkworm pupae.

World farmed for 2500 years, no longer in the wild.
Opportunity to learn about the life cycle of silkworms.
Raising silkworms is good fun for kids.
Mulberry leaves are the only food that they eat.
Single cocoon threads can be 300m to 900m long.

ART AND INNOVATION

TYSON PHAM

I have enjoyed Stop Motion to create new stories in Art and Innovation.

GUILDFORD GEOLOGY DAY

HUDSON LLOYD AND ARJUN ROOPRAI

The whole Year 4 cohort went to Guilford Grammar School for a Geology Day. PLC came as well. There were four activities – brick making with river clay, fire making, Nyoongah culture and erosion. The most delicious part was when we cooked the s'mores over an open fire. Another amazing part was when we set cotton balls on fire with flint and steel. In the wind and erosion activity, we made sandcastles with sticks, fabric and dirt to stop wind and water erosion.

YEAR 5CF

OLLIVER ALLEN

Year 5 with Mr Fallon was amazing. Definitely my best year so far. Koorungal was definitely the best – all that time in nature and earning keys and eating delicious food made by the amazing Koorungal staff.

ESSINGTON BAILEY

Over the year we had many opportunities to have fun, but also learnt a lot. My highlights included camp because we learnt about previous bushfires and how important the natural world is to us. The next was online learning. We did this for about half a term. We learnt that information won't always be direct and that you need to have resilience to overcome that.

OLIVER BAKER

My favourite part was when we did the money system in Term 3. Everybody started on \$100 and they kept on earning more and more money, but they could get fined. Every Friday we would have an auction and you could bid for fun things. I found the money system really enjoyable.

BENJAMIN BEJCZY

Out of all the things that happened, lockdown was probably the lamest, but the best thing I did was probably making Bloom Balls with 12 panels, each one taking a week or so to do. Another great thing I did this year was the class money system to get prizes in silent auctions. I managed to claim nine of them and second place.

RAVI BERTOLINI

This year was probably the best so far. Some memorable moments were experiencing our own auction and money system in Term 3, and Year 5 and 6 Sport every Thursday, as well as the athletics carnivals and tryouts. The big change this year was the COVID-19 outbreak and working from home.

JAYDON BOYES

My favourite thing this year was going to Koorungal, swimming in the river and earning our Earthkeepers keys.

HAMISH CAFFERY

Year 5 was an awkward year. After remote schooling, we had lots of up and downs when we came back to school where we had flexible seating. My favourite part was Drama online with the monologues.

MITCHELL COLMAN

My favourite moment of this year was when 5CF went to Koorungal for three nights and

four days. The best moment was the game show on the last night of camp. We answered questions about Koorungal.

FELIX COUPLAND

Mr Fallon was a great teacher this year and my class was great, too. Some of my favourite moments were Koorungal, the end of term auction and all of the fun games we played in class.

CASSIUS EVANGELISTA

This year was great. My highlight was going to Koorungal in Term 1. It was a great environment. The river was beautiful and every day we would swim in it. The activities were really enjoyable, the food was good, and everything was nice.

HAYDEN FLOWERDEW

My favourite moment was going to the PSA Swimming Carnival. I was in three events and a relay. The best part was at the end of the competition when they announced that we had won, which was cool because we came second last year.

LUCAS FRANCO

My favourite part of this year was running in the PSA Cross Country Carnival because I liked competing against other kids. I'm happy that I got into the top 10 in the House competition.

ARMAN GOHIL

My favourite part was Year 5/6 Sport as we played a summer and winter sport. I loved playing soccer against my friends from other schools and working together as a team. The other schools played well because they were competitive and showed great sportsmanship.

KERRY HU

My favourite part of 5CF was the class money system. I joined CCGS at the end of the term, so I bought a little car and it looked cool.

ELLIOTT HO

Over the year, a lot of crazy things happened. COVID-19 meant that we had to go into lockdown. Luckily, we could learn from home, thanks to BigBlueButton! I spent most of my time listening to music while doing work. Mr Fallon also introduced a class money system. We had fun auctions every Friday.

TIAN LIANG

My favourite parts were the Year 5 Camp at Koorungal and the class money system. At Koorungal, we learnt about the environment and did activities which were fun and also educational. In the class money system, we

earned money if we did something good and got fined by Mr Fallon if we did something wrong. Every Friday, we had an auction to buy toys and other fun stuff, and the prizes were so cool!

WILLIAM OVERMEIRE

My favourite experience was probably meeting new students and a wonderful teacher. They have all helped me go far and will still be wonderful people later on in life.

JIMI OYEWOPO

Year 5 was a huge step up from Year 4. It came with many challenges but also many highlights. This might sound quite strange, but when we were home and learning online it was fun to communicate with our peers and see them on screens. Basketball was a very enjoyable sport to play on Thursdays and PSA sport was also a great experience. I can't wait for it next year!

PRAJWAL RAJ

The things I loved best about this year were going to, being there and doing stuff at Koorungal and also our Term 3 and 4 class money system.

SAM REYNOLDS

The PSA Athletics Carnival was my favourite because I saw all my friends while also representing my school. It was also a great opportunity to cheer for Christ Church Grammar School and make some new friends.

WILL SIMPSON

My favourite part of Year 5 was having Mr Fallon as a teacher. I had a lot of experiences, from Koorungal to excursions and incursions. I made new friends and made some friendships stronger. Mr Fallon helped the class go through the tough times with COVID-19 when we were remote-schooled. He created amazing activities throughout the year, including 'Wonder' panels and 'Math about Me'.

WILL STRONG

This has been a great year. We did lots of fun things like playing games when we finished our work. But the thing that stands out would be when Mr Fallon introduced the class money system. It was a great idea and when he said there would be auctions, my happiness doubled. That meant we could use our class money to bid for a real item, like a toy.

JOSHUA TAI

My favourite moment was sailing. I liked it because I got to help everyone with my sailing knowledge.

2020 • Christ Church Grammar **Preparatory School** Year 5CF

Head of Preparatory School: Dr Steven Males

YEAR 5JJ

At the conclusion of each day, boys in 5JJ completed a diary reflection outlining their favourite activity, something interesting they learnt, or how they felt about a certain occurrence. Here is a snippet from each boy.

ZACHARY BOWDEN

14 August 2020: Today was really fun because we did our first House Shout rehearsal! I really enjoyed it because prior to this I only knew one White Stripes song and the song we are doing is very catchy.

DARCY BRINKMANN-GRAY

26 May 2020: My favourite part of today was Innovation because we got to code loads of sequences into the micro:bit. Specifically, we coded a dice!

NOAH CHAN

13 June 2020: What I found interesting today was when I was working on my Gold Grid. We learnt that the Chinese had different mining techniques and were working a lot smarter than the other miners! They wore weather appropriate clothes, they used teamwork, and they set up other businesses like shops and restaurants. I liked today because it was extremely interesting!

ARI CRAIG

21 September 2020: Today I enjoyed performing in the Year 5 Class Concert. Austin, Oscar, Ollie and I did our dance in front of the whole cohort. It was nerve-racking but enjoyable at the same time! I also enjoyed learning about personification for one period in writing.

BAAZ DHILLON

28 April 2020: Finally, we are back at school! I could see all my friends and classmates after two weeks of social distancing in my house. Fun fact – cells are actually see-through. Scientists use water dye so the cells appear in a microscope.

SEBASTIAN EDELMAN

30 July 2020: Today we went to see our buddies and I had the time of my life. My buddy was called Jonathan and he was super cute and nice. We played a lot and I had a great time.

NICHOLAS FILIPPOU

24 July 2020: Today, the best part was when I learnt about clauses in writing, and time in Maths. Clauses were interesting because we had to highlight the two parts of a sentence, dependent clause and independent clause. Time was good too because we translated 12-hour time into 24-hour time.

OSCAR FRY

3 April 2020: Today I enjoyed Maths because we focused on angles and they are one of my favourite things to learn about. I also learnt how to use a protractor.

LIAM GREGORY

11 August 2020: Today I read a book with Mr Jones, then in Period 6, Ms Cox and I went to the Prep Library to choose my library books. As a reward, I was allowed to look at the video of the Commissioner of Police on my iBook.

ALEX HARRISON

3 February 2020: The part of the day that I enjoyed the most was being elected Class Captain for Term 1. I put a lot of effort into my speech and am quite happy that it made enough people want to vote for me.

HARRISON HILL

7 September 2020: Today was the World's Greatest Shave and I liked shaving my hair because it released so much suspense! I also liked Innovation because we finished coding our Mars rover Bit:Bot.

FRANCIS HOLMES A COURT

23 September 2020: Today was a good day. In Drama we did fun drama games. In Library we watched our book trailers, and tonight the drama boys have our last performance of *Rock Bottom* (it's intense). I am sure our last one will be our best one!

NATT HONGSRI

2 September 2020: The best part of today was lunch because it was Athletics, and I did tunnel ball. Also, I liked my lunch. The second-best part was Science where we learnt about light.

EDWARD KEOGH

30 July 2020: The most interesting thing I did today was playing with my Pre-Primary buddy because he is very cute and small (we finally found someone smaller than Boo!). My buddy's name is Jonathan. I also am looking forward to beating Scotch in hockey this afternoon!

OLIVER LEECH

7 September 2020: Today I enjoyed getting my hair sprayed all different colours and watching other people shaving their hair (some people looked really different!). I can't believe CCGS raised so much money for the Leukaemia Foundation.

DARCY LESTER

9 September 2020: Today I enjoyed Future Problem Solving because we were writing our 1500-word future gamification story. I also enjoyed Civics because we were learning how to do preferential voting with our favourite colours.

KAREEM LEZIAD

9 September 2020: Today I really enjoyed Drama because my group managed to learn all the moves to our song and now all we have to do is polish it off. I also really enjoyed Civics because we got to do this preferential voting activity to see which colour was the most popular. To vote, we put our coloured post-it notes in order and then we redistributed them based on the numbers. Red won.

AUSTIN READMAN

31 August 2020: Today I enjoyed the Athletics Carnival when I participated in three races, and I am very proud of where I came. I also enjoyed Open Night on the same day when my parents came to look at our classroom, and the work I have been doing in Year 5.

KEVIN TAN

18 March 2020: Today my favourite part was Period 6 when we did more practise on BigBlueButton. I also enjoyed Science because I got to finish my research on the narwhal.

ALEXANDER TEO

9 September 2020: My favourite part of today was Library and Drama. In Library, we worked on our book trailers. Mine is about *Percy Jackson and The Lightning Thief*. I liked Drama because we practised our dance with our song. Our song is *Radio Ga Ga*.

LUCA VAN BRAKEL

4 September 2020: Today I enjoyed Maths because we got to do an organising OneNote session where we transferred percentages into decimals. I also enjoyed Civics because we got to learn about the dates when people got the right to vote.

JAMES WOOD

9 September 2020: My two favourite things today were PE and Maths. I liked Maths because we went around the school making tallies of the types of cars in the carpark. Toyota won. We will then graph the results. PE was good because we did volleyball and I like that sport.

ALEXANDER WRIGHT

21 September 2020: Today, the most interesting and happy thing I did was definitely the Class Concert. This was because it was really nice to listen to everyone perform. My favourite performance was Aran on the saxophone. He performed the *Mission Impossible* song. I also enjoyed writing because we started a new topic for our narrative toolbelt, called fronted adverbials.

YEAR 5SH

REFLECTIONS

COSIMO ALOI

The time when my teacher forgot to wear shoes was chaos! He was on the phone for 20 minutes. He was repeating, "Organise a relief teacher! I need to go home," but the relief teacher never arrived, and my teacher was shoeless for the rest of the day.

DINNY APOSTOLOU

The most interesting place I have been is Japan. I like going to Japan because there are so many bright lights. It snows so much there. I liked building snowballs and throwing them at my brother, but then he made one and put it down my back and it was so cold.

MATEEN BABA

If I could go back in time and invent something, I would invent the periodic table because it's great for organising the elements by their chemical properties and the number of protons in their nucleus. You can learn what they're composed of, for example, lithium (Li) can be used to create lithium-ion batteries.

HARRY BYDDER

A ghostly calm settled over the area. Suddenly, the barbed wire fence rattled in the wind. The water tower stood lifelessly as it peered over the rusty old town. *Setting description based on the book The Watertower.*

ETHAN COOK

I am at the lake, watching the water trickle down the waterfall. It sparkles in a narrow beam of sunlight as the moss grows larger every second. I look around only to see the gloomy fog creeping near me with green trees acting as a barrier. I sit on an old, wet log.

MAX GEORGIU

The rusted UFO-like tower had been peering over the aged town for as long as anyone could remember. The small area of patchy, brown grass felt scorching. The murky, dark green waters inside the metal case made it look like it was possessed by an extra-terrestrial creature. *Setting description based on the book The Watertower.*

FINN GIBB

Gratitude is an essential value that makes you a better person. Being grateful and respectful for even the simplest of things can make you a nice person to be around.

LOGAN GOEBEL

The barren land spread wide over the valley; the rusty barbed wire fence lay coiling around the water tower. Tumbleweed was zooming along the road. *Setting description based on the book The Watertower.*

ELIAS GREENE

Humility is being modest, showing respect and never boasting. I believe that humility is very important. An example of showing humility would be that if you were to win a soccer match, you wouldn't boast or say mean things to your opponents.

LAURIE HACKING

The dead grass was dry and orange, the rusty metal shone like the sun. In the sky there were no clouds, and the sun boiled the city. The water tower had sat there for such a long time, no one could remember when it was erected. The water inside was mossy green.

THEO HACKING

The streetlights flicker and die. Moss surrounds the deadly ruins of Grammarly Primary School. A beat-up vending machine filled with expired food still lies below the small building. Ants and spiderwebs block entrance and window.

AYDIN IDRISU

Gratitude is being thankful for what you have. Gratitude can also mean treating people the way you want to be treated. For example, if someone gets you something nice, you treat them with respect and gratitude.

KEVIN KHULLAR

Learning at home or school? I would rather learn at home than at school because when you're at home you're around your family. Secondly, you don't have to travel to school.

ARSHAN KUMAR

Respect is a way of treating or thinking about someone or something. I show respect by being kind to my friends, parents and siblings.

FELIX MAXTED

Gratitude is being grateful for the gifts and kindness other people have shown to you. Gratefulness is important. You can be grateful for anything – your school, your friends, family, food and life.

CAMERON MCCOUBRIE

Respect yourself and others will respect you. Respect people's feelings. Even if it does not mean anything to you, it could mean everything to them. Respect should be the first thing you give when you meet someone.

COTA NG

If I could relive any day, it would be when I got my pug Milo. I would get another pug and name it Noodles so then I'd have two pugs. Milo would be able to play with Noodles, her identical twin. The bad thing is I'd get confused. Which one is Milo, and which one is Noodles?

XAVIER OPENSHAW

If I was able, I would go back to 37-41 AD, the reign of Gaius Julius Caesar Germanicus, also known as Caligula, to see his savage feats of waste and carnage during his four-year reign, unmatched only by his devious nephew, Nero, whose favourite hobby was torture.

LUCAS PAGE

In the Term 3 holidays, I had two favourite parts. I went to Bunker Bay with my cousin. We did lots of cool things, but my favourite part was the zip line and ropes course. I went on the mega zip, which is 150m long and goes over a lake!

LACHLAN RUSSELL

Two females who are significant to me are my mum and grandma. My grandma helps me with my after-school activities and makes me afternoon tea. My mum is essential for my life. She teaches me lots of things; she cooks me food and spends plenty of time helping me. #Internationalwomensday

TERENCE SOON

My legs were bloodied and sweat was pouring down my face. My pants were skidded with dirt, while head to toe was engulfed with pain. It was as if a bear had ripped me apart! I looked up and saw the enormous 2.5km track. Cross Country, I've conquered you!

ARAN VAHEDI

The doubt started shouting at me I wasn't good enough; I was going to fail. My energy started running out and soon I could barely feel my legs. I kept trying to sprint faster and faster, but the wind started pulling me back further and further. Courage bubbled inside me and I lunged my body forwards, gaining speed with each stride. I have finished you, Cross Country!

GEORGE VIJAYASEKARAN

Being fair means to be equal. The world isn't always fair. Sometimes you're not fair to your friends; you might not even be fair with yourself. If you are fair, it means you are a kind and considerate person.

ETHAN ZHANG

Fairness means to be equal to everyone, no matter what gender, religion or race. It is important to treat everyone equally as they will treat you equally back. People will then think of you as a kind and considerate person.

Head of Preparatory School: Dr Steven Males

YEAR 5SM

As apprentice Earthkeepers, we have explored how to make small changes to our daily use of energy and materials.

ARCHIE AMANN

To be a good Earthkeeper, all it takes is a small action. We should remember how important it is to care for others. Our life is filled with family and friends who could all use a helping hand. Remember how important it is to smile as it is the universal symbol of kindness.

ASHER EDELMAN

We need to think of new ideas to give us the heat and light we need. We should all try to save water, gas and electricity in our homes. Small things can add up to big savings.

JACK GIBSON

Our body is like a battery that must be recharged every night through sleep. Kids need nine to 12 hours of sleep each night. While you are sleeping, your brain is cataloguing your memories, your body is cooling down, and you're growing and building muscles.

JAMIE HARRINGTON

Kids these days are spending too much time sitting and staring at screens. It's important to take a break from screens. Not only will it give your eyes a rest, it will also give your mind a break.

PHOENIX ITTEHADI

We need to think about saving paper. Trees release oxygen so we can breathe, they provide shade to keep us cool, and they also help to fight climate change. Despite this, billions of trees are cut down every year. There are ways we can minimise our use of paper.

ATTICUS KIMBERLEY

The sun is essential to our survival. Without it, plants can't grow, we would be shivering from the cold, and we wouldn't have enough Vitamin D, which is responsible for making our bones strong. A daily dose of sunshine is just as important as brushing your teeth.

ISAAC KOAY

Composting is nature's way of recycling. It transforms decomposed items into nutrient-filled soil, which can then be used to help plants and gardens grow. Start your own at home using vegetable peels, teabags, ground coffee, eggshells and newspaper.

ISAAC KOK

Most scientists agree that our planet is getting warmer because of all the stuff we burn. This extra heat changes our weather. Some parts of the world have more storms, floods or hurricanes, while others get less and less rainfall.

DAVID LAMB

We're so lucky to live on this beautiful planet. But it needs our love and care. We can all play a part in keeping Earth such an amazing place. Little actions every day make a difference, like unplugging your devices when not in use.

CHRISTIAN LEE

Recycling converts waste into reusable material. Why let something sit in a landfill when it can be repurposed? Each year, the world creates more than one billion tonnes of rubbish. The largest collection of rubbish is in the middle of the Pacific Ocean and is twice as big as Germany!

YUNUO LOH

We should all get into the habit of reducing the electricity bill to help save the environment. Most of the electricity we use is created by burning fossil fuels, like coal and gas. This creates greenhouse gases and contributes to global warming.

MATTHEW LUO

Exercise makes you happier, gives you an energy boost, and helps you sleep better. Kids should be active for about 60 minutes every day, and it doesn't have to be all at once. It's also important to keep hydrated as your body needs water to survive.

ANGUS MITCHELL

Every day, people add a little bit more pollution and garbage to our planet. There are so many ways you can cut down on your impact. If you buy local products, you are reducing the amount of pollution. The profits stay in your area.

MATTHEW MOFFET

The way we get around each day has a big impact on global warming and pollution. Think twice before you get into a car with your family. We can choose to walk, cycle or use public transport to save the planet.

JACOB NGUYEN

Everyone has an ecological footprint. According to the World Wildlife Fund, globally we act as if we have the resources of 1.5 Earths. This means our renewable resources could run out in the future. Making small changes every day can make a huge difference.

DEVON PAN

Although water is a renewable resource, it could become limited in the future. That's because only three per cent of the water on Earth is drinkable fresh water, and the population keeps growing. Showers are better than baths to save water.

MATTIAS PRICE

The Earth's problems won't go away without our help. Some of the best ideas are coming from young people, like 18-year-old Boyan Slat who invented a way to clear the oceans of plastic, or the 16-year-old girl from Egypt, Azza Abdel Hamid Faiad, who discovered a process to turn waste plastic into fuel.

WILLIAM REA

Water covers 70 per cent of planet Earth. Humans are made up of 60 per cent water. Even more amazing is that sea plants make most of our oxygen that we breathe. This is why we need to look after our water systems.

SEBASTIAN THONG

Plastic bags can be recycled but need to be taken to a special collection point, so most people don't do it. Instead, we need to get into the habit of using cloth bags so they can be re-used. Plastic bags can take 1000 years to decompose.

VIVEK VARGHESE

It's hard to believe that one child could change one habit that eventually changes the world, but it's true! All big things start with just one person who decided to do things differently. If you shortened your shower by three minutes, you could save 30 litres of water every day!

ANGUS WANG

Kids need about five portions of fruit and veg per day. Most kids don't eat enough of the healthy stuff, even though it's filled with vitamins and minerals, which keep us strong.

ETHAN WONG

We need to slow down a bit. Every time someone whizzes across the world in a fast plane there is more pollution. Planes also bring food thousands of kilometres away from where it was grown. We could grow our own food or buy food seasonally.

JACK WU

We all need to get into the habit of reusing our school supplies each year. With a little planning, we can buy only what we need. Take care of your belongings and write your name on anything that can be returned to you.

BEN YAN

When you reuse something, it means you're not throwing it away. Say 'no' to plastic in your daily life and make it a habit. About 85 per cent of the world's plastic is not recyclable and ends up in landfill every year.

YEAR 6HP

MEMORABLE MOMENTS

BAILEY BELL

Koorungal. We arrived at the campsite, put our bags into the tents and started to make a macaroni dinner. We cooked the macaroni, chopped the vegetables and fried the beef mince. My mates and I then ate it and it was divine.

AIDAN CHEN

Building our mia mias at Koorungal was fun. We made it out of sticks and grass. We made a fireplace and got big logs to make a seat. Our mia mia held up against the storm. Even though it was small, all seven of us could fit inside. None of us got wet when the teachers tested our mia mia with the water and leaf blower.

TOMMY CRAGE

Going to camp was loads of fun and I even made new friends. I also enjoyed spending time with my class throughout the year. I really think we have been lucky because the rest of the world has been in COVID-19 lockdown.

CAMPBELL FHAL

My most memorable moment was Koorungal because it was my first ever school camp and my first time sleeping in a tent. It was really fun.

LEWIS FISHER

'Pass!' I yelled to my teammate who was about to get slammed to the ground by the towering Wesley player. Boom! I received the ball and sprinted towards the try line, two Wesley players on my tail, but I was too fast, and BAM! I leapt towards the try line. That's when I scored my first try in rugby.

WILL FLAHERTY

It was the last day of building the mia mias. Ours was covered in green shrubs and we called it the Shrek House. It was ready for testing by Koorungal staff's artificial storm. When they got to our mia mia, I held my breath, but we survived. When the winners were announced, we had won!

LIAM HOOPER

My favourite part was Thursday sport. We made new friends from Year 5, visited other schools and then we played matches against them. It made me happy to play sport against each other. I really enjoyed playing basketball and rugby.

NOAH KEREN

One of the highlights was our camp to Koorungal. I loved being in the bush, hiking, making our mia mias, cooking damper and making our own pasta dinner on the little camp stoves. We also camped in tents and slept in cabins.

IVAN LI

The bus dropped the class at the hiking point. It was hot, dry and dusty and I was already tired. I felt like I was not going to make it! After a long, hot hour we reached the beautiful Koorungal building. I felt a touch of relief.

BEN MACGREGOR

My peers and I stood in a line in Perth, ready to go on an awesome street art tour! As we walked through alley ways and colourful streets, street art fluttered against the huge walls of buildings. The deeper and deeper into the city, the more alive the graffiti seemed to look.

XAVIER MCSWEENEY

Walking upon marble floor. The entrance guarded by two police officers. Inside, you're on hand-crafted wooden floorboards uniting to form a black swan, then up marble stairs to see an original 1920 chandelier. The nearest door holds the most important person in the State. I really enjoyed visiting State Parliament.

SAM MEYER

I was staring at an astonishing masterpiece. Street art adorned every available wall in this vast alley way. A kangaroo head with a smooth, yet scaly looking seahorse body, but then dry and rough hands. It really was a masterpiece. The wonderful Perth City street art tour was a true highlight.

SHRAYEN MOODLEY

Remote learning meant that I was at school in the Innovation room, going online for my classes. I could not stay at home because dad and mum were working at the hospital. I logged on to the BigBlueButton but I could not hear Mr Pozzi. I tried everything I could. Finally, connection and audio.

JOSHUA NG

I had never done online learning before. I thought it was weird that I was at home, but on my screen, with voices of the people in my class. You could turn the microphone on and speak. There was also the function where you could chat to the class.

ISAAC PASSAGE

The bags were loaded onto the bus. The teachers counted the students as we hopped on. I found a seat where I could sit with my eager friends. I pulled out my book. Okay, the only thing between now and all the things I was excited and nervous about at Koorungal, was the long bus ride.

WILL PEEL

It was my first day at school. I knew nobody apart from the boy I met on Orientation Day. I was nervous as I arrived with my mum. As soon as I walked into my new class, I felt the cold rush of air from the air-conditioner. I hugged my mum goodbye, sat on the couch and started my first day.

NASH SHEPHARD

We got into our positions at Mount Claremont oval. We were playing Aquinas, the biggest

challenge of the year. The ball flew out the midfield and went right to an Aquinas player. He ducked and weaved. Then he ran into me. BANG! He went straight to the ground and the umpire called "Holding the ball!". I stopped him in his tracks.

NIC STATI

This year, I loved going to Koorungal because we made mia mias. I also loved canoeing in Scarp Pool. I also enjoyed exploring the street art around the city because I had never seen any of it before.

NIRESH SUPPIAH

We entered through the doors. Tonnes of buttons, levers and all sorts of new machinery had been added to Scitech since my experience nine years ago. The place had changed. They had added a new section with many tasks, such as the power task which was my favourite.

ANGUS SWANSON

Scitech was a fun experience because the gear was so high tech! There was one special gadget that was a third of the power of the defibrillator, but you could actually feel electricity pump through your veins.

FLYNN TOWNER

It was a hot summer's day and I was about to jump into the water polo pool. I was in the first game – Karda against Kearla. I passed the ball to a teammate and he swam like he had a motor on his back. He then passed it to me again. I grabbed the ball, flung it and scored!

MICHAEL VUN

At Koorungal, we canoed, we built mia mias, camped out and cooked our own food. My favourite activity was building the mia mias because it was fun looking for resources in the bush to build our shelter. We covered our mia mia in grass and built the skeleton with huge logs.

CHRIS WHEATLEY

It was a Wednesday morning and we hopped onto the bus to Koorungal. The excitement built up inside me and not long after, we arrived. We made mia mias. Ours was warm and cosy but also a little cramped. But the best thing at camp was making delicious damper.

JAMIE YATES

2020 was challenging but a great year. I enjoyed the many different things such as Koorungal, the alternate Canberra Experience, our weekly JPSSA sports and all the different subjects. Life at Christ Church is always busy but also, always fun.

Head of Preparatory School: Dr Steven Males

YEAR 6JM

REFLECTING ON OUR YEAR ...

ARJUN BRIAN

I used to think that the Future Problem Solving (FPS) program was simply about discussing and solving problems from the future, but now I know that it is a much more complex process. FPS requires you to stretch your brain, to be creative, and to think outside the box.

ABE BRIFFA

I used to think that writing was really challenging, but now I know that there are systems and strategies I can use to make it much easier. I really enjoyed learning to 'hug' a model text and also to innovate my own version.

MILES DAVIES

I learnt how to build a mia-mia at the Year 6 Camp in Koorinal. We had to work in our dorm groups to plan and build our shelter, and we even got to 'trade' resources with other groups. Although our group had some arguments about how to build our mia-mia, we got there in the end – and won the competition!

ETHAN DI MARTINO

I learnt that we are the leaders of the School and that the younger boys look up to us and copy what we do. It is definitely important to be a good role model. We should encourage all the Prep School boys to be nice, intelligent, respectful, responsible and honest students.

HARRISON EASTERBROOK

In Science I learnt that electricity comes from all sorts of places including the sun (solar power), wind, earth (geothermal energy) and water (hydroelectric power). Science lessons wowed me from the start and I really was involved and interested in everything we did.

LINCOLN FAHEY

Something I really enjoyed was playing with my friends at recess and lunchtime. Not just my old friends, but the new boys who came from other schools. I'm looking forward to meeting even more boys in Year 7.

HUGO GALLIN-HAYNES

The Physical Sciences unit in Term 3 was my favourite. We found out about the different types of electrical circuits and how they work. I hope I can learn more about physics in the future because I find it really interesting. I'd love to become an aeronautical engineer one day.

PETER HARRISON SCHMIDT

One of the many highlights of my learning was participating in the Year 5/6 Production, *Rock Bottom*. I really enjoyed this experience because it helped me become more responsible (we had to learn our lines), courageous (it's not easy to perform in front of a paying crowd!) and fun-loving (we couldn't take ourselves too seriously).

MAX INGHAM

I never knew that I would be such a good grandma! Playing Coral Cobblestone in the Year 5/6 Production was undoubtedly one of the highlights for me, and probably of my entire time in the Prep School. In addition to having heaps of fun, I actually learnt a lot about acting, like how to method act, discovering ways I could alter how I spoke to better suit the character I was playing, and how to change my position on the stage so I didn't have my back to the audience.

LAWSON KIRBY

A highlight was participating in JPSSA Hockey. It was great to get onto the field with some friends and play as a team. A memorable moment was the CCGS versus Hale game in Term 3 because we played really well. Having two balanced teams this year was also great as it meant that everyone had an equal chance of scoring.

LUCAS LANE

We learnt how to sew in Art this year. I was so proud and happy when I finally finished my crow. Even though I found the sewing process challenging at first, I persevered. Now that I know how to sew, I can make my own blankets, stuffed toys, scarfs ... and lots more!

SAMUEL LEE

In English I learnt new and important skills to improve the quality of my writing. Now that I know how to 'hug' the text in English, I can write more complex and descriptive pieces of writing.

OWEN LISLE

One of the best parts was lunchtimes in Term 2 and 3 when I would go to the Blue Web with my friends and do flips and vaults. We all learnt new tips and tricks from each other, and it really helped us to improve our parkour skills.

DANIEL MALDON

One of the highlights of my learning was in Science when we did a test to see in what environment wheatgrass grows best. We had to follow the scientific method, form a hypothesis, collect data and ensure that our test was fair. What I discovered was that the

wheatgrass in the cupboard grew, but was yellow, while the wheat exposed to sunlight was green. This is all to do with photosynthesis.

MARCUS PANZICH

It was really interesting to research a family member who had migrated to Australia. I was amazed at all the different places people came from! The Migration Museum was a wonderful way for us all to view everyone else's stories.

EVAN RATCLIFFE

I hope to learn more about politics. This is because I have really enjoyed what we learnt this year, looking at Australia's system of government and how democracy works. I am definitely looking forward to delving deeper into politics in the Senior School.

ANGUS READ

Something I learnt was how much you can progress your knowledge in such a short space of time. I only started at Christ Church this year, after moving from a different school, and have learnt so much already. I can't wait for Year 7!

ASHTON SALOMONS

I am excited to have learnt more Chinese this year because it helped me come third in the Chinese state competition for the second consecutive year. To prepare for the competition, I had to go to the LOTE room at lunchtime to write, practise and improve my speech. I have learnt that if you are willing to put in the effort, you can achieve a lot.

ROHAN SHETTY

Being in the Year 5/6 Production taught me how to work hard in a team while having fun at the same time. We had to learn our lines, practise and rely on each other to be on stage at the right time – and in the right place.

ROHAN SHRESTHA

I keep thinking about Term 3 when we put a lot of effort into the *Rock Bottom* performances. It was an experience I think I won't ever forget. Being in the production really helped me improve my drama skills, especially my choreography, as well as my interest in the subject. It also helped improve my grades!

BENJI SOMOFF

A highlight of my learning in Year 6 was when we drew shoes in Art. The shoes were based around Michael Jordan and his involvement with Nike, and because I really like drawing, I think I did pretty well. After we had finished drawing our shoes, they were printed onto plastic and displayed on our classroom windows.

2020 • Christ Church Grammar Preparatory School Year 6JM

Front Row: Harrison Easterbrook, Kiefer Yuen, Dan Styles, Ashton Salomons, Arjun Brian, Samuel Lee, Marcus Panzich, Ethan Di Martino, Lucas Lane

Second Row: Owen Lisle, Daniel Maldon, Miles Davies, Hugo Gallin-Haynes, Rohan Shetty, Abe Briffa, Lawson Kirby, Evan Ratcliffe

Third Row: Mrs Joanna Morrison Mayo (Teacher), Jake Zimmermann, Rohan Shrestha, Max Ingham, Angus Read, Benji Somoff, Lincoln Fahey, Peter Harrison Schmidt

Head of Preparatory School: Dr Steven Males

DAN STYLES

This year was my first time at Koorngal. I really enjoyed rafting on the Murray River and am looking forward to going down the rapids in Year 7! I also enjoyed cooking on the Trangia stoves and learning how to chop vegetables carefully for our delicious pasta dinner.

KIEFER YUEN

A highlight of my learning was being in Maths Extension. I really enjoyed my time in the class. We did a lot of competitions which challenged me to extend my mathematical thinking.

JAKE ZIMMERMANN

I got very frustrated when I could not swing the cricket ball into the batsman when we were playing against Hale School. I later learnt that the ball usually swings towards the rough side. As a result, I put a lot of effort into practising my inswing at home, and now I am much better at it.

YEAR 6JS

FAVOURITE MOMENTS

FREDERICK AZIS

Koorungal was definitely my favourite part of the year because it was extremely life changing. It helps you learn how to take care of yourself and your friends. My favourite part was the rafting and playing 'World Domination' on a raft.

VAIBHAV BAGUBALI

The stage went dark, the audience went quiet. We waited ... and waited ... and waited. Suspense hung in the air. I looked at everyone's faces, lit with excitement. Suddenly, music started playing and we all ran on stage facing the excited audience... this was going to be awesome, yeah!

ANURAG BARUA

This year was a blast!!! My favourite things about the year were English, Maths, HASS, Science, friends, Yahoos, Drama, Art, Sport and of course the teacher! Overall, this year was filled with a myriad of great moments.

OSCAR BLACKWELL

I woke up that morning in my tent, the day of the mia mia judging. As our group made our way towards our mia mia, we realised that it had fallen over. This was good for us because we needed it to be bigger. We helped each other move big logs and covered it with soap bush. The judges looked at our mia mia. We had won!

DECLAN CHURCH

One of my favourite moments was making our mia mia. After the first day we were happy with our mia mia, but it was too small. The next morning a dilemma occurred as our mia mia fell over. This was a blessing in disguise. The judges were trying to blow it down, but our rebuilt mia mia was stronger than ever.

JACOB DODD

The thing I enjoyed the most was camp because we missed three days of school and ate yummy food. I really enjoyed making mia mias and cooking. It was frustrating constantly having hayfever and cuts everywhere, and getting harassed by flies, but in the end it was fun.

ARI FISHER

Koorungal was life changing! Teamwork and humour helped bring our organisation and camping abilities into play. Cooking and building mia mias was brilliant. And Fruit Salad was a game of intense adrenaline. With friends like family, I wanted to go back as soon as we got home.

JUSTIN GOH

My favourite moments were the constant Informatics competitions, as they were challenging and interesting. Most involved the use of algorithms and code, both of which I enjoy completing.

EASON HE

Some of my favourite moments were Parliament House, where we learnt about civics and citizenship, and Koorungal because I chopped the food up for our group when we were making pasta.

SAMUEL HENRY

One awesome thing this year was Koorungal because we made our own dinner and it tasted delicious. Another great thing was the Scitech experience because we learnt about all the scientific things they had there.

THIEN AN HO

Tap, tap, tap goes the keyboard. Lines of code are flying into the IDE on my computer. I am invited to Informatics, the Senior School coding club. It's one of the best moments. CCC, ProgComp, AIO – many competitions await me. I am starting my coding journey.

PADDY JAMES

My favourite moment was when the As football team finished the game and, even though we lost, we got to see the Senior Firsts team play against Trinity. It was fun because the footy was of a very high quality and we saw what senior footy was like.

CHRISTIAN MCGLEW

"Suffer now and live life as a champion," was flooding in my brain when I got on the diving board for trials. I had been training for this all year. Then the buzzer went. I dived in and finished with a cracking butterfly time of 60.1 seconds.

ETHAN PARKER

My highlight was playing football against Wesley. Max tapped it to me, and I picked the ball up with one hand. I ran through three people without slowing down and handballed to Declan who handballed it back to me. Then I kicked off my left to Jake, who scored.

JAMES PELLICCIONE

2020 was a rollercoaster, with COVID-19 cancelling Canberra, forcing us to do remote schooling through the BigBlueButton and cancelling sports. But 2020 was still an amazing year. We were still able to go to Koorungal, and Canberra was replaced by an alternative experience.

CHARLIE ROYLE

My highlight would be the alternative Canberra Experience. Even though we couldn't go to Canberra, we felt like we had. We learnt tremendous things.

PHOENIX SHAKIBAIE

Koorungal was beastly! We built great mia mias, went canoeing and so much more. We learnt so much about huge jarrah trees to tiny invertebrates. We camped in covered tents and woke up to the lovely songs of the wild birds.

HARRY STAFFORD

The start of the year was good, but it was a bit different because of COVID-19. When we found out that we had to do remote learning ... that was different. Sport was really fun because we played every game and put our best into everything we did.

ARCHIE STANLEY

This year was amazing. The best part would be the three days we had on camp. The first day we went on a bush walk, the trees' canopies towered over us like streetlights as the steep terrain challenged us. We built mia mias that protected us from the piercing water and stinging wind.

HENRY STOKES

This year started differently to any other. We had a global pandemic. Because of this, we had to switch to online learning. The first week was about learning how to do it (because we had never practised anything like it) and the last two were natural. It was different but a solid experience.

KAELAN TANDY

The best thing was going to Scitech because we could walk around and learn all the interesting things about Science and our earth. For example, when you pedal and burn energy on a bike, you could power a 20 square metre light.

THOMAS UPTON

2020 was a whole bunch of mixed emotions. When our class first went on to BigBlueButton, I was very nervous about how to use it. We learnt how to use it at school and in the end it was great.

NATHAN WONG

2020 was like a big punch in the face, unexpected, surprising ... different. My brain had been stuck in an endless trance, thinking about the worst scenarios and best possibilities that could happen. But after every day, we learnt that if we try and do our best, we will get over it!

YEAR 6NH

MEMORABLE MOMENTS

ARVIN AEIN

Something remarkable this year was Koorungal, usually the highlight for Year 6 and the challenges and fun that comes with this crazy adventure. Summer and winter sport were both fun stages this year. Basketball and rugby were insane experiences I will never forget.

ALISTAIR BARTLETT

Koorungal was probably my favourite moment in Year 6 because of all the fun things we did there. My favourite moment was building our mia mias. Going to the campsite and sleeping in a tent with Thom and Arvin was really fun, especially when we cooked food together.

SIDDHARTH BAVAN

This year I enjoyed going to Koorungal because we did many activities. I also enjoyed playing Thursday sport. I loved going to the JPSSA Athletics because it is fun watching the races. Sadly, we didn't go to Canberra because of COVID-19 but overall, Year 6 was great.

SEB CARDACI

This year we went to Koorungal and we went camping the first night. We did some building of our mia mias, which are structures made out of materials we found in the bush. This task improved my bond with my group, which consisted of Sid, Ollie, Florian, Sam and Max.

TRISTAN CHAN

The sun shone brightly above us, draining our energy greatly. Koorungal was probably the best part of being in Year 6, but I did hope to experience going to Canberra. I had lots of fun cooking, canoeing, building shelters in the bush and collaborating with my friends.

SAMUEL CORNER

Koorungal was probably the highlight of the year. It was fun building the mia mias because it was cool to know how Indigenous Australians built huts, and if we could do what they did in three hours, we could build a mansion!

OLLIE DRISCOLL

This has probably been my favourite year of schooling. I had a lot of fun, but my highlight was Koorungal. I loved it so much because I could hang out with my classmates and have fun with them.

SAM ELLIOTT

A major virus outbreak is always bad news, but I realised that it has its ups and downs, too. COVID-19 made travelling to places, especially outside of our state, almost impossible, but during remote learning I hung out with

my family more than I would have prior to COVID-19. So, I guess coronavirus was a very good bonding opportunity.

ISAAC FOO

This year we experienced a fantastic time at Koorungal, from canoeing to making pizza and roasting marshmallows. I really enjoyed JPSSA sport as we competed against other schools and different divisions. I also enjoyed joining co-curricular clubs.

CHARLIE GILLARD

Koorungal was exciting because we did things like canoeing and camping. The canoeing was fun because we played World Domination. The Year 5/6 Production was great too, even though it was tough learning the lines. But in the end, it paid off and we had a really good time.

CAMERON GREATWOOD

This was my best year at CCGS. One of my favourite experiences was holding and feeding the chickens down at Koorungal. Another part was enjoying watching my friends perform in the Year 5/6 Production.

VIDARSHA JAYASINGHE

Koorungal was the best part of the year. We built mia mias from logs and weeds. The highlights were cooking our own food, eating apple crumble and sleeping in the dorms with our friends. Camping in a tent wasn't the best experience, honestly.

CARLOS JIN

The street art tour was great. There were lots of drawings and explanations and we saw different types of street art. Scitech was also super good. I heard my first hydrogen bang there.

HARRY JONES

I enjoyed sport this year because we played basketball, soccer and compulsory sports. Compulsory sport is when we had to pick a sport out of some options. In Terms 1 and 4, I chose basketball, and it was fun. We even won a few games!

VIBHAV KUMAR

This year has been a great. I was Wild Willie, one of the main characters in the Year 5/6 Production. We also had an alternative Canberra Experience which wasn't the exact replica of the Canberra Tour, but it was fun nonetheless. Lastly, we had three days at Koorungal, which was the best experience for me.

SOLOMON PEARSE

This year has been very strange. At the start it was COVID-19 that threw us off track. We had to adapt to online learning. I've loved

sport this year. It was also fun going to Koorungal and doing the alternative Canberra Experience.

SAMUEL RAMACHANDRAN

Soccer was a really fun winter sport and some of my friends and I moved from the Bs to the As. My highlight was when I scored a header from a corner against Wesley. Soccer was the best because we had great coaches!

FLORIAN REMKE

This year was fun because we did some cool stuff. One of my favourites was Koorungal. We did great things like canoeing, hiking and many other fun activities. We stayed there for two nights and three days.

AUBREY ROGERS

Koorungal was definitely one of the greatest moments of my year, whether it was canoeing, camping out or just patting the dogs, Liz and Sass. Some people felt homesick, but they forgot about their problems within seconds while making dinner or spotting a tiny goanna.

JACKSON SAYER

Koorungal was epic with the mia mias and canoeing because I had never done things like that. Plus, at Koorungal, sleeping in the dorms was cool because in the morning we got to play Top Trumps. The camp out was awesome, though I barely slept.

MAX SHAW

Overall, this has been a cracker of a year. I met new friends, went to new places (Koorungal) and learnt. My most memorable highlight was playing sport with my friends on Thursday. Next year I want to make it a better year.

STEPHAN SHEN

In Term 2, Arvin Aein and I were selected as 6NH's Class Captains. I was really happy because it was the first time I had been a class captain. In Term 4, Benji Somoff and I were Karda House Captains, and it was really good.

HARRISON SURTEES

2020 was an interesting year and a blast. I went to Italy! Then, the whole world was rocked when COVID-19 spread. We went into remote learning at home. Thursday sport was my favourite part of the year, playing soccer and water polo with my friends.

THOM YATES

The Year 6 Camp was the best. One of the new things at Koorungal this year was camping in tents. We made our own dinners. Also, one of the excellent activities we did was building bush huts called mia mias.

2020 • Christ Church Grammar Preparatory School Year 6NH

Front Row: Cameron Greatwood, Harry Jones, Thom Yates, Aubrey Rogers, Charlie Gillard, Alistair Bartlett, Tristan Chan, Samuel Ramachandran, Ollie Driscoll
Second Row: Samuel Corner, Carlos Jin, Isaac Foo, Vidarsha Jayasinghe, Siddharth Bavan, Vibhav Kumar, Seb Cardaci, Jackson Sayer
Third Row: Mr Nicholas Hogan (Teacher), Stephan Shen, Florian Remke, Harrison Surtees, Solomon Pearse, Arvin Ain, Max Shaw, Sam Elliott

Head of Preparatory School: Dr Steven Males

YEAR 6TB

I WILL NEVER FORGET YEAR 6 BECAUSE ...

JAYDEN ARAV

I will never forget Year 6 because of my sporting experiences where I got into the As for both cricket and soccer. I also played with my friends each week. This was a memorable moment for me because making the As was my goal.

LUKE BABICH

I will never forget Year 6 because of the Koorungal camp. It made me think carefully about the environment and allowed me to spend some quality time with my friends. We were very happy the whole time. My favourite activity was making the incredible mia mias.

THOMAS BEATSON

I will never forget Year 6 because of Koorungal camp. I had an amazing time camping outdoors, canoeing, building mia mias and bonding with my classmates. I also enjoyed being part of Future Problem Solving, the Concert Band and the First team for soccer.

ARCHIE BUCHER

I will never forget Year 6 because of the production, *Rock Bottom*. I was a main cast member as one of the three funny guys. My character's name was Juan, and I played the role with my friends Max and Zach. This was a very enjoyable experience.

EMILIO CHERUBINO

I will never forget Year 6 because I got into the National Future Problem Solving Competition. I enjoyed this experience because our team worked tirelessly and collaboratively to produce an amazing product on the day. This resulted in us finishing in fourth place.

JACK COOPER

I will never forget Year 6 because of the alternative Canberra Experience. Sportopia was a highlight because we did a range of fun, sport-based activities and we had a great time with friends.

JACKSON CRAIKE

I will never forget Year 6 because of the relationships I formed at camp. Some of my favourite Koorungal activities included making mia mias, cooking spaghetti bolognese on the trangia by torchlight and sleeping in tents with my best friends.

MATTHEW DONALDSON

I will never forget Year 6 because of the Koorungal camp. I loved this experience because of activities that I had never done before. My favourite part was cooking spaghetti bolognese on the trangia by torchlight because I was the main cook, and I learnt a new skill.

ARYAN ISMAIL

I will never forget Year 6 because I had eight different injuries, I was in the A team for soccer and we went to Koorungal. At Koorungal, I had fun with my friends and learnt how to build a mia mia.

BENJI JAMES

I will never forget Year 6 because I played JPSSA sport each week. In Terms 1 and 4, I competed in the As tennis competition and in Terms 2 and 3, I made the As hockey team. JPSSA sport was the best part of my year!

HAYDEN JEFFERYS

I will never forget Year 6 because I was privileged to be School Captain in Term 2. Due to COVID-19, I had to do online assemblies, which was a different experience and never done before. I also represented CCGS at the National Future Problem Solving Competition.

JOSHUA KING

I will never forget Year 6 because of JPSSA sport. I was fortunate enough to represent CCGS in both the A cricket and hockey teams, which are my favourite two sports. This filled me with pride and joy because it was something I strived to accomplish.

JASON LIN

I will never forget Year 6 because of the Koorungal camp. My favourite aspects of the camp were making pizzas on night one and spaghetti bolognese on the trangia by torchlight. I also loved sleeping in the dorms with my mates and making a mia mia in the bush.

MAHI MOHAN

I will never forget Year 6 because I was a lead role in the production, *Rock Bottom*. I had to be very organised and take responsibility for reading the timetable and riding to and from rehearsals. I was so proud of myself because I performed in front of a lot of people.

ZACH PARRAMORE

I will never forget Year 6 because I achieved a leading role in the production, *Rock Bottom*. The role was in a group of three with Max Georgiou and Archie Bucher. When I danced on stage during the first performance, in front of the paying audience, I felt amazing!

SAMUEL PORTER

I will never forget Year 6 because of the Koorungal camp. This camp is to learn outdoor education skills for the coming years. My camping highlights included cooking my own delicious pasta on a trangia and building a mia mia in the bush.

DEIRAN RAMAN

I will never forget Year 6 because the Koorungal camp was the best thing I've ever done. We learnt many skills in a super fun way. My best moments included when I helped make a mia mia shelter in the bush and cooking by torchlight by the tents.

RAFA SABA

I will never forget Year 6 because I played guitar in the Rock Band. I enjoyed playing with my mates at school and talking to them before and after practice. I especially enjoyed playing one of my favourite genres of music, hard rock.

LACHLAN SHELDRICK

I will never forget Year 6 because I represented CCGS and read a speech with Lawson Kirby after winning the JPSSA Swimming Carnival. Another exciting thing about my sporting experiences was when I was selected for the As in both water polo and AFL. This made me feel very proud.

CHARLIE SPENCER

I will never forget Year 6 because of the spectacular sporting experiences. I came third in shot-put at the JPSSA Athletics Carnival, I learnt to sail another boat and use a different sail, and I broke three school swimming records. I achieved all this in just two terms.

RYAN WALLIS

I will never forget Year 6 because of the production, *Rock Bottom*. Although it was exhausting, the experience was really rewarding. My role was Spleen Bandage and my favourite line was, "A tin of beans".

ELLIOT YONG

I will never forget Year 6 because I went sailing each Thursday afternoon. This exhilarating sport was refreshing and a great way to pass the time with friends. Even though we had no one to compete against, there was always a competitive spirit in the air, which I enjoyed.

Harrison Tay	Year 11

GOLD

Max Briffa	Year 12
Aran Wheatley	Year 12

ARAN WHEATLEY / YEAR 12 GOLD AWARD RECIPIENT

I started my Duke of Edinburgh journey in Year 9. It is hard to believe all the things I have done. From the experience in Looma, to the friendships I've made on my hike, the Award program has certainly allowed me to grow as a person and find the things that I love.

SKILLS

I started playing percussion before I signed up to do the Award, but through the Bronze, Silver and Gold awards years, my skills improved.

VOLUNTARY SERVICE

When I started doing service, I was involved with an after-school club in the Preparatory School. This year I helped Ms Letitia Simon, a Prep School teacher, every week on a Monday afternoon.

PHYSICAL RECREATION

My sport category involved a number of different activities. This was due to the shorter swimming and soccer seasons as a result of COVID-19. I therefore added fitness, in the form of running, to my award.

RESIDENTIAL PROJECT

My residential project involved going to the small Aboriginal community of Looma. It was an incredible experience and one of the best things I have done related to school.

ADVENTUROUS JOURNEY

My qualifying journey consisted of a four-day hike on the Bibbulmun Track. The route from Walpole to Peaceful Bay covered some of the same ground as my Year 10 Venture experience.

THE SCHOOL COUNCIL 2020

THE VISITOR

The Most Reverend Kay
Goldsworthy AO BTh

THE SCHOOL COUNCIL

Mr Haaron Bokari LLB, BCom

Mr Toby Browne-Cooper

BArch, LLB(Hons), MPubInfra, MAICD
Resigned effective July 2020

Mrs Sherry Duhe

BS (Accounting), MBA

Dr Caroline Goossens

MBBS, FRANZCP, Cert Child Psych,
GAICD (Vice Chair)

Professor Colleen Hayward

AM BEd, BSc, PGCert
Resigned effective May 2020

Professor Paul Johnson

MA, DPhil(Oxf), AcSS (Chair)

Mr Hamish Jolly BBus, CA, MAICD

Mr Ben Lisle BEng(Hons)

Mrs Lynn Matthews

BSc(Hons), GAICD

Mr Matthew McNeilly

BCom, MBA, MAICD
Resigned effective July 2020

Mr Peter Murray BEd

Mrs Jemma Newton BCom, RCA,

CA, MAICD (Treasurer)

PRINCIPAL AND EX-OFFICIO MEMBER OF COUNCIL

Mr A Jones BA, HDipEd(Wits)

DIRECTOR OF FINANCE AND SECRETARY TO THE COUNCIL

Mr JF Price BEcon, MBA(UWA)

SCHOOL EXECUTIVE

PRINCIPAL

Mr A Jones BA, HDipEd(Wits)

DEPUTY PRINCIPAL/HEAD OF SENIOR SCHOOL

Mr S Angus BSc, BEd, MEd(Monash)

DEPUTY PRINCIPAL/DIRECTOR OF STUDIES (SENIOR SCHOOL)

Mr M Vaswani BSc(RPI, NY),

GradDipEd, MEdMan(UWA)

HEAD OF THE PREPARATORY SCHOOL

Dr S Males BEd, MEd (ACU),
PhD(UNDA)

DIRECTOR OF PLANNING AND CO-CURRICULAR
